CHAPTER 362

An act to amend Section 493 of the Streets and Highways Code, relating to state highways.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 493 of the Streets and Highways Code is amended to read:

493. (a) Route 193 is from:

(1) Route 65 near Lincoln to Route 80 near Newcastle.

(2) Route 49 near Cool to Route 49 near Placerville via Georgetown.

(b) Upon a determination by the commission that it is in the best interests of the state to do so, the commission may, upon terms and conditions approved by it, relinquish to the City of Lincoln the portion of Route 193 that is located within the city limits of that city if the city agrees to accept it. The following conditions shall apply upon relinquishment:

(1) The relinquishment shall become effective on the date following the county recorder's recordation of the relinquishment resolution containing the commission's approval of the terms and conditions of the relinquishment.

(2) On and after the effective date of the relinquishment, the relinquished portion of Route 193 shall cease to be a state highway.

(3) The portion of Route 193 relinquished under this subdivision shall be ineligible for future adoption under Section 81.

(4) For the portion of Route 193 relinquished under this subdivision, the City of Lincoln shall apply for approval of a Business Route designation for the relinquished portion of the highway in accordance with Chapter 20, Topic 21, of the Highway Design Manual.

(5) For the portion of Route 193 relinquished under this subdivision, the City of Lincoln shall install and maintain within its jurisdiction signs directing motorists to the continuation of Route 193 to the east and to Routes 65 and 80 to the west.

CHAPTER 363

An act to amend Section 65091 of the Government Code, relating to land use.

[Approved by Governor September 20, 2006. Filed with
Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 65091 of the Government Code is amended to read:

65091. (a) When a provision of this title requires notice of a public hearing to be given pursuant to this section, notice shall be given in all of the following ways:

(1) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to the owner of the subject real property as shown on the latest equalized assessment roll. Instead of using the assessment roll, the local agency may use records of the county assessor or tax collector if those records contain more recent information than the information contained on the assessment roll. Notice shall also be mailed to the owner's duly authorized agent, if any, and to the project applicant.

(2) When the Subdivision Map Act (Div. 2 (commencing with Section 66410)) requires notice of a public hearing to be given pursuant to this section, notice shall also be given to any owner of a mineral right pertaining to the subject real property who has recorded a notice of intent to preserve the mineral right pursuant to Section 883.230 of the Civil Code.

(3) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to each local agency expected to provide water, sewage, streets, roads, schools, or other essential facilities or services to the project, whose ability to provide those facilities and services may be significantly affected.

(4) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to all owners of real property as shown on the latest equalized assessment roll within 300 feet of the real property that is the subject of the hearing. In lieu of using the assessment roll, the local agency may use records of the county assessor or tax collector which contain more recent information than the assessment roll. If the number of owners to whom notice would be mailed or delivered pursuant to this paragraph or paragraph (1) is greater than 1,000, a local agency, in lieu of mailed or delivered notice, may provide notice by placing a display advertisement of at least one-eighth page in at least one newspaper of general circulation within the local agency in which the proceeding is conducted at least 10 days prior to the hearing.

(5) If the notice is mailed or delivered pursuant to paragraph (3), the notice shall also either be:

(A) Published pursuant to Section 6061 in at least one newspaper of general circulation within the local agency which is conducting the proceeding at least 10 days prior to the hearing.

(B) Posted at least 10 days prior to the hearing in at least three public places within the boundaries of the local agency, including one public place in the area directly affected by the proceeding.

(b) The notice shall include the information specified in Section 65094.

(c) In addition to the notice required by this section, a local agency may give notice of the hearing in any other manner it deems necessary or desirable.

(d) Whenever a hearing is held regarding a permit for a drive-through facility, or modification of an existing drive-through facility permit, the local agency shall incorporate, where necessary, notice procedures to the blind, aged, and disabled communities in order to facilitate their participation in any hearing on, or appeal of the denial of, a drive-through facility permit. The Legislature finds that access restrictions to commercial establishments affecting the blind, aged, or disabled, is a critical statewide problem; therefore, this subdivision shall be applicable to charter cities.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 364

An act to amend Sections 61, 62, 69.5, 170, 6360.1, 8106, 9271, 30459.1, 32471, 40211, 41171, 43152.9, 43522, 45867, 46622, 50156.11, 55332, 60063, 60101, 60201.3, 60604, 60606, and 60636 of, to amend the heading of Part 2 (commencing with Section 7301) of Division 2 of, to add Sections 9152.2, 30178.3, 30459.15, 32402.2, 32471.5, 38800, 40112.2, 40211.5, 41101.2, 41171.5, 43452.2, 43522.5, 45652.2, 45867.5, 46502.2, 46628, 50140.2, 55222.2, 55332.5, 60522.2, and 60637 to, and to repeal Sections 8106.1, 8106.5, 8106.8, 60045, and 60046 of, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 61 of the Revenue and Taxation Code is amended to read:

61. Except as otherwise provided in Section 62, change in ownership, as defined in Section 60, includes, but is not limited to:

(a) The creation, renewal, sublease, assignment, or other transfer of the right to produce or extract oil, gas, or other minerals regardless of the period during which the right may be exercised. The balance of the property, other than the mineral rights, shall not be reappraised pursuant to this section.

(b) The creation, renewal, extension, or assignment of a taxable possessory interest in tax exempt real property for any term. For purposes of this subdivision:

(1) "Renewal" and "extension" do not include the granting of an option to renew or extend an existing agreement pursuant to which the term of possession of the existing agreement would, upon exercise of the option, be lengthened, whether the option is granted in the original agreement or subsequent thereto.

(2) Any "renewal" or "extension" of a possessory interest during the reasonably anticipated term of possession used by the assessor to value that interest does not cause a change in ownership until the end of the reasonably anticipated term of possession used by the assessor to value that interest. At the end of the reasonably anticipated term of possession used by the assessor, a new base year value, based on a new reasonably anticipated term of possession, shall be established for the possessory interest.

(3) "Assignment" of a possessory interest means the transfer of all rights held by a transferor in a possessory interest.

(c) The creation of a leasehold interest in taxable real property for a term of 35 years or more (including renewal options), the termination of a leasehold interest in taxable real property which had an original term of 35 years or more (including renewal options), and any transfer of a leasehold interest having a remaining term of 35 years or more (including renewal options); or (2) any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of less than 35 years.

Only that portion of a property subject to that lease or transfer shall be considered to have undergone a change in ownership.

For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than manufactured homes located on rented or leased land and subject to taxation pursuant to Part 13

(commencing with Section 5800) and floating homes subject to taxation pursuant to Section 229, that are on leased land have a renewal option of at least 35 years on the lease of that land, whether or not in fact that renewal option exists in any contract or agreement.

(d) (1) (A) A sublease of a taxable possessory interest in tax-exempt real property for a term, including renewal options, that exceeds half the length of the remaining term of the leasehold, including renewal options.

(B) The termination of a sublease of a taxable possessory interest in tax-exempt property with an original term, including renewal options, that exceeds half the length of the remaining term of the leasehold, including renewal options.

(C) Any transfer of a sublessee's interest with a remaining term, including renewal options, that exceeds half of the remaining term of the leasehold.

(2) Any transfer of a possessory interest in tax-exempt real property subject to a sublease with a remaining term, including renewal options, that does not exceed half the remaining term of the leasehold, including renewal options.

(e) The creation, transfer, or termination of any joint tenancy interest, except as provided in subdivision (f) of Section 62, and in Section 63 and Section 65.

(f) The creation, transfer, or termination of any tenancy-in-common interest, except as provided in subdivision (a) of Section 62 and in Section 63.

(g) Any vesting of the right to possession or enjoyment of a remainder or reversionary interest that occurs upon the termination of a life estate or other similar precedent property interest, except as provided in subdivision (d) of Section 62 and in Section 63.

(h) Any interests in real property that vest in persons other than the trustor (or, pursuant to Section 63, his or her spouse) when a revocable trust becomes irrevocable.

(i) The transfer of stock of a cooperative housing corporation, vested with legal title to real property that conveys to the transferee the exclusive right to occupancy and possession of that property, or a portion thereof. A "cooperative housing corporation" is a real estate development in which membership in the corporation, by stock ownership, is coupled with the exclusive right to possess a portion of the real property.

(j) The transfer of any interest in real property between a corporation, partnership, or other legal entity and a shareholder, partner, or any other person.

SEC. 1.1. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) (1) Any transfer between coowners that results in a change in the method of holding title to the real property transferred without changing the proportional interests of the coowners in that real property, such as a partition of a tenancy in common.

(2) Any transfer between an individual or individuals and a legal entity or between legal entities, such as a cotenancy to a partnership, a partnership to a corporation, or a trust to a cotenancy, that results solely in a change in the method of holding title to the real property and in which proportional ownership interests of the transferors and transferees, whether represented by stock, partnership interest, or otherwise, in each and every piece of real property transferred, remain the same after the transfer. The provisions of this paragraph shall not apply to transfers also excluded from change in ownership under the provisions of subdivision (b) of Section 64.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer by the trustor, or by the trustor's spouse, or by both, into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life. However, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after the creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than manufactured homes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800) and floating homes subject to taxation pursuant to Section 229, that are on leased land have a renewal option of at least 35 years on the lease of that land, whether or not in fact that renewal option exists in any contract or agreement.

(h) Any purchase, redemption, or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(i) Any transfer of stock or membership certificate in a housing cooperative that was financed under one mortgage, provided that mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or that housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of that person or family shall constitute a change of ownership.

(j) Any transfer during the period March 1, 1975, to March 1, 1981, between coowners in any property that was held by them as coowners for all or part of that period, and which was eligible for a homeowner's exemption during the period of the coownership, notwithstanding any other provision of this chapter. Any transferee whose interest was revalued in contravention of the provisions of this subdivision shall obtain a reversal of that revaluation with respect to the 1980–81 assessment year and thereafter, upon application to the county assessor of the county in which the property is located filed on or before March 26, 1982. No refunds shall be made under this subdivision for any assessment year prior to the 1980-81 fiscal year.

(k) Any transfer of property or an interest therein between a corporation sole, a religious corporation, a public benefit corporation, and a holding corporation as defined in Section 23701h holding title for the benefit of any of these corporations, or any combination thereof (including any transfer from one entity to the same type of entity), provided that both the transferee and transferor are regulated by laws, rules, regulations, or canons of the same religious denomination.

(*l*) Any transfer, that would otherwise be a transfer subject to reappraisal under this chapter, between or among the same parties for the purpose of correcting or reforming a deed to express the true intentions of the parties, provided that the original relationship between the grantor and grantee is not changed.

(m) Any intrafamily transfer of an eligible dwelling unit from a parent or parents or legal guardian or guardians to a minor child or children or

between or among minor siblings as a result of a court order or judicial decree due to the death of the parent or parents. As used in this subdivision, "eligible dwelling unit" means the dwelling unit that was the principal place of residence of the minor child or children prior to the transfer and remains the principal place of residence of the minor child or children after the transfer.

(n) Any transfer of an eligible dwelling unit, whether by will, devise, or inheritance, from a parent or parents to a child or children, or from a guardian or guardians to a ward or wards, if the child, children, ward, or wards have been disabled, as provided in subdivision (e) of Section 12304 of the Welfare and Institutions Code, for at least five years preceding the transfer and if the child, children, ward, or wards have adjusted gross income that, when combined with the adjusted gross income of a spouse or spouses, parent or parents, and child or children, does not exceed twenty thousand dollars ($20,000) in the year in which the transfer occurs. As used in this subdivision, "child" or "ward" includes a minor or an adult. As used in this subdivision, "eligible dwelling unit" means the dwelling unit that was the principal place of residence of the child or children, or ward or wards for at least five years preceding the transfer and remains the principal place of residence of the child or children, or ward or wards after the transfer. Any transferee whose property was reassessed in contravention of the provisions of this subdivision for the 1984–85 assessment year shall obtain a reversal of that reassessment upon application to the county assessor of the county in which the property is located. Application by the transferee shall be made to the assessor no later than 30 days after the later of either the transferee's receipt of notice of reassessment pursuant to Section 75.31 or the end of the 1984–85 fiscal year.

(o) Any transfer of a possessory interest in tax-exempt real property subject to a sublease with a remaining term, including renewal options, that exceeds half the length of the remaining term of the leasehold, including renewal options.

(p) Commencing with the lien date for the 2006–07 fiscal year, any transfer between registered domestic partners, as defined in Section 297 of the Family Code, including, but not limited to:

(1) Transfers to a trustee for the beneficial use of a registered domestic partner, or the surviving registered domestic partner of a deceased transferor, or by a trustee of such a trust to the registered domestic partner of the trustor.

(2) Transfers that take effect upon the death of a registered domestic partner.

(3) Transfers to a registered domestic partner or former registered domestic partner in connection with a property settlement agreement or

decree of dissolution of a registered domestic partnership or legal separation.

(4) The creation, transfer, or termination, solely between registered domestic partners, of any coowner's interest.

(5) The distribution of a legal entity's property to a registered domestic partner or former registered domestic partner in exchange for the interest of the registered domestic partner in the legal entity in connection with a property settlement agreement or a decree of dissolution of a registered domestic partnership or legal separation.

SEC. 1.2. Section 69.5 of the Revenue and Taxation Code is amended to read:

69.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years, or any severely and permanently disabled person, who resides in property that is eligible for the homeowners' exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value that is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(2) Notwithstanding the limitation in paragraph (1) requiring that the original property and the replacement dwelling be located in the same county, this limitation shall not apply in any county in which the county board of supervisors, after consultation with local affected agencies within the boundaries of the county, adopts an ordinance making the provisions of paragraph (1) also applicable to situations in which replacement dwellings are located in that county and the original properties are located in another county within this state. The authorization contained in this paragraph shall be applicable in a county only if the ordinance adopted by the board of supervisors complies with all of the following requirements:

(A) It is adopted only after consultation between the board of supervisors and all other local affected agencies within the county's boundaries.

(B) It requires that all claims for transfers of base year value from original property located in another county be granted if the claims meet the applicable requirements of both subdivision (a) of Section 2 of Article XIII A of the California Constitution and this section.

(C) It requires that all base year valuations of original property located in another county and determined by its assessor be accepted in connection with the granting of claims for transfers of base year value.

(D) It provides that its provisions are operative for a period of not less than five years.

(E) The ordinance specifies the date on and after which its provisions shall be applicable. However, the date specified shall not be earlier than November 9, 1988. The specified applicable date may be a date earlier than the date the county adopts the ordinance.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale, or at the time when the original property was substantially damaged or destroyed by misfortune or calamity, or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowners' exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale, or at the time when the original property was substantially damaged or destroyed by misfortune or calamity, or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age, or is severely and permanently disabled.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowners' exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and that, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) The replacement dwelling, including that portion of land on which it is situated that is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(7) The claimant has not previously been granted, as a claimant, the property tax relief provided by this section, except that this paragraph shall not apply to any person who becomes severely and permanently disabled subsequent to being granted, as a claimant, the property tax relief provided by this section for any person over the age of 55 years. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors and all claimants who have thereby received relief. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media or other media and in a format that is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit development. If the unit or lot constitutes the original property of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A manufactured home or a manufactured home and any land owned by the claimant on which the manufactured home is situated. For purposes of this paragraph, "land owned by the claimant" includes a pro rata interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(A) If the manufactured home or the manufactured home and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the manufactured home or the base year value of the

manufactured home and the land on which it is situated, as appropriate. If the manufactured home dwelling that constitutes the original property of the claimant includes an interest in a resident-owned mobilehome park, the assessor shall transfer to the claimant's replacement dwelling the base year value of the claimant's manufactured home and his or her pro rata portion of the real property of the park. No transfer of base year value shall be made by the assessor of that portion of land that does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g).

(B) If the manufactured home or the manufactured home and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the manufactured home or the manufactured home and the land on which it is situated, as appropriate. If the manufactured home dwelling that constitutes the replacement dwelling of the claimant includes an interest in a resident-owned mobilehome park, the assessor shall transfer the base year value of the claimant's original property to the manufactured home of the claimant and his or her pro rata portion of the park. No transfer of base year value shall be made by the assessor to that portion of land that does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of the original property, as a joint tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years, or is severely and permanently disabled, shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them is eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership that either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section, Section 69, or Section 69.3 because the property qualifies under this section, Section 69, or Section 69.3 as a replacement dwelling or property.

(f) (1) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form that shall be designed by the State Board of Equalization and that the assessor shall make available upon request, the following information:

(A) The name and social security number of each claimant and of any spouse of the claimant who is a record owner of the replacement dwelling.

(B) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age, or severely and permanently disabled. Proof of severe and permanent disability shall be considered a certification, signed by a licensed physician and surgeon of appropriate specialty, attesting to the claimant's severely and permanently disabled condition. In the absence of available proof that a person is over 55 years of age, the claimant shall certify under penalty of perjury that the age requirement is met. In the case of a severely and permanently disabled claimant either of the following shall be submitted:

(i) A certification, signed by a licensed physician or surgeon of appropriate specialty that identifies specific reasons why the disability necessitates a move to the replacement dwelling and the disability-related requirements, including any locational requirements, of a replacement dwelling. The claimant shall substantiate that the replacement dwelling meets disability-related requirements so identified and that the primary reason for the move to the replacement dwelling is to satisfy those requirements. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that

the primary purpose of the move to the replacement dwelling is to satisfy identified disability-related requirements.

(ii) The claimant's substantiation that the primary purpose of the move to the replacement dwelling is to alleviate financial burdens caused by the disability. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move is to alleviate the financial burdens caused by the disability.

(C) The address and, if known, the assessor's parcel number of the original property.

(D) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(E) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

(F) Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed subject to subdivision (k) or (m).

(2) A claim for transfer of base year value under this section that is filed after the expiration of the filing period set forth in subparagraph (F) of paragraph (1) shall be considered by the assessor, subject to all of the following conditions:

(A) Any base year value transfer granted pursuant to that claim shall apply commencing with the lien date of the assessment year in which the claim is filed.

(B) The full cash value of the replacement property in the assessment year described in subparagraph (A) shall be the base year value of the real property in the assessment year in which the base year value was transferred, factored to the assessment year described in subparagraph (A) for both of the following:

(i) Inflation as annually determined in accordance with paragraph (1) of subdivision (a) of Section 51.

(ii) Any subsequent new construction occurring with respect to the subject real property that does not qualify for property tax relief pursuant to the criteria set forth in subparagraphs (A) and (B) of paragraph (4) of subdivision (h).

(g) For purposes of this section:

(1) "Person over the age of 55 years" means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of the original property.

(2) "Base year value of the original property" means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property is sold by the claimant, or in the case where the original property has been substantially damaged or destroyed by misfortune or calamity and the owner does not rebuild on the original property, determined as of the date immediately prior to the misfortune or calamity.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, "base year value of the original property" also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the "base year value of the original property" shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) "Replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling. For purposes of this paragraph, "area of reasonable size that is used as a site for a residence" includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site. For purposes of this paragraph, "land owned by the claimant" includes an ownership interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(4) "Original property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of the original property includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land

purchase contract. Each unit of a multiunit dwelling shall be considered a separate original property. For purposes of this paragraph, "area of reasonable size that is used as a site for a residence" includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site. For purposes of this paragraph, "land owned by the claimant" includes an ownership interest in a resident-owned mobilehome park that is assessed pursuant to subdivision (b) of Section 62.1.

(5) "Equal or lesser value" means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

For the purposes of this paragraph, except as otherwise provided in paragraph (4) of subdivision (h), if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the "replacement dwelling is purchased or newly constructed" is the date of purchase or the date of completion of construction, whichever is later.

(6) "Full cash value of the replacement dwelling" means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) "Full cash value of the original property" means, either:

(A) Its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(B) In the case where the original property has been substantially damaged or destroyed by misfortune or calamity and the owner does not rebuild on the original property, its full cash value, as determined in accordance with Section 110, immediately prior to its substantial damage or destruction by misfortune or calamity, as determined by the county

assessor of the county in which the property is located, without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1, for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) "Sale" means any change in ownership of the original property for consideration.

(9) "Claimant" means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the replacement dwelling, the spouse is also a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has been met.

(10) "Property that is eligible for the homeowners' exemption" includes property that is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(11) "Person" means any individual, but does not include any firm, partnership, association, corporation, company, or other legal entity or organization of any kind.

(12) "Severely and permanently disabled" means any person described in subdivision (b) of Section 74.3.

(13) For the purposes of this section property is "substantially damaged or destroyed by misfortune or calamity" if it sustains physical damage amounting to more than 50 percent of its full cash value immediately prior to the misfortune or calamity. Damage includes a diminution in the value of property as a result of restricted access to the property where the restricted access was caused by the misfortune or calamity and is permanent in nature.

(h) (1) Upon the timely filing of a claim described in subparagraph (F) of paragraph (1) of subdivision (f), the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(A) The date the original property is sold.

(B) The date the replacement dwelling is purchased.

(C) The date the new construction of the replacement dwelling is completed.

(2) Any taxes that were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed

the amount that would be due when determined on the basis of the adjusted new base year value.

(3) Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(4) In the case where a claim under this section has been timely filed and granted, and new construction is performed upon the replacement dwelling subsequent to the transfer of base year value, the property tax relief provided by this section also shall apply to the replacement dwelling, as improved, and thus there shall be no reassessment upon completion of the new construction if both of the following conditions are met:

(A) The new construction is completed within two years of the date of the sale of the original property and the owner notifies the assessor in writing of completion of the new construction within 30 days after completion.

(B) The fair market value of the new construction on the date of completion, plus the full cash value of the replacement dwelling on the date of acquisition, is not more than the full cash value of the original property as determined pursuant to paragraph (7) of subdivision (g) for purposes of granting the original claim.

(i) Any claimant may rescind a claim for the property tax relief provided by this section and shall not be considered to have received that relief for purposes of paragraph (7) of subdivision (b), and the assessor shall grant the rescission, if a written notice of rescission is delivered to the office of the assessor as follows:

(1) A written notice of rescission signed by the original filing claimant or claimants is delivered to the office of the assessor in which the original claim was filed.

(2) (A) Except as otherwise provided in this paragraph, the notice of rescission is delivered to the office of the assessor before the date that the county first issues, as a result of relief granted under this section, a refund check for property taxes imposed upon the replacement dwelling. If granting relief will not result in a refund of property taxes, then the notice shall be delivered before payment is first made of any property taxes, or any portion thereof, imposed upon the replacement dwelling consistent with relief granted under this section. If payment of the taxes is not made, then notice shall be delivered before the first date that those property taxes, or any portion thereof, imposed upon the replacement dwelling, consistent with relief granted under this section, are delinquent.

(B) Notwithstanding any other provision in this division, any time the notice of rescission is delivered to the office of the assessor within

six years after relief was granted, provided that the replacement property has been vacated as the claimant's principal place of residence within 90 days after the original claim was filed, regardless of whether the property continues to receive the homeowners' exemption. If the rescission increases the base year value of a property, or the homeowners' exemption has been incorrectly allowed, appropriate escape assessments or supplemental assessments, including interest as provided in Section 506, shall be imposed. The limitations periods for any escape assessments or supplemental assessments shall not commence until July 1 of the assessment year in which the notice of rescission is delivered to the office of the assessor.

(3) The notice is accompanied by the payment of a fee as the assessor may require, provided that the fee shall not exceed an amount reasonably related to the estimated cost of processing a rescission claim, including both direct costs and developmental and indirect costs, such as costs for overhead, personnel, supplies, materials, office space, and computers.

(j) (1) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, this section, except as provided in paragraph (3) or (4), shall apply to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(2) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, except as provided in paragraph (4), this section shall apply to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

(3) With respect to the transfer of base year value by a severely and permanently disabled person, this section shall apply only to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(4) The amendments made to subdivision (e) by the act adding this paragraph shall apply only to replacement dwellings under Section 69 that are acquired or newly constructed on or after October 20, 1991, and shall apply commencing with the 1991–92 fiscal year.

(k) (1) In the case in which a county adopts an ordinance pursuant to paragraph (2) of subdivision (a) that establishes an applicable date which is more than three years prior to the date of adoption of the ordinance, those potential claimants who purchased or constructed replacement dwellings more than three years prior to the date of adoption of the ordinance and who would, therefore, be precluded from filing a

timely claim, shall be deemed to have timely filed a claim if the claim is filed within three years after the date that the ordinance is adopted. This paragraph may not be construed as a waiver of any other requirement of this section.

(2) In the case in which a county assessor corrects a base year value to reflect a pro rata change in ownership of a resident-owned mobilehome park that occurred between January 1, 1989, and January 1, 2002, pursuant to paragraph (4) of subdivision (b) of Section 62.1, those claimants who purchased or constructed replacement dwellings more than three years prior to the correction and who would, therefore, be precluded from filing a timely claim, shall be deemed to have timely filed a claim if the claim is filed within three years of the date of notice of the correction of the base year value to reflect the pro rata change in ownership. This paragraph may not be construed as a waiver of any other requirement of this section.

(3) This subdivision does not apply to a claimant who has transferred his or her replacement dwelling prior to filing a claim.

(4) The property tax relief provided by this section, but filed under this subdivision, shall apply prospectively only, commencing with the lien date of the assessment year in which the claim is filed. There shall be no refund or cancellation of taxes prior to the date that the claim is filed.

(*l*) No escape assessment may be levied if a transfer of base year value under this section has been erroneously granted by the assessor pursuant to an expired ordinance authorizing intercounty transfers of base year value.

(m) (1) The amendments made to subdivisions (b) and (g) of this section by Chapter 613 of the Statutes of 2001 shall apply:

(A) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(B) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but not to any replacement dwelling that was purchased or newly constructed before November 9, 1988.

(C) With respect to the transfer of base year value by a severely and permanently disabled person, to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(2) The property tax relief provided by this section in accordance with this subdivision shall apply prospectively only commencing with the lien date of the assessment year in which the claim is filed. There shall be no refund or cancellation of taxes prior to the date that the claim is filed.

(n) A claim filed under this section is not a public document and is not subject to public inspection, except that a claim shall be available for inspection by the transferee and the transferor or their respective spouse, the transferee's legal representative, the transferor's legal representative, and the executor or administrator of the transferee's or transferor's estate.

SEC. 1.3. Section 170 of the Revenue and Taxation Code is amended to read:

170. (a) Notwithstanding any provision of law to the contrary, the board of supervisors may, by ordinance, provide that every assessee of any taxable property, or any person liable for the taxes thereon, whose property was damaged or destroyed without his or her fault, may apply for reassessment of that property as provided herein. The ordinance may also specify that the assessor may initiate the reassessment where the assessor determines that within the preceding 12 months taxable property located in the county was damaged or destroyed.

To be eligible for reassessment the damage or destruction to the property shall have been caused by any of the following:

(1) A major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if that property was damaged or destroyed by the major misfortune or calamity that caused the Governor to proclaim the area or region to be in a state of disaster. As used in this paragraph, "damage" includes a diminution in the value of property as a result of restricted access to the property where that restricted access was caused by the major misfortune or calamity.

(2) A misfortune or calamity.

(3) A misfortune or calamity that, with respect to a possessory interest in land owned by the state or federal government, has caused the permit or other right to enter upon the land to be suspended or restricted. As used in this paragraph, "misfortune or calamity" includes a drought condition such as existed in this state in 1976 and 1977.

The application for reassessment may be filed within the time specified in the ordinance or within 12 months of the misfortune or calamity, whichever is later, by delivering to the assessor a written application requesting reassessment showing the condition and value, if any, of the property immediately after the damage or destruction, and the dollar amount of the damage. The application shall be executed under penalty

of perjury, or if executed outside the State of California, verified by affidavit.

An ordinance may be made applicable to a major misfortune or calamity specified in paragraph (1) or to any misfortune or calamity specified in paragraph (2), or to both, as the board of supervisors determines. An ordinance may not be made applicable to a misfortune or calamity specified in paragraph (3), unless an ordinance making paragraph (2) applicable is operative in the county. The ordinance may specify a period of time within which the ordinance shall be effective, and, if no period of time is specified, it shall remain in effect until repealed.

(b) Upon receiving a proper application, the assessor shall appraise the property and determine separately the full cash value of land, improvements and personalty immediately before and after the damage or destruction. If the sum of the full cash values of the land, improvements and personalty before the damage or destruction exceeds the sum of the values after the damage by ten thousand dollars ($10,000) or more, the assessor shall also separately determine the percentage reductions in value of land, improvements and personalty due to the damage or destruction. The assessor shall reduce the values appearing on the assessment roll by the percentages of damage or destruction computed pursuant to this subdivision, and the taxes due on the property shall be adjusted as provided in subdivision (e). However, the amount of the reduction shall not exceed the actual loss.

(c) The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within six months of the date of mailing the notice. If an appeal is requested within the six-month period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

Those reassessed values resulting from reductions in full cash value of amounts, as determined above, shall be forwarded to the auditor by the assessor or the clerk of the local equalization board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, those reassessed values shall not be subject to review, except by a court of competent jurisdiction.

(d) (1) If no application is made and the assessor determines that within the preceding 12 months a property has suffered damage caused by misfortune or calamity that may qualify the property owner for relief under an ordinance adopted under this section, the assessor shall provide the last known owner of the property with an application for reassessment. The property owner shall file the completed application within 12 months after the occurrence of said damage. Upon receipt of a properly completed, timely filed application, the property shall be reassessed in the same manner as required in subdivision (b).

(2) This subdivision does not apply where the assessor initiated reassessment as provided in subdivision (a) or (*l*).

(e) The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of the misfortune or calamity, shall be applied to the amount of the reassessment as determined in accordance with this section and the assessee shall be liable for: (1) a prorated portion of the taxes that would have been due on the property for the current fiscal year had the misfortune or calamity not occurred, to be determined on the basis of the number of months in the current fiscal year prior to the misfortune or calamity; plus, (2) a proration of the tax due on the property as reassessed in its damaged or destroyed condition, to be determined on the basis of the number of months in the fiscal year after the damage or destruction, including the month in which the damage was incurred. For purposes of applying the preceding calculation in prorating supplemental taxes, the term "fiscal year" means that portion of the tax year used to determine the adjusted amount of taxes due pursuant to subdivision (b) of Section 75.41. If the damage or destruction occurred after January 1 and before the beginning of the next fiscal year, the reassessment shall be utilized to determine the tax liability for the next fiscal year. However, if the property is fully restored during the next fiscal year, taxes due for that year shall be prorated based on the number of months in the year before and after the completion of restoration.

(f) Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9, as an erroneously collected tax or by order of the board of supervisors without the necessity of a claim being filed pursuant to Chapter 5.

(g) The assessed value of the property in its damaged condition, as determined pursuant to subdivision (b) compounded annually by the inflation factor specified in subdivision (a) of Section 51, shall be the taxable value of the property until it is restored, repaired, reconstructed or other provisions of the law require the establishment of a new base year value.

If partial reconstruction, restoration, or repair has occurred on any subsequent lien date, the taxable value shall be increased by an amount determined by multiplying the difference between its factored base year value immediately before the calamity and its assessed value in its damaged condition by the percentage of the repair, reconstruction, or restoration completed on that lien date.

(h) (1) When the property is fully repaired, restored, or reconstructed, the assessor shall make an additional assessment or assessments in accordance with subparagraph (A) or (B) upon completion of the repair, restoration, or reconstruction:

(A) If the completion of the repair, restoration, or reconstruction occurs on or after January 1, but on or before May 31, then there shall be two additional assessments. The first additional assessment shall be the difference between the new taxable value as of the date of completion and the taxable value on the current roll. The second additional assessment shall be the difference between the new taxable value as of the date of completion and the taxable value to be enrolled on the roll being prepared.

(B) If the completion of the repair, restoration, or reconstruction occurs on or after June 1, but before the succeeding January 1, then the additional assessment shall be the difference between the new taxable value as of the date of completion and the taxable value on the current roll.

(2) On the lien date following completion of the repair, restoration, or reconstruction, the assessor shall enroll the new taxable value of the property as of that lien date.

(3) For purposes of this subdivision, "new taxable value" shall mean the lesser of the property's (A) full cash value, or (B) factored base year value or its factored base year value as adjusted pursuant to subdivision (c) of Section 70.

(i) The assessor may apply Chapter 3.5 (commencing with Section 75) of Part 0.5 in implementing this section, to the extent that chapter is consistent with this section.

(j) This section applies to all counties, whether operating under a charter or under the general laws of this state.

(k) Any ordinance in effect pursuant to Section 155.1, 155.13, or 155.14 shall remain in effect according to its terms as if that ordinance was adopted pursuant to this section, subject to the limitations of subdivision (b).

(*l*) When the assessor does not have the general authority pursuant to subdivision (a) to initiate reassessments, if no application is made and the assessor determines that within the preceding 12 months a property has suffered damage caused by misfortune or calamity, that may qualify

the property owner for relief under an ordinance adopted under this section, the assessor may, with the approval of the board of supervisors, reassess the particular property for which approval was granted as provided in subdivision (b) and notify the last known owner of the property of the reassessment.

SEC. 7. Section 9271 of the Revenue and Taxation Code is amended to read:

9271. (a) It is the intent of the Legislature that the State Board of Equalization, its staff, and the Attorney General pursue settlements as authorized under this section with respect to civil tax matters in dispute that are the subject of protests, appeals, or refund claims, consistent with a reasonable evaluation of the costs and risks associated with litigation of these matters.

(b) (1) Except as provided in paragraph (3) and subject to paragraph (2), the executive director or chief counsel, if authorized by the executive director, of the board may recommend to the State Board of Equalization, itself, a settlement of any civil tax matter in dispute.

(2) No recommendation of settlement shall be submitted to the board, itself, unless and until that recommendation has been submitted by the executive director or chief counsel to the Attorney General. Within 30 days of receiving that recommendation, the Attorney General shall review the recommendation and advise, in writing, the executive director or chief counsel of the board of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. (3) A settlement of any civil tax matter in dispute involving a reduction of tax or penalties in settlement, the total of which reduction of tax and penalties in settlement does not exceed five thousand dollars ($5,000), may be approved by the executive director and chief counsel, jointly. The executive director shall notify the board, itself, of any settlement approved pursuant to this paragraph.

(c) Whenever a reduction of tax, or penalties, or total tax and penalties in settlement in excess of five hundred dollars ($500) is approved pursuant to this section, there shall be placed on file, for at least one year, in the office of the executive director of the board a public record with respect to that settlement. (5) For any settlement approved by the board, itself, the Attorney General's conclusion as to whether the recommendation of settlement was reasonable from an overall perspective.

Upon approval of a recommendation for settlement, the matter shall be referred back to the executive director or chief counsel in accordance with the decision of the board.

(2) Disapproval of a recommendation for settlement shall be made only by a majority vote of the board. Where the board disapproves a recommendation for settlement, the matter shall be remanded to board staff for further negotiation, and may be resubmitted to the board, in the same manner and subject to the same requirements as the initial submission, at the discretion of the executive director or chief counsel.

(f) All settlements entered into pursuant to this section shall be final and nonappealable, except upon a showing of fraud or misrepresentation with respect to a material fact.

(h) This section shall apply only to civil tax matters in dispute on or after the effective date of the act adding this subdivision.

(i) The Legislature finds that it is essential for fiscal purposes that the settlement program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any determination, rule, notice, or guideline established or issued by the board in implementing and administering the settlement program authorized by this section.

30459.15. (a) (1) Beginning on January 1, 2007, the executive director and chief counsel of the board, or their delegates, may compromise any final tax liability where the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 13 (commencing with Section 30001), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated by the following:

(1) A business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) A taxpayer that has purchased untaxed cigarettes or tobacco products from out-of-state vendors for their own use or consumption.

(d) Offers in compromise shall not be considered under the following conditions:

(1) The taxpayer has been convicted of felony tax evasion under this part during the liability period.

(2) The taxpayer has filed a statement under paragraph (3) of subdivision (e) and continues to purchase untaxed cigarettes or tobacco products from out-of-state vendors for their own use or consumption.

(e) For amounts to be compromised under this section, the following conditions shall exist:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a

greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(3) For liabilities generated in the manner described in paragraph (2) of subdivision (c), the taxpayer shall file with the board a statement, under penalty of perjury, that he or she will no longer purchase untaxed cigarettes or tobacco products from out-of-state vendors for his or her own use or consumption.

(f) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(g) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid tax and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the taxpayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the taxpayer.

(h) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(i) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, taxpayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable taxpayer shall reduce the amount of the liability of the other taxpayers by the amount of the accepted offer.

(j) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 30455. No list shall be prepared and no releases distributed by the board in connection with these statements.

(k) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

No list shall be prepared and no releases distributed by the board in connection with these statements.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the fee payer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(d) Offers in compromise shall not be considered where the fee payer has been convicted of felony tax evasion under this part during the liability period.

(h) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the fee payer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the fee payer.

(i) When more than one fee payer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, fee payers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable fee payer shall reduce the amount of the liability of the other fee payers by the amount of the accepted offer.

(j) Whenever a compromise of fees or penalties or total fees and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

No list shall be prepared and no releases distributed by the board in connection with these statements.

(k) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(*l*) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(2) No recommendation of settlement shall be submitted to the board, itself, unless and until that recommendation has been submitted by the executive director or chief counsel to the Attorney General. Within 30 days of receiving that recommendation, the Attorney General shall review the recommendation and advise, in writing, the executive director or chief counsel of the board of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. Upon approval of a recommendation for settlement, the matter shall be referred back to the executive director or chief counsel in accordance with the decision of the board.

(2) Disapproval of a recommendation for settlement shall be made only by a majority vote of the board. Where the board disapproves a recommendation for settlement, the matter shall be remanded to board staff for further negotiation, and may be resubmitted to the board, in the same manner and subject to the same requirements as the initial submission, at the discretion of the executive director or chief counsel.

(b) The refiner or positionholder shall remain primarily liable for payment of the tax imposed by Section 60051 or 60052 for diesel fuel removed at the refinery or terminal rack, as the case may be, plus any penalty or interest, until the amount is finally paid and credited to the account of the responsible refiner or positionholder; provided, however, that the board, at its discretion, may relieve the refiner or positionholder from primary liability for payment of tax imposed by Section 60051 or 60052 and hold another person primarily liable for the tax if (i) the Internal Revenue Service authorizes payment of fuel taxes by the receiving party under a two-party exchange agreement, and (ii) under the Internal Revenue Service approach to a two-party exchange agreement, another person is primarily liable for payment of the tax, and (iii) the board elects to follow the Internal Revenue Service approach.

(c) The board may adopt those regulations as it deems appropriate to carry out this section.

SEC. 39. Section 60101 of the Revenue and Taxation Code is amended to read:

60101. (a) Diesel fuel that is required to be dyed satisfies the dyeing requirement of this part if it meets the dyeing requirements of the United States Environmental Protection Agency and the Internal Revenue

Service, including, but not limited to, requirements respecting type, dosage, and timing.

(b) Marking shall meet the marking requirements of the Internal Revenue Service.

(c) No person shall operate or maintain a motor vehicle on any public highway in this state with dyed diesel fuel in the fuel supply tank. This subdivision does not apply to uses of dyed diesel fuel on the highway that are lawful under the Internal Revenue Code or regulations promulgated thereunder, if the person is registered as a qualified highway vehicle operator, exempt bus operator, or government entity.

SEC. 40. Section 60201.3 of the Revenue and Taxation Code is amended to read:

60201.3. (a) A supplier is relieved from liability for diesel fuel tax insofar as the sales of the diesel fuel are represented by accounts which have been found worthless and charged off for income tax purposes. If the supplier has previously paid the amount of the tax, he or she may, under the rules and regulations prescribed by the board, take a credit in that amount. If those accounts are thereafter in whole or in part collected by the supplier, the gallons of diesel fuel represented by the amounts collected shall be included in the first return filed after that collection and the amount of the tax thereon shall be paid with the return. The board may, at its option, require the supplier to submit periodic reports listing accounts delinquent for a 90-day period or more.

(b) Any customer of a supplier who has failed to pay for diesel fuel purchased and for which the supplier has been allowed a credit under subdivision (a) is liable to the state for the diesel fuel tax as an unlicensed supplier and the tax, applicable penalties, and interest become immediately due and payable under the unlicensed persons provisions contained in Article 6 (commencing with Section 60360) of Chapter 6. The notice of determination issued under Section 60361 shall be given to the customer within three years of the last day of the calendar month following the reporting period for which the supplier took a credit for the tax previously paid on the customer's account or within three years after the date a refund of the tax was paid.

SEC. 41. Section 60522.2 is added to the Revenue and Taxation Code, to read:

60522.2. Notwithstanding Section 60522, a refund of an overpayment of any tax, penalty, or interest collected by the board by means of levy, through the use of liens, or by other enforcement procedures, shall be approved if a claim for a refund is filed within three years of the date of an overpayment.

SEC. 42. Section 60604 of the Revenue and Taxation Code is amended to read:

60604. Every interstate user, supplier, exempt bus operator, government entity, ultimate vendor, qualified highway vehicle operator, highway vehicle operator/fueler, train operator, pipeline operator, vessel operator, and every person dealing in, removing, transporting, or storing diesel fuel in this state shall keep those records, receipts, invoices, and other pertinent papers with respect thereto in that form as the board may require. Failure to maintain records will constitute a misdemeanor punishable as provided in Section 60706.

SEC. 43. Section 60606 of the Revenue and Taxation Code is amended to read:

60606. The board or its authorized representative may examine the books, records, and equipment of any interstate user, supplier, exempt bus operator, government entity, ultimate vendor, qualified highway vehicle operator, highway vehicle operator/fueler, train operator, pipeline operator, vessel operator, or person dealing in, removing, transporting, or storing diesel fuel and may investigate the character of the disposition that the interstate user, supplier, exempt bus operator, government entity, ultimate vendor, qualified highway vehicle operator, highway vehicle operator/fueler, train operator, pipeline operator, vessel operator, or person makes of the diesel fuel in order to ascertain whether all taxes due under this part are being properly reported and paid.

SEC. 44. Section 60636 of the Revenue and Taxation Code is amended to read:

60636. (a) It is the intent of the Legislature that the State Board of Equalization, its staff, and the Attorney General pursue settlements as authorized under this section with respect to civil tax matters in dispute that are the subject of protests, appeals, or refund claims, consistent with a reasonable evaluation of the costs and risks associated with litigation of these matters.

(b) (1) Except as provided in paragraph (3) and subject to paragraph (2), the executive director or chief counsel, if authorized by the executive director, of the board may recommend to the State Board of Equalization, itself, a settlement of any civil tax matter in dispute.

(2) No recommendation of settlement shall be submitted to the board, itself, unless and until that recommendation has been submitted by the executive director or chief counsel to the Attorney General. Within 30 days of receiving that recommendation, the Attorney General shall review the recommendation and advise, in writing, the executive director or chief counsel of the board of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. The executive director or chief counsel shall, with each recommendation of settlement submitted to the board, itself, also submit the Attorney General's written conclusions obtained pursuant to this paragraph.

(3) A settlement of any civil tax matter in dispute involving a reduction of tax or penalties in settlement, the total of which reduction of tax and penalties in settlement does not exceed five thousand dollars ($5,000), may be approved by the executive director and chief counsel, jointly. The executive director shall notify the board, itself, of any settlement approved pursuant to this paragraph.

(c) Whenever a reduction of tax, or penalties, or total tax and penalties in settlement in excess of five hundred dollars ($500) is approved pursuant to this section, there shall be placed on file, for at least one year, in the office of the executive director of the board a public record with respect to that settlement. The public record shall include all of the following information:

(1) The name or names of the taxpayers who are parties to the settlement.

(2) The total amount in dispute.

(3) The amount agreed to pursuant to the settlement.

(4) A summary of the reasons why the settlement is in the best interests of the State of California.

(5) For any settlement approved by the board, itself, the Attorney General's conclusion as to whether the recommendation of settlement was reasonable from an overall perspective.

The public record shall not include any information that relates to any trade secret, patent, process, style of work, apparatus, business secret, or organizational structure that, if disclosed, would adversely affect the taxpayer or the national defense.

(d) The members of the State Board of Equalization shall not participate in the settlement of tax matters pursuant to this section, except as provided in subdivision (e).

(e) (1) Any recommendation for settlement shall be approved or disapproved by the board, itself, within 45 days of the submission of that recommendation to the board. Any recommendation for settlement that is not either approved or disapproved by the board, itself, within 45 days of the submission of that recommendation shall be deemed approved. Upon approval of a recommendation for settlement, the matter shall be referred back to the executive director or chief counsel in accordance with the decision of the board.

(2) Disapproval of a recommendation for settlement shall be made only by a majority vote of the board. Where the board disapproves a recommendation for settlement, the matter shall be remanded to board staff for further negotiation, and may be resubmitted to the board, in the same manner and subject to the same requirements as the initial submission, at the discretion of the executive director or chief counsel.

(f) All settlements entered into pursuant to this section shall be final and nonappealable, except upon a showing of fraud or misrepresentation with respect to a material fact.

(g) Any proceedings undertaken by the board itself pursuant to a settlement as described in this section shall be conducted in a closed session or sessions. Except as provided in subdivision (c), any settlement considered or entered into pursuant to this section shall constitute confidential tax information for purposes of Section 60609.

(h) This section shall apply only to civil tax matters in dispute on or after the effective date of the act adding this subdivision.

(i) The Legislature finds that it is essential for fiscal purposes that the settlement program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any determination, rule, notice, or guideline established or issued by the board in implementing and administering the settlement program authorized by this section.

SEC. 45. Section 60637 is added to the Revenue and Taxation Code, to read:

60637. (a) (1) Beginning on January 1, 2007, the executive director and chief counsel of the board, or their delegates, may compromise any final tax liability where the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 31 (commencing with Section 60001), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest

or association with a similar type of business as the transferred or discontinued business.

(d) Offers in compromise shall not be considered where the taxpayer has been convicted of felony tax evasion under this part during the liability period.

(e) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(f) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(g) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid tax and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the taxpayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the taxpayer.

(h) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(i) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, taxpayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable taxpayer shall reduce the amount of the liability of the other taxpayers by the amount of the accepted offer.

(j) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the taxpayer.

(2) The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 60609. No list shall be prepared and no releases distributed by the board in connection with these statements.

(k) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(*l*) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(m) For purposes of this section, "person" means the taxpayer, any member of the taxpayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by

the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

SEC. 46. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 366

An act to amend Section 6516.6 of the Government Code, and to add Section 97.69 to the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 6516.6 of the Government Code is amended to read:

6516.6. (a) Notwithstanding any other provision of law, a joint powers agency established pursuant to a joint powers agreement in

accordance with this chapter may issue bonds pursuant to Article 2 (commencing with Section 6540) or Article 4 (commencing with Section 6584), in order to purchase obligations of local agencies or make loans to local agencies, which moneys the local agencies are hereby authorized to borrow, to finance the local agencies' unfunded actuarial pension liability or to purchase, or to make loans to finance the purchase of, delinquent assessments or taxes levied on the secured roll by the local agencies, the county, or any other political subdivision of the state. Notwithstanding any other provision of law, including Section 53854, the local agency obligations or loans, if any, shall be repaid in the time, manner and amounts, with interest, security, and other terms as agreed to by the local agency and the joint powers authority.

(b) Notwithstanding any other provision of law, a joint powers authority established pursuant to a joint powers agreement in accordance with this chapter may issue bonds pursuant to Article 2 (commencing with Section 6540) or Article 4 (commencing with Section 6584), in order to purchase or acquire, by sale, assignment, pledge, or other transfer, any or all right, title, and interest of any local agency in and to the enforcement and collection of delinquent and uncollected property taxes, assessments, and other receivables that have been levied by or on behalf of the local agency and placed for collection on the secured, unsecured, or supplemental property tax rolls. Local agencies, including, cities, counties, cities and counties, school districts, redevelopment agencies, and all other special districts that are authorized by law to levy property taxes on the county tax rolls, are hereby authorized to sell, assign, pledge, or otherwise transfer to a joint powers authority any or all of their right, title, and interest in and to the enforcement and collection of delinquent and uncollected property taxes, assessments, and other receivables that have been levied by or on behalf of the local agency for collection on the secured, unsecured, or supplemental property tax rolls in accordance with the terms and conditions that may be set forth in an agreement with a joint powers authority.

(c) Notwithstanding Division 1 (commencing with Section 50) of the Revenue and Taxation Code, upon any transfer authorized in subdivision (b), the following shall apply:

(1) A local agency shall be entitled to timely payment of all delinquent taxes, assessments, and other receivables collected on its behalf on the secured, unsecured, and supplemental tax rolls, along with all penalties, interest, costs, and other charges thereon, no later than 30 calendar days after the close of the preceding monthly or four-week accounting period during which the delinquencies were paid by or on account of any property owner.

(2) Upon its receipt of the delinquent taxes, assessments, and receivables that it had agreed to be transferred, a local agency shall pay those amounts, along with all applicable penalties, interest, costs, and other charges, to the joint powers authority in accordance with the terms and conditions that may be agreed to by the local agency and the joint powers authority.

(3) The joint powers authority shall be entitled to assert all right, title, and interest of the local agency in the enforcement and collection of the delinquent taxes, assessments, and receivables, including without limitation, its lien priority, its right to receive the proceeds of delinquent taxes, assessments, and receivables, and its right to receive all penalties, interest, administrative costs, and any other charges, including attorney fees and costs, if otherwise authorized by law to be collected by the local agency.

(4) (A) For any school district that participates in a joint powers authority using financing authorized by this section and that does not participate in the alternative method of distribution of tax levies under Chapter 3 of Division 1 of Part 8 of the Revenue and Taxation Code, the amount of property tax receipts to be reported in a fiscal year for the district under subdivision (f) of Section 75.70 of the Revenue and Taxation Code, or any other similar law requiring reporting of school district property tax receipts, shall be equal to 100 percent of the school district's allocable share of the taxes distributed to it for the then fiscal year, plus 100 percent of the school district's share of any delinquent secured and supplemental property taxes assigned from that year and 100 percent of its share of any delinquent secured and supplemental property taxes from any prior years which the school district has assigned to a joint powers authority in that fiscal year, as such delinquent taxes are shown on the delinquent tax roll prescribed by Section 2627 of the Revenue and Taxation Code, on an abstract list if one is kept pursuant to Chapter 4 (commencing with Section 4372) of Part 7 of Division 1 of the Revenue and Taxation Code, or other records maintained by the county, plus all other delinquent taxes that the school district has not assigned to a joint powers authority which are collected and distributed to the school district as otherwise provided by law, less any reduction amount required by subparagraph (B). One hundred percent of the school district's allocable share of the delinquent taxes assigned for the current fiscal year, and 100 percent of the school district's allocable share of the delinquent taxes assigned for all years prior thereto, as shown on the delinquent roll, abstract list, or other records maintained by the county, whether or not those delinquent taxes are ever collected, shall be paid by the joint powers authority to the county auditor and shall be distributed to the school district by the county auditor in the same time and manner

otherwise specified for the distribution of tax revenues generally to school districts pursuant to current law. Any additional amounts shall not be so reported and may be provided directly to a school district by a joint powers authority.

(B) When a joint powers authority finances delinquent taxes for a school district pursuant to this section, and continuing as long as adjustments are made to the delinquent taxes previously assigned to a joint powers authority, the school district's tax receipts to be reported as set forth in subparagraph (A) shall be reduced by the amount of any adjustments made to the school district's allocable share of taxes shown on the applicable delinquent tax roll, abstract list, if one is kept, or other records maintained by the county, occurring for any reason whatsoever other than redemption, which reduce the amount of the delinquent taxes assigned to the joint powers authority.

(C) A joint powers authority financing delinquent school district taxes and related penalties pursuant to this subdivision shall be solely responsible for, and shall pay directly to the county, all reasonable and identifiable administrative costs and expenses of the county which are incurred as a direct result of the compliance of the county tax collector or county auditor, or both, with any new or additional administrative procedures required for the county to comply with this subdivision. Where reasonably possible, the county shall provide a joint powers authority with an estimate of the amount of and basis for any additional administrative costs and expenses within a reasonable time after written request for an estimate.

(D) In no event shall the state be responsible or liable for a joint powers authority's failure to actually pay the amounts required by subparagraphs (A) and (B), nor shall a failure constitute a basis for a claim against the state by a school district, county, or joint powers authority.

(E) The phrase "school district," as used in this section, includes all school districts of every kind or class, including, without limitation, community college districts and county superintendents of school.

(d) The powers conferred by this section upon joint powers authorities and local agencies shall be complete, additional, and cumulative to all other powers conferred upon them by law. Except as otherwise required by this section, the agreements authorized by this section need not comply with the requirements of any other laws applicable to the same subject matter.

(e) An action to determine the validity of any bonds issued, any joint powers agreements entered into, any related agreements, including, without limitation, any bond indenture or any agreements relating to the sale, assignment, or pledge entered into by a joint powers authority or

a local agency, the priority of any lien transferred in accordance with this section, and the respective rights and obligations of any joint powers authority and any party with whom the joint powers authority may contract pursuant to this chapter, may be brought by the joint powers authority pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. Any appeal from a judgment in the action shall be commenced within 30 days after entry of judgment.

(f) This section shall not be construed to affect the manner in which an agency participates in or withdraws from the alternative distribution method established by Chapter 3 (commencing with Section 4701) of Part 8 of Division 1 of the Revenue and Taxation Code.

(g) Notwithstanding any other law, on and after January 1, 2007, a joint powers authority shall not purchase or acquire, and an Educational Revenue Augmentation Fund shall not sell, assign, pledge, or otherwise transfer to a joint powers authority, the right, title, or interest of an Educational Revenue Augmentation Fund in the enforcement and collection of delinquent and uncollected property tax revenues, assessments, or other receivables placed for collection on the secured, unsecured, or supplemental rolls.

SEC. 2. Section 97.69 is added to the Revenue and Taxation Code, to read:

97.69. (a) Notwithstanding any other law, in allocating ad valorem property tax revenues to a Sales and Use Tax Compensation Fund under Section 97.68 or a Vehicle License Fee Property Tax Compensation Fund under Section 97.70, the auditor shall not allocate to those funds the revenues from delinquent and uncollected property taxes on the secured roll that have been pledged or contractually obligated to debt service repayment under Section 6516.6 of the Government Code.

(b) In implementing subdivision (a), the auditor shall proportionally increase, using nondelinquent ad valorem property tax revenues, the total amount of the ad valorem property tax revenue reduction, otherwise required by Sections 97.68 and 97.70, for all school entities in the county that have pledged or contractually obligated to debt service repayment revenues from delinquent and uncollected property taxes on the secured roll, by an amount equal to the total amount excluded under subdivision (a) to ensure that there is no reduction in the total amount of the countywide adjustment amount, as defined in Section 97.68, or the total amount of the countywide vehicle license fee adjustment amount, as defined in Section 97.70, for any fiscal year.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 367

An act to amend Section 10502 of, and to add and repeal Article 1.5 (commencing with Section 10506.4) of Chapter 2.1 of Part 2 of Division 2 of, the Public Contract Code, relating to public contracts.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 10502 of the Public Contract Code is amended to read:

10502. The Regents of the University of California shall give public notice of a project to bidders by publication twice within the 60-day period preceding the day set for the receiving of bids as follows:

(a) In one newspaper of general circulation published in the county in which the major portion of the project is located and in one such trade paper circulated in the county in which the major portion of the work is to be done.

(b) The notices shall state the time and place for the receiving and opening of sealed bids, describe in general terms the work to be done, and describe the bidding mode by which the lowest responsible bidder will be selected.

SEC. 2. Article 1.5 (commencing with Section 10506.4) is added to Chapter 2.1 of Part 2 of Division 2 of the Public Contract Code, to read:

Article 1.5. Best Value Construction Contracting Pilot Program

10506.4. (a) This article provides for a pilot program for the University of California when awarding construction contracts, applicable only to a single University of California campus located in the City and County of San Francisco.

(b) The Regents of the University of California shall let any contract for a project pursuant to this article to the lowest responsible bidder or else reject all bids.

(c) The lowest responsible bidder may be selected on the basis of the best value to the university, as defined in Section 10506.5. In order to implement this method of selection, the Regents of the University of

California shall adopt and publish procedures and required criteria that ensure that all selections are conducted in a fair and impartial manner. These procedures shall conform to the requirements of Sections 10506.6 and 10506.7 and shall be mandatory for the University of California campuses in the pilot program.

(d) If one or more of the bids is substantially equal to the lowest bid, and at least one of those bidders is a disadvantaged business enterprise, a women business enterprise, or a disabled veteran business enterprise, the regents may award the contract in accordance with the policies and procedures adopted pursuant to Section 10500.5.

(e) If the regents deem it to be for the best interest of the university, the regents may, on the refusal or failure of the successful bidder for a project to execute a tendered contract, award it to the second lowest responsible bidder. If the second lowest bidder fails or refuses to execute the contract, the regents may likewise award it to the third lowest responsible bidder.

10506.5. For purposes of this article, the following definitions apply:

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 368

An act to amend Sections 19533 and 19601 of the Business and Professions Code, relating to horse racing.

[Approved by Governor September 20, 2006. Filed with Secretary of State September 20, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 19533 of the Business and Professions Code is amended to read:

19533. (a) Any license granted to an association other than a fair shall be only for one type of racing, thoroughbred, harness, or quarter horse racing as the case may be, except that the board may authorize the entering of thoroughbred and Appaloosa horses in quarter horse races at a distance not exceeding five furlongs at quarter horse meetings, mixed breed meetings, and fair meetings. If the board authorizes the entering of thoroughbred or Appaloosa horses in quarter horse races, the following conditions shall be met:

(1) Any race written for participation by quarter horses, Appaloosas, and thoroughbreds shall be written as quarter horse preferred.

(2) The number of races written as quarter horse preferred at a distance exceeding 870 yards shall not exceed more than three races per program without the consent of the quarter horse horsemen's organization contracting with the association.

(3) More than one-half of the races on any program shall be for quarter horses at a distance not to exceed 550 yards, unless the consent of the quarter horse horsemen's organization is received.

(4) Mixed races with Appaloosa and quarter horses may only be written with the consent of the quarter horse horsemen's organization contracting with the association.

(5) Thoroughbreds shall constitute less than half the number of horses in these races although an exception may be granted on a race-to-race basis with the consent of the quarter horse horsemen's organization contracting with the association.

(b) The association that conducts the meeting shall pay to a thoroughbred trainers' organization an amount for a pension plan for backstretch personnel to be administered by that trainers' organization

equivalent to 1 percent of the amount available to thoroughbred horses for purses. The remainder of the portion shall be distributed as purses. Any redistributable money paid to the board pursuant to Section 19641, which is paid to a welfare fund established by a horsemen's organization from races with both thoroughbred and quarter horses, shall be divided pro rata between the two welfare funds based on the number of thoroughbreds and quarter horses in the race.

(c) (1) Notwithstanding any other provision of law, any association licensed to conduct quarter horse racing may apply to the board for, and the board shall grant, authority to conduct thoroughbred racing as part of its racing program if all of the following conditions are met:

(A) The thoroughbred races are for a claiming price of not more than five thousand dollars ($5,000), and at a distance of four and one-half furlongs or less. The races may not be stakes, allowance races, or maiden allowance races.

(B) More than one-half of the races on any program shall be for quarter horses at a distance not to exceed 550 yards, unless the consent of the quarter horse horsemen's organization is received.

(C) The consent of the quarter horse horsemen's organization contracting with the association is obtained with respect to the inclusion of thoroughbred racing.

(2) The quarter horse racing association conducting thoroughbred racing pursuant to this subdivision shall pay to a quarter horse horsemen's organization the amount specified in subdivision (e) of Section 19613, and an amount for a pension plan for backstretch personnel to be administered by a thoroughbred trainers' organization equivalent to 1 percent of the amount available to thoroughbred horses for purses. The remainder of the portion shall be distributed as purses. The quarter horse racing association shall also deduct the appropriate amount to comply with subdivision (a) of Section 19617.2 for distribution to the thoroughbred official registering agency.

SEC. 2 Section 19601 of the Business and Professions Code is amended to read:

19601. (a) Notwithstanding any other provision of law, a licensed association or fair that is conducting a live meeting in any racing zone may accept wagers on any race conducted in this state, if all of the following requirements are met:

(1) The association or fair that conducts the racing meeting and the organization that is responsible for negotiating purse agreements on behalf of the horsemen participating in that racing meeting consent to the acceptance of the wagers. However, if consent is withheld, any party may appeal the withholding of consent to the board, which may determine that consent is not required.

(2) The association or fair conducts not less than eight races on days when the association or fair is licensed to conduct racing, except that fewer than eight live races per day may be conducted by the mutual agreement of the association or fair and the organization that is responsible for negotiating purse agreements on behalf of the horsemen participating in the racing meeting.

(3) Wagering is offered only within the association's or fair's racing inclosure or within the satellite wagering facility and only within seven days of the commencement of the racing program with the transmitted race.

(4) All wagers are included in the appropriate parimutuel pool at the racetrack of the association or fair where the race is conducted, or, in the appropriate parimutuel pool of the racetrack of the association or fair that accepts the transmitted race.

(5) The association or fair accepting wagers on an out-of-zone transmitted race distributes the audiovisual signal of the race to, and accepts wagers from, all eligible satellite wagering facilities.

(b) Any association or fair accepting wagers under subdivision (a) shall deduct, from the total amount handled in each conventional and exotic parimutuel pool on the transmitted race, the same percentages deducted pursuant to Article 9.5 (commencing with Section 19610) for races at its own meeting. However, if the wagers are from a quarter horse race meeting, then the amounts deducted shall be the same as for a quarter horse race meeting. Amounts deducted under this section, including amounts deducted from wagers on out-of-zone races within the inclosure of the association or fair, shall be distributed as provided under Sections 19605.7, 19605.72, and 19605.73 with respect to wagers made within the northern zone, or Sections 19605.71, 19605.72, and 19605.73 with respect to wagers made within the central or southern zone, except that amounts distributed for purposes other than state license fees and fees payable to the Center for Equine Health, School of Veterinary Medicine, University of California at Davis, and the California Animal Health and Food Safety Laboratory shall be proportionally reduced by the amount of any fees paid to the Triple Crown or Breeder's Cup day host association pursuant to subdivision (c). The method used to calculate the reduction in proportionate share shall be approved by the board. For wagers on out-of-state and out-of-country races made within the association's or fair's inclosure, 1 percent shall be distributed to the association or fair as a satellite wagering facility commission.

(c) Nothing in this section precludes an association or fair from charging a fee as a condition of transmitting the Triple Crown or Breeder's Cup day races, except that any fee shall be allocated among all associations, fairs, and satellite wagering facilities receiving the

transmitted race in proportion to the amount wagered at each location, and the fee shall equal that charged by the entity conducting the race or races. Further, the only fee that can be charged as a condition of transmitting the signal of an out-of-zone race shall be a fee of 2.5 percent on Breeder's Cup day races.

(d) All breakage and unclaimed tickets, including unclaimed refunds, shall be distributed equally between the association or fair that accepts wagers on the transmitted race, and the horsemen, in the form of purses. The purse moneys generated by this subdivision shall be made available for purses during the meeting in which they are received by the association or fair, or, if the association or fair is not then conducting a live racing meeting, during the next succeeding meeting of the association or fair.

(e) All wagers made pursuant to this section shall be considered to have been wagered at a satellite wagering facility and shall be excluded from total handle for the purposes of Section 19611.

(f) Notwithstanding Section 19530.5, satellite wagering facilities operated by a fair, in the Counties of Fresno, Kern, or Tulare shall be considered northern zone facilities and shall receive their audiovisual signal from the association or fair conducting a racing meeting in the northern zone that is authorized to distribute the signal and accept wagers on central and southern zone races. Satellite wagering facilities operated by a fair, in the Counties of Santa Barbara or Ventura shall be considered central-southern zone facilities and shall receive the audiovisual signal from the association or fair conducting a racing meeting in the central or southern zone that is authorized to distribute the signal and accept wagers on northern zone races.

(g) All purse moneys derived from wagering on out-of-zone races at fair racing meetings shall be distributed to all breeds of horses participating in the fair meeting in direct proportion to the purse money generated by breed on live races conducted during the fair race meeting.

(h) During calendar periods when both a fair and a thoroughbred association conduct live racing, the amounts deducted under this section shall be distributed on any day of overlap as provided in Section 19607.5, except that the applicable state license fee shall be at the rate specified for nonfair meetings in subdivision (b) of Section 19605.7.

(i) During calendar periods when a thoroughbred association and a fair, or a thoroughbred association and any other breed association are conducting a racing meeting in the same zone, the thoroughbred association shall be the association authorized to distribute out-of-zone, out-of-state, or out-of-country thoroughbred or fair races, except that the thoroughbred association may waive this right and allow the other breed racing association conducting a race meeting to distribute the

signal and accept wagers on out-of-zone, out-of-state, or out-of-country thoroughbred or fair races for any racing day or days. For the purposes of this subdivision, the combined central and southern zone shall be considered one zone.

(j) In order to ensure, to the extent possible, that out-of-state and out-of-country simulcasting, furthers the purposes of this section, a committee made up of one representative from each of the then-operating thoroughbred associations or fairs that are conducting a live racing meeting in the state and one representative of the organization responsible for negotiating purse agreements on behalf of the horsemen participating in the meeting shall do the following:

(1) Determine the out-of-state or out-of-country thoroughbred races to be imported on a statewide basis pursuant to provisions of this chapter.

(2) Ensure, to the extent possible, that the fees charged by out-of-state or out-of-country entities for these signals are at the lowest obtainable rate and at the same rate statewide, in order to maximize the revenue available to in-state associations and fairs and their horsemen.

(3) Ensure, to the extent possible, due to the reciprocal nature of the interstate simulcasting business, that the maximum obtainable revenue is generated by the sale to out-of-state entities of the audiovisual signal of races conducted in this state by thoroughbred associations and fairs.

(4) Ensure that program information requirements for in-state signals comply with the standards of the board, but provide that abbreviated program formats may be used for races imported from other jurisdictions.

(k) Notwithstanding any other provision of law, any thoroughbred association or fair, when operating a live racing meeting, shall distribute the signal of all races conducted by, or disseminated by, that association or fair to, and accept wagers on these races from, any association that is licensed to conduct a live quarter horse or harness racing meeting in Orange County and that conducted such a meeting in 1998.

(*l*) Notwithstanding any other provision of law, all associations or fairs when operating as eligible satellite wagering facilities shall be in compliance with, and subject to the provisions of, Article 9.2 (commencing with Section 19605) of this chapter, and shall display the signal and accept wagers on all live races conducted in this state without regard to breed. Notwithstanding the foregoing provision, a thoroughbred racing association located in the City of Arcadia is exempt from these requirements for live harness and quarter horse races conducted at night unless the thoroughbred racing association facility is open for business at that time and is accepting wagers on other night signals pursuant to this chapter.

A quarter horse racing association located in the southern zone shall display the signal and accept wagers on all races imported by, or

conducted by, a harness racing association conducting racing in the northern zone. A harness racing association in the northern zone shall display the signal and accept wagers on all races imported by, or conducted by, a quarter horse racing association conducting racing in the southern zone. On those nights when both the harness racing association in the northern zone and the quarter horse racing association in the southern zone are conducting live racing, the audiovisual signal of both breeds shall be displayed and wagers shall be accepted on both breeds at each of the locations where the live racing is being conducted, and each association shall display the audiovisual signal and accept wagers on the other association's live or imported races throughout their respective facilities, as they do when they are conducting satellite wagering during other periods of the same day. Each association shall pay the other an additional 5 percent of the amount wagered at their respective facilities on the races imported by, or conducted by, the other racing association. With respect to harness racing, the additional 5 percent received by the harness racing association pursuant to paragraph shall be distributed as 50 percent as commissions to the racing association and 50 percent as purses to the horsemen participating in the racing meeting. Further, satellite wagering facilities located at fairs may, but are not required to, accept an audiovisual signal on out-of-state or out-of-country races unless the facility is open for business at the time and accepting wagers on other signals pursuant to this chapter.

SEC. 3. The amendments to Section 19601 of the Business and Professions Code made by this act relate to the sending and receipt of an audiovisual signal for nonthoroughbred races. Section 19601 provides for the receipt, sending, and wagering on, of satellite signals of thoroughbred racing. The amendments to Section 19601 made by this act are intended to authorize and require, as applicable, the receipt of, sending of, and wagering on, audiovisual signals of nonthoroughbred racing, particularly during times when two nonthoroughbred racing associations are conducting racing at the same time. The amendments made by this act require acceptance of the audiovisual signal by each nonthoroughbred association for the purpose of wagering, and require the payment of a fee in connection with that wagering.

CHAPTER 369

An act to amend Sections 31468, 31486.3, 31490.5, 31494.3, and 31522.5 of, and to add Section 31678.4 to, the Government Code, relating to retirement.

[Approved by Governor September 20, 2006. Filed with

(b) "District" also includes any institution operated by two or more counties, in one of which there has been adopted an ordinance placing this chapter in operation.

(c) "District" also includes any organization or association authorized by Chapter 26 of the Statutes of 1935, as amended by Chapter 30 of the Statutes of 1941, or by Section 50024, which organization or association is maintained and supported entirely from funds derived from counties, and the board of any retirement system is authorized to receive the officers and employees of that organization or association into the retirement system managed by the board.

(d) "District" also includes, but is not limited to, any sanitary district formed under Part 1 (commencing with Section 6400) of Division 6 of the Health and Safety Code.

(g) "District" also includes the Regents of the University of California, but with respect only to employees who were employees of a county in a county hospital, who became university employees pursuant to an agreement for transfer to the regents of a county hospital or of the obligation to provide professional medical services at a county hospital, and who under that agreement had the right and did elect to continue membership in the county's retirement system established under this chapter.

(h) "District" also includes the South Coast Air Quality Management District, a new public agency created on February 1, 1977, pursuant to Chapter 5.5 (commencing with Section 40400) of Part 3 of Division 26 of the Health and Safety Code.

(1) Employees of the South Coast Air Quality Management District shall be deemed to be employees of a new public agency occupying new positions on February 1, 1977. On that date, those new positions are deemed not to have been covered by any retirement system.

(2) No retirement system coverage may be effected for an employee of the South Coast Air Quality Management District who commenced employment with the district during the period commencing on February 1, 1977, and ending on December 31, 1978, unless and until the employee shall have elected whether to become a member of the retirement association established in accordance with this chapter for employees of Los Angeles County or the retirement association established in accordance with this chapter for employees of San Bernardino County. The election shall occur before January 1, 1980. However, the elected retirement association may require, as a prerequisite to granting that credit, the payment of an appropriate sum of money or the transfer of funds from another retirement association in an amount determined by an enrolled actuary and approved by the elected retirement association's board. The amount to be paid shall include all administrative and actuarial costs of making that determination. The amount to be paid shall be shared by the South Coast Air Quality Management District and the employee. The share to be paid by the employee shall be determined by good faith bargaining between the district and the recognized employee organization, but in no event shall the employee be required to contribute more than 25 percent of the total amount required to be paid. The elected retirement association's board may not grant that credit for that prior

service unless the request for that credit is made to, and the required payment deposited with, the elected retirement association's board no earlier than January 1, 1980, and no later than June 30, 1980. The foregoing shall have no effect on any employee's rights to reciprocal benefits under Article 15 (commencing with Section 31830).

(b) A member who elects to receive service credit pursuant to this section shall have the same purchase rights and shall contribute to the retirement fund the amount that a member in the contributory plan wishing to purchase the same service would have to contribute, based on the rates applicable to a member of the contributory plan with the same date of entry into membership. Payment shall be made by lump-sum payment or by installment payments over a period not to exceed 10 years, prior to the effective date of his or her retirement or, if applicable, prior to the date provided in Section 31485.7.

(c) No member may receive any service credit under this section for which he or she has not completed payment pursuant to subdivision (b) before the effective date of his or her retirement or, if applicable, before the date provided in Section 31485.7. SEC. 3. Section 31490.5 of the Government Code is amended to read:

31490.5. (a) An active member governed by the provisions of this article may elect, by written notice filed with the board, to make contributions and receive credit under this plan for service for which he or she would not otherwise be entitled to receive credit pursuant to this article.

(b) Any member who elects to receive service credit pursuant to this section shall have the same purchase rights and shall contribute to the

retirement fund the amount that a member in the contributory plan wishing to purchase the same service would have to contribute, based on the rates applicable to a member of the contributory plan with the same date of entry into membership. Payment shall be made by lump-sum payment or by installment payments over a period not to exceed 10 years, prior to the effective date of his or her retirement or, if applicable, prior to the date provided in Section 31485.8.

(c) No member may receive any service credit under this section for which he or she has not completed payment pursuant to subdivision (b) before the effective date of his or her retirement or, if applicable, before the date provided in Section 31485.8. Subject to the limitations of federal law, a member who has elected to make payments in installments may complete payment by lump sum at any time prior to the effective date of his or her retirement.

(d) Any sums paid by a member pursuant to this section shall be considered to be and administered as contributions by the member.

(e) As used in this section, the "contributory plan" means that contributory plan otherwise available to new members of the system on the election date.

(f) This section is not operative until the board of supervisors elects, by resolution adopted by a majority vote, to make this section operative in the county.

SEC. 4. Section 31494.3 of the Government Code is amended to read:

31494.3. (a) Members who have elected to transfer under Section 31494.1 shall be provided within 90 days of the election date the cost of contributions required for that period of all creditable service with the employer prior to the month for which monthly contributions are to commence, as prescribed in subdivision (f) of Section 31494.1, and shall deposit in the retirement fund, the amount hereinafter provided in this subdivision, by lump sum, or regular monthly installments, or both, over the period of time determined by a resolution adopted by a majority vote of the board of retirement, but in any event prior to the date of application for retirement or, if applicable, the date provided in Section 31485.8, the date of termination, or the date of death. The amount shall equal the sum of the contributions a member would have made to the retirement fund for that length of time as that for which the member shall receive credit as service, computed in accordance with the rate of contribution applicable to the member under the contributory plan, based upon entry age, and in the same manner as prescribed under the plan as if the plan had been in effect during the entire period of all creditable service, together with regular interest thereon.

(b) All service previously purchased by the member pursuant to Section 31490.5, if any, shall be recalculated in accordance with the rate of contribution applicable to the member under the contributory plan, based upon the entry age, and in the same manner as prescribed under the plan as if the contributory plan had been in effect during the entire period of all creditable service, together with regular interest thereon. All contributions paid by the member pursuant to Section 31490.5, if any, shall be credited toward the amount owed under subdivision (a) and all periods of service credited under the plan created by this article shall be transferred to the contributory plan upon completion of payment of that amount.

(c) Any member who applies for service credit under subdivision (e) of Section 31494.1 relating to federal and military service, shall be provided within 90 days of the election date the cost of contribution required for that service, and shall deposit in the retirement fund the amount hereinafter provided in this subdivision by lump sum, or regular monthly installments, or both, over the period of time determined by a resolution adopted by a majority vote of the board of retirement, but in any event prior to the date of application for retirement, date of termination, or death. The amount shall equal the sum of twice the contributions the member would have made to the retirement fund for the length of time as that for which the member has elected to receive credit as service, computed by applying the rate of contribution applicable to the member under the contributory plan, based upon entry age, to the monthly compensation first earnable by the member as of the most recent date of entry into the retirement system, multiplied by the number of months for which the member has elected to receive credit, together with regular interest thereon.

The amount shall equal that sum of contributions the member would have made to the retirement fund for the length of time as that for which the member has elected to receive credit as service, calculated in the same manner as prescribed in the bylaws of the board relating to

credit for prior service, except that such contribution shall be computed by applying the rate of contribution applicable to the member under the contributory plan, based upon entry age.

(e) This section shall be operative in a county at such time or times as may be mutually agreed to in memoranda of understanding executed by the employer and employee representatives if the board of supervisors adopts, by majority vote, a resolution declaring that the section shall be operative in the county.

(C) The Superintendent may expand upon an existing process of collecting free or reduced price meal data in order to collect from small districts, as defined in subdivision (c), counts of pupils living in families whose income is at or below the federal poverty level.

SEC. 7. Item 6110-198-0001 of Section 2.00 of Chapter 38 of the Statutes of 2005 is amended to read:

6110-198-0001—For local assistance, Department of Education (Proposition 98), for transfer by the Controller to Section A of the State School Fund, for allocation to school districts and county offices of education, in lieu of the amount that otherwise would be appropriated pursuant to statute..... 52,996,000

Schedule:

(1) 20.60.220-CalSAFE Academic and Supportive Services..... 15,385,140

(2) 30.10.020-CalSAFE Child Care..... 24,509,250

(3) 20.60.221-All Services for Non-converting Pregnant Minors Programs..... 13,101,610

Provisions:

1. Notwithstanding any other provision of law, a school district or county superintendent of schools operating, by October 1, 1999, a School Age Parent and Infant Development Program pursuant to Article 17 (commencing with Section 8390) of Chapter 2 of Part 6 of, a Pregnant Minors Program pursuant to Chapter 6 (commencing with Section 8900) of Part 6 of, and Section 2551.3 of, or a Pregnant and Lactating Students Program pursuant to Sections 49553 and 49559 of, the Education Code, or any combination thereof, that chooses to participate in the CalSAFE program shall have priority for CalSAFE program funding for an amount up to the dollar amount provided under those provisions in the fiscal year prior to participation in the CalSAFE program, provided an application is submitted and approved.
2. The amounts appropriated in Schedules (1), (2), and (3) of this item are based on estimates of the amounts required by existing programs for operation of CalSAFE programs in 2005–06. By October 31, 2005,

the Department of Education shall submit to the Department of Finance current expenditure data for 2004–05 and 2005–06 showing each agency's allocation and supporting detail including average daily attendance and child care attendance and enrollment data. The State Department of Education shall also provide estimates of average daily attendance and child care to be provided in the 2006–07 fiscal year.

3. Funds appropriated in Schedule (3) are available to provide funding for all child care, as well as both academic and supportive services for programs choosing to retain their Pregnant Minors Program revenue limit. Notwithstanding any other provision of law, the State Department of Education shall compute allocations to these agencies using the respective agencies' 1998–99 Pregnant Minors Program revenue limits. Further, notwithstanding any other provision of law, programs which choose to retain their Pregnant Minors Program revenue limit rather than convert to the CalSAFE revenue limit must provide child care within the revenue limit funding for children of students comprising base year average daily attendance. To the extent additional units of average daily attendance are authorized by the department for growth for these agencies, academic and supportive services reimbursement for such growth shall be computed using the new CalSAFE revenue limit. Growth funding for the child care component shall be equal to the proportionate share of total child care costs for the specific agency's program as determined by dividing the authorized growth in student average daily attendance by the total authorized average daily attendance.
4. Of the funds appropriated in this item, $348,000 is for the purpose of providing an adjustment for increases in average daily attendance at a rate of 0.69 percent, and $2,151,000 is for the purpose of providing a cost-of-living adjustment at a rate of 4.23 percent.

SEC. 8. Section 35 of Chapter 79 of the Statutes of 2006 is amended to read:

Sec. 35. (a) For the 2006–07 fiscal year, the Superintendent shall add to the amount determined pursuant to Section 54022 of the Education

Code for each school district a supplemental adjustment calculated as follows:

(1) Calculate the difference between the number six hundred (600) and the number that is equal to the per pupil economic impact aid amount for the school district calculated pursuant to subdivision (a) of Section 54022.

(2) If the difference pursuant to paragraph (1) is greater than zero, multiply that difference by the economic impact aid eligible pupil count for the school district for the current school year.

(3) Calculate the available funds factor by dividing the funds available for supplemental adjustments pursuant to this section, as specified in paragraph (5), by the product pursuant to paragraph (2) for all school districts.

(4) Multiply the amount calculated pursuant to paragraph (2), if applicable, by the available funds factor calculated in paragraph (3). The result is the adjustment a school district shall receive for the 2006–07 fiscal year pursuant to this section.

(5) Determine the funds available for the supplemental adjustment according to the following calculation:

(A) Calculate the total statewide economic impact aid allocation amount for the 2006–07 fiscal year as the sum of each school districts allocation determined pursuant to Section 54022 of the Education Code.

(B) From the total of funds appropriated for the purposes of this article in the 2006–07 fiscal year, subtract the amount determined in subparagraph (A). This remainder is the amount of funds available for the economic impact aid adjustment allocated pursuant to this section.

(b) For the 2007–08 fiscal year, the Superintendent shall add to the economic impact aid per pupil amount calculated pursuant to subdivision (a) of Section 54022 of the Education Code the quotient that is equal to the adjustment received by each school district pursuant to this section in the 2006–07 fiscal year divided by the economic impact aid eligible pupil count for the 2006–07 fiscal year.

SEC. 9. Section 43 of Chapter 79 of the Statutes of 2006 is amended to read:

(A) The funds appropriated pursuant to this paragraph shall be allocated to school districts on the basis of an equal amount per pupil enrolled in the district in the 2006–07 fiscal year, including pupils enrolled in adult education programs and pupils enrolled in regional occupational centers and programs based on the fall California Basic Educational Data System (CBEDS) enrollment data, except that pupil enrollment in adult education programs and regional occupational centers and programs shall be determined based on their calculated average daily attendance (ADA) for base funding allocations. The ADA for this purpose shall be considered final as of the second principal apportionment for fiscal year 2006–07. The governing board of each school district shall allocate the funds on an equal per-pupil basis to the schools within its jurisdiction for expenditure pursuant to this section. The Superintendent of Public Instruction shall make an initial apportionment of up to 75 percent of the funds on the basis of the enrollment in the 2005–06 fiscal year and shall make a final apportionment of the remaining funds in a manner that ensures that the total funds apportioned pursuant to this section are distributed on the basis of 2006–07 enrollment or ADA, as applicable.

(B) For the purposes of this paragraph, "school" shall include locally funded charter schools that have pupils who are currently enrolled and

that have a current county-district-school (CDS) code, as maintained by the Superintendent of Public Instruction. Before funds allocated pursuant this section may be encumbered or expended, the governing board of the school district shall approve the proposed use. If the governing board of a school district does not approve the use proposed pursuant to this paragraph, no expenditures of the specified funds may be made and the governing board of the school district shall inform the schoolsite council, schoolwide advisory group, or school support group, as applicable, of the reasons why the proposal was disapproved. If the schoolsite council, schoolwide advisory group, or school support group, as applicable, and the governing board of the school district are unable to agree on the use of the funds by May 1, 2007, the dispute shall be immediately submitted to the county board of education. The county board of education shall resolve the dispute within 30 days of submission. The decision of the county board of education shall be final.

(E) The use of funds allocated pursuant to this paragraph for schools under the jurisdiction of a county office of education shall be proposed by each school's schoolwide advisory group or school support group. The proposals shall be approved by the county board of education prior to expenditure of the funds allocated pursuant to paragraph (1).

The ADA for this purpose shall be considered final as of the second principal apportionment for the 2006–07 fiscal year. The Superintendent of Public Instruction shall make an initial apportionment of up to 75 percent of the funds on the basis of the enrollment in the 2005–06 fiscal year and shall make a final apportionment of the remaining funds in a manner that assures that the total funds apportioned pursuant to this section are distributed on the basis of 2006–07 enrollment, or ADA, as applicable.

(B) The funds apportioned pursuant to this paragraph may be expended for instructional materials, classroom and laboratory supplies and materials, school and classroom library materials, educational technology, deferred maintenance, professional development, home-to-school transportation, one-time expenditures designed to close the achievement gap, or outstanding one-time fiscal obligations of school districts.

These materials may only be used in addition to the standards-aligned materials adopted by the State Board of Education pursuant to Section 60605 of the Education Code.

(A) Local educational agencies shall be eligible for apportionment funding of up to twenty-five dollars ($25) per pupil, based on the most recently certified language census number of English learners in kindergarten and grades 1 to 12, inclusive, to purchase any materials that the State Department of Education verifies and the State Board of Education approves are substantially correlated to identified state standards adopted pursuant to Section 60811 of the Education Code, as applied in the standards adopted pursuant to Section 60605 of the

Education Code. Funding may be provided only for the number of pupils that the local educational agency certifies it will purchase materials for pursuant to subparagraph (D). (ii) Identify materials from the existing list of materials approved by the State Board of Education specifying the information described in clause (i).

(E) After a local educational agency notifies the State Department of Education of its request for review of materials, the department may select and train panels of teachers and educators to verify the standards maps provided by the publishers and examine the materials for legal and social compliance. The department will also provide an appeals process to allow due process review of discrepancies of findings in the verification process. The verification shall not constitute a state adoption of instructional materials pursuant to Section 60200 of the Education Code. The department shall give first priority in verifying correlation to identified state standards to those materials that are most commonly cited in the intent of school districts to purchase provided under subparagraph (D). The department shall submit its verification results

to the State Board of Education for approval and the State Board of Education shall approve or disapprove the materials at the next regularly scheduled meeting after receipt of the verification of the department, in accordance with public notification requirements.

17314.1. (a) Notwithstanding any other provision of this article, Fidelity Corporation shall not be obligated to pay any claim made by a member unless (1) the claim would, except for the dollar amount thereof, be a valid claim under the bond as prescribed by Section 17203.1 and (2) the claim is made within the time prescribed by Section 17205. The protection to members provided by Fidelity Corporation and by the fidelity bond or insurance policy, if any, shall therefore be deemed to be coextensive except as to the dollar amounts as set forth in Section 17314. All defenses available to the insurer under the fidelity bond or insurance policy, if any, on any claim shall also be a defense to Fidelity Corporation, as either an indemnitor or surety, on any claim brought against the corporation.

(b) No person other than a member, or the member's successor in interest, who shall be the commissioner, a conservator, receiver, or trustee as designated by a court of competent jurisdiction, is entitled to assert a claim against Fidelity Corporation for losses covered under this article.

SEC. 3. Section 17331.2 of the Financial Code is amended to read:

17331.2. (a) Fidelity Corporation shall deny the application for a certificate or revoke the certificate of any person, upon any of the following grounds:

(1) The application contains a material misrepresentation of fact or fails to disclose a material fact so as to render the application false or misleading, or if any fact or condition exists which, if it had existed at the time of the original application for a certificate, reasonably would have warranted Fidelity Corporation to refuse originally to issue that certificate.

(2) That the person has been convicted of a crime or offense, whether a felony, an offense punishable as a felony, or a misdemeanor, that

involved dishonesty, fraud, deceit, embezzlement, fraudulent conversion, misappropriation of property, or any other crime reasonably related to the qualifications, functions, or duties of a person engaged in business in accordance with this division. A conviction within the meaning of this section is a plea or verdict of guilty or a conviction following a plea of nolo contendere. A conviction also includes an order granting probation and suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Section 1203.4 or 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. If, however, the conviction is more than 10 years old, or the conviction has been expunged, or the person has obtained a certificate of rehabilitation or relief under Section 1203.4 or 1203.4a of the Penal Code, or if the conviction was an infraction, then the person may have a Fidelity Corporation certificate upon showing by clear and convincing proof to a reasonable certainty that the conviction is no longer reasonably related to the qualifications, functions, or duties of a person engaged in business in accordance with this division or that person's employment with a member.

(3) That the person has been held liable in a civil action by final judgment of any court if the judgment involved dishonesty, fraud, deceit, embezzlement, fraudulent conversion, or misappropriation of property or the person has been ordered to make restitution to a victim in any criminal case involving a crime or offense set forth in paragraph (2). The person may have a Fidelity Corporation certificate upon showing by clear and convincing proof to a reasonable certainty that the judgment or restitution order is no longer reasonably related to the qualifications, functions, or duties of a person engaged in business in accordance with this division or that person's employment with a member.

(4) That the person has (A) committed or caused to be committed an act which caused any member to suffer a loss; (B) committed or caused to be committed or colluded with any other person committing any act which caused a loss, for which Fidelity Corporation or the insurer on any insurance policy or fidelity bond purchased by Fidelity Corporation, or both, to become liable to indemnify any member; or (C) committed or caused to be committed an act of dishonesty, fraud, deceit, embezzlement, fraudulent conversion, or misappropriation of property, to the material damage of a member or for which the member has been held liable to any third party, by final judgment.

(5) That the person has been barred from employment by final order of the commissioner pursuant to Section 17423.

(6) That the person has been deemed not qualified to serve in any capacity as a director or officer or in any other position involving management duties with a financial institution, pursuant to Division 1.8 (commencing with Section 4990).

(7) That the person has been denied coverage or reinstatement by any insurer under any fidelity bond or crime policy, unless a decision of reinstatement of coverage has been made after that denial. A person who obtained a decision of reinstatement of coverage prior to the effective date of this section may have a Fidelity Corporation certificate notwithstanding paragraphs (2) and (3) of this subdivision, unless any other ground for denial or revocation applies to that person.

(b) Fidelity Corporation shall suspend the certificate of any person upon either of the following grounds:

(1) That the person has been censured or suspended from any position of employment by final order of the commissioner. The certificate suspension shall be for a term concurrent with the final order of the commissioner.

(2) That the person has been barred from any position of employment or management or control of any escrow agent, for a term of less than permanent, by final order of the commissioner. The certificate suspension shall be for a term concurrent with the final order of the commissioner.

(c) Fidelity Corporation may suspend the certificate of any person under either of the following grounds:

(1) That there is an action commenced by the commissioner to either suspend or bar that person, under Section 17423.

(2) That any member with whom the person was employed has given a proof of loss or a notice of an occurrence which may give rise to a claim for a loss of trust obligations either of which identifies the person as the person responsible for the loss or as a person acting in collusion with the person causing the loss.

(d) Upon denial of an application for, or upon suspension or revocation of the certificate of any person, Fidelity Corporation shall provide written notice to the member with whom that person is employed of the decision, pending any appeal therefrom which might be made. Thereafter, the member shall not allow that person to have access to money or negotiable instruments or securities belonging to or in the possession of the escrow agent, or to draw checks upon the escrow agent or the trust accounts of the escrow agent, but that person may otherwise continue in the performance and discharge of other duties of an employee. Fidelity Corporation shall notify the person in writing of the decision to deny, suspend, or revoke the certificate and of the person's right of appeal, together with the notice of appeal. The grounds and basis for the decision shall be stated in the notice thereof. All notices may be served either

personally or by mail, properly addressed to the address of record for the member and the person.

(e) Any person whose application for a certificate has been denied, or whose certificate has been suspended or revoked, may appeal the decision, as provided in Section 17331.3. While that appeal is pending, the person may not have access to money or negotiable instruments or securities belonging to or in the possession of the escrow agent, or to draw checks upon the escrow agent or the trust accounts of the escrow agent, but that person may otherwise continue in the performance and discharge of other duties of an employee pending final decision of that person's appeal. Failure to remove the person whose application has been denied, or whose certificate has been suspended or revoked, as a signer on the trust accounts may be subject to action by the commissioner as provided for in this division and shall be subject to penalties as set forth in Section 17331.1.

(f) Upon expiration of the time for an appeal, or upon conclusion of the appeal, the decision to deny an application for or to suspend or revoke the certificate of any person shall become final. Fidelity Corporation shall give written notice to the member and to the person of the final decision within 10 days. Thereafter, Fidelity Corporation shall disclose in writing to all members the identity of persons whose application has been denied or whose certificate has been revoked.

SEC. 4. Section 17419 of the Financial Code is amended to read:

17419. On and after January 1, 1992, any person seeking employment with an escrow agent shall complete an employment application on or before the first day of employment which includes, at least, the following information. A copy of the employment application shall be forwarded to the commissioner on or before the first day of the applicant's employment. Persons required to file a statement of identity and questionnaire pursuant to subdivision (f) of Section 17209 or Section 17212.1 are not required to file the employment application set forth in this section. Each person completing the employment application shall be given the notice required by the Information Practices Act (Section 1798.17 of the Civil Code), copies of which may be obtained from the commissioner. Nothing in this section shall limit an escrow agent from requesting additional information from an applicant.

CHAPTER 377

An act to amend Sections 2159 and 2159.5 of, and to add Section 18108.1 to, the Elections Code, relating to voter registration.

[Approved by Governor September 21, 2006. Filed with Secretary of State September 21, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 2159 of the Elections Code is amended to read:

2159. (a) Notwithstanding paragraph (1) of subdivision (b) of Section 2158, any person who, in exchange for money or other valuable consideration, assists another to register to vote by receiving the completed affidavit of registration from the elector, shall sign in his or

her handwriting and affix directly on the affidavit of registration his or her full name, telephone number, and address, and the name and telephone number of the person, company, or organization, if any, that agrees to pay money or other valuable consideration for the completed affidavit of registration. Failure to comply with this section shall not cause the invalidation of the registration of the voter.

(b) Any person who in exchange for money or other valuable consideration assists another to register to vote by receiving the completed affidavit of registration from the elector, and knowingly misrepresents himself or herself as having helped register another to vote on a registration form is guilty of a misdemeanor, pursuant to Section 18108.1.

SEC. 2. Section 2159.5 of the Elections Code is amended to read:

2159.5. Any person, company, or other organization that agrees to pay money or other valuable consideration, whether on a per-affidavit basis or otherwise, to any person who assists another person to register to vote by receiving the completed affidavit of registration, shall do all of the following:

(a) Maintain a list of the names, addresses, and telephone numbers of all individuals that the person, company, or other organization has agreed to compensate for assisting others to register to vote, and shall provide to each person receiving that consideration a written statement of that person's personal responsibilities and liabilities under Sections 2138, 2139, 2150, 2158, 2159, 18100, 18101, 18103, 18106, 18108, 18108.1, and 18108.5. Receipt of the written statement shall be acknowledged, in writing, by the person receiving the consideration, and the acknowledgment shall be kept by the person, company, or organization that agrees to compensate that person. All records required by this subdivision shall be maintained for a minimum of three years, and shall be made available to the elections official, the Secretary of State, or an appropriate prosecuting agency, upon demand. As an alternate to maintaining the records required by this subdivision, the records may be filed with the county elections official, who shall retain those records for a minimum of three years. The county elections official may charge a fee, not to exceed actual costs, for storing records pursuant to this subdivision.

(b) Not render any payment or promised consideration unless the information specified in Section 2159 has been affixed personally on the affidavit in the handwriting of the person with whom the agreement for payment was made.

(c) At the time of submission of affidavits to elections officials, identify and separate those affidavits into groups that do and that do not comply with the requirements of Sections 2150 and 2159. A signed

acknowledgment shall be attached to each group of affidavits identifying a group as in compliance with Sections 2150 and 2159, and a group as not in compliance with either Section 2150 or 2159, or both.

(d) Failure to comply with this section shall not cause the invalidation of the registration of the voter.

SEC. 3. Section 18108.1 is added to the Elections Code, to read:

18108.1. (a) Except as provided in subdivision (c), any person who receives money or other valuable consideration to assist another to register to vote by receiving the completed affidavit of registration from the elector, and knowingly misrepresents himself or herself as having helped register another to vote on a registration form, pursuant to Section 2159, is guilty of a misdemeanor, and shall be punished by a fine not exceeding one thousand dollars ($1,000), by imprisonment in the county jail not exceeding six months, or by both the fine and imprisonment.

(b) Any person who receives money or other valuable consideration to assist another to register to vote by receiving the completed affidavit of registration from the elector, upon a third or subsequent conviction, on charges brought and separately tried, for misrepresenting himself or herself as having helped register another to vote on a registration form, pursuant to Section 2159, shall be punished by a fine not exceeding ten thousand dollars ($10,000), by imprisonment in the county jail not to exceed one year, or by both the fine and imprisonment.

(c) This section shall not apply to any public agency or its employees that is designated as a voter registration agency pursuant to the National Voter Registration Act of 1993 (42 U.S.C. Sec. 1973gg), when an elector asks for assistance to register to vote during the course and scope of the agency's normal business.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(c) All translations prepared pursuant to this section shall be made available for public examination in the same time and manner as the ballot pamphlet is made available for public examination in accordance with Section 88006 of the Government Code and Section 9092 of this code.

(d) The local elections official shall use that translation of the condensed statement of the ballot title on the sample ballot and the official ballot and may not select or contract with another person to provide translations of the same text.

($7.50) per pupil per day of pupil attendance that the program plans to serve, with a maximum total grant of thirty-seven dollars and fifty cents ($37.50) per projected pupil per week, and a formula of seven dollars and fifty cents ($7.50) per projected pupil per day of staff development, with a maximum of three staff development days per year. A program may provide the three days of staff development during regular program hours using funds from the total grant award.

(2) For large schools, the maximum total grant amounts described in paragraph (1) may be increased based on the following formulas, up to a maximum amount of twice the respective limits specified in paragraph (1):

(A) For elementary schools, multiply one hundred thirteen dollars ($113) by the number of pupils enrolled at the schoolsite for the normal schoolday program that exceeds 600.

(B) For middle schools, multiply one hundred thirteen dollars ($113) by the number of pupils enrolled at the schoolsite for the normal schoolday program that exceeds 900.

(3) The maximum total grant amounts set forth in subparagraph (C) of paragraph (1) may be increased from any funds made available for this purpose in the annual Budget Act for participating schools that have pupils on waiting lists for the program. Grants may be increased by the lesser of an amount that is either 25 percent of the current maximum total grant amount or equal to the proportion of pupils unserved by the program as measured by documented waiting lists as of January 1 of the previous grant year, compared to the actual after school enrollment on the same date. The amount of the required cash or in-kind matching funds shall be increased accordingly. First priority for an increased maximum grant pursuant to this paragraph shall be given to schools that qualify for funding pursuant to subdivision (b) of Section 8482.55. Second priority shall be given to schools that receive funding priority pursuant to subdivision (f) of Section 8482.55.

(4) A school that establishes a program pursuant to this section is eligible to receive a supplemental grant to operate the program in excess of 180 regular schooldays or during any combination of summer, intersession, or vacation periods for a maximum of the lesser of the following amounts:

(A) Seven dollars and fifty cents ($7.50) per day per pupil.

(B) Thirty percent of the total grant amount awarded to the school per school year pursuant to subparagraph (C) of paragraph (1).

(5) Each program shall provide an amount of cash or in-kind local funds equal to not less than one-third of the total grant from the school district, governmental agencies, community organizations, or the private

sector. Facilities or space usage may fulfill not more than 25 percent of the required local contribution.

(6) (A) A grantee may allocate, with departmental approval, up to 125 percent of the maximum total grant amount for an individual school, so long as the maximum total grant amount for all school programs administered by the program grantee is not exceeded.

(B) A program grantee that transfers funds for purposes of administering a program pursuant to subparagraph (A) shall have an established waiting list for enrollment, and may transfer only from another school program that has met a minimum of 70 percent of its attendance goal.

(b) The administrator of a program established pursuant to this article may supplement, but not supplant, existing funding for after school programs with grant funds awarded pursuant to this article. State categorical funds for remedial education activities shall not be used to make the required contribution of local funds for those after school programs.

(c) Up to 15 percent of the initial year's grant amount for each grant recipient may be utilized for startup costs. Under no circumstance shall funding for startup costs result in an increase in the grant recipient's total funding above the approved grant amount.

(d) For each year of the grant, the department shall award the total grant amount for that year not later than 30 days after the date the grantee accepts the grant.

(e) The department may adjust the amount of a direct grant, awarded to a new applicant pursuant to this section, on the basis of the program start date, as determined by the department.

SEC. 23. Section 8483.75 of the Education Code is amended to read:

8483.75. (a) (1) (A) Each school that establishes a before school program component pursuant to Section 8483.1 is eligible to receive a three year renewable direct grant, that shall be awarded in three one-year increments and is subject to semiannual attendance reporting and renewal as required by the department. Before school programs established pursuant to this section shall be subject to the same reporting and accountability provisions described in subparagraph (A) of paragraph (1) of subdivision (a) of Section 8483.7.

(B) The maximum total grant amount awarded annually pursuant to this paragraph shall be thirty-seven thousand five hundred dollars ($37,500) for each regular school year for each elementary school and forty-nine thousand dollars ($49,000) for each regular school year for each middle or junior high school.

(C) The Superintendent shall determine the total annual direct grant amount for which a site is eligible based on a formula of five dollars

($5) per pupil per day that the program plans to serve, with a maximum total grant of twenty-five dollars ($25) per projected pupil per week.

(2) For large schools, the maximum total grant amounts described in paragraph (1) may be increased based on the following formulas, up to a maximum amount of twice the respective limits specified in paragraph (1):

(A) For elementary schools, multiply seventy-five dollars ($75) by the number of pupils enrolled at the schoolsite for the normal schoolday program that exceeds 600.

(B) For middle schools, multiply seventy-five dollars ($75) by the number of pupils enrolled at the schoolsite for the normal schoolday program that exceeds 900.

(3) A school that establishes a program pursuant to this article is eligible to receive a supplemental grant to operate the program in excess of 180 schooldays during any combination of summer, intersession, or vacation periods for a maximum of 30 percent of the total grant amount awarded to the school per school year under this subdivision.

(4) Each program shall provide an amount of cash or in-kind local funds equal to not less than one-third of the total grant from the school district, governmental agencies, community organizations, or the private sector. Facilities or space usage may fulfill not more than 25 percent of the required local contribution.

(5) (A) The department may award up to 125 percent of the maximum total grant amount for an individual school, so long as the maximum total grant amount for all school programs administered by the program grantee is not exceeded.

(B) A program grantee that is awarded funds pursuant to subparagraph (A) shall have an established waiting list for enrollment, and may receive funds only from another school program that has met a minimum of 70 percent of its attendance goal.

(b) The administrator of a program established pursuant to this article may supplement, but not supplant, existing funding for before school programs with grant funds awarded pursuant to this article. State categorical funds for remedial education activities shall not be used to make the required contribution of local funds for those before school programs.

(c) Up to 15 percent of the initial year's grant amount for each grant recipient may be utilized for startup costs. Under no circumstance shall funding for startup costs result in an increase in the grant recipient's total funding above the approved grant amount.

(d) For each year of the grant, the department shall award the total grant amount for that year not later than 30 days after the date the grantee accepts the grant.

SEC. 24. Section 8484 of the Education Code is amended to read:

8484. (a) As required by the department, programs established pursuant to this article shall submit annual outcome based data for evaluation, including research-based indicators and measurable student outcomes for academic performance, attendance, and positive behavioral changes. The department may consider these outcomes when determining eligibility for grant renewal.

(1) To demonstrate program effectiveness, grantees shall submit both of the following:

(A) Schoolday attendance on an annual basis.

(B) Program attendance.

(2) To demonstrate program effectiveness based upon individual program focus, programs shall submit one or more of the following measures annually:

(A) Positive behavioral changes, as reported by schoolday or after school teachers.

(B) Pupil Standardized Testing and Reporting (STAR) Program test scores.

(C) Homework completion rates as reported by schoolday or after school teachers.

(D) Skill development as reported by schoolday or after school teachers.

(E) The department may develop additional measures for this paragraph. Any additions shall be developed in consultation with the evaluation committee of the advisory committee.

(3) Programs shall submit information adopted through the process outlined in subdivision (c).

(b) (1) If a program consistently fails to demonstrate measurable program outcomes for three consecutive years, the department may terminate the program as described in subdivision (a) of Section 8483.7. The department shall consider multiple outcomes and not rely on one outcome in isolation.

(2) For the purposes of this section, "consistently fails to demonstrate measurable program outcomes" means failure to meet program effectiveness requirements pursuant to the criteria in paragraphs (1) and (2) of subdivision (a).

(3) Measurable program outcomes may be demonstrated by, but are not limited to, the following methods:

(A) Comparing pupils participating in the program to nonparticipating pupils at the same schoolsite.

(B) Pupils participating in the program demonstrate improvement on one or more indicators collected by the program pursuant to this paragraph.

(4) For the purposes of subparagraph (B) of paragraph (2) of subdivision (a), program effectiveness may be demonstrated using performance levels from the STAR Program by any of the following:

(A) The grantee documents the percentage of pupils performing at the far below basic level declined.

(B) The grantee documents the percentage of pupils performing above the far below basic and below basic levels increased.

(C) The grantee documents the percentage of pupils who performed at or above the basic level increased.

(D) The grantee documents pupils participating in the program performed better in a year-to-year comparison of the results of the STAR Program than their peers who were not participating in the program.

(c) The department shall develop standardized procedures and tools to collect the indicators in paragraphs (1) and (2) of subdivision (a). The department shall consult with the evaluation committee of the Advisory Committee on Before and After School Programs pursuant to Section 8484.9.

SEC. 25. Section 8484.8 of the Education Code is amended to read:

8484.8. In accordance with Part B of Title IV of the federal No Child Left Behind Act of 2001 (P.L. 107-110), funds appropriated in Item 6110-197-0890 of Section 2.00 of the Budget Act of 2002 are available for expenditure as follows, with any subsequent allocations for these purposes to be determined in the annual Budget Act:

(a) Beginning with the 2006–07 fiscal year, 5 percent of the federal funds appropriated through this article shall be available to the department for purposes of providing technical assistance, evaluation, and training services, and for contracting for local technical assistance, for carrying out programs related to 21st Century Community Learning Centers programs.

(1) The department shall provide directly, or contract for, technical assistance for new programs and any program that is not meeting attendance or performance goals, or both, and requests that assistance.

(2) (A) Training and support shall include, but is not limited to, the development and distribution of voluntary guidelines for physical activity programs established pursuant to paragraph (2) of subdivision (c) of Section 8482.3, that expand the learning opportunities of the schoolday.

(B) The department shall distribute these voluntary guidelines for physical activity programs on or before July 1, 2009.

(b) (1) At least 10 percent of the total amount appropriated pursuant to this article, after funds have been allocated pursuant to subdivision (a), shall be available for direct grants for either of the following purposes:

(A) Grants to provide equitable access and participation in community learning center programs, in an amount not to exceed twenty-five thousand dollars ($25,000) per site, per year, according to needs determined by the local community.

(B) Grants to provide family literacy services, in an amount not to exceed twenty thousand dollars ($20,000) per site, per year, for schoolsites that identify such a need for families of 21st Century Community Learning Centers program pupils, and that demonstrate a fiscal hardship by certifying that existing resources, including, but not limited to, funding for Title III of the federal No Child Left Behind Act of 2001, Chapter 3 (commencing with Section 300) of Part 1, adult education, community college, and the federal Even Start Program are not available or are insufficient to serve these families. An assurance that the funds received pursuant to this subdivision are expended only for those services and supports for which they were granted shall be required.

(2) For the purposes of subparagraph (A) of paragraph (1), the department shall determine the requirements for eligibility for a grant, consistent with the following:

(A) Consistent with the local partnership approach inherent in Article 22.5 (commencing with Section 8482), grants awarded under this subdivision shall provide supplemental assistance to programs. It is not intended that a grant fund the full anticipated costs of the services provided by a community learning center program.

(B) In determining the need for a grant pursuant to this subdivision, the department shall base its determination on a needs assessment and a determination that existing resources are not available to meet these needs, including, but not limited to, a description of how the needs, strengths, and resources of the community have been assessed, currently available resources, and the justification for additional resources for that purpose.

(C) The department shall award grants for a specific purpose, as justified by the applicant.

(3) To be eligible to receive a grant under this subdivision, the designated public agency representative for the applicant shall certify that an annual fiscal audit will be conducted and that adequate, accurate records will be kept. In addition, each applicant shall provide the department with the assurance that funds received under this subdivision are expended only for those services and supports for which they are granted. The department shall require grant recipients to submit annual budget reports, and the department may withhold funds in subsequent years if direct grant funds are expended for purposes other than as awarded.

(4) The department shall require grant recipients to submit quarterly expenditure reports, and the department may withhold funds in subsequent years if access or literacy grant funds are expended for purposes other than as granted.

(c) At least 50 percent of the total amount appropriated pursuant to this article, after funds have been allocated pursuant to subdivision (a), shall be allocated on a priority basis for direct grants to community learning centers serving high school pupils funded pursuant to Section 8421.

(d) Grant awards under this section shall be restricted to those applications that propose primarily to serve pupils that attend schoolwide programs, as described in Title I of the federal No Child Left Behind Act of 2001. Competitive priority shall be given to applications that propose to serve children and youth in schools designated as being in need of improvement under subsection (b) of Section 6316 of Title 20 of the United States Code, and that are jointly submitted by school districts and community-based organizations.

(e) (1) At least 40 percent of the total amount appropriated pursuant to this article, after funds have been allocated pursuant to subdivision (a), shall be allocated to programs serving elementary and middle school pupils. The administrators of a program established pursuant to this article may operate during regular school days for a minimum of 15 hours per week and any combination of summer, intersession, or vacation periods for a minimum of three hours per day for the regular school year pursuant to Section 8483.7. Grantees administering comprehensive programs established pursuant to Section 8482.3 are also eligible for funding for summer, intersession, or vacation periods pursuant to this section.

(2) Core funding grants for programs serving middle and elementary school pupils in before and after school programs shall be allocated according to the same funding provisions, and subject to the same reporting and accountability provisions, as described in Sections 8483.7 and 8483.75.

(3) (A) Funding for a grant shall be allocated in annual increments for a period not to exceed five years, subject to annual reporting and recertification as required by the department. The department shall establish a payment system to accommodate upfront payments. The department shall notify new grantees, whose grant awards are contingent upon the appropriation of funds for those grants, in writing no later than May 15 of each year in which new grants are awarded. A first-year grant award shall be made no later than 60 days after enactment of the annual Budget Act and any authorizing legislation. A grant award for the second and subsequent fiscal years shall be made no later than 30 days after

enactment of the annual Budget Act and any authorizing legislation. The grantee shall notify the department in writing of its acceptance of the grant.

(B) For the first year of a grant, the department shall allocate 25 percent of the grant for that year no later than 30 days after the grantee accepts the grant. For the second and subsequent years of the grant, the department shall allocate 25 percent of the grant for that year no later than 30 days after the annual Budget Act becomes effective. The grantee shall not use more than 15 percent of an annual grant award for administrative costs.

(C) In addition to the funding allowed for administrative costs under subparagraph (B), up to 15 percent of the initial annual grant award for each core grant recipient may be utilized for startup costs.

(D) Under no circumstance shall funding made available pursuant to subparagraphs (B) and (C) result in an increase in the total funding of a grantee above the approved grant amount.

(4) A grantee shall identify the federal, state, and local programs that will be combined or coordinated with the proposed program for the most effective use of public resources, and shall prepare a plan for continuing the program beyond federal grant funding.

(5) A grantee shall submit semiannual attendance data and results to facilitate evaluation and compliance in accordance with provisions established by the department.

(6) A program receiving a grant under this subdivision is not assured of grant renewal from future state or federal funding at the conclusion of the grant period.

(f) A total annual grant award for core funding and direct grants for a site serving elementary or middle school pupils shall be fifty thousand dollars ($50,000) per year or more, consistent with federal requirements.

(g) Notwithstanding any other provision of law, and contingent upon the availability of funding, the department may adjust the core grant cap of any grantee based upon one or both of the following:

(1) Amendments made to this section by Chapter 555 of the Statutes of 2005.

(2) The demonstrated pupil attendance pattern of the grantee. The department may adjust grant awards pursuant to subparagraph (A) of paragraph (1) of subdivision (a) of Section 8483.7.

(h) Funds received but unexpended under this article may be carried forward to subsequent years consistent with federal requirements. In year one, the full grant may be retained.

(i) If funds remain after all of the priority allocations required pursuant to subdivisions (a), (b), (c), and (e) have been made, the department may use that money to fund additional qualified grant applications under

subdivision (c), in order to ensure that all federal funds received for these purposes are expended for these purposes. If funds remain after additional qualified grant applications are approved for funding pursuant to subdivision (c), the department may award the remaining funds for additional qualified grant applications pursuant to subdivisions (b) and (e).

(j) This article shall be operative only to the extent that federal funds are made available for the purposes of this article. It is the intent of the Legislature that this article not be considered a precedent for general fund augmentation of either the state administered, federally funded program of this article, or any other state funded before or after school program.

SEC. 26. Section 8484.9 of the Education Code is amended to read:

CHAPTER 383

An act to add Section 361.45 to the Welfare and Institutions Code, relating to dependent children, and making an appropriation therefor.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 361.45 is added to the Welfare and Institutions Code, to read:

361.45. (a) Notwithstanding any other provision of law, when the sudden unavailability of a foster caregiver requires a change in placement on an emergency basis for a child who is under the jurisdiction of the juvenile court pursuant to Section 300, if an able and willing relative, as defined in Section 319, or an able and willing nonrelative extended family member, as defined in Section 362.7, is available and requests

temporary placement of the child pending resolution of the emergency situation, the county welfare department shall initiate an assessment of the relative's or nonrelative extended family member's suitability, which shall include an in-home inspection to assess the safety of the home and the ability of the relative or nonrelative extended family member to care for the child's needs, and a consideration of the results of a criminal records check conducted pursuant to Section 16504.5 and a check of allegations of prior child abuse or neglect concerning the relative or nonrelative extended family member and other adults in the home. Upon completion of this assessment, the child may be placed in the assessed home. For purposes of this paragraph, and except for the criminal records check conducted pursuant to Section 16504.5, the standards used to determine suitability shall be the same standards set forth in the regulations for the licensing of foster family homes.

(b) Immediately following the placement of a child in the home of a relative or a nonrelative extended family member, the county welfare department shall evaluate and approve or deny the home for purposes of AFDC-FC eligibility pursuant to Section 11402. The standards used to evaluate and grant or deny approval of the home of the relative and of the home of a nonrelative extended family member, as described in Section 362.7, shall be the same standards set forth in regulations for the licensing of foster family homes which prescribe standards of safety and sanitation for the physical plant and standards for basic personal care, supervision, and services provided by the caregiver.

(c) If a relative or nonrelative extended family member, and other adults in the home, as indicated, meets all other conditions for approval, except for the receipt of the Federal Bureau of Investigation's criminal history information for the relative or nonrelative extended family member, the county welfare department may approve the home and document that approval, if the relative or nonrelative extended family member, and each adult in the home, has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after the approval has been granted, the department determines that the relative or nonrelative extended family member or other adult in the home has a criminal record, the approval may be terminated.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 384

An act to add Chapter 5.5 (commencing with Section 16540) to Part 4 of Division 9 of the Welfare and Institutions Code, relating to foster care.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The State of California undertakes the responsibility of providing a safe environment and developmental opportunities for over 85,000 children and youth who have been removed from their homes and placed in foster care because of instances of abuse and neglect.

(b) According to the California Performance Review report, although the state is responsible for ensuring that foster children and youth receive mandated services through several different departments, California's services to support its foster children's basic needs is not nearly sufficient to meet all of their needs. Even though the incidence of emotional, behavioral, and developmental problems among foster children and youth is three to six times greater than among nonfoster children, 25 percent of foster children and youth are not receiving timely medical care, one-half are not receiving needed mental health services and one-half are not receiving dental care. Similarly, 75 percent of foster youth are working below grade level, nearly one-half do not complete high school, and as few as 15 percent attend college. Statewide leadership and coordination between departments and agencies is essential to addressing these dismal outcomes and providing foster children and youth with critically needed support and services at the local level.

(c) Even if the state successfully decreases the number of foster children and youth entering the system, the state must ensure that current foster youth are self-sufficient at the time they emancipate from the system. The state is currently failing in this measure. Unemployment rates for emancipated youth are estimated at 50 percent, nearly one-third of foster children and youth will become homeless within one year of emancipating, fewer than 15 percent of foster youth enroll in college,

and approximately one-third of foster youth will be on public assistance shortly after emancipating.

(d) A recent report from the State Department of Social Services found the indirect costs of child mistreatment and foster care, such as juvenile delinquency, adult criminality, and lost productivity to society, total $95 billion annually. Fiscally sound, long-term investment in the state's children now should reap future savings for the state that can be reinvested to keep at-risk children and families self-sufficient and out of the child welfare system. Moreover, advocating for more flexible federal funding of our state's child welfare system will enable resources to be used to better support families in need and keep more families intact.

(e) In 2001, the Legislature passed the Child Welfare System Improvement and Accountability Act of 2001 (Chapter 678 of the Statutes of 2001), which was an important first step toward improving outcomes for California's foster children and youth. The legislation provided the legal framework for monitoring the county-run child welfare service programs through data collection and review of that data, the ultimate goal being to use the data to improve outcomes for the children and youth in foster care. The first county reviews and improvement plans were implemented in 2004.

(f) In addition to providing services to foster youth, the state's Child Welfare Redesign final report stressed the importance of providing preventative supports to those families who come in contact with child welfare services but whose children are not removed from the home. The goal of these supports is to provide families the tools to prevent a child's removal. This effort results in stronger families and decreased foster care placements. However, successful implementation of preventative services, like foster care, requires a coordinated oversight among many agencies, programs, and services.

(g) Despite this improved oversight and vision for improvement, the child welfare system, including the state, the counties, and the courts, suffers from the lack of a cohesive structure, state leadership, and communication between agencies serving foster children and youth. In 2003, the Little Hoover Commission found that clear leadership and oversight is lacking in California's foster care program and recommended the designation of a new program leader that has the authority to reform the foster care system. Most recently, the California Performance Review report decried this lack of cohesion and similarly concluded that state leadership is needed to repair a foster care system in crisis. The bipartisan national Pew Commission on Foster Care in a report issued last year recommended states establish broad-based commissions on children in foster care to demonstrate effective collaboration on behalf of children.

(h) Creating a comprehensive structure for statewide leadership to address the needs of children in the child welfare system will support and improve the important reform work enacted through the Child Welfare System Improvement and Accountability Act of 2001 by providing clarity about the roles and responsibilities of the state, improving quality assurance and accountability, and facilitating communication between the many stakeholders involved in the child welfare system. Most importantly, these changes will help ensure that California is able to meet the needs of the children and youth in its care.

(i) An independent and impartial ombudsperson that is readily available to the public is essential to protecting the well-being of children, youth, and families.

SEC. 2. This act shall be known and may be cited as the Child Welfare Leadership and Performance Accountability Act of 2006.

SEC. 3. Chapter 5.5 (commencing with Section 16540) is added to Part 4 of Division 9 of the Welfare and Institutions Code, to read:

Chapter 5.5. Child Welfare Leadership and Performance Accountability

16540. The California Child Welfare Council is hereby established, which shall serve as an advisory body responsible for improving the collaboration and processes of the multiple agencies and the courts that serve the children and youth in the child welfare and foster care systems. The council shall monitor and report the extent to which child welfare and foster care programs and the courts are responsive to the needs of children in their joint care. The council shall issue advisory reports whenever it deems appropriate, but in any event, no less frequently than annually, to the Governor, the Legislature, the Judicial Council and the public. A report of the Child Welfare Council shall, at a minimum, include recommendations for all of the following:

(a) Ensuring that all state child welfare, foster care and judicial funding and services for children, youth, and families is, to the greatest extent possible, coordinated to eliminate fragmentation and duplication of services provided to children or families who would benefit from integrated multiagency services.

(b) Increasing the quality, appropriateness, and effectiveness of program services and judicial processes delivered to children, youth, and families who would benefit from integrated multiagency services to achieve better outcomes for these children, youth, and families.

(c) Promoting consistent program and judicial excellence across counties to the greatest extent possible while recognizing the demographic, geographic, and financial differences among the counties.

(d) Increasing collaboration and coordination between county agencies, state agencies, federal agencies, and the courts.

(e) Ensuring that all state Title IV-E plans, program improvement plans, and court improvement plans demonstrate effective collaboration between public agencies and the courts.

(f) Assisting the Secretary of California Health and Human Services and the chief justice in formulating policies for the effective administration of the child welfare and foster care programs and judicial processes.

(g) Modifying program practices and court processes, rate structures, and other system changes needed to promote and support relative caregivers, family foster parents, therapeutic placements, and other placements for children who cannot remain in the family home.

(h) Developing data and information sharing agreements and protocols for the exchange of aggregate data across program and court systems that are providing services to children and families in the child welfare system. These data-sharing agreements shall allow child welfare agencies and the courts to access data concerning the health, mental health, special education, and educational status and progress of children served by county child welfare systems subject to state and federal confidentiality laws and regulations. They shall be developed in tandem with the establishment of judicial case management systems as well as additional or enhanced performance measures described in subdivision (b) of Section 16544.

(i) Developing systematic methods for obtaining policy recommendations from foster youth about the effectiveness and quality of program services and judicial processes, and ensuring that the interests of foster youth are adequately addressed in all policy development.

(j) Implementing legislative enactments in the child welfare and foster care programs and the courts, and reporting to the Legislature on the timeliness and consistency of the implementation.

(k) Monitoring the adequacy of resources necessary for the implementation of existing programs and court processes, and the prioritization of program and judicial responsibilities.

(*l*) Strengthening and increasing the independence and authority of the foster care ombudsperson.

(m) Coordinating available services for former foster youth and improving outreach efforts to those youth and their families.

16541. The council shall be comprised of the following members:

(a) The Secretary of California Health and Human Services, who shall serve as cochair.

(b) The Chief Justice of the California Supreme Court, or his or her designee, who shall serve as cochair.

(c) The Superintendent of Public Instruction, or his or her designee.

(d) The Chancellor of the California Community Colleges, or his or her designee.

(e) The executive director of the State Board of Education.

(f) The Director of Social Services.

(g) The Director of Health Services.

(h) The Director of Mental Health.

(i) The Director of Alcohol and Drug Programs.

(j) The Director of Developmental Services.

(k) The Director of the Youth Authority.

(*l*) The Administrative Director of the Courts.

(m) The State Foster Care Ombudsperson.

(n) Four foster youth or former foster youth.

(o) The chairpersons of the Assembly Human Services Committee and the Assembly Judiciary Committee, or two other Members of the Assembly as appointed by the Speaker of the Assembly.

(p) The chairpersons of the Senate Human Services Committee and the Senate Judiciary Committee, or two other members appointed by the President pro Tempore of the Senate.

(q) Leaders and representatives of county child welfare, foster care, health, education, probation, and mental health agencies and departments, child advocacy organizations; labor organizations, recognized professional associations that represent child welfare and foster care social workers, tribal representatives, and other groups and stakeholders that provide benefits, services, and advocacy to families and children in the child welfare and foster care systems, as recommended by representatives of these groups and as designated by the cochairs.

16541.5. The council shall meet no less frequently than each quarter of the state fiscal year and at the call of the cochairs at a time and location convenient to the public as it may deem appropriate. All meetings of the council shall be open to the public. Members shall serve without compensation, with the exception of foster youth members who shall be entitled to reimbursement for all actual and necessary expenses incurred in the performance of their duties.

16542. The cochairs may appoint committees composed of council members, experts in specialized fields, foster youth, program stakeholders, state and county child welfare and foster care staff, child advocacy organizations, members of the judiciary, foster care public health nurses, or any combination thereof, to advise the council on any functions of the council and the services provided through the child welfare and foster care programs and the courts. Members of these committees shall receive no compensation from the state for their services with the exception of foster youth members, who shall be entitled to

reimbursement for all actual and necessary expenses incurred in the performance of their duties. The committees may assemble information and make recommendations to the council, but shall not exercise any of the powers vested in the council. The council may seek input from groups and individuals as it deems appropriate including, but not limited to, advisory committees, the judiciary and child welfare and foster care program stakeholders.

16543. Consistent with state and federal law, the council shall have access to aggregate data and information concerning the child welfare and foster care systems held by any state or local department, agency, or court that serves children, youth, and families receiving child welfare and foster care services subject to state and federal confidentiality laws and regulations.

16543.5. It is the intent of the Legislature to inspect other state child welfare and foster care systems over the course of the 2007–08 Legislative Session, for the purpose of examining effective administrative structures of leadership. It is further the intent of the Legislature to conduct legislative hearings through the Assembly Select Committee on Foster Care, and other standing committees, and to review reports and recommendations of other commissions and bodies, including the California Blue Ribbon Commission on Foster Care and the Little Hoover Commission, to determine if a reconfigured administrative structure would provide statewide leadership and coordination between departments and agencies, which are essential to improving outcomes for current and former foster children and youth throughout the state.

16544. The secretary shall ensure that all of the federal Child and Family Services Review outcome measures and all of the California Child and Family Service Review System outcome indicators, along with any performance goals and federal outcome standards, are clearly posted on the State Department of Social Service's Internet Web site. Before any of the federal goals or any of the California Child and Family Service Review System outcome indicators are added, deleted, or amended, the secretary shall consult with the Child Welfare Council and ensure that there has been a public process for the submission of comments and recommendations.

16545. By April 1, 2008, the Judicial Council shall adopt, through rules of court, performance measures designed to complement and promote those measures specified in subdivision (a) of Section 16544 so that courts are able to measure their performance and track their own progress in improving safety, permanency, timeliness, and well-being of children and to inform decisions about the allocation of court resources. In adopting performance measures, the Judicial Council shall consult with the council, and the secretary. The performance measures

shall be based on data that is available from current or planned data collection processes and to the greatest extent possible, shall ensure uniformity of data reporting.

CHAPTER 385

An act to amend Sections 317 and 395 of the Welfare and Institutions Code, relating to dependent children.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 317 of the Welfare and Institutions Code is amended to read:

317. (a) When it appears to the court that a parent or guardian of the child desires counsel but is presently financially unable to afford and cannot for that reason employ counsel, the court may appoint counsel as provided in this section.

(b) When it appears to the court that a parent or guardian of the child is presently financially unable to afford and cannot for that reason employ counsel, and the child has been placed in out-of-home care, or the petitioning agency is recommending that the child be placed in out-of-home care, the court shall appoint counsel for the parent or guardian, unless the court finds that the parent or guardian has made a knowing and intelligent waiver of counsel as provided in this section.

(c) If a child is not represented by counsel, the court shall appoint counsel for the child unless the court finds that the child would not benefit from the appointment of counsel. The court shall state on the record its reasons for that finding. A primary responsibility of any counsel appointed to represent a child pursuant to this section shall be to advocate for the protection, safety, and physical and emotional well-being of the child. Counsel for the child may be a district attorney, public defender, or other member of the bar, provided that the counsel does not represent another party or county agency whose interests conflict with the child's interests. The fact that the district attorney represents the child in a proceeding pursuant to Section 300 as well as conducts a criminal investigation or files a criminal complaint or information arising from the same or reasonably related set of facts as the proceeding pursuant to Section 300 is not in and of itself a conflict of interest. The court may fix the compensation for the services of appointed counsel. The appointed

counsel shall have a caseload and training that ensures adequate representation of the child. The Judicial Council shall promulgate rules of court that establish caseload standards, training requirements, and guidelines for appointed counsel for children and shall adopt rules as required by Section 326.5 no later than July 1, 2001.

(d) The counsel appointed by the court shall represent the parent, guardian, or child at the detention hearing and at all subsequent proceedings before the juvenile court. Counsel shall continue to represent the parent or child unless relieved by the court upon the substitution of other counsel or for cause. The representation shall include representing the parent or the child in termination proceedings and in those proceedings relating to the institution or setting aside of a legal guardianship.

(e) The counsel for the child shall be charged in general with the representation of the child's interests. To that end, the counsel shall make or cause to have made any further investigations that he or she deems in good faith to be reasonably necessary to ascertain the facts, including the interviewing of witnesses, and he or she shall examine and cross-examine witnesses in both the adjudicatory and dispositional hearings. He or she may also introduce and examine his or her own witnesses, make recommendations to the court concerning the child's welfare, and participate further in the proceedings to the degree necessary to adequately represent the child. In any case in which the child is four years of age or older, counsel shall interview the child to determine the child's wishes and to assess the child's well-being, and shall advise the court of the child's wishes. Counsel for the child shall not advocate for the return of the child if, to the best of his or her knowledge, that return conflicts with the protection and safety of the child. In addition, counsel shall investigate the interests of the child beyond the scope of the juvenile proceeding and report to the court other interests of the child that may need to be protected by the institution of other administrative or judicial proceedings. The attorney representing a child in a dependency proceeding is not required to assume the responsibilities of a social worker and is not expected to provide nonlegal services to the child. The court shall take whatever appropriate action is necessary to fully protect the interests of the child.

(f) Either the child or, if the child is represented by counsel, the counsel for the child, with the informed consent of the child if the child is found by the court to be of sufficient age and maturity to so consent, may invoke the psychotherapist-client privilege, physician-patient privilege, and clergy-penitent privilege; and if the child invokes the privilege, counsel may not waive it, but if counsel invokes the privilege, the child may waive it. Subject to rebuttal by clear and convincing

evidence, a child over 12 years of age shall be presumed to be of sufficient age and maturity to consent. Counsel shall be holder of these privileges if the child is found by the court not to be of sufficient age and maturity to so consent. For the sole purpose of fulfilling his or her obligation to provide legal representation of the child, counsel for a child shall have access to all records with regard to the child maintained by a health care facility, as defined in Section 1545 of the Penal Code, health care providers, as defined in Section 6146 of the Business and Professions Code, a physician and surgeon or other health practitioner, as defined in former Section 11165.8 of the Penal Code, as that section read on January 1, 2000, or a child care custodian, as defined in former Section 11165.7 of the Penal Code, as that section read on January 1, 2000. Notwithstanding any other law, counsel shall be given access to all records relevant to the case which are maintained by state or local public agencies. All information requested from a child protective agency regarding a child who is in protective custody, or from a child's guardian ad litem, shall be provided to the child's counsel within 30 days of the request.

(g) In a county of the third class, if counsel is to be provided to a child at county expense other than by counsel for the agency, the court shall first utilize the services of the public defender prior to appointing private counsel, to provide legal counsel. Nothing in this subdivision shall be construed to require the appointment of the public defender in any case in which the public defender has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of the public defender after making a finding of good cause and stating the reasons therefor on the record.

(h) In a county of the third class, if counsel is to be appointed for a parent or guardian at county expense, the court shall first utilize the services of the alternate public defender, prior to appointing private counsel, to provide legal counsel. Nothing in this subdivision shall be construed to require the appointment of the alternate public defender in any case in which the public defender has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of the alternate public defender after making a finding of good cause and stating the reasons therefor on the record.

SEC. 1.5. Section 317 of the Welfare and Institutions Code is amended to read:

317. (a) (1) When it appears to the court that a parent or guardian of the child desires counsel but is presently financially unable to afford and cannot for that reason employ counsel, the court may appoint counsel as provided in this section.

(2) When it appears to the court that a parent or Indian custodian in an Indian child custody proceeding desires counsel but is presently unable to afford and cannot for that reason employ counsel, the provisions of subsection (b) of Section 1912 of the Indian Child Welfare Act (25 U.S.C. Sec. 1901 et seq.) and Section 23.13 of Title 25 of the Code of Federal Regulations are applicable.

(b) When it appears to the court that a parent or guardian of the child is presently financially unable to afford and cannot for that reason employ counsel, and the child has been placed in out-of-home care, or the petitioning agency is recommending that the child be placed in out-of-home care, the court shall appoint counsel for the parent or guardian, unless the court finds that the parent or guardian has made a knowing and intelligent waiver of counsel as provided in this section.

(c) If a child is not represented by counsel, the court shall appoint counsel for the child unless the court finds that the child would not benefit from the appointment of counsel. The court shall state on the record its reasons for that finding. A primary responsibility of any counsel appointed to represent a child pursuant to this section shall be to advocate for the protection, safety, and physical and emotional well-being of the child. Counsel for the child may be a district attorney, public defender, or other member of the bar, provided that the counsel does not represent another party or county agency whose interests conflict with the child's interests. The fact that the district attorney represents the child in a proceeding pursuant to Section 300 as well as conducts a criminal investigation or files a criminal complaint or information arising from the same or reasonably related set of facts as the proceeding pursuant to Section 300 is not in and of itself a conflict of interest. The court may fix the compensation for the services of appointed counsel. The appointed counsel shall have a caseload and training that ensures adequate representation of the child. The Judicial Council shall promulgate rules of court that establish caseload standards, training requirements, and guidelines for appointed counsel for children and shall adopt rules as required by Section 326.5 no later than July 1, 2001.

(d) The counsel appointed by the court shall represent the parent, guardian, or child at the detention hearing and at all subsequent proceedings before the juvenile court. Counsel shall continue to represent the parent, guardian, or child unless relieved by the court upon the substitution of other counsel or for cause. The representation shall include representing the parent, guardian, or the child in termination proceedings and in those proceedings relating to the institution or setting aside of a legal guardianship.

(e) The counsel for the child shall be charged in general with the representation of the child's interests. To that end, the counsel shall make

or cause to have made any further investigations that he or she deems in good faith to be reasonably necessary to ascertain the facts, including the interviewing of witnesses, and he or she shall examine and cross-examine witnesses in both the adjudicatory and dispositional hearings. He or she may also introduce and examine his or her own witnesses, make recommendations to the court concerning the child's welfare, and participate further in the proceedings to the degree necessary to adequately represent the child. In any case in which the child is four years of age or older, counsel shall interview the child to determine the child's wishes and to assess the child's well-being, and shall advise the court of the child's wishes. Counsel for the child shall not advocate for the return of the child if, to the best of his or her knowledge, that return conflicts with the protection and safety of the child. In addition counsel shall investigate the interests of the child beyond the scope of the juvenile proceeding and report to the court other interests of the child that may need to be protected by the institution of other administrative or judicial proceedings. The attorney representing a child in a dependency proceeding is not required to assume the responsibilities of a social worker and is not expected to provide nonlegal services to the child. The court shall take whatever appropriate action is necessary to fully protect the interests of the child.

(f) Either the child or, if the child is represented by the counsel, the counsel for the child, with the informed consent of the child if the child is found by the court to be of sufficient age and maturity to so consent, may invoke the psychotherapist-client privilege, physician-patient privilege, and clergy-penitent privilege; and if the child invokes the privilege, counsel may not waive it, but if counsel invokes the privilege, the child may waive it. Subject to rebuttal by clear and convincing evidence, a child over 12 years of age shall be presumed to be of sufficient age and maturity to consent. Counsel shall be holder of these privileges if the child is found by the court not to be of sufficient age and maturity to so consent. For the sole purpose of fulfilling his or her obligation to provide legal representation of the child, counsel for a child shall have access to all records with regard to the child maintained by a health care facility, as defined in Section 1545 of the Penal Code, health care providers, as defined in Section 6146 of the Business and Professions Code, a physician and surgeon or other health practitioner, as defined in former Section 11165.8 of the Penal Code, as that section read on January 1, 2000, or a child care custodian, as defined in former Section 11165.7 of the Penal Code, as that section read on January 1, 2000. Notwithstanding any other law, counsel shall be given access to all records relevant to the case which are maintained by state or local public agencies. All information requested from a child protective agency

regarding a child who is in protective custody, or from a child's guardian ad litem, shall be provided to the child's counsel within 30 days of the request.

(g) In a county of the third class, if counsel is to be provided to a child at county expense other than by counsel for the agency, the court shall first utilize the services of the public defender prior to appointing private counsel, to provide legal counsel. Nothing in this subdivision shall be construed to require the appointment of the public defender in any case in which the public defender has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of the public defender after making a finding of good cause and stating the reasons therefor on the record.

(h) In a county of the third class, if counsel is to be appointed for a parent or guardian at county expense, the court shall first utilize the services of the alternate public defender, prior to appointing private counsel, to provide legal counsel. Nothing in this subdivision shall be construed to require the appointment of the alternate public defender in any case in which the public defender has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of the alternate public defender after making a finding of good cause and stating the reasons therefor on the record.

SEC. 2. Section 395 of the Welfare and Institutions Code is amended to read:

395. (a) (1) A judgment in a proceeding under Section 300 may be appealed in the same manner as any final judgment, and any subsequent order may be appealed as an order after judgment. However, that order or judgment shall be stayed by the appeal, unless, pending the appeal, suitable provision is made for the maintenance, care, and custody of the person alleged or found to come within the provisions of Section 300, and unless the provision is approved by an order of the juvenile court. The appeal shall have precedence over all other cases in the court to which the appeal is taken.

(2) A judgment or subsequent order entered by a referee shall become appealable whenever proceedings pursuant to Section 252, 253, or 254 have become completed or, if proceedings pursuant to Section 252, 253, or 254 are not initiated, when the time for initiating the proceedings has expired.

(3) An appellant unable to afford counsel, shall be provided a free copy of the transcript in any appeal.

(4) The record shall be prepared and transmitted immediately after filing of the notice of appeal, without advance payment of fees. If the appellant is able to afford counsel, the county may seek reimbursement for the cost of the transcripts under subdivision (d) of Section 68511.3

of the Government Code as though the appellant had been granted permission to proceed in forma pauperis.

(b) (1) In any appellate proceeding in which the child is an appellant, the court of appeal shall appoint separate counsel for the child. If the child is not an appellant, the court of appeal shall appoint separate counsel for the child if the court of appeal determines, after considering the recommendation of the trial counsel or guardian ad litem appointed for the child pursuant to subdivision (e) of Section 317, Section 326.5, and California Rule of Court 1448, that appointment of counsel would benefit the child. In order to assist the court of appeal in making its determination under this subdivision, the trial counsel or guardian ad litem shall make a recommendation to the court of appeal that separate counsel be appointed in any case in which the trial counsel or guardian ad litem determines that, for the purposes of the appeal, the child's best interests cannot be protected without the appointment of separate counsel, and shall set forth the reasons why the appointment is in the child's best interests. The court of appeal shall consider that recommendation when determining whether the child would benefit from the appointment of counsel. The Judicial Council shall implement this provision by adopting a rule of court on or before July 1, 2007, to set forth the procedures by which the trial counsel or guardian ad litem may participate in an appeal, as well as the factors to be considered by the trial counsel or guardian ad litem in making a recommendation to the court of appeal, including, but not limited to, the extent to which there exists a potential conflict between the interests of the child and the interests of any respondent.

(2) The Judicial Council shall report to the Legislature on or before July 1, 2008, information regarding the status of appellate representation of dependent children, the results of implementing this subdivision, any recommendations regarding the representation of dependent children in appellate proceedings made by the California Judicial Council's Blue Ribbon Commission on Children in Foster Care, any actions taken, including rules of court proposed or adopted, in response to those recommendations or taken in order to comply with the Child Abuse Prevention and Treatment Act, as well as any recommendations for legislative change that are deemed necessary to protect the best interests of dependent children in appellate proceedings or ensure compliance with the Child Abuse Prevention and Treatment Act.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 317 of the Welfare and Institutions Code proposed by this bill and SB 678. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2007, (2) each bill amends Section 317 of the Welfare and Institutions Code, and (3) this bill is enacted after SB 678, in which case Section 317 of the Welfare and

Institutions Code, as amended by SB 678, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

CHAPTER 386

An act to amend Section 9205 of the Family Code, relating to adoption.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 9205 of the Family Code is amended to read:

9205. (a) Notwithstanding any other law, the department or adoption agency that joined in the adoption petition shall release the names and addresses of siblings to one another if both of the siblings have attained 18 years of age and have filed the following with the department or agency:

(1) A current address.

(2) A written request for contact with any sibling whose existence is known to the person making the request.

(3) A written waiver of the person's rights with respect to the disclosure of the person's name and address to the sibling, if the person is an adoptee.

(b) Upon inquiry and proof that a person is the sibling of an adoptee who has filed a waiver pursuant to this section, the department or agency may advise the sibling that a waiver has been filed by the adoptee. The department or agency may charge a reasonable fee, not to exceed fifty dollars ($50), for providing the service required by this section.

(c) An adoptee may revoke a waiver filed pursuant to this section by giving written notice of revocation to the department or agency.

(d) The department shall adopt a form for the request authorized by this section. The form shall provide for an affidavit to be executed by a person seeking to employ the procedure provided by this section that, to the best of the person's knowledge, the person is an adoptee or sibling of an adoptee. The form also shall contain a notice of an adoptee's rights pursuant to subdivision (c) and a statement that information will be disclosed only if there is a currently valid waiver on file with the department or agency. The department may adopt regulations requiring

any additional means of identification from a person making a request pursuant to this section as it deems necessary.

(e) The department or agency may not solicit the execution of a waiver authorized by this section. However, the department shall announce the availability of the procedure authorized by this section, utilizing a means of communication appropriate to inform the public effectively.

(f) Notwithstanding the age requirement described in subdivision (a), an adoptee or sibling who is under 18 years of age may file a written waiver of confidentiality for the release of his or her name, address, and phone number pursuant to this section provided that, if an adoptee, the adoptive parent consents, and, if a sibling, the sibling's legal parent or guardian consents. If the sibling is under the jurisdiction of the dependency court and has no legal parent or guardian able or available to provide consent, the dependency court may provide that consent.

(g) Notwithstanding subdivisions (a) and (e), an adoptee or sibling who seeks contact with the other for whom no waiver is on file may petition the court to appoint a confidential intermediary. If the sibling being sought is the adoptee, the intermediary shall be the department or licensed adoption agency that provided adoption services as described in Section 8521 or 8533 of the Family Code. If the sibling being sought was formerly under the jurisdiction of the juvenile court, but is not an adoptee, the intermediary shall be the department, the county child welfare agency that provided services to the dependent child, or the licensed adoption agency that provided adoption services to the sibling seeking contact, as appropriate. If the court finds that the licensed adoption agency that conducted the adoptee's adoption is unable, due to economic hardship, to serve as the intermediary, then the agency shall provide all records related to the adoptee or the sibling to the court and the court shall appoint an alternate confidential intermediary. The court shall grant the petition unless it finds that it would be detrimental to the adoptee or sibling with whom contact is sought. The intermediary shall have access to all records of the adoptee or the sibling and shall make all reasonable efforts to locate and attempt to obtain the consent of the adoptee, sibling, or adoptive or birth parent, as required to make the disclosure authorized by this section. The confidential intermediary shall notify any located adoptee, sibling, or adoptive or birth parent that consent is optional, not required by law, and does not affect the status of the adoption. If that individual denies the request for consent, the confidential intermediary shall not make any further attempts to obtain consent. The confidential intermediary shall use information found in the records of the adoptee or the sibling for authorized purposes only, and may not disclose that information without authorization. If contact is sought with an adoptee or sibling who is under 18 years of age, the

confidential intermediary shall contact and obtain the consent of that child's legal parent before contacting the child. If the sibling is under 18 years of age, under the jurisdiction of the dependency court, and has no legal parent or guardian able or available to provide consent, the intermediary shall obtain that consent from the dependency court. If the adoptee is seeking information regarding a sibling who is known to be a dependent child of the juvenile court, the procedures set forth in subdivision (b) of Section 388 of the Welfare and Institutions Code shall be utilized. If the adoptee is foreign born and was the subject of an intercountry adoption as defined in Section 8527, the adoption agency may fulfill the reasonable efforts requirement by utilizing all information in the agency's case file, and any information received upon request from the foreign adoption agency that conducted the adoption, if any, to locate and attempt to obtain the consent of the adoptee, sibling, or adoptive or birth parent. If that information is neither in the agency's case file, nor received from the foreign adoption agency, or if the attempts to locate are unsuccessful, then the agency shall be relieved of any further obligation to search for the adoptee or the sibling.

(h) For purposes of this section, "sibling" means a biological sibling, half-sibling, or step-sibling of the adoptee.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 387

An act to add Section 10618.6 to the Welfare and Institutions Code, relating to identity theft.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 10618.6 is added to the Welfare and Institutions Code, to read:

10618.6. When a youth in a foster care placement reaches his or her 16th birthday, the county welfare department shall request a consumer disclosure, pursuant to the free annual disclosure provision of the federal Fair Credit Reporting Act, on the youth's behalf, notwithstanding any

other provision of law, to ascertain whether or not identity theft has occurred. If there is a disclosure for the youth and if the consumer disclosure reveals any negative items, or any evidence that some form of identity theft has occurred, the county welfare department shall refer the youth to an approved counseling organization that provides services to victims of identity theft. The State Department of Social Services, in consultation with the County Welfare Directors Association, consumer credit reporting agencies, and other relevant stakeholders, shall develop a list of approved organizations to which youth may be referred for assistance in responding to an instance of suspected identity theft. Nothing in this section shall be construed to require the county welfare department to request more than one consumer disclosure on behalf of a youth in care, or to take steps beyond referring the youth to an approved organization.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 388

An act to amend Section 1536.2 of, and to add Section 1530.3 to, the Health and Safety Code, and to amend Section 361.2 of the Welfare and Institutions Code, relating to foster care.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Many of the state's foster care licensing statutes, regulations, and policies have understandably been developed with the sole objective of protecting the safety of children and youth in foster care, with little regard for the creation of a foster home environment that resembles actual nonfoster care living environments. In many cases these rules serve to stigmatize foster children and youth by subjecting them to conventions dissimilar to other children. These rules are also often viewed as unreasonable by prospective foster parents and therefore serve to discourage them from becoming foster parents. Foster care licensing requirements should be developed and implemented in a manner that is

consistent with current program best practices and the goals and objectives of the Child Welfare System Improvement and Accountability Act of 2001 (Chapter 678 of the Statutes of 2001).

(b) The State Department of Social Services has convened a children's residential regulation review workgroup, which includes representatives of the department and interested stakeholders, to review community care licensing foster care statutes, regulations, and policies, to ensure that they promote the safety and well-being of children and youth in foster care, and who are leaving foster care.

(c) It is therefore the intent of the Legislature to ensure that youth placed in out-of-home foster care be given an opportunity to live in an environment that resembles as closely as possible nonfoster care families. It is the further intent of the Legislature to ensure that all licensing statutes, regulations, and policies serve to promote the well-being of children and youth in foster care and who are leaving foster care and to ensure children and youth are safe and protected in foster care.

SEC. 2. Section 1530.3 is added to the Health and Safety Code, to read:

1530.3. The director shall report to the Legislature during the 2007–08 budget hearings on the progress of the department's children's residential regulation review workgroup. The report shall include all of the following:

(a) A summary of the activities of the workgroup up to the date of the report.

(b) The timeline for completion of the workgroup's activities.

(c) Any recommendations being considered for statutory, regulatory, and policy changes, and any workplan for the implementation of those recommendations.

SEC. 3. Section 1536.2 of the Health and Safety Code is amended to read:

1536.2. (a) When a placement agency has placed a child with a foster family agency for subsequent placement in a certified family home, the foster family agency shall ensure placement of the child in a home that best meets the needs of the child.

(b) A home that best meets the needs of the child shall satisfy all of the following criteria:

(1) The child's caregiver is able to meet the health, safety, and well-being needs of the child.

(2) The child's caregiver is permitted to maintain the least restrictive and most family-like environment that serves the needs of the child.

(3) The child is permitted to engage in reasonable, age-appropriate, day-to-day activities that promote the most family-like environment for the foster child.

(4) The foster child's caregiver shall use a reasonable and prudent parent standard, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, to determine activities that are age-appropriate and meet the needs of the child. Nothing in this section shall be construed to permit a child's caregiver to permit the child to engage in activities that carry an unreasonable risk of harm, or subject the child to abuse or neglect.

SEC. 4. Section 361.2 of the Welfare and Institutions Code is amended to read:

361.2. (a) When a court orders removal of a child pursuant to Section 361, the court shall first determine whether there is a parent of the child, with whom the child was not residing at the time that the events or conditions arose that brought the child within the provisions of Section 300, who desires to assume custody of the child. If that parent requests custody, the court shall place the child with the parent unless it finds that placement with that parent would be detrimental to the safety, protection, or physical or emotional well-being of the child.

(b) If the court places the child with that parent it may do any of the following:

(1) Order that the parent become legal and physical custodian of the child. The court may also provide reasonable visitation by the noncustodial parent. The court shall then terminate its jurisdiction over the child. The custody order shall continue unless modified by a subsequent order of the superior court. The order of the juvenile court shall be filed in any domestic relation proceeding between the parents.

(2) Order that the parent assume custody subject to the jurisdiction of the juvenile court and require that a home visit be conducted within three months. In determining whether to take the action described in this paragraph, the court shall consider any concerns that have been raised by the child's current caregiver regarding the parent. After the social worker conducts the home visit and files his or her report with the court, the court may then take the action described in paragraph (1), (3), or this paragraph. However, nothing in this paragraph shall be interpreted to imply that the court is required to take the action described in this paragraph as a prerequisite to the court taking the action described in either paragraph (1) or paragraph (3).

(3) Order that the parent assume custody subject to the supervision of the juvenile court. In that case the court may order that reunification services be provided to the parent or guardian from whom the child is being removed, or the court may order that services be provided solely to the parent who is assuming physical custody in order to allow that parent to retain later custody without court supervision, or that services be provided to both parents, in which case the court shall determine, at

review hearings held pursuant to Section 366, which parent, if either, shall have custody of the child.

(c) The court shall make a finding either in writing or on the record of the basis for its determination under subdivisions (a) and (b).

(d) Part 6 (commencing with Section 7950) of Division 12 of the Family Code shall apply to the placement of a child pursuant to paragraphs (1) and (2) of subdivision (e).

(e) When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of the child to be under the supervision of the social worker who may place the child in any of the following:

(1) The home of a noncustodial parent as described in subdivision (a).

(2) The approved home of a relative.

(3) The approved home of a nonrelative extended family member as defined in Section 362.7.

(4) A foster home in which the child has been placed before an interruption in foster care, if that placement is in the best interest of the child and space is available.

(5) A suitable licensed community care facility.

(6) With a foster family agency to be placed in a suitable licensed foster family home or certified family home which has been certified by the agency as meeting licensing standards.

(7) A home or facility in accordance with the federal Indian Child Welfare Act.

(8) A child under the age of six years may be placed in a community care facility licensed as a group home for children, or a temporary shelter care facility as defined in Section 1530.8 of the Health and Safety Code, only under any of the following circumstances:

(A) When a case plan indicates that placement is for purposes of providing specialized treatment to the child, the case plan specifies the need for, nature of, and anticipated duration of this treatment, and the facility meets the applicable regulations adopted under Section 1530.8 of the Health and Safety Code and standards developed pursuant to Section 11467.1. The specialized treatment period shall not exceed 120 days, unless additional time is needed pursuant to the case plan as documented by the caseworker and approved by the caseworker's supervisor.

(B) When a case plan indicates that placement is for purposes of providing family reunification services. In addition, the facility offers family reunification services that meet the needs of the individual child and his or her family, permits parents to have reasonable access to their children 24 hours a day, encourages extensive parental involvement in

meeting the daily needs of their children, and employs staff trained to provide family reunification services. In addition, one of the following conditions exists:

(i) The child's parent is also a ward of the court and resides in the facility.

(ii) The child's parent is participating in a treatment program affiliated with the facility and the child's placement in the facility facilitates the coordination and provision of reunification services.

(iii) Placement in the facility is the only alternative that permits the parent to have daily 24-hour access to the child in accordance with the case plan, to participate fully in meeting all of the daily needs of the child, including feeding and personal hygiene, and to have access to necessary reunification services.

(f) (1) If the child is taken from the physical custody of the child's parent or guardian and unless the child is placed with relatives, the child shall be placed in foster care in the county of residence of the child's parent or guardian in order to facilitate reunification of the family.

(2) In the event that there are no appropriate placements available in the parent's or guardian's county of residence, a placement may be made in an appropriate place in another county, preferably a county located adjacent to the parent's or guardian's community of residence.

(3) Nothing in this section shall be interpreted as requiring multiple disruptions of the child's placement corresponding to frequent changes of residence by the parent or guardian. In determining whether the child should be moved, the social worker shall take into consideration the potential harmful effects of disrupting the placement of the child and the parent's or guardian's reason for the move.

(4) When it has been determined that it is necessary for a child to be placed in a county other than the child's parent's or guardian's county of residence, the specific reason the out-of-county placement is necessary shall be documented in the child's case plan. If the reason the out-of-county placement is necessary is the lack of resources in the sending county to meet the specific needs of the child, those specific resource needs shall be documented in the case plan.

(5) When it has been determined that a child is to be placed out-of-county either in a group home or with a foster family agency for subsequent placement in a certified foster family home, and the sending county is to maintain responsibility for supervision and visitation of the child, the sending county shall develop a plan of supervision and visitation that specifies the supervision and visitation activities to be performed and specifies that the sending county is responsible for performing those activities. In addition to the plan of supervision and visitation, the sending county shall document information regarding any

known or suspected dangerous behavior of the child that indicates the child may pose a safety concern in the receiving county. Upon implementation of the Child Welfare Services Case Management System, the plan of supervision and visitation, as well as information regarding any known or suspected dangerous behavior of the child, shall be made available to the receiving county upon placement of the child in the receiving county. If placement occurs on a weekend or holiday, the information shall be made available to the receiving county on or before the end of the next business day.

(6) When it has been determined that a child is to be placed out-of-county and the sending county plans that the receiving county shall be responsible for the supervision and visitation of the child, the sending county shall develop a formal agreement between the sending and receiving counties. The formal agreement shall specify the supervision and visitation to be provided the child, and shall specify that the receiving county is responsible for providing the supervision and visitation. The formal agreement shall be approved and signed by the sending and receiving counties prior to placement of the child in the receiving county. In addition, upon completion of the case plan, the sending county shall provide a copy of the completed case plan to the receiving county. The case plan shall include information regarding any known or suspected dangerous behavior of the child that indicates the child may pose a safety concern to the receiving county.

(g) Whenever the social worker must change the placement of the child and is unable to find a suitable placement within the county and must place the child outside the county, the placement shall not be made until he or she has served written notice on the parent or guardian at least 14 days prior to the placement, unless the child's health or well-being is endangered by delaying the action or would be endangered if prior notice were given. The notice shall state the reasons which require placement outside the county. The parent or guardian may object to the placement not later than seven days after receipt of the notice and, upon objection, the court shall hold a hearing not later than five days after the objection and prior to the placement. The court shall order out-of-county placement if it finds that the child's particular needs require placement outside the county.

(h) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether the family ties and best interest of the child will be served by granting visitation rights to the child's grandparents. The court shall clearly specify those rights to the social worker.

(i) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall

consider whether there are any siblings under the court's jurisdiction, the nature of the relationship between the child and his or her siblings, the appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002, and the impact of the sibling relationships on the child's placement and planning for legal permanence.

(j) (1) When an agency has placed a child with a relative caregiver, a nonrelative extended family member, a licensed foster family home, or a group home, the agency shall ensure placement of the child in a home that, to the fullest extent possible, best meets the day-to-day needs of the child. A home that best meets the day-to-day needs of the child shall satisfy all of the following criteria:

(A) The child's caregiver is able to meet the day-to-day health, safety, and well-being needs of the child.

(B) The child's caregiver is permitted to maintain the least restrictive and most family-like environment that serves the day-to-day needs of the child.

(C) The child is permitted to engage in reasonable, age-appropriate day-to-day activities that promote the most family-like environment for the foster child.

(2) The foster child's caregiver shall use a reasonable and prudent parent standard, as defined in paragraph (2) of subdivision (a) of Section 362.04, to determine day-to-day activities that are age-appropriate to meet the needs of the child. Nothing in this section shall be construed to permit a child's caregiver to permit the child to engage in day-to-day activities that carry an unreasonable risk of harm, or subject the child to abuse or neglect.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 389

An act to amend Sections 295 and 366.21 of the Welfare and Institutions Code, relating to dependent children.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 295 of the Welfare and Institutions Code is amended to read:

295. The social worker or probation officer shall give notice of review hearings held pursuant to Section 366.3 in the following manner:

(a) Notice of the hearing shall be given to the following persons:

(1) The mother.

(2) The presumed father.

(3) The legal guardian or guardians.

(4) The child, if the child is 10 years of age or older.

(5) Any known sibling of the child who is the subject of the hearing if that sibling either is the subject of a dependency proceeding or has been adjudged to be a dependent child of the juvenile court. If the sibling is 10 years of age or older, the sibling, the sibling's caregiver, and the sibling's attorney. If the sibling is under 10 years of age, the sibling's caregiver and the sibling's attorney. However, notice is not required to be given to any sibling whose matter is calendared in the same court on the same day.

(6) The foster parents, Indian custodian, relative caregivers, community care facility, or foster family agency having physical custody of the child if a child is removed from the physical custody of the parents or legal guardian. The person notified may attend all hearings and may submit any information he or she deems relevant to the court in writing.

(7) The attorney of record if that attorney of record was not present at the time that the hearing was set by the court.

(8) The alleged father or fathers, but only if the recommendation is to set a new hearing pursuant to Section 366.26.

(9) If the court knows or has reason to know that an Indian child is involved, then to the Indian custodian and the tribe of that child. If the identity or location of the parent or Indian custodian and the tribe cannot be determined, notice shall be given to the Bureau of Indian Affairs.

(b) No notice is required for a parent whose parental rights have been terminated.

(c) The notice of the review hearing shall be served no earlier than 30 days, nor later than 15 days, before the hearing. In the case of an Indian child, if notice is given to the Bureau of Indian Affairs, the bureau shall have 15 days after receipt to provide the requisite notice to the parent or Indian custodian and the tribe.

(d) (1) The notice of the review hearing shall contain a statement regarding the nature of the hearing to be held, any recommended change in the custody or status of the child, and any recommendation that the

court set a new hearing pursuant to Section 366.26 in order to select a more permanent plan.

(2) In the case of an Indian child, the notice shall contain a statement that the parent or Indian custodian and the tribe have a right to intervene at any point in the proceedings. The notice shall also include a statement that the parent or Indian custodian and the tribe shall, upon request, be granted up to 20 additional days to prepare for the proceedings.

(e) Service of notice shall be by first-class mail addressed to the last known address of the person to be provided notice. In the case of an Indian child, notice shall be by registered mail, return receipt requested.

(f) If the child is ordered into a permanent plan of legal guardianship, and subsequently a petition to terminate or modify the guardianship is filed, the probation officer or social worker shall serve notice of the petition not less than 15 court days prior to the hearing on all persons listed in subdivision (a) and on the court that established legal guardianship if it is in another county.

SEC. 1.5. Section 295 of the Welfare and Institutions Code is amended to read:

295. The social worker or probation officer shall give notice of review hearings held pursuant to Section 366.3 in the following manner:

(a) Notice of the hearing shall be given to the following persons:

(1) The mother.

(2) The presumed father.

(3) The legal guardian or guardians.

(4) The child, if the child is 10 years of age or older.

(5) Any known sibling of the child who is the subject of the hearing if that sibling either is the subject of a dependency proceeding or has been adjudged to be a dependent child of the juvenile court. If the sibling is 10 years of age or older, the sibling, the sibling's caregiver, and the sibling's attorney. If the sibling is under 10 years of age, the sibling's caregiver and the sibling's attorney. However, notice is not required to be given to any sibling whose matter is calendared in the same court on the same day.

(6) The foster parents, relative caregivers, community care facility, or foster family agency having physical custody of the child if a child is removed from the physical custody of the parents or legal guardian. The person notified may attend all hearings and may submit any information he or she deems relevant to the court in writing.

(7) The attorney of record if that attorney of record was not present at the time that the hearing was set by the court.

(8) The alleged father or fathers, but only if the recommendation is to set a new hearing pursuant to Section 366.26.

(b) No notice is required for a parent whose parental rights have been terminated.

(c) The notice of the review hearing shall be served no earlier than 30 days, nor later than 15 days, before the hearing.

(d) The notice of the review hearing shall contain a statement regarding the nature of the hearing to be held, any recommended change in the custody or status of the child, and any recommendation that the court set a new hearing pursuant to Section 366.26 in order to select a more permanent plan.

(e) Service of notice shall be by first-class mail addressed to the last known address of the person to be provided notice. In the case of an Indian child, notice shall be by registered mail, return receipt requested.

(f) If the child is ordered into a permanent plan of legal guardianship, and subsequently a petition to terminate or modify the guardianship is filed, the probation officer or social worker shall serve notice of the petition not less than 15 court days prior to the hearing on all persons listed in subdivision (a) and on the court that established legal guardianship if it is in another county.

(g) If the social worker or probation officer knows or has reason to know that an Indian child is involved, notice shall be given in accordance with Section 224.2.

SEC. 2. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement for six months or longer and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may

also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child. The social worker shall include a copy of the Judicial Council Caregiver Information Form (JV-290) with the summary of recommendations to the child's foster parents, relative caregivers, or foster parents approved for adoption, in the caregiver's primary language when available, along with information on how to file the form with the court.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report, or a Judicial Council Caregiver Information Form (JV-290), containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her

parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling

group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the

physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial

probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child

and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program or the Kin-GAP Plus program, as provided for in Article 4.5 (commencing with Section 11360) and Article 4.75 (commencing with Section 11380) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(m) The implementation and operation of the amendments to subdivisions (c) and (g) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 2.5. Section 366.21 of the Welfare and Institutions Code, as amended by Section 26 of Chapter 75 of the Statutes of 2006, is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of

the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement for six months or longer and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child. The social worker shall include a copy of the Judicial Council Caregiver Information Form (JV-290) with the summary of recommendations to the child's foster parents, relative caregivers, or foster parents approved for adoption, in the caregiver's primary language when available, along with information on how to file the form with the court.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report, or a Judicial Council

Caregiver Information Form (JV-290), containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section

361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine

whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed

pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program or the Kin-GAP Plus program, as provided for in Article 4.5 (commencing with Section 11360) and Article 4.75 (commencing with Section 11380) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(m) The implementation and operation of the amendments to subdivisions (c) and (g) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SEC. 4. (a) Section 1.5 of this bill incorporates amendments to Section 295 of the Welfare and Institutions Code proposed by this bill and SB 678. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2007, (2) each bill amends Section 295 of the Welfare and Institutions Code, and (3) this bill is enacted after SB 678, in which case Section 295 of the Welfare and Institutions Code, as amended by SB 678, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

(b) Section 2.5 of this bill incorporates amendments to Section 366.21 of the Welfare and Institutions Code proposed by this bill and AB 1774. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2007, (2) each bill amends Section 366.21 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 1774, in which case Section 366.21 of the Welfare and Institutions Code, as amended by AB 1774, shall remain operative only until the operative date of this bill, at which time Section 2.5 of this bill

shall become operative, and Section 2 of this bill shall not become operative.

CHAPTER 390

An act to add Section 6009.5 to the Business and Professions Code, and to amend Section 12011.5 of, and to add Sections 69614 and 77001.5 to, the Government Code, relating to trial court judges and officers.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 6009.5 is added to the Business and Professions Code, to read:

6009.5. The State Bar shall adopt procedures to facilitate reporting of mandatory and voluntary information by providing members with a centralized mechanism for reporting information online at the State Bar Internet Web site, including, but not limited to, data required to be provided pursuant to the State Bar Act, or by other statutes, rules, and case law, and demographic information. Any demographic data collected shall be used only for general purposes and shall not be identified to any individual member or his or her State Bar record.

SEC. 2. Section 12011.5 of the Government Code is amended to read:

12011.5. (a) In the event of a vacancy in a judicial office to be filled by appointment of the Governor, or in the event that a declaration of candidacy is not filed by a judge and the Governor is required under subdivision (d) of Section 16 of Article VI of the Constitution to nominate a candidate, the Governor shall first submit to a designated agency of the State Bar of California the names of all potential appointees or nominees for the judicial office for evaluation of their judicial qualifications.

(b) The membership of the designated agency of the State Bar responsible for evaluation of judicial candidates shall consist of attorney members and public members with the ratio of public members to attorney members determined, to the extent practical, by the ratio established in Sections 6013.4 and 6013.5 of the Business and Professions Code. It is the intent of this subdivision that the designated agency of the State Bar responsible for evaluation of judicial candidates shall be broadly representative of the ethnic, sexual, and racial diversity of the

population of California and composed in accordance with Sections 11140 and 11141 of the Government Code. The further intent of this subdivision is to establish a selection process for membership on the designated agency of the State Bar responsible for evaluation of judicial candidates under which no member of that agency shall provide inappropriate, multiple representation for purposes of this subdivision.

(c) Upon receipt from the Governor of the names of candidates for judicial office and their completed personal data questionnaires, the State Bar shall employ appropriate confidential procedures to evaluate and determine the qualifications of each candidate with regard to his or her ability to discharge the judicial duties of the office to which the appointment or nomination shall be made. Within 90 days of submission by the Governor of the name of a potential appointee for judicial office, the State Bar shall report in confidence to the Governor its recommendation whether the candidate is exceptionally well qualified, well qualified, qualified, or not qualified and the reasons therefor, and may report, in confidence, other information as the State Bar deems pertinent to the qualifications of the candidate.

(d) In determining the qualifications of a candidate for judicial office, the State Bar shall consider, among other appropriate factors, his or her industry, judicial temperament, honesty, objectivity, community respect, integrity, health, ability, and legal experience.

(e) The State Bar shall establish and promulgate rules and procedures regarding the investigation of the qualifications of candidates for judicial office by the designated agency. These rules and procedures shall establish appropriate, confidential methods for disclosing to the candidate the subject matter of substantial and credible adverse allegations received regarding the candidate's health, physical or mental condition, or moral turpitude which, unless rebutted, would be determinative of the candidate's unsuitability for judicial office. No provision of this section shall be construed as requiring that any rule or procedure be adopted that permits the disclosure to the candidate of information from which the candidate may infer the source, and no information shall either be disclosed to the candidate nor be obtainable by any process that would jeopardize the confidentiality of communications from persons whose opinion has been sought on the candidate's qualifications.

(f) All communications, written, verbal, or otherwise, of and to the Governor, the Governor's authorized agents or employees, including, but not limited to, the Governor's Legal Affairs Secretary and Appointments Secretary, or of and to the State Bar in furtherance of the purposes of this section are absolutely privileged from disclosure and confidential, and any communication made in the discretion of the Governor or the State Bar with a candidate or person providing

information in furtherance of the purposes of this section shall not constitute a waiver of the privilege or a breach of confidentiality.

(g) If the Governor has appointed a person to a trial court who has been found not qualified by the designated agency, the State Bar may make public this fact after due notice to the appointee of its intention to do so, but that notice or disclosure shall not constitute a waiver of privilege or breach of confidentiality with respect to communications of or to the State Bar concerning the qualifications of the appointee.

(h) If the Governor has nominated or appointed a person to the Supreme Court or court of appeal in accordance with subdivision (d) of Section 16 of Article VI of the California Constitution, the Commission on Judicial Appointments may invite, or the State Bar's governing board or its designated agency may submit to the commission its recommendation, and the reasons therefor, but that disclosure shall not constitute a waiver of privilege or breach of confidentiality with respect to communications of or to the State Bar concerning the qualifications of the nominee or appointee.

(i) No person or entity shall be liable for any injury caused by any act or failure to act, be it negligent, intentional, discretionary, or otherwise, in the furtherance of the purposes of this section, including, but not limited to, providing or receiving any information, making any recommendations, and giving any reasons therefor. As used in this section, the term "State Bar" means its governing board and members thereof, the designated agency of the State Bar and members thereof, and employees and agents of the State Bar.

(j) At any time prior to the receipt of the report from the State Bar specified in subdivision (c) the Governor may withdraw the name of any person submitted to the State Bar for evaluation pursuant to this section.

(k) No candidate for judicial office may be appointed until the State Bar has reported to the Governor pursuant to this section, or until 90 days have elapsed after submission of the candidate's name to the State Bar, whichever occurs earlier. The requirement of this subdivision shall not apply to any vacancy in judicial office occurring within the 90 days preceding the expiration of the Governor's term of office, provided, however, that with respect to those vacancies and with respect to nominations pursuant to subdivision (d) of Section 16 of Article VI of the California Constitution, the Governor shall be required to submit any candidate's name to the State Bar in order to provide it an opportunity, if time permits, to make an evaluation.

(*l*) Nothing in this section shall be construed as imposing an additional requirement for an appointment or nomination to judicial office, nor shall anything in this section be construed as adding any additional qualifications for the office of a judge.

(m) The Board of Governors of the State Bar shall not conduct or participate in, or authorize any committee, agency, employee, or commission of the State Bar to conduct or participate in, any evaluation, review, or report on the qualifications, integrity, diligence, or judicial ability of any specific justice of a court provided for in Section 2 or 3 of Article VI of the California Constitution without prior review and statutory authorization by the Legislature, except an evaluation, review, or report on potential judicial appointees or nominees as authorized by this section.

The provisions of this subdivision shall not be construed to prohibit a member of the State Bar from conducting or participating in an evaluation, review, or report in his or her individual capacity.

(n) (1) Notwithstanding any other provision of this section, on or before March 1, 2007, and on or before March 1 of each year thereafter, all of the following shall occur:

(A) The Governor shall disclose aggregate statewide demographic data provided by all judicial applicants relative to ethnicity and gender.

(B) The designated agency of the State Bar responsible for evaluation of judicial candidates shall collect and release both of the following on a aggregate statewide basis:

(i) Statewide demographic data provided by judicial applicants reviewed relative to ethnicity and gender.

(ii) The statewide summary of the recommendations of the designated agency of the State Bar by ethnicity and gender.

(C) The Administrative Office of the Courts shall collect and release the demographic data provided by justices and judges described in Article VI of the California Constitution relative to ethnicity and gender, by specific jurisdiction.

(2) Any demographic data disclosed or released pursuant to this subdivision shall disclose only aggregated statistical data and shall not identify any individual applicant, justice, or judge.

(o) If any provision of this section other than a provision relating to or providing for confidentiality or privilege from disclosure of any communication or matter, or the application of the provision to any person or circumstances, is held invalid, the remainder of this section to the extent it can be given effect, or the application of the provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby, and to this extent the provisions of this section are severable. If any other act of the Legislature conflicts with the provisions of this section, this section shall prevail.

SEC. 3. Section 69614 is added to the Government Code, to read:

69614. (a) Upon appropriation by the Legislature in the 2006–07 fiscal year, there shall be 50 additional judges allocated to the various

county superior courts pursuant to the uniform criteria described in subdivision (b) for determining the need for additional superior court judges.

(b) The judges shall be allocated, in accordance with the uniform standards for factually determining additional judicial need in each county, as approved by the Judicial Council in August, 2001, and as modified and approved by the Judicial Council in August, 2004, pursuant to the Update of Judicial Needs Study, based on the following criteria:

(1) Court filings data averaged over a period of three years.

(2) Workload standards that represent the average amount of time of bench and nonbench work required to resolve each case type.

(3) A ranking methodology that provides consideration for courts that have the greatest need relative to their current complement of judicial officers.

(c) The Judicial Council shall report to the Legislature and the Governor on or before November 1 of every even-numbered year on the factually determined need for new judgeships in each superior court using the uniform criteria for allocation of judgeships described in subdivision (b), as updated and applied to the average of the prior three calendar years' filings.

SEC. 4. Section 77001.5 is added to the Government Code, to read:

77001.5. On or before November 1, 2007, the Judicial Council shall adopt, and shall report to the Legislature annually thereafter upon, judicial administration standards and measures that promote the fair and efficient administration of justice, including, but not limited to, the following subjects:

(1) Providing equal access to courts and respectful treatment for all court participants.

(2) Case processing, including the efficient use of judicial resources.

(3) General court administration.

CHAPTER 391

An act to amend Section 4015 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 4015 of the Welfare and Institutions Code is amended to read:

4015. (a) The State Department of Mental Health shall, in coordination with the task force described in subdivision (c) and with other state entities, including, but not limited to, the Department of General Services, the State Department of Developmental Services, the Secretary of State, and the California State Library, do all of the following:

(1) Conduct and complete inventories of all of the following:

(A) All materials and records necessary to create the most complete record of persons who died while residing at any state hospital as defined in Section 7200, or any developmental center as defined in Section 4440.

(B) Within existing resources, identify the location of all gravesites at existing state hospitals and developmental center lands and of gravesites not located on state lands but designated by the state for burial of state hospital or developmental center residents. This shall include the location of remains that may have been moved from their original burial site and the location of grave markers that may have been moved from gravesites.

(C) Within existing resources, identify the names of patients whose remains were donated for medical research, the entity to which the remains were donated, and the final disposition of those remains.

(2) Assist and cooperate with the California Memorial Project in conducting research regarding the records of deaths and burials of persons at state hospitals and developmental centers and cemeteries based on the grounds of these facilities. This assistance shall, subject to paragraph (3), include the granting of access to those state records as necessary to perform the inventories described in this section.

(3) Notwithstanding Sections 4514 and 5328 or any other provision of law regarding confidentiality of patient records, the information described in this section shall be limited to the name, date of birth, date of death, and photographic images of any person who died while in residency at any state hospital or developmental center and shall be made available for the purposes of the implementation of this section. The exportation and use of these records or photographic images from state facilities shall be limited to the information delineated within, and the purposes of, this section.

(4) Assist the California Memorial Project in developing a plan for the restoration of gravesites and cemeteries at state hospitals and developmental centers and gravesites not located on state lands but

designated by the state for burial of state hospital or developmental center residents.

(5) Notwithstanding Sections 4514 and 5328 or any other provision of law governing the confidentiality of patient records, with respect to any monument or memorial erected consistent with this section, the department may include, if available, the name, date of birth, and date of death, of any person being memorialized who died while in residency at a state hospital or developmental center and who was buried by the state.

(6) Develop a protocol for the future interment of patients who die while residing at a state hospital or developmental center and are unclaimed by a family member.

(b) The department may develop a protocol to coordinate the efforts of the state entities described in subdivision (a).

(c) (1) The department shall establish a task force to provide leadership and direction in carrying out the activities described in this section. The task force shall consist of representatives selected by each of the following entities:

(A) The Peer Self-Advocacy Unit of Protection and Advocacy, Inc.

(B) California Network of Mental Health Clients.

(C) Capitol People First.

(2) To the extent that funding is available, task force members shall be reimbursed for necessary travel expenses associated with serving on the task force. When requested by a task force member with a disability, the state shall pay the cost of a facilitator chosen by the task force member.

(d) In implementing this section, the state shall make no structural changes to existing gravesites on state hospital or developmental center lands prior to the submission of, and which do not conform with, the restoration plan described in paragraph (4) of subdivision (a).

(e) Pursuant to the plan described in paragraph (4) of subdivision (a), the department shall seek funding for this section from the California Cultural and Historical Endowment, in addition to any other resources that may be available to the department, excluding General Fund moneys, to restore, preserve, and memorialize the gravesite located at Napa State Hospital.

(f) The department shall submit a status update on the implementation of this section, including a description of barriers, if any, to conducting the activities described in this section, to the Legislature by January 31, 2004.

CHAPTER 392

An act to amend Section 22154 of the Public Contract Code, and to amend Section 42701 of the Public Resources Code, relating to public contracts.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 22154 of the Public Contract Code is amended to read:

22154. (a) All businesses shall certify in writing to the contracting officer, or his or her representative, the minimum, if not exact, percentage of postconsumer material in the products, materials, goods, or supplies being offered or sold to any local public entity.

(b) With respect to printer or duplication cartridges that comply with the requirements of subdivision (e) of Section 12156, the certification required by this subdivision shall specify that the cartridges so comply.

(c) A local public entity may waive the certification requirement if the percentage of postconsumer material in the products, materials, goods, or supplies can be verified in a written advertisement, including, but not limited to, a product label, a catalog, or a manufacturer or vendor Internet Web site.

SEC. 2. Section 42701 of the Public Resources Code is amended to read:

42701. (a) In purchasing any materials to be used in paving or paving subbase for use by the Department of Transportation and any other state agencies that provide construction and repair services, the State Procurement Officer shall contract for those items that utilize recycled materials in paving materials and base, subbase, and pervious backfill materials, unless the Director of Transportation determines that the use of the materials is not cost effective. In determining the cost-effectiveness of the materials subject to this section, the factors that the director shall consider include both of the following:

(1) The lifespan and durability of the pavement containing the materials.

(2) The maintenance cost of the pavement containing the materials.

(b) This section also applies to any person who contracts with the Department of General Services or with any other state agency to provide these construction and repair services.

(c) The recycled materials shall include, but are not limited to, recycled asphalt, crushed concrete subbase, foundry slag, and paving materials utilizing crumb rubber from automobile tires, ash, and glass and glassy aggregates. The specifications shall be based on the standards of the Department of Transportation for recycled paving materials and for recycled base, subbase, and pervious backfill materials.

CHAPTER 393

An act to add Section 116787 to the Health and Safety Code, relating to sanitation districts.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) On May 4, 2005, a Total Maximum Daily Load (TMDL) for chloride, established by the Regional Water Quality Control Board, Los Angeles Region, took effect for Reaches 5 and 6 of the Santa Clara River, located in Los Angeles County.

(b) The Regional Water Quality Control Board, Los Angeles Region, found that, under the federal Clean Water Act (33 U.S.C. Sec. 1313 et seq.), this chloride TMDL was necessary to bring the Santa Clara River into attainment with water quality standards applicable to the Santa Clara River to protect beneficial uses, including salt-sensitive agricultural crops grown downstream in Ventura County such as avocados.

(c) The Regional Water Quality Control Board, Los Angeles Region, further found that the principal source of chloride into Reaches 5 and 6 is discharges from the Saugus Water Reclamation Plant and the Valencia Water Reclamation Plant, which are wastewater treatment plants serving approximately 180,000 residents of the Santa Clarita Valley.

(d) The Santa Clarita Valley Sanitation District, which owns and operates the Saugus and Valencia Water Reclamation Plants, has extensively studied the sources of chloride in local wastewater and has found that about one-third of the chloride comes from the use of residential self-regenerating water softeners that discharge brine to the sewer.

(e) Effective March 27, 2003, in accordance with the requirements of Section 116786 of the Health and Safety Code, originally added by Senate Bill 1006 (Ch. 969, Stats. 1999), the Santa Clarita Valley

Sanitation District adopted an ordinance prohibiting the installation of new residential self-regenerating water softeners in the Santa Clarita Valley.

(f) Senate Bill 1006 prohibited local agencies from adopting ordinances requiring the removal of residential self-regenerating water softeners that were installed prior to the effective date of the ordinance.

(g) Without the removal of the residential self-regenerating water softeners that were installed prior to the effective date of the ordinance in the Santa Clarita Valley, it is improbable that the Saugus and Valencia Water Reclamation Plants can meet the requirements of the TMDL in a timely manner, without the installation of advanced treatment for salt removal and brine disposal at a projected cost to the community of at least $350 million.

SEC. 2. Section 116787 is added to the Health and Safety Code, to read:

116787. (a) Notwithstanding subdivision (d) of Section 116786, the Santa Clarita Valley Sanitation District, or any successor district, may, by ordinance adopted subsequent to an ordinance adopted pursuant to Section 116786, require the removal of all installed residential self-regenerating water softeners, if the district makes all of the following findings and includes those findings in the ordinance:

(1) The removal of residential self-regenerating water softeners is a necessary and cost-effective means of achieving timely compliance with waste discharge requirements, water reclamation requirements, or a Total Maximum Daily Load (TMDL) issued by a California regional water quality control board. In determining what constitutes a necessary and cost-effective means of achieving compliance, the district shall assess all of the following:

(A) Alternatives to the ordinance.

(B) The cost-effectiveness and timeliness of the alternatives as compared to the adoption of the ordinance.

(C) The reduction in chloride levels to date resulting from the voluntary program implemented pursuant to paragraph (1) of subdivision (c).

(D) The potential reduction in chloride levels expected as a result of the program implemented pursuant to paragraph (2) of subdivision (c).

(2) The district has adopted and is enforcing regulatory requirements that limit the volume and concentrations of saline discharges from nonresidential sources to the community sewer system, to the extent that is technologically and economically feasible.

(3) Based on available information, sufficient wastewater treatment capacity exists in Los Angeles County to make portable exchange water softening services available to residents affected by this ordinance.

(4) Based on available information, the adoption and implementation of the ordinance will avoid or significantly reduce the costs associated with advanced treatment for salt removal and brine disposal that otherwise would be necessary to meet the Total Maximum Daily Load (TMDL) for chloride, established by the Regional Water Quality Control Board, Los Angeles Region, for Reaches 5 and 6 of the Santa Clara River, in Los Angeles County that took effect May 4, 2005.

(b) (1) An ordinance adopted pursuant to subdivision (a) shall not be effective until it is approved by a majority vote of the qualified votes cast in a regularly scheduled election, following the adoption of the ordinance, held in the district's service area, in a referendum in accordance with applicable provisions of the Elections Code.

(2) Information regarding the projected cost differences between advanced treatment for salt removal and brine disposal without the removal of installed residential self-regenerating water softeners, alternatives identified in paragraph (1) of subdivision (a), and the removal of installed residential self-regenerating water softeners shall be included in voter information material.

(c) (1) Prior to the effective date of any ordinance adopted pursuant to subdivision (a), the district shall make available to owners of residential self-regenerating water softeners within its service area a voluntary program to compensate the owner of the appliance for 100 percent of the reasonable value of the removed appliance, and the reasonable cost of the removal and disposal of the appliance, both of which shall be determined by the district, with consideration given to information provided by manufacturers of residential self-regenerating water softeners and providers of water softening or conditioning appliances and services in the district's service area regarding purchase price, useful life, and the cost of installation, removal, and disposal.

(2) On and after the effective date of any ordinance adopted pursuant to subdivision (a), the district shall make available to owners of residential self-regenerating water softeners within its service area a program to compensate the owner of the appliance for 75 percent of the reasonable value of the removed appliance, and the reasonable cost of the removal and disposal of the appliance, both of which shall be determined by the district, with consideration given to information provided by manufacturers of residential self-regenerating water softeners and providers of water softening or conditioning appliances and services in the district's service area regarding purchase price, useful life, and the cost of installation, removal, and disposal.

(3) Compensation pursuant to paragraphs (1) and (2) shall only be made available if the owner disposes of the residential self-regenerating water softener and provides written confirmation of the disposal which

may include, but is not limited to, verification in writing provided by the franchise refuse hauler that provides the service of removing the appliance or verification in writing of the appliance's destruction by the party responsible for its recycling or final disposal.

(4) If the owner of a residential self-regenerating water softener is in the business of renting or leasing residential self-regenerating water softeners, the owner may voluntarily waive compensation pursuant to paragraphs (1) and (2), and shall not be required to dispose of the appliance if the owner provides the district with written confirmation that the appliance has been removed from the home within the district's service area for use in a location outside the district's service area.

(5) The terms of compensation included in paragraphs (1) and (2) shall be included in an ordinance adopted pursuant to subdivision (a).

(6) (A) Upon the request of the district, the providers of water softening or conditioning services and appliances to residents of the district's service area shall provide the district, within 60 days, copies of purchase agreements or receipts, or any other specific records of sales of residential self-generating water softeners in the district's service area.

(B) The information in this paragraph shall remain protected and confidential in accordance with applicable provisions of the Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(d) Any ordinance adopted pursuant to subdivision (a) and approved in accordance with subdivision (b) shall not take effect until January 1, 2009.

(e) For purposes of this section, "residential self-regenerating water softeners" and "appliances" mean residential water softening or conditioning appliances that discharge brine into the community sewer system.

SEC. 3. Due to the unique circumstances related to the Santa Clara River Chloride Total Maximum Daily Load requirements for substantially reduced chloride levels in wastewater discharged by the Saugus and Valencia Water Reclamation Plants to the Santa Clara River, it is necessary that the affected local agencies be authorized to require removal of residential water softening or conditioning appliances, and thus the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 394

An act to amend Section 1250.8 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1250.8 of the Health and Safety Code is amended to read:

1250.8. (a) Notwithstanding subdivision (a) of Section 437.10, the state department, upon application of a general acute care hospital which meets all the criteria of subdivision (b), and other applicable requirements of licensure, shall issue a single consolidated license to a general acute care hospital which includes more than one physical plant maintained and operated on separate premises or which has multiple licenses for a single health facility on the same premises. A single consolidated license shall not be issued where the separate freestanding physical plant is a skilled nursing facility or an intermediate care facility, whether or not the location of the skilled nursing facility or intermediate care facility is contiguous to the general acute care hospital unless the hospital is exempt from the requirements of subdivision (b) of Section 1254, or the facility is part of the physical structure licensed to provide acute care.

(b) The issuance of a single consolidated license shall be based on the following criteria:

(1) There is a single governing body for all of the facilities maintained and operated by the licensee.

(2) There is a single administration for all of the facilities maintained and operated by the licensee.

(3) There is a single medical staff for all of the facilities maintained and operated by the licensee, with a single set of bylaws, rules, and regulations, which prescribe a single committee structure.

(4) Except as provided otherwise in this paragraph, the physical plants maintained and operated by the licensee which are to be covered by the single consolidated license are located not more than 15 miles apart. If an applicant provides evidence satisfactory to the department that it can comply with all requirements of licensure and provide quality care and adequate administrative and professional supervision, the director may issue a single consolidated license to a general acute care hospital that operates two or more physical plants located more than 15 miles apart under any of the following circumstances:

(A) One or more of the physical plants is located in a rural area, as defined by regulations of the director.

(B) One or more of the physical plants provides only outpatient services, as defined by the department.

(C) If Section 14105.986 of the Welfare and Institutions Code is implemented and the applicant meets all of the following criteria:

(i) The applicant is a nonprofit corporation.

(ii) The applicant is a children's hospital listed in Section 10727 of the Welfare and Institutions Code.

(iii) The applicant is affiliated with a major university medical school, and located adjacent thereto.

(iv) The applicant operates a regional tertiary care facility.

(v) One of the physical plants is located in a county that has a consolidated and county government structure.

(vi) One of the physical plants is located in a county having a population between 1 million and 2 million.

(vii) The applicant is located in a city with a population between 50,000 and 100,000.

(c) In issuing the single consolidated license, the state department shall specify the location of each supplemental service and the location of the number and category of beds provided by the licensee. The single consolidated license shall be renewed annually.

(d) To the extent required by Part 1.5 (commencing with Section 437) of Division 1, a general acute care hospital which has been issued a single consolidated license:

(1) Shall not transfer from one facility to another a special service described in Section 1255 without first obtaining a certificate of need.

(2) Shall not transfer, in whole or in part, from one facility to another, a supplemental service, as defined in regulations of the director pursuant to this chapter, without first obtaining a certificate of need, unless the licensee, 30 days prior to the relocation, notifies the Office of Statewide Health Planning and Development, the applicable health systems agency, and the state department of the licensee's intent to relocate the supplemental service, and includes with this notice a cost estimate, certified by a person qualified by experience or training to render the estimates, which estimates that the cost of the transfer will not exceed the capital expenditure threshold established by the Office of Statewide Health Planning and Development pursuant to Section 437.10.

(3) Shall not transfer beds from one facility to another facility, without first obtaining a certificate of need unless, 30 days prior to the relocation, the licensee notifies the Office of Statewide Health Planning and Development, the applicable health systems agency, and the state

department of the licensee's intent to relocate health facility beds, and includes with this notice both of the following:

(A) A cost estimate, certified by a person qualified by experience or training to render the estimates, which estimates that the cost of the relocation will not exceed the capital expenditure threshold established by the Office of Statewide Health Planning and Development pursuant to Section 437.10.

(B) The identification of the number, classification, and location of the health facility beds in the transferor facility and the proposed number, classification, and location of the health facility beds in the transferee facility.

Except as otherwise permitted in Part 1.5 (commencing with Section 437) of Division 1, or as authorized in an approved certificate of need pursuant to that part, health facility beds transferred pursuant to this section shall be used in the transferee facility in the same bed classification as defined in Section 1250.1, as the beds were classified in the transferor facility.

Health facility beds transferred pursuant to this section shall not be transferred back to the transferor facility for two years from the date of the transfer, regardless of cost, without first obtaining a certificate of need pursuant to Part 1.5 (commencing with Section 437) of Division 1.

(e) All transfers pursuant to subdivision (d) shall satisfy all applicable requirements of licensure and shall be subject to the written approval, if required, of the state department. The state department may adopt regulations which are necessary to implement the provisions of this section. These regulations may include a requirement that each facility of a health facility subject to a single consolidated license have an onsite full-time or part-time administrator.

(f) As used in this section, "facility" means any physical plant operated or maintained by a health facility subject to a single, consolidated license issued pursuant to this section.

(g) For purposes of selective provider contracts negotiated under the Medi-Cal program, the treatment of a health facility with a single consolidated license issued pursuant to this section shall be subject to negotiation between the health facility and the California Medical Assistance Commission. A general acute care hospital which is issued a single consolidated license pursuant to this section may, at its option, receive from the state department a single Medi-Cal program provider number or separate Medi-Cal program provider numbers for one or more of the facilities subject to the single consolidated license. Irrespective of whether the general acute care hospital is issued one or more Medi-Cal provider numbers, the state department may require the hospital to file

separate cost reports for each facility pursuant to Section 14170 of the Welfare and Institutions Code.

(h) For purposes of the Annual Report of Hospitals required by regulations adopted by the state department pursuant to this part, the state department and the Office of Statewide Health Planning and Development may require reporting of bed and service utilization data separately by each facility of a general acute care hospital issued a single consolidated license pursuant to this section.

(i) The amendments made to this section during the 1985–86 Regular Session of the Legislature pertaining to the issuance of a single consolidated license to a general acute care hospital in the case where the separate physical plant is a skilled nursing facility or intermediate care facility shall not apply to the following facilities:

(1) Any facility which obtained a certificate of need after August 1, 1984, and prior to February 14, 1985, as described in this subdivision. The certificate of need shall be for the construction of a skilled nursing facility or intermediate care facility which is the same facility for which the hospital applies for a single consolidated license, pursuant to subdivision (a).

(2) Any facility for which a single consolidated license has been issued pursuant to subdivision (a), as described in this subdivision, prior to the effective date of the amendments made to this section during the 1985–86 Regular Session of the Legislature.

Any facility which has been issued a single consolidated license pursuant to subdivision (a), as described in this subdivision, shall be granted renewal licenses based upon the same criteria used for the initial consolidated license.

(j) If the state department issues a single consolidated license pursuant to this section, the state department may take any action authorized by this chapter, including, but not limited to, any action specified in Article 5 (commencing with Section 1294), with respect to any facility, or any service provided in any facility, which is included in the consolidated license.

(k) The eligibility for participation in the Medi-Cal program (Chapter 7 (commencing with Section 14000), Part 3, Division 9, Welfare and Institutions Code) of any facility that is included in a consolidated license issued pursuant to this section, provides outpatient services, and is located more than 15 miles from the health facility issued the consolidated license shall be subject to a determination of eligibility by the state department. This subdivision shall not apply to any facility that is located in a rural area and is included in a consolidated license issued pursuant to subparagraphs (A), (B), and (C) of paragraph (4) of subdivision (b). Regardless of whether a facility has received or not received a

determination of eligibility pursuant to this subdivision, this subdivision shall not affect the ability of a licensed professional, providing services covered by the Medi-Cal program to a person eligible for Medi-Cal in a facility subject to a determination of eligibility pursuant to this subdivision, to bill the Medi-Cal program for those services provided in accordance with applicable regulations.

(*l*) Notwithstanding any other provision of law, the director may issue a single consolidated license for a general acute care hospital to Children's Hospital Oakland and San Ramon Regional Medical Center.

(m) Notwithstanding any other provision of law, the director may issue a single consolidated license for a general acute care hospital to Children's Hospital Oakland and the John Muir Medical Center, Concord campus.

(n) (1) To the extent permitted by federal law, payments made to Children's Hospital Oakland pursuant to Section 14166.11 of the Welfare and Institutions Code shall be adjusted as follows:

(A) The number of Medi-Cal payment days and net revenues calculated for the John Muir Medical Center Concord campus under the consolidated license shall not be used for eligibility purposes for the private hospital disproportionate share hospital replacement funds for Children's Hospital Oakland.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is the intent of the Lanterman Developmental Disabilities Services Act, Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code, to provide persons with developmental disabilities the services and supports they require to "approximate the pattern of everyday living available to persons without disabilities of the same age."

(b) The Lanterman Developmental Disabilities Services Act confers upon persons with developmental disabilities "a right to social interaction and participation in community activities" and "a right to make choices in their own lives, including, but not limited to, where and with whom

they live, their relationships with people in their community, the way they spend their time, including education, employment, and leisure, the pursuit of their personal future, and program planning and implementation."

(c) The majority of adult regional center consumers participate in traditionally structured habilitation, work activity, and supported work programs.

(d) Traditionally structured habilitation, work activity, and supported work programs may not provide the flexibility, community integration, and activities or training that meet the needs of some persons with developmental disabilities.

SEC. 2. It is, therefore, the intent of the Legislature to improve options and choices of persons with developmental disabilities in determining their daily activities, and, through the State Council on Developmental Disabilities and the State Department of Developmental Services, in consultation with regional centers, area boards, and other system stakeholders, to explore mechanisms for developing and expanding the methods of providing the services and supports identified in this act.

SEC. 3. Section 4639.75 is added to the Welfare and Institutions Code, to read:

4639.75. (a) On an ongoing basis, and as necessary, the State Department of Developmental Services shall provide to regional centers, and make available on the Internet, up-to-date information about work incentive programs for persons with developmental disabilities and other information relevant to persons with developmental disabilities in making informed choices about employment options. This information may include, but not be limited to, the access and retention of needed benefits, the interactions of earned income, asset building, and other financial changes on benefits, employment resources and protections, taxpayer requirements and responsibilities, training opportunities, and information and services available through other agencies, organizations, or on the Internet.

(b) The department, in consultation with regional centers, shall assess the need for, and develop a plan for, training of regional center staff on employment issues facing persons with a developmental disability. The department shall not be required to implement training pursuant to this section if implementation cannot be achieved within existing resources, unless additional funding for this purpose becomes available.

SEC. 4. Section 4677 of the Welfare and Institutions Code is amended to read:

4677. (a) All parental fees collected by or for regional centers shall be remitted to the State Treasury to be deposited in the Developmental

Disabilities Program Development Fund, which is hereby created and hereinafter called the Program Development Fund. The purpose of the Program Development Fund shall be to provide resources needed to initiate new programs and to expand or convert existing programs. Within the context of, and consistent with, approved priorities for program development in the state plan, program development funds shall promote integrated residential, work, instructional, social, civic, volunteer, and recreational services and supports that increase opportunities for self-determination and maximum independence of persons with developmental disabilities.

In no event shall an allocation from the Program Development Fund be granted for more than 24 months.

(b) The State Council on Developmental Disabilities shall, not less than once every three years, request from all regional centers information on the types and amounts of services and supports needed, but currently unavailable. Based on the information provided by the regional centers and other agencies, the State Council on Developmental Disabilities shall develop an assessment of the level of need for new, expanded, or converted community services and support, and make that assessment available to the public. This needs assessment shall be included in the state plan. The State Council on Developmental Disabilities, in consultation with the State Department of Developmental Services, shall make a recommendation to the Department of Finance as to the level of funding for program development to be included in the Governor's Budget, based upon this needs assessment.

(c) Parental fee schedules shall be evaluated pursuant to Section 4784 and adjusted annually by the department, with the approval of the state council. Fees for out-of-home care shall bear an equitable relationship to the cost of the care and the ability of the family to pay.

(d) In addition to parental fees and General Fund appropriations, the Program Development Fund may be augmented by federal funds available to the state for program development purposes, when these funds are allotted to the Program Development Fund in the state plan. The Program Development Fund is hereby appropriated to the department, and subject to any allocations that may be made in the annual Budget Act. In no event shall any of these funds revert to the General Fund.

(e) The department may allocate funds from the Program Development Fund for any legal purpose, provided that requests for proposals and allocations are approved by the state council in consultation with the department, and are consistent with the priorities for program development in the state plan. Allocations from the Program Development Fund shall take into consideration the following factors:

(1) The future fiscal impact of the allocations on other state supported services and supports for persons with developmental disabilities.

(2) The information on priority services and supports needed, but currently unavailable, submitted by the regional centers.

Consistent with the level of need as determined in the state plan, excess parental fees may be used for purposes other than programs specified in subdivision (a) only when specifically appropriated to the State Department of Developmental Services for those purposes.

(f) Under no circumstances shall the deposit of federal moneys into the Program Development Fund be construed as requiring the State Department of Developmental Services to comply with a definition of "developmental disabilities" and "services for persons with developmental disabilities" other than as specified in subdivisions (a) and (b) of Section 4512 for the purposes of determining eligibility for developmental services or for allocating parental fees and state general funds deposited in the Program Development Fund.

4677. (a) All parental fees collected by or for regional centers shall be remitted to the State Treasury to be deposited in the Developmental Disabilities Program Development Fund, which is hereby created and hereinafter called the Program Development Fund. The purpose of the Program Development Fund shall be to provide resources needed to initiate new programs, and to expand or convert existing programs. Within the context of, and consistent with, approved priorities for program development in the state plan, program development funds shall promote integrated residential, work, instructional, social, civic, volunteer, and recreational services and supports that increase opportunities for self-determination and maximum independence of persons with developmental disabilities.

In no event shall an allocation from the Program Development Fund be granted for more than 24 months.

(b) (1) The State Council on Developmental Disabilities shall, at least once every five years, request from all regional centers information on the types and amounts of services and supports needed, but currently unavailable.

(2) The state council shall work collaboratively with the department and the Association of Regional Center Agencies to develop standardized forms and protocols that shall be used by all regional centers and area boards in collecting and reporting this information. In addition to identifying services and supports that are needed, but currently unavailable, the forms and protocols shall also solicit input and

suggestions on alternative and innovative service delivery models that would address consumer needs.

(3) In addition to the information provided pursuant to paragraph (2), the state council may utilize information from other sources, including, but not limited to, public hearings, life quality assessments conducted pursuant to Section 4570, the annual report regarding persons moving from developmental centers produced pursuant to Section 4418.1, the annual report regarding community-based vendor services produced pursuant to Section 4637.5, regional center reports on alternative service delivery submitted to the department pursuant to Section 4669.2, and the annual report on self-directed services produced pursuant to Section 4685.7.

(4) The department shall provide additional information, as requested by the state council.

(5) Based on the information provided by the regional centers and other agencies, the state council shall develop an assessment of the need for new, expanded, or converted community services and support, and make that assessment available to the public. The assessment shall include a discussion of the type and amount of services and supports necessary but currently unavailable including the impact on consumers with common characteristics, including, but not limited to, disability, specified geographic regions, age, and ethnicity, face distinct challenges. The assessment shall highlight alternative and innovative service delivery models identified through their assessment process.

(6) This needs assessment shall be conducted at least once every five years and updated annually. The assessment shall be included in the state plan and shall be provided to the department and to the appropriate committees of the Legislature. The assessment and annual updates shall be made available to the public. The State Council on Developmental Disabilities, in consultation with the department, shall make a recommendation to the Department of Finance as to the level of funding for program development to be included in the Governor's Budget, based upon this needs assessment.

(c) Parental fee schedules shall be evaluated pursuant to Section 4784 and adjusted annually by the department, with the approval of the state council. Fees for out-of-home care shall bear an equitable relationship to the cost of the care and the ability of the family to pay.

(d) In addition to parental fees and General Fund appropriations, the Program Development Fund may be augmented by federal funds available to the state for program development purposes, when these funds are allotted to the Program Development Fund in the state plan. The Program Development Fund is hereby appropriated to the department, and subject to any allocations that may be made in the annual

Budget Act. In no event shall any of these funds revert to the General Fund.

(e) The department may allocate funds from the Program Development Fund for any legal purpose, provided that requests for proposals and allocations are approved by the state council in consultation with the department, and are consistent with the priorities for program development in the state plan. Allocations from the Program Development Fund shall take into consideration the following factors:

(1) The future fiscal impact of the allocations on other state supported services and supports for persons with developmental disabilities.

(2) The information on priority services and supports needed, but currently unavailable, submitted by the regional centers.

Consistent with the level of need as determined in the state plan, excess parental fees may be used for purposes other than programs specified in subdivision (a) only when specifically appropriated to the State Department of Developmental Services for those purposes.

(f) Under no circumstances shall the deposit of federal moneys into the Program Development Fund be construed as requiring the State Department of Developmental Services to comply with a definition of "developmental disabilities" and "services for persons with developmental disabilities" other than as specified in subdivisions (a) and (b) of Section 4512 for the purposes of determining eligibility for developmental services or for allocating parental fees and state general funds deposited in the Program Development Fund.

For children with developmental disabilities, this process should include a review of the strengths, preferences, and needs of the child and the family unit as a whole. Assessments shall be conducted by qualified individuals and performed in natural environments whenever possible. Information shall be taken from the consumer, his or her parents and other family members, his or her friends, advocates, providers of services and supports, and other agencies. The assessment process shall reflect awareness of, and sensitivity to, the lifestyle and cultural background of the consumer and the family.

(2) A statement of goals, based on the needs, preferences, and life choices of the individual with developmental disabilities, and a statement of specific, time-limited objectives for implementing the person's goals and addressing his or her needs. These objectives shall be stated in terms that allow measurement of progress or monitoring of service delivery.

These goals and objectives should maximize opportunities for the consumer to develop relationships, be part of community life in the areas of community participation, housing, work, school, and leisure, increase control over his or her life, acquire increasingly positive roles in community life, and develop competencies to help accomplish these goals.

(3) When developing individual program plans for children, regional centers shall be guided by the principles, process, and services and support parameters set forth in Section 4685.

(4) A schedule of the type and amount of services and supports to be purchased by the regional center or obtained from generic agencies or other resources in order to achieve the individual program plan goals and objectives, and identification of the provider or providers of service responsible for attaining each objective, including, but not limited to, vendors, contracted providers, generic service agencies, and natural supports. The plan shall specify the approximate scheduled start date for services and supports and shall contain timelines for actions necessary to begin services and supports, including generic services.

(5) When agreed to by the consumer, the parents or legally appointed guardian of a minor consumer, or the legally appointed conservator of an adult consumer or the authorized representative, including those appointed pursuant to subdivision (d) of Section 4548 and subdivision (e) of Section 4705, a review of the general health status of the adult or child including a medical, dental, and mental health needs shall be conducted. Service providers shall cooperate with the planning team to provide any information necessary to complete the health status review. If any concerns are noted during the review, referrals shall be made to regional center clinicians or to the consumer's physician, as appropriate. Documentation of health status and referrals shall be made in the consumer's record by the service coordinator.

(6) A schedule of regular periodic review and reevaluation to ascertain that planned services have been provided, that objectives have been fulfilled within the times specified, and that consumers and families are satisfied with the individual program plan and its implementation.

(b) For all active cases, individual program plans shall be reviewed and modified by the planning team, through the process described in Section 4646, as necessary, in response to the person's achievement or changing needs, and no less often than once every three years. If the consumer or, where appropriate, the consumer's parents, legal guardian, or conservator requests an individual program plan review, the individual program shall be reviewed within 30 days after the request is submitted.

(c) (1) The department, with the participation of representatives of a statewide consumer organization, the Association of Regional Center Agencies, an organized labor organization representing service coordination staff, and the Organization of Area Boards shall prepare training material and a standard format and instructions for the preparation of individual program plans, which embodies an approach centered on the person and family.

(2) Each regional center shall use the training materials and format prepared by the department pursuant to paragraph (1).

(3) The department shall biennially review a random sample of individual program plans at each regional center to assure that these plans are being developed and modified in compliance with Section 4646 and this section.

SEC. 4. Section 4648 of the Welfare and Institutions Code is amended to read:

4648. In order to achieve the stated objectives of a consumer's individual program plan, the regional center shall conduct activities including, but not limited to, all of the following:

(a) Securing needed services and supports.

(1) It is the intent of the Legislature that services and supports assist individuals with developmental disabilities in achieving the greatest self-sufficiency possible and in exercising personal choices. The regional center shall secure services and supports that meet the needs of the consumer, as determined in the consumer's individual program plan, and within the context of the individual program plan, the planning team shall give highest preference to those services and supports which would allow minors with developmental disabilities to live with their families, adult persons with developmental disabilities to live as independently as possible in the community, and that allow all consumers to interact with persons without disabilities in positive, meaningful ways.

(2) In implementing individual program plans, regional centers, through the planning team, shall first consider services and supports in natural community, home, work, and recreational settings. Services and supports shall be flexible and individually tailored to the consumer and, where appropriate, his or her family.

(3) A regional center may, pursuant to vendorization or a contract, purchase services or supports for a consumer from any individual or agency which the regional center and consumer or, where appropriate, his or her parents, legal guardian, or conservator, or authorized representatives, determines will best accomplish all or any part of that consumer's program plan.

(A) Vendorization or contracting is the process for identification, selection, and utilization of service vendors or contractors, based on the

qualifications and other requirements necessary in order to provide the service.

(B) A regional center may reimburse an individual or agency for services or supports provided to a regional center consumer if the individual or agency has a rate of payment for vendored or contracted services established by the department, pursuant to this division, and is providing services pursuant to an emergency vendorization or has completed the vendorization procedures or has entered into a contract with the regional center and continues to comply with the vendorization or contracting requirements. The director shall adopt regulations governing the vendorization process to be utilized by the department, regional centers, vendors and the individual or agency requesting vendorization.

(C) Regulations shall include, but not be limited to: the vendor application process, and the basis for accepting or denying an application; the qualification and requirements for each category of services that may be provided to a regional center consumer through a vendor; requirements for emergency vendorization; procedures for termination of vendorization; the procedure for an individual or an agency to appeal any vendorization decision made by the department or regional center.

(D) A regional center may vendorize a licensed facility for exclusive services to persons with developmental disabilities at a capacity equal to or less than the facility's licensed capacity. A facility already licensed on January 1, 1999, shall continue to be vendorized at their full licensed capacity until the facility agrees to vendorization at a reduced capacity.

(4) Notwithstanding subparagraph (B), a regional center may contract or issue a voucher for services and supports provided to a consumer or family at a cost not to exceed the maximum rate of payment for that service or support established by the department. If a rate has not been established by the department, the regional center may, for an interim period, contract for a specified service or support with, and establish a rate of payment for, any provider of the service or support necessary to implement a consumer's individual program plan. Contracts may be negotiated for a period of up to three years, with annual review and subject to the availability of funds.

(5) In order to ensure the maximum flexibility and availability of appropriate services and supports for persons with developmental disabilities, the department shall establish and maintain an equitable system of payment to providers of services and supports identified as necessary to the implementation of a consumers' individual program plan. The system of payment shall include provision for a rate to ensure that the provider can meet the special needs of consumers and provide

quality services and supports in the least restrictive setting as required by law.

(6) The regional center and the consumer, or where appropriate, his or her parents, legal guardian, conservator, or authorized representative, including those appointed pursuant to subdivision (d) of Section 4548 or subdivision (e) of Section 4705, shall, pursuant to the individual program plan, consider all of the following when selecting a provider of consumer services and supports:

(A) A provider's ability to deliver quality services or supports which can accomplish all or part of the consumer's individual program plan.

(B) A provider's success in achieving the objectives set forth in the individual program plan.

(C) Where appropriate, the existence of licensing, accreditation, or professional certification.

(D) The cost of providing services or supports of comparable quality by different providers, if available.

(E) The consumer's or, where appropriate, the parents, legal guardian, or conservator of a consumer's choice of providers.

(7) No service or support provided by any agency or individual shall be continued unless the consumer or, where appropriate, his or her parents, legal guardian, or conservator, or authorized representative, including those appointed pursuant to subdivision (d) of Section 4548 or subdivision (e) of Section 4705, is satisfied and the regional center and the consumer or, when appropriate, the person's parents or legal guardian or conservator agree that planned services and supports have been provided, and reasonable progress toward objectives have been made.

(8) Regional center funds shall not be used to supplant the budget of any agency which has a legal responsibility to serve all members of the general public and is receiving public funds for providing those services.

(9) (A) A regional center may, directly or through an agency acting on behalf of the center, provide placement in, purchase of, or follow-along services to persons with developmental disabilities in, appropriate community living arrangements, including, but not limited to, support service for consumers in homes they own or lease, foster family placements, health care facilities, and licensed community care facilities. In considering appropriate placement alternatives for children with developmental disabilities, approval by the child's parent or guardian shall be obtained before placement is made.

(B) Each person with developmental disabilities placed by the regional center in a community living arrangement shall have the rights specified in this division. These rights shall be brought to the person's attention by any means necessary to reasonably communicate these rights to each

resident, provided that, at a minimum, the Director of Developmental Services prepare, provide, and require to be clearly posted in all residential facilities and day programs a poster using simplified language and pictures that is designed to be more understandable by persons with cognitive disabilities and that the rights information shall also be available through the regional center to each residential facility and day program in alternative formats, including, but not limited to, other languages, braille, and audio tapes, when necessary to meet the communication needs of consumers.

(C) Consumers are eligible to receive supplemental services including, but not limited to, additional staffing, pursuant to the process described in subdivision (d) of Section 4646. Necessary additional staffing that is not specifically included in the rates paid to the service provider may be purchased by the regional center if the additional staff are in excess of the amount required by regulation and the individual's planning team determines the additional services are consistent with the provisions of the individual program plan. Additional staff should be periodically reviewed by the planning team for consistency with the individual program plan objectives in order to determine if continued use of the additional staff is necessary and appropriate and if the service is producing outcomes consistent with the individual program plan. Regional centers shall monitor programs to ensure that the additional staff is being provided and utilized appropriately.

(10) Emergency and crisis intervention services including, but not limited to, mental health services and behavior modification services, may be provided, as needed, to maintain persons with developmental disabilities in the living arrangement of their own choice. Crisis services shall first be provided without disrupting a person's living arrangement. If crisis intervention services are unsuccessful, emergency housing shall be available in the person's home community. If dislocation cannot be avoided, every effort shall be made to return the person to his or her living arrangement of choice, with all necessary supports, as soon as possible.

(11) Among other service and support options, planning teams shall consider the use of paid roommates or neighbors, personal assistance, technical and financial assistance, and all other service and support options which would result in greater self-sufficiency for the consumer and cost-effectiveness to the state.

(12) When facilitation as specified in an individual program plan requires the services of an individual, the facilitator shall be of the consumer's choosing.

(13) The community support may be provided to assist individuals with developmental disabilities to fully participate in community and

civic life, including, but not limited to, programs, services, work opportunities, business, and activities available to persons without disabilities. This facilitation shall include, but not be limited to, any of the following:

(A) Outreach and education to programs and services within the community.

(B) Direct support to individuals which would enable them to more fully participate in their community.

(C) Developing unpaid natural supports when possible.

(14) Other services and supports may be provided as set forth in Sections 4685, 4686, 4687, 4688, and 4689, when necessary.

(b) (1) Advocacy for, and protection of, the civil, legal, and service rights of persons with developmental disabilities as established in this division.

(2) Whenever the advocacy efforts of a regional center to secure or protect the civil, legal, or service rights of any of its consumers prove ineffective, the regional center or the person with developmental disabilities or his or her parents, legal guardian, or other representative may request the area board to initiate action under the provisions defining area board advocacy functions established in this division.

(c) The regional center may assist consumers and families directly, or through a provider, in identifying and building circles of support within the community.

(d) In order to increase the quality of community services and protect consumers, the regional center shall, when appropriate, take either of the following actions:

(1) Identify services and supports that are ineffective or of poor quality and provide or secure consultation, training, or technical assistance services for any agency or individual provider to assist that agency or individual provider in upgrading the quality of services or supports.

(2) Identify providers of services or supports that may not be in compliance with local, state, and federal statutes and regulations and notify the appropriate licensing or regulatory authority, or request the area board to investigate the possible noncompliance.

(e) When necessary to expand the availability of needed services of good quality, a regional center may take actions that include, but are not limited to, the following:

(1) Soliciting an individual or agency by requests for proposals or other means, to provide needed services or supports not presently available.

(2) Requesting funds from the Program Development Fund, pursuant to Section 4677, or community placement plan funds designated from

that fund, to reimburse the startup costs needed to initiate a new program of services and supports.

(3) Using creative and innovative service delivery models, including, but not limited to, natural supports.

(f) Except in emergency situations, a regional center shall not provide direct treatment and therapeutic services, but shall utilize appropriate public and private community agencies and service providers to obtain those services for its consumers.

(g) Where there are identified gaps in the system of services and supports or where there are identified consumers for whom no provider will provide services and supports contained in his or her individual program plan, the department may provide the services and supports directly.

SEC. 5. Section 4677 of the Welfare and Institutions Code is amended to read:

4677. (a) All parental fees collected by or for regional centers shall be remitted to the State Treasury to be deposited in the Developmental Disabilities Program Development Fund, which is hereby created and hereinafter called the Program Development Fund. The purpose of the Program Development Fund shall be to provide resources needed to initiate new programs, consistent with approved priorities for program development in the state plan.

In no event shall an allocation from the Program Development Fund be granted for more than 24 months.

(2) The state council shall work collaboratively with the department and the Association of Regional Center Agencies to develop standardized forms and protocols that shall be used by all regional centers and area boards in collecting and reporting this information. In addition to identifying services and supports that are needed but currently unavailable, the forms and protocols shall also solicit input and suggestions on alternative and innovative service delivery models that would address consumer needs.

(3) In addition to the information provided pursuant to paragraph (2), the state council may utilize information from other sources, including, but not limited to, public hearings, life quality assessments conducted pursuant to Section 4570, the annual report regarding persons moving from developmental centers produced pursuant to Section 4418.1, the annual report regarding community-based vendor services produced pursuant to Section 4637.5, regional center reports on alternative service

(4) The department shall provide additional information, as requested by the state council.

(5) Based on the information provided by the regional centers and other agencies, the state council shall develop an assessment of the need for new, expanded, or converted community services and support, and make that assessment available to the public. The Program Development Fund is hereby appropriated to the department, and subject to any allocations that may be made in the annual Budget Act. In no event shall any of these funds revert to the General Fund.

(e) The department may allocate funds from the Program Development Fund for any legal purpose, provided that requests for proposals and allocations are approved by the state council in consultation with the department, and are consistent with the priorities for program development in the state plan. (2) The information on priority services and supports needed, but currently unavailable, submitted by the regional centers.

Consistent with the level of need as determined in the state plan, excess parental fees may be used for purposes other than new program development only when specifically appropriated to the State Department of Developmental Services for those purposes.

(d) In addition to parental fees and General Fund appropriations, the Program Development Fund may be augmented by federal funds available to the state for program development purposes, when these funds are allotted to the Program Development Fund in the state plan. The Program Development Fund is hereby appropriated to the department, and subject to any allocations that may be made in the annual

Budget Act. In no event shall any of these funds revert to the General Fund.

(e) The department may allocate funds from the Program Development Fund for any legal purpose, provided that requests for proposals and allocations are approved by the state council in consultation with the department, and are consistent with the priorities for program development in the state plan. Objections to proposed placements shall be resolved by a fair hearing procedure pursuant to Section 4700.

SEC. 10. Section 5.5 of this bill incorporates amendments to Section 4677 of the Welfare and Institutions Code proposed by both this bill and SB 1270. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2007, (2) each bill amends Section 4677 of the Welfare and Institutions Code, and (3) this bill is enacted after SB 1270, in which case Section 5 of this bill shall not become operative.

CHAPTER 400

An act to amend Section 19518 of, and to add Section 19461.1 to, the Business and Professions Code, relating to horse racing.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 19461.1 is added to the Business and Professions Code, to read:

19461.1. (a) The withdrawal of an application for a license after it has been filed with the board shall not, unless the board has consented in writing to the withdrawal, deprive the board of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law, or to enter an order denying the license upon any of those grounds.

(b) The suspension, expiration, or forfeiture by operation of law of a license issued by the board, or its suspension, forfeiture, or cancellation by order of the board or by order of a court of law, or its surrender

without the written consent of the board, shall not, during any period in which it may be renewed, restored, reissued, or reinstated, deprive the board of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law, or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any of those grounds.

SEC. 2. Section 19518 of the Business and Professions Code is amended to read:

19518. (a) (1) The board shall contract with persons licensed as stewards pursuant to this article to perform the duties of stewards at horse racing meets. The board shall also contract with licensed veterinarians pursuant to this article to perform the duties of official veterinarians at horse racing meets. Contracts shall be upon any terms that the board, the stewards, and the official veterinarians may mutually agree upon and may contain different rates of compensation based upon the experience of the steward or official veterinarian.

(2) The board shall establish a committee of at least two board members to meet at least quarterly with representatives of the stewards, so that recommendations of the stewards can be discussed as necessary. These meetings may be scheduled the same day as regular board meetings or at the convenience of the board. Representatives of associations may attend and participate in these meetings, or portions thereof, when items directly affecting the associations are discussed.

(3) The board shall provide remuneration, including any fringe benefits, to stewards, to the official veterinarian, and for the costs of laboratory testing relating to horse racing.

(b) Stewards, official veterinarians, and other racing officials appointed or approved by the board, and while performing duties required by this chapter or by the board, shall be entitled to the same rights and immunities granted public employees by Article 3 (commencing with Section 820) of Chapter 1 of Part 2 of Division 3.6 of Title 1 of the Government Code.

(c) The Legislature finds and declares that the services performed by stewards and official veterinarians at horse racing meetings are unique and cannot be performed adequately, competently, or satisfactorily by civil service personnel, and that the services cannot be adequately rendered by an existing public agency and do not duplicate the function of an existing public agency. Stewards and official veterinarians shall be personal service contractors of the board and shall not be civil service employees.

CHAPTER 401

An act to add Sections 9611, 9612, and 9613 to the Business and Professions Code, relating to cemeteries.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 9611 is added to the Business and Professions Code, to read:

9611. The bureau shall disclose on its Web site information about each cemetery subject to the jurisdiction of the bureau. In addition to the information required by Section 27, the bureau shall disclose the name of the owner of each cemetery, the name of the cemetery, the business address of the cemetery owner, and the physical address of the cemetery.

SEC. 2. Section 9612 is added to the Business and Professions Code, to read:

9612. Notwithstanding Section 8115 of the Health and Safety Code, in order to protect consumers, the bureau shall adopt regulations that establish minimum standards of maintenance for endowment care cemeteries under the jurisdiction of the bureau. The regulations shall consider differences in cemetery size, location, topography, and type of interments. The regulations shall also consider the extent to which funds are available from the cemetery's endowment care funds to perform maintenance.

The standards established pursuant to this section shall not supersede any standards of a higher level of care established pursuant to Section 8115 of the Health and Safety Code.

SEC. 3. Section 9613 is added to the Business and Professions Code, to read:

9613. (a) The bureau shall survey each of its licensees to obtain information to determine if the endowment care fund levels of the licensee's cemetery are sufficient to cover the cost of future operation. The bureau shall also review the levels of endowment care funds that have previously been reported pursuant to this chapter by licensed cemeteries.

(b) The bureau shall report its findings and recommendations to the Legislature by January 1, 2008.

CHAPTER 402

An act to amend Section 35178.4 of the Education Code, relating to schools.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 35178.4 of the Education Code is amended to read:

35178.4. (a) A school district governing board shall give official notice at a regularly scheduled school board meeting if a public school within the district that has elected to be accredited by the Western Association of Schools and Colleges (WASC) or any other chartered accrediting agency loses its accreditation status.

(b) If a school loses its accreditation status, the school district shall notify each parent or guardian of the pupils in the school that the school has lost its accreditation status, in writing, and this notice shall indicate the potential consequences of the school's loss of accreditation status. This notice shall also be posted on the school district's Internet Web site and the school's Internet Web site, if any.

(c) A school district that has within its jurisdiction a school that has elected to be accredited by WASC or any other chartered accrediting agency shall require that school to publish all results of any inspection of the school by the accrediting agency not later than 60 days after the results are made available to the school. Publication shall be either by notifying each parent or guardian in writing or by posting the information on the school district's Internet Web site or the school's Internet Web site, or by any combination of these methods, as determined by the school district.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 403

An act relating to tidelands and submerged lands.

[Approved by Governor September 22, 2006. Filed with
Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. As used in this act:

(a) "BCDC" means the San Francisco Bay Conservation and Development Commission.

(b) "Commission" means the State Lands Commission.

(c) "County" means the County of Marin.

(d) "Grant" means the legislative grant to the county pursuant to Chapter 497 of the Statutes of 1959, as amended by Chapter 1375 of the Statutes of 1969.

(e) "Granted lands" means certain tide and submerged lands in the county conveyed to the county by the grant.

(f) The phrase "sale or exchange" and similar phrases also mean "sale and exchange."

(g) "State" means the State of California.

(h) "Streets" means those tidelands within the grant reserved to the state solely for street purposes. The streets include portions of those streets designated as Manzanita, Madrona, Pescadero, Eureka, Grove, Petaluma, Humboldt, and Donahue within that portion of Richardson Bay bounded by Teutonia Street, Railroad Avenue, and Yuba Street.

SEC. 2. The Legislature finds and declares all of the following:

(a) Upon its admission to the United States of America on September 9, 1850, the state, by virtue of its sovereignty, received in trust for the purposes of commerce, navigation and fishery, all rights, title, and interest in ungranted tidelands and submerged lands and beds of navigable waterways within its borders. The landward boundary of such waterways is the ordinary high water mark.

(b) Under Section 3 of Article X of the California Constitution, the state may sell tidelands within two miles of any incorporated city, city and county, or town in the state, and fronting on the water of any harbor, estuary, bay, or inlet that were reserved to the state solely for street purposes, to any town, city, county, city and county, municipal corporations, private persons, partnerships or corporations, subject to such conditions as the Legislature determines are necessary to be imposed in connection with the sales in order to protect the public interest, if the Legislature finds and declares that the tidelands are not used for navigation purposes and are not necessary for those purposes.

(c) Pursuant to the provisions of Division 6 (commencing with Section 6001) of the Public Resources Code, the commission is vested with jurisdiction and authority as to all right, title, and interest in tidelands

and submerged lands held by the state in trust for the benefit of all the people of the state.

(d) The commission is authorized by Section 6357 of the Public Resources Code to establish by agreement the ordinary high water mark whenever it is deemed expedient or necessary.

(e) Pursuant to Chapter 543 of the Statutes of 1867–1868, as amended by Chapter 388 of the Statutes of 1869–1870, the Board of Tide Land Commissioners sold tideland lots in various areas around San Francisco Bay.

(f) The streets were reserved to the state solely for street purposes. The state also retained title to an area designated as the "Rosedale Canal."

(g) In 1959, the Legislature granted to the county pursuant to the grant all the rights, title, and interest in the streets, the Rosedale Canal, and other designated areas in the county held by the state by virtue of its sovereignty or by patent from the United States of America pursuant to an act of Congress, 9 Stat. 519 (September 28, 1850). The grant provides that these areas shall "be forever held by said county and its successors, in trust for the uses and purposes and upon the express conditions following." The grant lists specific authorized uses including the conduct of a harbor and establishes the landward limit of the grant. The grant also permits the county to lease the granted lands "for purposes consistent with the trust upon which said lands are held by the State of California and with the requirements of commerce and navigation at said harbor." The grant further provides that the lands will revert to the state if not improved consistent with the terms of the grant within a ten-year period.

(h) The grant was amended in 1969. The 1969 amendment required that the lands be used "for purposes in which there is a statewide interest." This requirement was followed by a list of potential uses, including a harbor, airport, construction of highways, public buildings, a small boat harbor, preservation of land in its natural state and a marine biological reserve.

(i) In 1979, the county submitted a required report to the state indicating, among other things, certain portions of the tidelands granted to the county had been developed for houseboat use and stating that "In the county's opinion the statutory requirements [of the grant] have been met and that the granted lands should remain in county ownership . . . ."

(j) On May 8, 1984, the county leased portions of the granted lands for "any lawful use provided that such use is compatible with the existing houseboat marina." Portions of the granted lands are now, and have been for many years, used for the permanent mooring of houseboats.

(k) The use of the granted lands for the permanent mooring of houseboats is not a purpose in which there is a statewide public interest,

but moving the houseboats would require the construction of new docks and other facilities followed by vessel relocation which would have potentially significant adverse impacts on San Francisco Bay.

(*l*) The existing boundary configuration under which the state retained sovereign interest in the streets under Richardson Bay while lots in Richardson Bay were placed in private ownership was premised on the assumption that Richardson Bay would be filled and the streets used for pedestrian and vehicle access. This assumption as to the future use of this area is no longer valid.

(m) The existing configuration of the underwater streets leased by the county, located within the houseboat marinas, and running between privately owned lots in the houseboat marinas is a hindrance to the use of these sovereign lands for public trust purposes because the streets are narrow and in that location are not suitable for commerce or navigation.

(n) The following portions of the granted lands are not, as a practical matter, used for navigation purposes and are not necessary for such purposes: the portions of the granted lands within the existing houseboat marina located southwest of Humboldt Avenue (including Petaluma Avenue between Manzanita and Grove Streets, and Grove and Eureka Streets between Petaluma and Humboldt Avenues); those portions of Manzanita and Pescadero Streets southwest of Humboldt Avenue that are immediately adjacent to the existing houseboat berths; the filled portions of Madrona and Eureka Streets; and those portions of Grove and Eureka Streets northeast of Humboldt Avenue that are immediately adjacent to the existing houseboat berths in the houseboat marina located northeast of Humboldt Avenue. Shallow water depths in and immediately adjacent to the houseboat marinas render the marinas unsuitable as recreational boat harbors or for use by most shallow draft watercraft such as sailboats and larger recreational vessels. The houseboats themselves are an obstacle to navigation because they are moored for extended periods in a single location, do not float at most stages of the tide, and cannot move under their own power. The dredging necessary to render the houseboat marinas and immediately adjacent areas usable for other harbor purposes is currently impracticable and ecologically undesirable due to benthic contamination. The houseboat marinas are also too shallow to be used for navigation by even small, shallow draft commercial watercraft. In addition, commercial port use is incompatible with existing surrounding land uses and water depths. Port use and water-related industrial uses or cargo transport use in or adjacent to the houseboat marinas are not desirable or feasible, even with significant dredging because of surrounding incompatible land uses and distance from deep-draft navigation channels. BCDC's San Francisco Bay Plan, and San Francisco Bay Area Seaport Plan designations and needs

assessments have not identified port or water-related industrial uses for Richardson Bay.

SEC. 3. It is in the public interest for the commission to enter into, and the commission is authorized to enter into, one or more agreements with the county and with the lessees of the granted lands who also own privately owned tidelands subject to the public trust in Richardson Bay for the sale or exchange of lands, the settlement of boundaries, confirmation of title, and the establishment of an agreed ordinary high water mark, if the commission finds and declares that the agreement and underlying sale or exchange, boundary settlement, confirmation of title, and agreed ordinary high water mark meet all of the following criteria:

(a) The agreement is consistent with the findings and declarations in Section 2 of this act.

(b) The commission has independently conducted a review and analysis of the pertinent information bearing upon the relevant parcels and water bodies, including a review of all documents, surveys, and deed descriptions of record. The commission has also physically inspected and investigated the parcels included in the agreement, and has concluded, based on its findings, that the boundary lines, including without limitation the agreed ordinary high water mark, are supported by fact and law.

(c) The agreement provides the public with a significant public benefit because it will modify the existing pattern of state ownership to consolidate the state's sovereign ownership in this property in a pattern that will enhance the state's use of this property for public trust purposes.

(d) The agreement provides that lands not needed for navigation, not providing statewide public trust benefits, and currently used for private residential purposes will be sold or exchanged for privately owned open water areas that will be used for purposes providing statewide public trust benefits, including fishery, recreation, and open space.

(e) The agreement provides the public with a significant public benefit by establishing an agreed ordinary high water mark along the affected shoreline of Richardson Bay.

(f) A sale or exchange pursuant to such an agreement will not diminish the amount of property potentially available for public trust uses because the lands conveyed to a private party pursuant to the agreement which are bayward of the agreed ordinary high water mark shall remain subject to the public trust.

(g) The agreement to sell or exchange property provides the public with a significant public benefit because the property which the state will receive pursuant to a sale or exchange provided for in the agreement will be held by the state as state owned sovereign tide and submerged lands, and the monetary value of the interests in property that the state

will receive pursuant to the agreement and sale or exchange will be equal to or greater than the monetary value of the property being sold or exchanged to a private party to the agreement.

SEC. 4. To effectuate the foregoing, the commission is authorized to do all of the following:

(a) Convey to a private party by patent the right, title, and interest held by the state by virtue of its sovereign trust title to tide and submerged lands in and to the tidelands and submerged lands granted to the county under the grant, reserving to the state a public trust easement interest (the jus publicum) and subject to additional reservations as the commission may determine to be appropriate.

(b) Receive and accept on behalf of the state in its sovereign capacity lands or an interest in lands, conveyed to the state in its sovereign capacity by the county or by a private party pursuant to this act and pursuant to a sale or exchange authorized, ratified, or confirmed by this act.

(c) Convey to the county by patent all of the right, title, and interest of the state in lands conveyed to the state in its sovereign capacity by the county or by a private party pursuant to this act and pursuant to a sale or exchange authorized, ratified, or confirmed by this act, subject to terms, conditions, and reservations as the commission may determine are necessary to meet the requirements of Section 3 of this act.

(d) Determine or settle as part of a sale or exchange, the title to, the location of, or the boundaries of the granted lands or other boundary lines that the commission deems necessary to effectuate the sale or exchange or the purposes of this act.

(e) Confirm, by quitclaim of all of the right, title, and interest of the state, that lands claimed in fee by a private party and not subject to tidal action on and after February 22, 1980, are not subject to the public trust.

SEC. 5. In the case where the state, pursuant to this act conveys tidelands and submerged lands transferred to the county pursuant to the grant, the state shall reserve all minerals and all mineral rights in the lands of every kind and character now known to exist or hereafter discovered, including, but not limited to, oil and gas and rights thereto, together with the sole, exclusive, and perpetual right to explore for, remove, and dispose of those minerals by any means or methods suitable to the state or to its successors and assignees, except that, notwithstanding the grant or Section 6401 of the Public Resources Code, any reservation shall not include the right of the state or its successors or assignees in connection with any mineral exploration, removal, or disposal activity, to do either of the following:

(a) Enter upon, use, or damage the surface of the lands or interfere with the use of the surface by a grantee or by the grantee's successors or assignees.

(b) Conduct mining activities of any nature whatsoever above a plane located 500 feet below the surface of the lands without the prior written permission of a grantee of the lands or the grantee's successors or assignees.

SEC. 6. An agreement entered into pursuant to this act, shall be conclusively presumed to be valid unless held to be invalid in an appropriate proceeding in a court of competent jurisdiction to determine the validity of the agreement commenced within 60 days after the recording of the agreement.

SEC. 7. (a) An action may be brought under Chapter 4 (commencing with Section 760.010) of Title 10 of Part 2 of the Code of Civil Procedure by the parties to an agreement entered into pursuant to this act to confirm the validity of the agreement. Notwithstanding Section 764.080 of the Code of Civil Procedure, the statement of decision in the action shall include a recitation of the underlying facts and a determination as to whether the agreement meets the requirements of this act, Sections 3 and 4 of Article X of the California Constitution, and any other law applicable to the validity of the agreement.

(b) For purposes of Section 764.080 of the Code of Civil Procedure and unless otherwise agreed in writing, an agreement entered into pursuant to this act shall be deemed to be entered into on the date it is executed by the executive officer of the commission, who shall be the last of the parties to sign prior to the signature of the Governor. The effective date of the agreement shall be deemed to be the date on which it is executed by the Governor pursuant to Section 6107 of the Public Resources Code.

SEC. 8. A sale or exchange, boundary settlement, confirmation of title, or agreed ordinary high water mark made, established, or accomplished pursuant to this act is hereby found to be of statewide significance, and, therefore, an ordinance, charter provision, or other provision of local law inconsistent with this act shall not be applicable to the exchange or sale.

SEC. 9. The Legislature finds and declares that, because of the unique circumstances applicable only to the lands within Richardson Bay described in this act, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

CHAPTER 404

An act to amend Sections 13292 and 13385 of the Water Code, relating to water.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the California regional water quality control boards should afford all parties to an adjudicative proceeding, including public agencies, fair and adequate adjudication procedures.

SEC. 2. Section 13292 of the Water Code is amended to read:

13292. (a) It is the responsibility of the state board to provide guidance to the regional boards in matters of procedure, as well as policy and regulation. In order to ensure that regional boards are providing fair, timely, and equal access to all participants in regional board proceedings, the state board shall undertake a review of the regional boards' public participation procedures. As part of the review process, and upon request by the state board, the regional boards shall solicit comments from participants in their proceedings. Upon completion of the review, the state board shall report to the Legislature regarding its findings and include recommendations to improve regional board public participation processes.

(b) (1) The state board shall provide annual training to regional board members to improve public participation and adjudication procedures at the regional level.

(2) Paragraph (1) shall be implemented only during fiscal years for which funding is provided for the purposes of that paragraph in the annual Budget Act or in another statute.

SEC. 3. Section 13385 of the Water Code is amended to read:

13385. (a) Any person who violates any of the following shall be liable civilly in accordance with this section:

(1) Section 13375 or 13376.

(2) Any waste discharge requirements or dredged or fill material permit issued pursuant to this chapter or any water quality certification issued pursuant to Section 13160.

(3) Any requirements established pursuant to Section 13383.

(4) Any order or prohibition issued pursuant to Section 13243 or Article 1 (commencing with Section 13300) of Chapter 5, if the activity

subject to the order or prohibition is subject to regulation under this chapter.

(5) Any requirements of Section 301, 302, 306, 307, 308, 318, 401, or 405 of the Clean Water Act, as amended.

(6) Any requirement imposed in a pretreatment program approved pursuant to waste discharge requirements issued under Section 13377 or approved pursuant to a permit issued by the administrator.

(b) Civil liability may be imposed by the superior court in an amount not to exceed the sum of both of the following:

(1) Twenty-five thousand dollars ($25,000) for each day in which the violation occurs.

(2) Where there is a discharge, any portion of which is not susceptible to cleanup or is not cleaned up, and the volume discharged but not cleaned up exceeds 1,000 gallons, an additional liability not to exceed twenty-five dollars ($25) multiplied by the number of gallons by which the volume discharged but not cleaned up exceeds 1,000 gallons.

The Attorney General, upon request of a regional board or the state board, shall petition the superior court to impose the liability.

(c) Civil liability may be imposed administratively by the state board or a regional board pursuant to Article 2.5 (commencing with Section 13323) of Chapter 5 in an amount not to exceed the sum of both of the following:

(1) Ten thousand dollars ($10,000) for each day in which the violation occurs.

(2) Where there is a discharge, any portion of which is not susceptible to cleanup or is not cleaned up, and the volume discharged but not cleaned up exceeds 1,000 gallons, an additional liability not to exceed ten dollars ($10) multiplied by the number of gallons by which the volume discharged but not cleaned up exceeds 1,000 gallons.

(d) For purposes of subdivisions (b) and (c), the term "discharge" includes any discharge to navigable waters of the United States, any introduction of pollutants into a publicly owned treatment works, or any use or disposal of sewage sludge.

(e) In determining the amount of any liability imposed under this section, the regional board, the state board, or the superior court, as the case may be, shall take into account the nature, circumstances, extent, and gravity of the violation or violations, whether the discharge is susceptible to cleanup or abatement, the degree of toxicity of the discharge, and, with respect to the violator, the ability to pay, the effect on its ability to continue its business, any voluntary cleanup efforts undertaken, any prior history of violations, the degree of culpability, economic benefit or savings, if any, resulting from the violation, and other matters that justice may require. At a minimum, liability shall be

assessed at a level that recovers the economic benefits, if any, derived from the acts that constitute the violation.

(f) (1) Except as provided in paragraph (2), for the purposes of this section, a single operational upset that leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

(2) (A) For the purposes of subdivisions (h) and (i), a single operational upset in a wastewater treatment unit that treats wastewater using a biological treatment process shall be treated as a single violation, even if the operational upset results in violations of more than one effluent limitation and the violations continue for a period of more than one day, if all of the following apply:

(i) The discharger demonstrates all of the following:

(I) The upset was not caused by wastewater treatment operator error and was not due to discharger negligence.

(II) But for the operational upset of the biological treatment process, the violations would not have occurred nor would they have continued for more than one day.

(III) The discharger carried out all reasonable and immediately feasible actions to reduce noncompliance with the applicable effluent limitations.

(ii) The discharger is implementing an approved pretreatment program, if so required by federal or state law.

(B) Subparagraph (A) only applies to violations that occur during a period for which the regional board has determined that violations are unavoidable, but in no case may that period exceed 30 days.

(g) Remedies under this section are in addition to, and do not supersede or limit, any other remedies, civil or criminal, except that no liability shall be recoverable under Section 13261, 13265, 13268, or 13350 for violations for which liability is recovered under this section.

(h) (1) Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (*l*), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each serious violation.

(2) For the purposes of this section, a "serious violation" means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

(i) (1) Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (*l*), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each violation whenever the person does any of the following four or more

times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

(A) Violates a waste discharge requirement effluent limitation.

(B) Fails to file a report pursuant to Section 13260.

(C) Files an incomplete report pursuant to Section 13260.

(D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

(2) For the purposes of this section, a "period of six consecutive months" means the period commencing on the date that one of the violations described in this subdivision occurs and ending 180 days after that date.

(j) Subdivisions (h) and (i) do not apply to any of the following:

(1) A violation caused by one or any combination of the following:

(A) An act of war.

(B) An unanticipated, grave natural disaster or other natural phenomenon of an exceptional, inevitable, and irresistible character, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(C) An intentional act of a third party, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(D) (i) The operation of a new or reconstructed wastewater treatment unit during a defined period of adjusting or testing, not to exceed 90 days for a wastewater treatment unit that relies on a biological treatment process and not to exceed 30 days for any other wastewater treatment unit, if all of the following requirements are met:

(I) The discharger has submitted to the regional board, at least 30 days in advance of the operation, an operations plan that describes the actions the discharger will take during the period of adjusting and testing, including steps to prevent violations and identifies the shortest reasonable time required for the period of adjusting and testing, not to exceed 90 days for a wastewater treatment unit that relies on a biological treatment process and not to exceed 30 days for any other wastewater treatment unit.

(II) The regional board has not objected in writing to the operations plan.

(III) The discharger demonstrates that the violations resulted from the operation of the new or reconstructed wastewater treatment unit and that the violations could not have reasonably been avoided.

(IV) The discharger demonstrates compliance with the operations plan.

(V) In the case of a reconstructed wastewater treatment unit, the unit relies on a biological treatment process that is required to be out of operation for at least 14 days in order to perform the reconstruction, or the unit is required to be out of operation for at least 14 days and, at the time of the reconstruction, the cost of reconstructing the unit exceeds 50 percent of the cost of replacing the wastewater treatment unit.

(ii) For the purposes of this section, "wastewater treatment unit" means a component of a wastewater treatment plant that performs a designated treatment function.

(2) (A) Except as provided in subparagraph (B), a violation of an effluent limitation where the waste discharge is in compliance with either a cease and desist order issued pursuant to Section 13301 or a time schedule order issued pursuant to Section 13300, if all of the following requirements are met:

(i) The cease and desist order or time schedule order is issued after January 1, 1995, but not later than July 1, 2000, specifies the actions that the discharger is required to take in order to correct the violations that would otherwise be subject to subdivisions (h) and (i), and the date by which compliance is required to be achieved and, if the final date by which compliance is required to be achieved is later than one year from the effective date of the cease and desist order or time schedule order, specifies the interim requirements by which progress towards compliance will be measured and the date by which the discharger will be in compliance with each interim requirement.

(ii) The discharger has prepared and is implementing in a timely and proper manner, or is required by the regional board to prepare and implement, a pollution prevention plan that meets the requirements of Section 13263.3.

(iii) The discharger demonstrates that it has carried out all reasonable and immediately feasible actions to reduce noncompliance with the waste discharge requirements applicable to the waste discharge and the executive officer of the regional board concurs with the demonstration.

(B) Subdivisions (h) and (i) shall become applicable to a waste discharge on the date the waste discharge requirements applicable to the waste discharge are revised and reissued pursuant to Section 13380, unless the regional board does all of the following on or before that date:

(i) Modifies the requirements of the cease and desist order or time schedule order as may be necessary to make it fully consistent with the reissued waste discharge requirements.

(ii) Establishes in the modified cease and desist order or time schedule order a date by which full compliance with the reissued waste discharge requirements shall be achieved. For the purposes of this subdivision, the regional board may not establish this date later than five years from the

date the waste discharge requirements were required to be reviewed pursuant to Section 13380. If the reissued waste discharge requirements do not add new effluent limitations or do not include effluent limitations that are more stringent than those in the original waste discharge requirements, the date shall be the same as the final date for compliance in the original cease and desist order or time schedule order or five years from the date that the waste discharge requirements were required to be reviewed pursuant to Section 13380, whichever is earlier.

(iii) Determines that the pollution prevention plan required by clause (ii) of subparagraph (A) is in compliance with the requirements of Section 13263.3 and that the discharger is implementing the pollution prevention plan in a timely and proper manner.

(3) A violation of an effluent limitation where the waste discharge is in compliance with either a cease and desist order issued pursuant to Section 13301 or a time schedule order issued pursuant to Section 13300 or Section 13308, if all of the following requirements are met:

(A) The cease and desist order or time schedule order is issued on or after July 1, 2000, and specifies the actions that the discharger is required to take in order to correct the violations that would otherwise be subject to subdivisions (h) and (i).

(B) The regional board finds that, for one of the following reasons, the discharger is not able to consistently comply with one or more of the effluent limitations established in the waste discharge requirements applicable to the waste discharge:

(i) The effluent limitation is a new, more stringent, or modified regulatory requirement that has become applicable to the waste discharge after the effective date of the waste discharge requirements and after July 1, 2000, new or modified control measures are necessary in order to comply with the effluent limitation, and the new or modified control measures cannot be designed, installed, and put into operation within 30 calendar days.

(ii) New methods for detecting or measuring a pollutant in the waste discharge demonstrate that new or modified control measures are necessary in order to comply with the effluent limitation and the new or modified control measures cannot be designed, installed, and put into operation within 30 calendar days.

(iii) Unanticipated changes in the quality of the municipal or industrial water supply available to the discharger are the cause of unavoidable changes in the composition of the waste discharge, the changes in the composition of the waste discharge are the cause of the inability to comply with the effluent limitation, no alternative water supply is reasonably available to the discharger, and new or modified measures

to control the composition of the waste discharge cannot be designed, installed, and put into operation within 30 calendar days.

(iv) The discharger is a publicly owned treatment works located in Orange County that is unable to meet effluent limitations for biological oxygen demand, suspended solids, or both, because the publicly owned treatment works meets all of the following criteria:

(I) Was previously operating under modified secondary treatment requirements pursuant to Section 301(h) of the Clean Water Act (33 U.S.C. Sec. 1311(h)).

(II) Did vote on July 17, 2002, not to apply for a renewal of the modified secondary treatment requirements.

(III) Is in the process of upgrading its treatment facilities to meet the secondary treatment standards required by Section 301(b)(1)(B) of the Clean Water Act (33 U.S.C. Sec. 1311(b)(1)(B)).

(C) The regional board establishes a time schedule for bringing the waste discharge into compliance with the effluent limitation that is as short as possible, taking into account the technological, operational, and economic factors that affect the design, development, and implementation of the control measures that are necessary to comply with the effluent limitation. For the purposes of this subdivision, the time schedule may not exceed five years in length, except that the time schedule may not exceed 10 years in length for the upgrade described in subparagraph (B)(iv)(III). If the time schedule exceeds one year from the effective date of the order, the schedule shall include interim requirements and the dates for their achievement. The interim requirements shall include both of the following:

(i) Effluent limitations for the pollutant or pollutants of concern.

(ii) Actions and milestones leading to compliance with the effluent limitation.

(D) The discharger has prepared and is implementing in a timely and proper manner, or is required by the regional board to prepare and implement, a pollution prevention plan pursuant to Section 13263.3.

(k) (1) In lieu of assessing all or a portion of the mandatory minimum penalties pursuant to subdivisions (h) and (i) against a publicly owned treatment works serving a small community, the state board or the regional board may elect to require the publicly owned treatment works to spend an equivalent amount towards the completion of a compliance project proposed by the publicly owned treatment works, if the state board or the regional board finds all of the following:

(A) The compliance project is designed to correct the violations within five years.

(B) The compliance project is in accordance with the enforcement policy of the state board, excluding any provision in the policy that is inconsistent with this section.

(C) The publicly owned treatment works has prepared a financing plan to complete the compliance project.

(2) For the purposes of this subdivision, "small community" means a publicly owned treatment works serving a population of 10,000 persons or less or a rural county, with a financial hardship as determined by the state board after considering such factors as median income of the residents, rate of unemployment, or low population density in the service area of the publicly owned treatment works.

(*l*) (1) In lieu of assessing penalties pursuant to subdivision (h) or (i), the state board or the regional board, with the concurrence of the discharger, may direct a portion of the penalty amount to be expended on a supplemental environmental project in accordance with the enforcement policy of the state board. If the penalty amount exceeds fifteen thousand dollars ($15,000), the portion of the penalty amount that may be directed to be expended on a supplemental environmental project may not exceed fifteen thousand dollars ($15,000) plus 50 percent of the penalty amount that exceeds fifteen thousand dollars ($15,000).

(2) For the purposes of this section, a "supplemental environmental project" means an environmentally beneficial project that a person agrees to undertake, with the approval of the regional board, that would not be undertaken in the absence of an enforcement action under this section.

(3) This subdivision applies to the imposition of penalties pursuant to subdivision (h) or (i) on or after January 1, 2003, without regard to the date on which the violation occurs.

(m) The Attorney General, upon request of a regional board or the state board, shall petition the appropriate court to collect any liability or penalty imposed pursuant to this section. Any person who fails to pay on a timely basis any liability or penalty imposed under this section shall be required to pay, in addition to that liability or penalty, interest, attorneys' fees, costs for collection proceedings, and a quarterly nonpayment penalty for each quarter during which the failure to pay persists. The nonpayment penalty shall be in an amount equal to 20 percent of the aggregate amount of the person's penalty and nonpayment penalties that are unpaid as of the beginning of the quarter.

(n) (1) Subject to paragraph (2), funds collected pursuant to this section shall be deposited in the State Water Pollution Cleanup and Abatement Account.

(2) (A) Notwithstanding any other provision of law, moneys collected for a violation of a water quality certification in accordance with paragraph (2) of subdivision (a) or for a violation of Section 401 of the

Clean Water Act (33 U.S.C. Sec. 1341) in accordance with paragraph (5) of subdivision (a) shall be deposited in the Waste Discharge Permit Fund and separately accounted for in that fund.

(B) The funds described in subparagraph (A) shall be expended by the state board, upon appropriation by the Legislature, to assist regional boards, and other public agencies with authority to clean up waste or abate the effects of the waste, in cleaning up or abating the effects of the waste on waters of the state or for the purposes authorized in Section 13443.

(o) The state board shall continuously report and update information on its Internet Web site, but at a minimum, annually on or before January 1, regarding its enforcement activities. The information shall include all of the following:

(1) A compilation of the number of violations of waste discharge requirements in the previous calendar year, including stormwater enforcement violations.

(2) A record of the formal and informal compliance and enforcement actions taken for each violation, including stormwater enforcement actions.

(3) An analysis of the effectiveness of current enforcement policies, including mandatory minimum penalties.

(p) The amendments made to subdivisions (f), (h), (i) and (j) during the second year of the 2001–02 Regular Session apply only to violations that occur on or after January 1, 2003.

This section does not apply to a credit life insurance product as defined in Section 779.2.

(c) A life agent who offers for sale or sells a financial product to an elder on the basis of the product's treatment under the Medi-Cal program may not negligently misrepresent the treatment of any asset under the statutes and rules and regulations of the Medi-Cal program, as it pertains to the determination of the elder's eligibility for any program of public assistance.

(d) A life agent who offers for sale or sells any financial product on the basis of its treatment under the Medi-Cal program shall provide, in writing, the following disclosure to the elder or the elder's agent:

"NOTICE REGARDING STANDARDS FOR MEDI-CAL ELIGIBILITY AND RECOVERY

If you or your spouse are considering purchasing a financial product based on its treatment under the Medi-Cal program, read this important message!

You or your spouse do not have to use up all of your savings before applying for Medi-Cal.

RECOVERY

An annuity purchased on or after September 1, 2004, shall be subject to recovery by the state upon the annuitant's death under the regulations of the Medi-Cal Recovery Program. Income derived from the annuity must be used to meet the annuitant's share of costs and, if the annuitant is married, the income derived from the annuity may impact the minimum monthly maintenance needs of the annuitant's community spouse. An annuity purchased by a community spouse on or after September 1, 2004, may also be subject to recovery if that spouse is the recipient of past or future Medi-Cal benefits.

UNMARRIED RESIDENT

An unmarried resident may be eligible for Medi-Cal benefits if he or she has less than (insert amount of individual's resource allowance) in countable resources.

The Medi-Cal recipient is allowed to keep from his or her monthly income a personal allowance of (insert amount of personal needs allowance) plus the amount of any health insurance premiums paid. The remainder of the monthly income is paid to the nursing facility as a monthly share of cost.

MARRIED RESIDENT

COMMUNITY SPOUSE RESOURCE ALLOWANCE: If one spouse lives in a nursing facility, and the other spouse does not live in a facility, the Medi-Cal program will pay some or all of the nursing facility costs as long as the couple together does not have more than (insert amount of community countable assets).

MINIMUM MONTHLY MAINTENANCE NEEDS ALLOWANCE: If a spouse is eligible for Medi-Cal payment of nursing facility costs, the spouse living at home is allowed to keep a monthly income of at least his or her individual monthly income or (insert amount of the minimum monthly maintenance needs allowance), whichever is greater.

FAIR HEARINGS AND COURT ORDERS

Under certain circumstances, an at-home spouse can obtain an order from an administrative law judge or court that will allow the at-home spouse to retain additional resources or income. The order may allow the couple to retain more than (insert amount of community spouse resource allowance plus individual's resource allowance) in countable resources. The order also may allow the at-home spouse to retain more than (insert amount of the monthly maintenance needs allowance) in monthly income.

REAL AND PERSONAL PROPERTY EXEMPTIONS

Many of your assets may already be exempt. Exempt means that the assets are not counted when determining eligibility for Medi-Cal.

REAL PROPERTY EXEMPTIONS

ONE PRINCIPAL RESIDENCE: One property used as a home is exempt. The home will remain exempt in determining eligibility if the applicant intends to return home someday.

The home also continues to be exempt if the applicant's spouse or dependent relative continues to live in it.

Money received from the sale of a home can be exempt for up to six months if the money is going to be used for the purchase of another home.

REAL PROPERTY USED IN A BUSINESS OR TRADE: Real estate used in a trade or business is exempt regardless of its equity value and whether it produces income.

PERSONAL PROPERTY AND OTHER EXEMPT ASSETS

IRAs, KEOGHs, AND OTHER WORK-RELATED PENSION PLANS: These funds are exempt if the family member whose name it is in does not want Medi-Cal. If held in the name of a person who wants Medi-Cal and payments of principal and interest are being received, the balance is considered unavailable and is not counted. It is not necessary to annuitize, convert to an annuity, or otherwise change the form of the assets in order for them to be unavailable.

PERSONAL PROPERTY USED IN A TRADE OR BUSINESS.

ONE MOTOR VEHICLE.

IRREVOCABLE BURIAL TRUSTS OR IRREVOCABLE PREPAID BURIAL CONTRACTS.

THERE MAY BE OTHER ASSETS THAT MAY BE EXEMPT.

(1) The aggregate amount of the assessment shall be determined by the Fraud Assessment Commission, which is hereby established. The commission shall be composed of seven members consisting of two representatives of organized labor, two representatives of self-insured employers, one representative of insured employers, one representative of workers' compensation insurers, and the President of the State Compensation Insurance Fund, or his or her designee.

The Governor shall appoint members representing organized labor, self-insured employers, insured employers, and insurers. The term of office of members of the commission shall be four years, and a member shall hold office until the appointment of a successor. The President of the State Compensation Insurance Fund shall be an ex officio, voting member of the commission. Members of the commission shall receive one hundred dollars ($100) for each day of actual attendance at commission meetings and other official commission business, and shall also receive their actual and necessary traveling expenses incurred in the performance of commission duties. Payment of per diem and travel expenses shall be made from the Workers' Compensation Fraud Account in the Insurance Fund, established in paragraph (4), upon appropriation by the Legislature.

(2) In determining the aggregate amount of the assessment, the Fraud Assessment Commission shall consider the advice and recommendations of the Fraud Division and the commissioner.

(3) The aggregate amount of the assessment shall be collected by the Director of Industrial Relations pursuant to Section 62.6 of the Labor Code. (4) The amount collected, together with the fines collected for violations of the unlawful acts specified in Sections 1871.4, 11760, and

11880, Section 3700.5 of the Labor Code, and Section 549 of the Penal Code, shall be deposited in the Workers' Compensation Fraud Account in the Insurance Fund, which is hereby created, and may be used, upon appropriation by the Legislature, only for enhanced investigation and prosecution of workers' compensation fraud and of willful failure to secure payment of workers' compensation as provided in this section.

Any funds appropriated by the Legislature pursuant to subdivision (b) that are not expended in the fiscal year for which they have been appropriated, and that have not been allocated under subdivision (f), shall be applied to satisfy for the immediately following fiscal year the minimum total amount required by this subdivision. In no case may that money be transferred to the General Fund.

(d) After incidental expenses, at least 40 percent of the funds to be used for the purposes of this section shall be provided to the Fraud Division of the Department of Insurance for enhanced investigative efforts, and at least 40 percent of the funds shall be distributed to district attorneys, pursuant to a determination by the commissioner with the advice and consent of the division and the Fraud Assessment Commission, as to the most effective distribution of moneys for purposes of the investigation and prosecution of workers' compensation fraud cases and cases relating to the willful failure to secure the payment of workers' compensation. Each district attorney seeking a portion of the funds shall submit to the commissioner an application setting forth in detail the proposed use of any funds provided. A district attorney receiving funds pursuant to this subdivision shall submit an annual report to the commissioner with respect to the success of his or her efforts. Upon receipt, the commissioner shall provide copies to the Fraud Division and the Fraud Assessment Commission of any application, annual report, or other documents with respect to the allocation of money pursuant to this subdivision. Both the application for moneys and the distribution of moneys shall be public documents. Information submitted to the commissioner pursuant to this section concerning criminal investigations, whether active or inactive, shall be confidential.

(e) If a district attorney is determined by the commissioner to be unable or unwilling to investigate and prosecute workers' compensation fraud claims or claims relating to the willful failure to secure the payment of workers' compensation, the commissioner shall discontinue

distribution of funds allocated for that county and may redistribute those funds according to this subdivision.

(1) The commissioner shall promptly determine whether any other county could assert jurisdiction to prosecute the fraud claims or claims relating to the willful failure to secure the payment of workers' compensation that would have been brought in the nonparticipating county, and if so, the commissioner may award funds to conduct the prosecutions redirected pursuant to this subdivision. These funds may be in addition to any other fraud prosecution funds or claims relating to the willful failure to secure the payment of workers' compensation prosecution otherwise awarded under this section. Any district attorney receiving funds pursuant to this subdivision shall first agree that the funds shall be used solely for investigating and prosecuting those cases of workers' compensation fraud or claims relating to the willful failure to secure the payment of workers' compensation that are redirected pursuant to this subdivision and submit an annual report to the commissioner with respect to the success of the district attorney's efforts. The commissioner shall keep the Fraud Assessment Commission fully informed of all reallocations of funds under this paragraph.

(2) If the commissioner determines that no district attorney is willing or able to investigate and prosecute the workers' compensation fraud claims or claims relating to the willful failure to secure the payment of workers' compensation arising in the nonparticipating county, the commissioner, with the advice and consent of the Fraud Assessment Commission, may award to the Attorney General some or all of the funds previously awarded to the nonparticipating county. Before the commissioner may award any funds, the Attorney General shall submit to the commissioner an application setting forth in detail his or her proposed use of any funds provided and agreeing that any funds awarded shall be used solely for investigating and prosecuting those cases of workers' compensation fraud or claims relating to the willful failure to secure the payment of workers' compensation that are redirected pursuant to this subdivision. The Attorney General shall submit an annual report to the commissioner with respect to the success of the fraud prosecution efforts of his or her office.

(3) Neither the Attorney General nor any district attorney shall be required to relinquish control of any investigation or prosecution undertaken pursuant to this subdivision unless the commissioner determines that satisfactory progress is no longer being made on the case or the case has been abandoned.

(4) A county that has become a nonparticipating county due to the inability or unwillingness of its district attorney to investigate and prosecute workers' compensation fraud or the willful failure to secure

the payment of workers' compensation shall not become eligible to receive funding under this section until it has submitted a new application that meets the requirements of subdivision (d) and the applicable regulations.

(f) If in any fiscal year the Fraud Division does not use all of the funds made available to it under subdivision (d), any remaining funds may be distributed to district attorneys pursuant to a determination by the commissioner in accordance with the same procedures set forth in subdivision (d).

(g) The commissioner shall adopt rules and regulations to implement this section in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). Included in the rules and regulations shall be the criteria for redistributing funds to district attorneys and the Attorney General. The adoption of the rules and regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare.

(h) The department shall report to the Governor, the Legislature, to the committees of the Senate and Assembly having jurisdiction over insurance, and the Fraud Assessment Commission on the activities of the Fraud Division and district attorneys supported by the funds provided by this section in the annual report submitted pursuant to Section 12922.

The annual report shall include, but is not limited to, all of the following information for the department and each district attorney's office:

(1) All allocations, distributions, and expenditures of funds.

(2) The number of search warrants issued.

(3) The number of arrests and prosecutions, and the aggregate number of parties involved in each.

(4) The number of convictions and the names of all convicted fraud perpetrators.

(5) The estimated value of all assets frozen, penalties assessed, and restitutions made for each conviction.

(6) Any additional items necessary to fully inform the Fraud Assessment Commission and the Legislature of the fraud-fighting efforts financed through this section.

(i) In order to meet the requirements of subdivision (g), the department shall submit a biannual information request to those district attorneys who have applied for and received funding through the annual assessment process under this section.

(j) Assessments levied or collected to fight workers' compensation fraud and insurance fraud are not taxes. Those funds are entrusted to the

state to fight fraud and the willful failure to secure the payment of workers' compensation by funding state and local investigation and prosecution efforts. Accordingly, any funds resulting from assessments, fees, penalties, fines, restitution, or recovery of costs of investigation and prosecution deposited in the Insurance Fund shall not be deemed "unexpended" funds for any purpose and, if remaining in that account at the end of any fiscal year, shall be applied as provided in subdivision (f) and to offset or augment subsequent years' program funding.

(k) The Bureau of State Audits shall evaluate the effectiveness of the efforts of the Fraud Assessment Commission, the Fraud Division, the Department of Insurance, and the Department of Industrial Relations, as well as local law enforcement agencies, including district attorneys, in identifying, investigating, and prosecuting workers' compensation fraud and the willful failure to secure payment of workers' compensation. The report shall specifically identify areas of deficiencies. Included in this report shall be recommendations on whether the current program provides the appropriate levels of accountability for those responsible for the allocation and expenditure of funds raised from the assessment provided in this section. The Bureau of State Audits shall submit a report to the Chairperson of the Senate Committee on Labor and Industrial Relations and the Chairperson of the Assembly Committee on Insurance on or before May 1, 2004.

1874.8. (a) Each insurer doing business in this state shall pay an annual fee to be determined by the commissioner, but not to exceed fifty cents ($0.50) annually for each vehicle insured under an insurance policy it issues in this state, in order to fund the Fraud Division and an Organized Automobile Fraud Activity Interdiction Program. The commissioner shall award three to 10 grants for a coordinated program targeted at the successful prosecution and elimination of organized automobile fraud activity. The grants may only be awarded to district attorneys.

(b) In determining whether to award a district attorney a grant, the commissioner shall consider factors indicating organized automobile fraud activity in the district attorney's county, including, but not limited to, the county's level of general criminal activity, population density, automobile insurance claims frequency, number of suspected fraudulent claims, and prior and current evidence of organized automobile fraud activity. Funding priority shall be given to those grant applications with the potential to have the greatest impact on organized automobile insurance fraud activity.

(c) All participants of a grant referred to in subdivision (a) shall coordinate their efforts and work in conjunction with the bureau, other participating agencies, and all interested insurers in this regard. Of the funds collected pursuant to this section, 42.5 percent shall be distributed to district attorneys, 42.5 percent shall be distributed to the Fraud Division, and 15 percent shall be distributed to the Department of the California Highway Patrol. Funds distributed pursuant to this section to the Fraud Division and to the Department of the California Highway Patrol shall be used to fund bureau and Department of the California Highway Patrol investigators who shall be assigned to work solely in conjunction with district attorneys who are awarded grants. Each grantee shall be notified by the Fraud Division of the investigators assigned to work with the grantee. Nothing shall prohibit the referral of any cases developed by the Fraud Division to any appropriate prosecutorial entity.

(d) A grant under this section shall be awarded on the basis of a single application for a period of three years and shall be subject where applicable to the requirements of subdivision (b) of Section 1872.8, except for the requirement that grants be awarded according to population. Continued funding of a grant shall be contingent upon a grantee's successful performance as determined by an annual review by the commissioner. Any redirection of grant funds under this section shall be made only for good cause. The Department of the California Highway Patrol shall submit to the commissioner, for informational purposes only, an annual report on its expenditure of funds under this section in the same format as is required of grantees under this section.

(e) There shall be no prohibition against a joint application by two or more district attorneys for a grant award under this section.

(f) The Fraud Division shall report to the Governor, the Legislature, and to the committees of the Senate and Assembly having jurisdiction over insurance on the results of the grant program established by this section, including funding distributed to the Department of the California Highway Patrol in the annual report submitted pursuant to Section 12922.

(g) For purposes of this section, "organized automobile fraud activity" means two or more persons who conspire, aid and abet, or in any other manner act together, to engage in economic automobile theft as defined in subdivision (f) of Section 1872.8, or to violate any of the following provisions in relation to an automobile insurance claim:

(1) Section 650 or 6152 of the Business and Professions Code.

(2) Section 750 of the Insurance Code.

(3) Section 549, 550, or 551 of the Penal Code.

(b) At six-month intervals, the department shall collect from the mediators with which it contracts for this service the following information: the number of persons to whom mediation was offered, the number of insurers that accepted and declined mediation, the number of settlements, and of those settlements, the number rejected within the three business day cooling off period. For each settlement, the mediation service shall also report the amount initially claimed by the consumer and the amount agreed to be paid, if any, by the insurer or other party.

(c) The department may adopt regulations, including reporting requirements, in the commissioner's discretion, to implement this chapter. The regulations shall be adopted as emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of the regulations is deemed necessary for the immediate preservation of the public peace, health or safety, or general welfare.

SEC. 13. Section 12967 of the Insurance Code is amended to read:

12967. (a) (1) The department shall develop and implement a coordinated approach to gather, review, and analyze the archives of insurers and other archives and records, using onsite teams and the oversight committee, to provide for research and investigation into insurance policies, unpaid insurance claims, and related matters of victims of the Holocaust or of the Nazi-controlled German government or its allies, and the beneficiaries and heirs of those victims, and for losses arising from the activities of the Nazi-controlled German government or its allies for insurance policies issued before and during World War II by insurers who have affiliates or subsidiaries authorized to do business in California. Information compiled shall be placed in a centralized database for the retention of policy and claimant data, and the data shall be used to implement this section and Section 790.15.

(2) The department has an affirmative duty to play an independent role in representing the interests of Holocaust survivors where necessary, including the duty to carry out research, investigations, and advocacy. The department shall cooperate with, participate in, promote coordination with, and to the extent feasible and consistent with the purposes of this section, work jointly with the National Association of Insurance Commissioners and the international commission on Holocaust survivor claims or any other entity involved in the documentation, resolution, settlement, or distribution of insurance claims, including the documentation of unpaid claims and the distribution of proceeds, and the establishment and maintenance of a database to contain information relevant to claimants and documents and historical information. The department shall work to recover information and records that will strengthen the claims of California residents.

(3) The department shall employ insurance archaeologists, economists, attorneys, accountants, and other specialists, in this country and in Europe, to implement this section. The department shall work jointly with the National Association of Insurance Commissioners and other organizations for this purpose. The department's cooperation with other states shall be for the purpose of advancing survivors' claims while avoiding duplication of efforts, and shall be dependent upon contributions by other states.

(4) In order to assure that Holocaust survivors receive the most aggressive and independent representation possible in pursuit of their historic claims, in contracting with accounting firms, law firms, economists, or others to implement this section, the department shall, to the maximum extent possible, avoid any potential or actual conflict of interest by doing the following:

(A) Seek and give preference to firms that are entirely free of any associations with firms representing insurers and nations from which Holocaust survivors are seeking just treatment of their claims.

(B) If the department finds that it is necessary to contract with a firm or firms that have conflicts or potential conflicts of interest, those conflicts or potential conflicts of interest shall be disclosed to the commissioner, and the following requirements shall apply:

(i) The contract shall contain a provision that expresses a formal commitment on the part of the firm to aggressively pursue a maximum just settlement for Holocaust survivors and their families without regard to any adverse impacts on insurers, affiliates of insurers, nations, or others that may have employed the firm or affiliates of the firm that is contracting with the commissioner to assist in carrying out the commissioner's responsibilities under this section.

(ii) If any conflict or potential conflict exists between the firm, or an affiliate of the firm, and an insurer, an affiliate of an insurer, a nation or others directly or indirectly involving Holocaust claims, the firm shall disclose both the fact of the conflict or potential conflict, and all relevant information describing the nature of the conflict or potential conflict.

(iii) If a conflict or potential conflict exists between the firm, or an affiliate of the firm, and an insurer, an affiliate of an insurer, a nation, or others that does not directly or indirectly involve Holocaust claims, the firm shall disclose the fact of the conflict or potential conflict and identify the source of the conflict or potential conflict, but need not describe the particular circumstances or facts that create the conflict or potential conflict.

(C) The department may take whatever special measures it deems necessary to avoid either the appearance or the reality of conflicts that may undermine public confidence in the integrity of the effort to secure justice for Holocaust survivors.

(b) The funding of the activities provided for by this section for the 1998–99 fiscal year shall be from funds transferred pursuant to subdivision (b) of Section 1523 of the Code of Civil Procedure, which funds are hereby appropriated to the commissioner for that purpose. The commissioner shall seek reimbursement of those funds as provided in subdivision (c).

Funding for subsequent fiscal years shall be subject to the Budget Act and based on a plan submitted by the commissioner to the Legislature outlining the plan for reimbursement of expenses of the department by affected insurers.

Funds made available to implement this section shall be used to develop and implement a coordinated approach to gather, review, and analyze the archives of affected insurance groups, and other archives and records, using onsite teams and the oversight committee. These funds shall also be used to fund the necessary expenses of the Holocaust Era Insurance Claims Oversight Committee established in subdivision (d). The information compiled shall be placed in a centralized database for the retention of policy and claimant data, and that data shall be used by the department to implement this section.

(c) (1) Any funds recovered by the department for the purpose of reimbursing the state for costs associated with investigation and enforcement actions under this section shall not be deposited in the Insurance Fund, but instead shall be delivered to the Controller for deposit into the General Fund.

(2) To the maximum extent possible, the department shall seek reimbursement for its costs incurred in implementing this section, including funds transferred pursuant to subdivision (b) of Section 1523 of the Code of Civil Procedure, from any settlements reached with affected insurers.

(d) (1) There is established a seven-member Holocaust Era Insurance Claims Oversight Committee, that shall be known as the oversight committee, and whose members shall be appointed as follows:

(3) Each member of the committee shall serve at the pleasure of the authority that appointed him or her to serve on the committee.

(4) The oversight committee shall be composed of qualified individuals with experience in Holocaust claims cases, similar investigations, archival research, and international law. The oversight committee shall also include Holocaust survivors. No member of the oversight committee shall have a potential or actual conflict of interest, or shall be employed by a person who has a potential or actual conflict of interest.

(5) The appointments shall be expedited because of the urgency due to survivors' needs.

(6) The oversight committee shall have the following authority and shall do all of the following:

(A) Review and make recommendations concerning any insurance settlement negotiation or offer relating to a Holocaust era insurance claim in which the department is involved.

(B) Review and make recommendations to the commissioner on the priorities for expenditure of funds and use of resources by the department for Holocaust era insurance claims related activities.

(C) Recommend whether a proposed settlement of a Holocaust era insurance claim submitted to the committee pursuant to paragraph (7) is equitable before the department finalizes the settlement agreement.

(7) The commissioner, in the event of a proposed settlement of any policy or group of policies relating to Holocaust era insurance claims, shall confer with the committee prior to the department finalizing the settlement agreement. The department may not finalize a proposed settlement of a Holocaust era insurance claim unless the committee, pursuant to subparagraph (C) of paragraph (6), recommends that the proposed settlement is equitable.

(e) The department shall report its progress in implementing this section and its participation in the identification and resolution of insurance claims of Holocaust survivors and their beneficiaries and heirs. The report shall also include an overview of current and anticipated expenditures in implementing this section. The department shall report this information to the Governor, the Legislature, and the insurance and budget committees of the Legislature in the annual report submitted pursuant to Section 12922.

SEC. 14. Notwithstanding Section 15 of this bill, Sections 1, 2, 3, 5, 6, 7, 8, 9, 10, 11, 12, and 13 shall not become operative until January 1, 2007.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 406

An act to amend Section 4005 of the Fish and Game Code, relating to trapping licenses.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 4005 of the Fish and Game Code is amended to read:

4005. (a) Except as otherwise provided in this section, every person, other than a fur dealer, who traps fur-bearing mammals or nongame mammals, designated by the commission or who sells raw furs of those mammals, shall procure a trapping license. "Raw fur" means any fur, pelt, or skin that has not been tanned or cured, except that salt-cured or sun-cured pelts are raw furs.

(b) The department shall develop standards that are necessary to ensure the competence and proficiency of applicants for a trapping license. No person shall be issued a license until he or she has passed a test of his or her knowledge and skill in this field.

(c) Persons trapping mammals in accordance with Section 4152 or 4180 are not required to procure a trapping license except when providing trapping services for profit.

(d) No raw furs taken by persons providing trapping services for profit may be sold.

(e) The license requirement imposed by this section does not apply to any of the following:

(1) Officers or employees of federal, county, or city agencies or the department, when acting in their official capacities, or officers or employees of the Department of Food and Agriculture when acting pursuant to the Food and Agricultural Code pertaining to pests or pursuant to Article 6 (commencing with Section 6021) of Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code.

(2) Structural pest control operators license pursuant to Chapter 14 (commencing with Section 8500) of Division 3 of the Business and Professions Code, when trapping rats, mice, voles, moles, or gophers.

(3) Persons and businesses licensed or certified by the Department of Pesticide Regulation pursuant to Chapter 4 (commencing with Section 11701) and Chapter 8 (commencing with Section 12201) of Division 6 of, and Chapter 3.6, (commencing with Section 14151) of Division 7

of, the Food and Agricultural Code, when trapping rats, mice, voles, moles, or gophers.

CHAPTER 407

An act to amend Sections 17303, 17305, 81133, 81134, and 81135 of, to add Sections 81133.1 and 81133.2 to, and to add Article 3.3 (commencing with Section 17319) to Chapter 3 of Part 10.5 of, the Education Code, relating to school facilities, and making an appropriation therefor.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Current law requires the Department of General Services to review and approve plans for community college and school buildings serving kindergarten and grades 1 to 12, inclusive, after the plans are completed by the building designers in accordance with the Field Act.

(b) Because of the increasing complexity of building design, especially seismic requirements, it is costly and time consuming for building designers to change the design of a building after the plans are completed.

(c) Returning plans after review for corrections or redesign can delay the completion and use of the building.

(d) Early collaboration among the Department of General Services, community college districts, school districts, and their design professionals during critical stages of the building design and project development process will facilitate the early identification and resolution of technical issues, and thus reduce the probability that significant changes in the building plans will be required after plan review. The current project submittal and plan review process established by existing law does not formally accommodate, prior to design completion, this desired degree of collaboration and issue resolution between these parties.

(e) The Legislature acknowledges that the Department of General Services and the Board of Governors of the California Community Colleges have entered into a memorandum of understanding for the development and implementation of the collaborative process for project development and review to ensure the public safety of community college facilities through a collaborative, consistent, and timely project development and plan review process.

(f) This process may be made available to community college districts and school districts serving kindergarten and grades 1 to 12, inclusive, on a voluntary basis, as an alternative to the traditional plan review and approval process currently provided by the Department of General Services. The collaborative process for project development and review involves the early and full participation of all parties involved in the development, plan review, construction, and certification of facilities projects on behalf of community college districts and school districts serving kindergarten and grades 1 to 12, inclusive. These parties include the Department of General Services staff, qualified plan review firms, community college districts, school districts, and their design professionals.

SEC. 1.5. Section 17303 of the Education Code is amended to read:

17303. (a) The Department of General Services shall establish one or more methods to ensure that each application has been completed sufficiently by the applicant to enable the plan review to be performed.

(b) Upon receipt of a complete application, the Department of General Services shall inform the applicant of the period of time that it anticipates to elapse prior to commencing review of the applicant's plans. Within 10 days of being so notified, the applicant shall make an election to either use the Department of General Services for the review of the applicant's plan or, request that the plan review be performed by one or more qualified plan review firms pursuant to Sections 17305 and 17306. If the applicant elects to use the services of the Department of General Services for review of the applicant's plan, the department, as it deems necessary to expedite review of the applicant's plans, in addition to making a good faith effort to hire state employees, shall do one or more of the following:

(1) Contract for assistance from one or more qualified plan review firms pursuant to Section 17305.

(2) Employ additional staff on a temporary basis.

(3) Maximize the use of department staff through the use of overtime or other appropriate means.

(4) Any other action determined by the department to have the effect of expediting the review and approval process.

(c) Each application shall identify, for purposes of receiving the notifications required under this subdivision, an employee of the applicant school district and either the applicant's architect or structural engineer. The Department of General Services immediately shall notify that employee, and the identified architect or structural engineer, when each of the following steps in the plan review process occurs:

(1) The department requests the applicant's architect or structural engineer to correct or complete any part of the application.

(2) An application number is assigned to the application.

(3) Review of the applicant's plans is commenced.

(4) Review of the applicant's plans is completed and the department returns the plans to the architect or structural engineer for correction.

(5) Corrected plans are returned to the department by the applicant's architect or structural engineer for final review and approval.

(6) The department approves the plans and causes a final record set of the plans to be printed in accordance with Section 17304.

(d) The Department of General Services may provide additional notifications to applicants as it deems necessary.

SEC. 2. Section 17305 of the Education Code is amended to read:

17305. (a) Unless the context otherwise requires, the definitions set forth in this section govern the construction of this article.

(1) "Prequalified list" means a list of qualified firms established by the Department of General Services to perform specific types of plan review services.

(2) "Qualified plan review firm" means an individual, firm, or the building official of a city, a county, or a city and county, as defined in Section 18949.27 of the Health and Safety Code, or the authorized representative of the building official that is identified by the Department of General Services as having appropriate expertise and knowledge of the requirements that apply to school buildings under this article.

(b) The department shall establish and maintain a list of qualified plan review firms, and shall make that list available, upon request, to school districts and other interested parties.

(c) Notwithstanding Section 14952 of the Government Code, the Department of General Services shall contract with sufficient numbers of qualified plan review firms for assistance in performing the plan review required under the Field Act.

(d) At the discretion of the Department of General Services, contracts for a qualified plan review firm made pursuant to this article may be advertised and awarded in accordance with this section.

(e) (1) The Department of General Services may establish prequalified lists of qualified firms in accordance with this subdivision.

(2) (A) For each type of plan review for which the department elects to use the process established by this section for advertising and awarding contracts, the Department of General Services may request statements of qualifications from interested firms.

(B) The request for statements of qualifications shall be announced statewide through the California State Contracts Register and publications of relevant professional societies.

(C) Each announcement shall describe the general scope of services to be provided within each generic project category for plan review

services that the Department of General Services anticipates may be awarded during the period covered by the announcement. For the purposes of this section, a generic project category shall be defined in a manner that each specific project to be awarded within that discipline meets all of the following requirements:

(i) The project is substantially similar to all other projects within that discipline.

(ii) The project is within the same size range and geographical area.

(iii) The project requires substantially similar skills and magnitude of professional effort as compared to every other project within that discipline.

(3) The Department of General Services shall evaluate the statements of qualifications, and develop a list of qualified plan review firms that meet the criteria established and published by the Department of General Services. Interviews may be held to determine a plan review firm's qualifications. Lists of qualified plan review firms shall be maintained by the Department of General Services for not more than four years.

(4) During the term of a prequalified list, as specific projects are identified by the Department of General Services as being eligible for contracting, the Department of General Services shall contact a firm on the prequalified list, on a rotational basis, for both of the following purposes:

(A) To distribute the work in a fair and equitable manner.

(B) To determine that the firm has sufficient staff and is available for performance of the project.

(5) If the contacted firm is not available, the Department of General Services shall continue to contact firms on the prequalified list, on a rotational basis, until an available firm is identified.

(6) The Department of General Services shall negotiate a contract for the services with the identified firm, including a price and timeframe that it determines is fair and reasonable.

(7) If the identified plan review firm is unable to negotiate a satisfactory contract with the Department of General Services, the department shall terminate negotiations, and shall undertake new negotiations, on a rotational basis, with the next firm available for performance from the prequalified list until a successful negotiation is achieved. If the Department of General Services is unable to negotiate a satisfactory contract with a firm on two separate occasions, that firm may be removed from the prequalified list.

(f) Contracts for plan review services that the Department of General Services elects to advertise and award in accordance with this section are not subject to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.

SEC. 3. Article 3.3 (commencing with Section 17319) is added to Chapter 3 of Part 10.5 of the Education Code, to read:

Article 3.3. Collaborative Process for Project Development and Review

17319. (a) The Legislature finds and declares all of the following:

(1) The purpose of the collaborative process for project development and review is to ensure the public safety of school facilities through a collaborative, consistent, and timely project development and review process.

(2) The collaborative process for project development and review may be made available, as an alternative to the traditional plan review and approval process, to school districts that voluntarily apply to the Department of General Services.

(3) This process entails the early participation of all parties involved in a project from project development and continuing through plan review, construction, and certification of school facilities projects. These parties include the Department of General Services' staff and their qualified plan review firms, and school districts and their design professionals.

(b) The Department of General Services, in consultation with the Office of Public School Construction, shall establish procedures and requirements governing the use of the collaborative process for project development and review alternative. These procedures and requirements shall include an application and selection process. Upon project selection, the Department of General Services and the school district shall mutually agree to the roles and responsibilities of the Department of General Services, the applicant school district, and its design professionals.

(c) As a part of the establishment of the requirements for the collaborative process for project development and review, the Department of General Services, in consultation with participating school districts, shall establish mutually determined timeframe goals for a project's plan review, district and consultant response, response review, and final approval. Those timeframe goals shall reflect the project's estimated construction cost, complexity, size, and other requirements of the collaborative process for project development and review.

(d) The Department of General Services shall establish model statewide timeframe goals, in consultation with school districts and other relevant parties, by February 1, 2007. Implementation of the collaborative process for project development and review with participating districts shall not negatively impact the traditional plan review process with other districts.

(e) The Department of General Services shall submit a preliminary report to the Legislature by July 1, 2008, and a final report by July 1, 2009. These reports shall address whether the implementation of the collaborative process for project development and review has assisted the department and school districts in meeting their mutually determined timeframe goals.

(f) Notwithstanding Section 17300, the application for the collaborative process for project development and review may be accompanied by a filing fee from the school district in amounts determined by the Department of General Services based on the estimated project cost and according to the fee schedule identified in subdivisions (a) to (c), inclusive, of Section 17300. The Department of General Services may establish a procedure for the payment and collection of this filing fee.

(g) The department may assess a fee on a participating district to cover the unreimbursed costs of the department incurred pursuant to that district's participation in the collaborative process if the department deems the assessment of the fee to be necessary for the support of its operations and establishes a procedure for the determination, collection, and deposit of the fee.

(h) During project development, the school district may provide input to the Department of General Services in its selection of a qualified plan review firm to provide consultative services to that department. Upon project submittal by the applicant school district, the department shall also refer the necessary project documents to the selected qualified plan review firm for plan review. The department shall establish procedures governing the use of this article by applicant school districts for the selection of a qualified plan review firm.

SEC. 4. Section 81133 of the Education Code is amended to read:

81133. (a) The Department of General Services shall pass upon, and approve or reject, all plans for the construction or, if the estimated cost exceeds twenty-five thousand dollars ($25,000), the alteration of any school building. To enable it to do so, the governing board of each community college district and any other school authority before adopting any plans for the school building shall submit the plans to the Department of General Services for approval, and shall pay the fees prescribed in this article.

(b) Notwithstanding subdivision (a), where the estimated cost of reconstruction or alteration of, or addition to, a school building exceeds twenty-five thousand dollars ($25,000), but does not exceed one hundred thousand dollars ($100,000), a licensed structural engineer shall examine the proposed project to determine if it is a nonstructural alteration or a structural alteration. If he or she determines that the project is a

nonstructural alteration, he or she shall prepare a statement so indicating. If he or she determines that the project is structural, he or she shall prepare plans and specifications for the project which shall be submitted to the Department of General Services for review and approval. A copy of the engineer's report stating that the work does not affect structural elements shall be filed with the Department of General Services.

(c) If a licensed structural engineer submits a report to the Department of General Services stating that the plans or activities authorized pursuant to subdivision (b) do not involve structural elements, then all of the following shall apply to that project:

(1) The design professional in responsible charge of the project undertaken pursuant to this subdivision shall certify that the plans and specifications for the project meet any applicable fire and life safety standards, and do not affect the disabled access requirements of Section 4450 of the Government Code, and shall submit this certification to the department. The letter of certification shall bear the identifying licensing stamp or seal of the design professional. This provision does not preclude a design professional from submitting plans and specifications to the department along with the appropriate fee for review.

(2) Within 10 days of the completion of any project authorized pursuant to subdivision (b), the school construction inspector of record on the project, who is certified by the department to inspect school buildings, shall certify in writing to the department that the reconstruction, alteration, or addition has been completed in compliance with the plans and specifications.

(3) The dollar amounts cited in this section shall be increased on an annual basis, commencing January 1, 1999, by the department according to an inflationary index governing construction costs that is selected and recognized by the department.

(4) No school district shall subdivide a project for the purpose of evading the limitation on amounts cited in this section.

(5) Before letting any contract for any construction or alteration of any school building, the written approval of the plans, as to safety of design and construction, by the Department of General Services, shall first be had and obtained.

(6) In each case the application for approval of the plans shall be accompanied by the plans and full, complete, and accurate specifications, and structural design computations, and estimates of cost, which shall comply in every respect with any and all requirements prescribed by the Department of General Services.

(7) (A) The application shall be accompanied by a filing fee in amounts as determined by the Department of General Services based on the estimated cost according to the following schedule:

(i) For the first one million dollars ($1,000,000), a fee of not more than 0.7 percent of the estimated cost.

(ii) For all costs in excess of one million dollars ($1,000,000), a fee of not more than 0.6 percent of the estimated cost.

(B) The minimum fee in any case shall be two hundred fifty dollars ($250). If the actual cost exceeds the estimated cost by more than 5 percent, a further fee shall be paid to the Department of General Services, based on the above schedule and computed on the amount by which the actual cost exceeds the amount of the estimated cost.

(8) (A) All fees collected under this article shall be paid into the State Treasury and credited to the Public School Planning, Design, and Construction Review Revolving Fund, and are continuously appropriated, without regard to fiscal years, for the use of the Department of General Services, subject to approval of the Department of Finance, in carrying out this article.

(B) Adjustments in the amounts of the fees, as determined by the Department of General Services and approved by the Department of Finance, shall be made within the limits set in paragraph (7) in order to maintain a reasonable working balance in the fund.

(9) No contract for the construction or alteration of any school building, made or executed by the governing board of any community college district or other public board, body, or officer otherwise vested with authority to make or execute this contract, is valid, and no public money shall be paid for any work done under this contract or for any labor or materials furnished in constructing or altering the building, unless the plans, specifications, and estimates comply in every particular with the provisions of this article and the requirements prescribed by the Department of General Services and unless the approval thereof in writing has first been had and obtained from the Department of General Services.

(d) For purposes of this section, "design professional in responsible charge" or "design professional" means the licensed architect, licensed structural engineer, or licensed civil engineer who is responsible for the completion of the design work involved with the project.

81133.1. (a) The Legislature finds and declares all of the following:

(1) The purpose of the collaborative process for project development and review is to ensure the public safety of community college facilities through a collaborative, consistent and timely project development and review process.

(2) The collaborative process for project development and review may be made available, as an alternative to the traditional plan review and approval process, to community college districts that voluntarily apply to the Department of General Services.

(3) This process entails the early participation of all parties involved in a project from project development and continuing through plan review, construction and certification of community college facilities projects. These parties include, but are not limited to, the Department of General Services' staff and their qualified plan review firms, and community college districts and their design professionals.

(b) In consultation with the Board of Governors of the California Community Colleges, the Department of General Services shall establish procedures and requirements governing the use of the collaborative process for project development and review alternative. These procedures and requirements shall include an application and selection process. Upon project selection, the Department of General Services and the community college district shall mutually agree to the roles and responsibilities of the Department of General Services, the applicant community college district, and its design professionals.

(c) As a part of the establishment of the requirements for the collaborative process for project development and review, the Department of General Services, in consultation with participating community college districts, shall establish mutually determined timeframe goals for a project's plan review, district and consultant response, response review, and final approval. Those timeframe goals shall reflect the project's estimated construction cost, complexity, size, and other requirements of the collaborative process for project development and review.

(d) The Department of General Services shall establish model statewide timeframe goals, in consultation with community college districts and other relevant parties, by February 1, 2007. Implementation of the collaborative process for project development and review with participating community college districts shall not negatively impact the traditional plan review process with other community college districts.

(e) The Department of General Services shall submit a preliminary report to the Legislature by July 1, 2008, and a final report by July 1, 2009. These reports shall address whether the implementation of the collaborative process for project development and review has assisted the department and community college districts in meeting their mutually determined timeframe goals.

(f) Notwithstanding Section 81133, the application for the collaborative process for project development and review may be accompanied by a filing fee from the community college district in amounts determined by the Department of General Services based on the estimated project cost and according to the filing fee schedule identified in paragraph (7) of subdivision (c) of Section 81133. The Department of General Services may establish a procedure for the payment and collection of this filing fee.

(g) The department may assess a fee on a participating district to cover the unreimbursed costs of the department incurred pursuant to that district's participation in the collaborative process if the department deems the assessment of the fee to be necessary for the support of its operations and establishes a procedure for the determination, collection, and deposit of the fee.

(h) During project development, the community college district may provide input to the Department of General Services in its selection of a qualified plan review firm to provide consultative services to that department. Upon project submittal by the applicant community college district, the department may also refer the necessary project documents to the selected qualified plan review firm for plan review. The department may establish procedures governing the use of this section by applicant community college districts for the selection of a qualified plan review firm.

(b) The department shall make the training described in subdivision (a) available to the employees of architectural and structural engineering firms that contract with applicant community college districts for the purpose of this chapter, and to any other individuals, firms, and governmental agencies that are involved in college building design, construction, or inspection, and that may benefit from the training.

(c) The department may charge a fee for training provided pursuant to this subdivision.

SEC. 6.5. Section 81134 of the Education Code is amended to read:

81134. (a) The Department of General Services shall establish one or more methods to ensure that each application has been completed sufficiently by the applicant to enable the plan review to be performed.

(b) Upon receipt of a complete application, the Department of General Services shall inform the applicant of the period of time that it anticipates to elapse prior to commencing review of the applicant's plans. Within 10 days of being so notified, the applicant shall make an election to either use the Department of General Services for the review of the applicant's plans or, request that the plan review be performed by one or more qualified plan review firms pursuant to Sections 81135 and 81136. If

the applicant elects to use the services of the Department of General Services for review of the applicant's plans, the department, as it deems necessary to expedite review of the applicant's plans, in addition to making a good faith effort to hire state employees, shall do one or more of the following:

(2) An application number is assigned to the application.

(3) Review of the applicant's plans is commenced.

(4) Review of the applicant's plans is completed and the department returns the plans to the architect or structural engineer for correction.

(5) Corrected plans are returned to the department by the applicant's architect or structural engineer for final review and approval.

(6) The department approves the plans and causes a final record set of the plans to be printed in accordance with Section 17304.

(d) The Department of General Services may provide additional notifications to applicants as it deems necessary.

(C) Each announcement shall describe the general scope of services to be provided within each generic project category for plan review services that the Department of General Services anticipates may be awarded during the period covered by the announcement. For the purposes of this section, a generic project category shall be defined in a manner that each specific project to be awarded within a respective discipline meets all of the following requirements:

(i) The project is substantially similar to all other projects within that discipline.

(ii) The project is within the same size range and geographical area.

(iii) The project requires substantially similar skills and magnitude of professional effort as compared to every other project within that discipline.

(c) As used in this section, "litter" means the discarding, dropping, or scattering of small quantities of waste matter ordinarily carried on or about the person, including, but not limited to, beverage containers and closures, packaging, wrappers, wastepaper, newspapers, and magazines, in a place other than a place or container for the proper disposal thereof, and including waste matter that escapes or is allowed to escape from a container, receptacle, or package.

CHAPTER 417

An act to add Section 401.20 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The property used in certain high technology focused industries is subject to the rapid pace of technological change.

(2) The annual valuation factors currently published by the State Board of Equalization that are used to assess this property is based upon dated studies, causing the validity of these factors to be questioned and giving rise to costly and time-consuming assessment appeals and litigation.

(3) A new study would allow the development of objective and defensible valuation factors and ensure more accurate assessments.

(4) The uncertainty created by pending appeals and litigation over the valuation of this property is disruptive to industry tax planning, local government finance, and school finance.

(b) It is the intent of the Legislature in enacting this act to do both of the following:

(1) Facilitate uniform assessment practices in the assessment of this property within the State of California.

(2) Facilitate the resolution of disputes over the assessment of this property by clearly establishing a presumption of correctness if county assessors use a prescribed assessment methodology.

SEC. 2. Section 401.20 is added to the Revenue and Taxation Code, to read:

401.20. (a) (1) The State Board of Equalization shall, in consultation with the California Assessors' Association and representatives of the computer, semiconductor, and biopharmaceutical industries, conduct a study to obtain and analyze data in order to update the information used to develop the valuation factors annually published by the State Board of Equalization that are applied to nonproduction computers, semiconductor manufacturing equipment, and biopharmaceutical industry equipment and fixtures.

(2) The State Board of Equalization shall conduct the study described in paragraph (1) only if funds are appropriated by the Legislature to the board for that purpose during the 2005-06 Regular Session.

(3) To the extent the State Board of Equalization periodically conducts these studies, the board shall publish revised valuation factors based on the updated information. If the board reviews the data and determines that an update is not warranted, the existing factors shall remain in effect.

(b) (1) Notwithstanding any other provision of law relating to the determination of the values for property tax assessment, values determined by using valuation factors resulting from the study described in subdivision (a), as instructed by the State Board of Equalization for nonproduction computers, semiconductor manufacturing equipment, and biopharmaceutical industry equipment and fixtures, shall be rebuttably presumed to be the full cash value.

(2) The assessor or the taxpayer shall have the right to present evidence supporting values different from those based on the published factors in order to attempt to overcome the presumption.

(c) The presumption in subdivision (b) shall not apply to any particular tax year if the information upon which the valuation factors for that category of property are based was last reviewed by the State Board of Equalization more than six years before the lien date for that tax year.

No administrative costs authorized under subdivision (a) of Section 22850.5 shall be charged to the legal owner of the type specified in paragraph (1), who redeems the vehicle unless the legal owner voluntarily requests a poststorage hearing. No city, county, city or county, or state agency shall require a legal owner or a legal owner's agent to request a poststorage hearing as a requirement for release of the vehicle to the

(2) The owner of a rental vehicle that was seized under this section may continue to rent the vehicle upon recovery of the vehicle. However, the rental car agency may not rent another vehicle to the driver of the vehicle that was seized until 30 days after the date that the vehicle was seized.

(3) The rental car agency may require the person to whom the vehicle was rented to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the rental car agency in connection with obtaining custody of the vehicle.

(i) Notwithstanding any other provision of this section, the registered owner and not the legal owner shall remain responsible for any towing and storage charges related to the impoundment, any administrative charges authorized under Section 22850.5, and any parking fines, penalties, and administrative fees incurred by the registered owner.

(j) The impounding agency is not liable to the registered owner for the improper release of the vehicle to the legal owner or the legal owner's agent provided the release complies with the provisions of this section.

Failure to notify the legal owner within two working days shall prohibit the impounding agency from charging for more than 15 days impoundment when a legal owner redeems the impounded vehicle.

(b) (1) An impounding agency shall release a vehicle to the registered owner or his or her agent prior to the end of the impoundment period and without the permission of the magistrate authorizing the vehicle's seizure under any of the following circumstances:

(A) When the vehicle is a stolen vehicle.

(B) When the vehicle is subject to bailment and is driven by an unlicensed employee of the business establishment, including a parking service or repair garage.

(C) When the registered owner of the vehicle causes a peace officer to reasonably believe, based on the totality of the circumstances, that the registered owner was not the driver who violated Section 2800.1, 2800.2, or 2800.3, the agency shall immediately release the vehicle to the registered owner or his or her agent.

(2) No vehicle shall be released pursuant to this subdivision, except upon presentation of the registered owner's or agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of the court.

(c) (1) Whenever a vehicle is impounded under this section, the magistrate ordering the storage shall provide the vehicle's registered and legal owners of record, or their agents, with the opportunity for a poststorage hearing to determine the validity of the storage.

(A) The name, address, and telephone number of the agency providing the notice.

(B) The location of the place of storage and a description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage of the vehicle.

(C) A copy of the warrant or court order and the peace officer's affidavit, as described in subdivision (a).

(D) A statement that, in order to receive their poststorage hearing, the owners, or their agents, are required to request the hearing from the magistrate issuing the warrant or court order in person, in writing, or by telephone, within 10 days of the date of the notice.

(3) The poststorage hearing shall be conducted within two court days after receipt of the request for the hearing.

(4) At the hearing, the magistrate may order the vehicle released if he or she finds any of the circumstances described in subdivision (b) or (e) that allow release of a vehicle by the impounding agency. The magistrate may also consider releasing the vehicle when the continued impoundment will cause undue hardship to persons dependent upon the vehicle for employment or to a person with a community property interest in the vehicle.

(5) Failure of either the registered or legal owner, or his or her agent, to request, or to attend, a scheduled hearing satisfies the poststorage hearing requirement.

(6) The agency employing the peace officer who caused the magistrate to issue the warrant or court order shall be responsible for the costs incurred for towing and storage if it is determined in the poststorage hearing that reasonable grounds for the storage are not established.

(d) The registered owner or his or her agent is responsible for all towing and storage charges related to the impoundment, and any administrative charges authorized under Section 22850.5.

(e) A vehicle removed and seized under subdivision (a) shall be released to the legal owner of the vehicle or the legal owner's agent prior to the end of the impoundment period and without the permission of the magistrate authorizing the seizure of the vehicle if all of the following conditions are met:

(1) The legal owner is a motor vehicle dealer, bank, credit union, acceptance corporation, or other licensed financial institution legally operating in this state or is another person, not the registered owner, holding a financial interest in the vehicle.

(2) The legal owner or the legal owner's agent pays all towing and storage fees related to the seizure of the vehicle. No lien sale processing fees shall be charged to the legal owner who redeems the vehicle prior to the 15th day of impoundment. Neither the impounding authority nor

any person having possession of the vehicle shall collect from the legal owner of the type specified in paragraph (1), or the legal owner's agent any administrative charges imposed pursuant to Section 22850.5 unless the legal owner voluntarily requested a poststorage hearing.

(3) The legal owner or the legal owner's agent presents a copy of the assignment, as defined in subdivision (b) of Section 7500.1 of the Business and Professions Code, and any one of the following: a certificate of repossession for the vehicle, a security agreement for the vehicle, or title showing proof of legal ownership for the vehicle. Any documents presented may be originals, photocopies, or facsimile copies, or may be transmitted electronically. The impounding agency shall not require any documents to be notarized. The impounding agency may require the agent of the legal owner to produce a photocopy or facsimile copy of its repossession agency license or registration issued pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code, or to demonstrate, to the satisfaction of the impounding agency, that the agent is exempt from licensure pursuant to Section 7500.2 or 7500.3 of the Business and Professions Code.

No administrative costs authorized under subdivision (a) of Section 22850.5 shall be charged to the legal owner of the type specified in paragraph (1), who redeems the vehicle unless the legal owner voluntarily requests a poststorage hearing. No city, county, city and county, or state agency shall require a legal owner or a legal owner's agent to request a poststorage hearing as a requirement for release of the vehicle to the legal owner or the legal owner's agent. The impounding agency shall not require any documents other than those specified in this paragraph. The impounding agency shall not require any documents to be notarized.

(f) (1) A legal owner or the legal owner's agent that obtains release of the vehicle pursuant to subdivision (e) shall not release the vehicle to the registered owner of the vehicle or any agents of the registered owner, unless a registered owner is a rental car agency, until the termination of the impoundment period.

(2) The legal owner or the legal owner's agent shall not relinquish the vehicle to the registered owner until the registered owner or that owner's agent presents his or her valid driver's license or valid temporary driver's license to the legal owner or the legal owner's agent. The legal owner or the legal owner's agent shall make every reasonable effort to ensure that the license presented is valid.

(3) Prior to relinquishing the vehicle, the legal owner may require the registered owner to pay all towing and storage charges related to the impoundment and the administrative charges authorized under Section 22850.5 that were incurred by the legal owner in connection with obtaining the custody of the vehicle.

(g) (1) A vehicle impounded and seized under subdivision (a) shall be released to a rental car agency prior to the end of the impoundment period if the agency is either the legal owner or registered owner of the vehicle and the agency pays all towing and storage fees related to the seizure of the vehicle.

(2) The owner of a rental vehicle that was seized under this section may continue to rent the vehicle upon recovery of the vehicle. However, the rental car agency shall not rent another vehicle to the driver who used the vehicle that was seized to evade a police officer until 30 days after the date that the vehicle was seized.

(3) The rental car agency may require the person to whom the vehicle was rented and who evaded the peace officer to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the rental car agency in connection with obtaining custody of the vehicle.

(h) Notwithstanding any other provision of this section, the registered owner and not the legal owner shall remain responsible for any towing and storage charges related to the impoundment and the administrative charges authorized under Section 22850.5 and any parking fines, penalties, and administrative fees incurred by the registered owner.

(i) (1) This section does not apply to vehicles abated under the Abandoned Vehicle Abatement Program pursuant to Sections 22660 to 22668, inclusive, and Section 22710, or to vehicles impounded for investigation pursuant to Section 22655, or to vehicles removed from private property pursuant to Section 22658.

(2) This section does not apply to abandoned vehicles removed pursuant to Section 22669 that are determined by the public agency to have an estimated value of three hundred dollars ($300) or less.

(j) The impounding agency shall not be liable to the registered owner for the improper release of the vehicle to the legal owner or the legal owner's agent provided the release complies with the provisions of this section.

The people of the State of California do enact as follows:

SECTION 1. Section 43200 of the Health and Safety Code is amended to read:

43200. (a) The state board may adopt a regulation to prohibit the sale and registration in this state of a new motor vehicle certified by the state board to which there has not been securely and conspicuously affixed on a side window to the rear of the driver or, if it cannot be so placed, to the windshield of the motor vehicle in accordance with paragraph (3) of subdivision (b) of Section 26708 of the Vehicle Code, by the manufacturer a label on which the manufacturer shall endorse clearly, distinctly, and legibly true and correct entries disclosing the following information concerning the motor vehicle:

(1) The emission standards adopted by the state board pursuant to Section 43101 that are applicable to that motor vehicle.

(2) The information required by Section 43200.1 and related air pollution emissions information as specified by the state board.

(b) A regulation may be adopted pursuant to this section only if the state board finds that the regulation is necessary for either of the following:

(1) To enforce or ensure compliance with applicable statutes, standards, or procedures relating to vehicle emissions.

(2) For the protection or information of consumers.

(c) Nothing in this division or in any other statute shall be construed as prohibiting a purchaser from removing the decal required by this section, after the purchaser has taken possession of the vehicle.

SEC. 2. Section 505.2 of the Vehicle Code is amended to read:

505.2. (a) A "registration service" is a person engaged in the business of soliciting or receiving an application for the registration, renewal of registration, or transfer of registration or ownership, of a vehicle of a type subject to registration under this code, or of soliciting or receiving an application for a motor carrier permit under Division 14.85 (commencing with Section 34600), or of transmitting or presenting those documents to the department, when any compensation is solicited or received for the service. "Registration service" includes, but is not limited to, a person who, for compensation, processes registration documents, conducts lien sales, or processes vehicle dismantling documents.

(b) "Registration service" does not include the following:

(1) A person performing registration services on a vehicle acquired by that person for his or her own personal use or for use in the regular course of that person's business.

(4) A motor club, as defined in Section 12142 of the Insurance Code.

(5) A common carrier acting in the regular course of its business in transmitting applications.

SEC. 3. Section 17300 of the Vehicle Code is amended to read:

17300. (a) A person who willfully or negligently damages a street or highway, or its appurtenances, including, but not limited to, guardrails, signs, traffic signals, snow poles, and similar facilities, is liable for the reasonable cost of repair or replacement thereof.

(b) A person who willfully damages or destroys a memorial sign placed by the Department of Transportation, including, but not limited to, a sign memorializing a victim under Section 101.10 of the Streets and Highways Code, is liable for that damage or destruction for the highest of the following amounts:

(1) One thousand five hundred dollars ($1,500).

(2) The actual repair cost or replacement cost, whichever is applicable.

(c) A person who willfully or negligently causes or permits the contents of a vehicle to be deposited upon a street or highway, or its appurtenances, is liable for the reasonable costs of removing those contents from the street or highway or its appurtenances.

(d) The liability stated in this section also applies to an owner of a vehicle operated with the owner's permission, as provided in Article 2 (commencing with Section 17150), and includes liability for the reasonable cost of necessary safety precautions, including, but not limited to, warning traffic, the removal of debris resulting from accidents, the removal of any materials, or providing detours.

for rendering this service under this section, bring actions for recovery thereon, and, in its discretion, settle and compromise the claim.

CHAPTER 420

An act to amend Section 2454 of the Streets and Highways Code, relating to highway funds.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 2454 of the Streets and Highways Code is amended to read:

2454. Allocations made pursuant to Section 2453 shall be made on the basis of the following:

(a) An allocation of 80 percent of the estimated cost of the project shall be made; except that whenever contributions from other sources exceed 20 percent of the estimated cost, the allocation shall be reduced by the amount in excess of 20 percent of the estimated cost.

(b) An allocation of 50 percent of the estimated cost of the project shall be made for a proposed crossing.

(c) No allocation shall be made in excess of 50 percent of the estimated cost of the project unless the grade crossing to be eliminated has been in existence for at least 10 years prior to the date of allocation.

(d) On projects that eliminate an existing crossing, or alter or reconstruct an existing grade separation, no allocation shall be made unless the railroad agrees to contribute 10 percent of the cost of the project.

(e) Where a project does not include a grade separation, but eliminates existing grade crossing or crossings, the allocation shall not exceed the estimated allocation that would have been made for the grade separation which is no longer needed because of the elimination of the grade crossing by the project and which is indicated on the priority list to be urgently in need of grade separation.

(f) Where the project includes the separation of a highway and a railroad passenger service operated by a city or county, the operating agency shall contribute 20 percent of the cost of the project. The priority listing for these projects shall be in accordance with criteria established for railroad passenger service by the Public Utilities Commission.

(g) (1) Notwithstanding subdivisions (a) to (f), inclusive, the total of these allocations for a single project shall not exceed five million dollars ($5,000,000) without specific legislative authorization, except that the amount for a single project may be increased to either (1) an amount that includes the federal construction cost index increase each year since 1976, or (2) an amount that does not exceed one-third of the total funds appropriated for grade separation projects for the year of allocation, whichever amount is less, as determined each year by the Public Utilities Commission.

(2) Notwithstanding paragraph (1), the California Transportation Commission may allocate up to fifteen million dollars ($15,000,000) to a single project if that project is the highest ranking project on the priority list established by the Public Utilities Commission pursuant to Section 2452.

(h) Notwithstanding subdivisions (a) to (g), inclusive, a single project in excess of five million dollars ($5,000,000), but not exceeding twenty million dollars ($20,000,000), shall be considered without specific legislative authority, if the project (1) is included in the Public Utilities Commission's priority list of projects scheduled to be funded, (2) eliminates the need for future related grade separation projects, (3) provides projected cost savings of at least 50 percent to the state or local jurisdiction, or both of them, by eliminating the need for future projects, and (4) alleviates traffic and safety problems or provides improved rail service not otherwise possible. Projects approved pursuant to this subdivision shall be funded over a multiyear period, not to exceed five years, and the allocation for any one of those years shall not exceed the amount prescribed by subdivision (g) for a single project. Not more than one-half of the total allocation available in any one fiscal year for grade separation projects may be used for the purposes of this subdivision. An agency that has received an allocation for a project approved pursuant to this subdivision shall not be eligible for an allocation for another project under this subdivision for a period of 10 years from the date of approval of that project. However, if funds are available for allocation, as determined by the Department of Transportation, an agency may be eligible for an allocation for another project.

(i) Notwithstanding any of the above provisions of this section or any other provision of law, when the state or local agency uses funds derived from federal sources in financing its share of project costs, the railroad contribution, where required by federal law or regulation, shall be computed pursuant to federal law. However, the allocation made pursuant to this chapter shall be computed as though that matching contribution was derived from nonfederal sources and shall be computed as though the railroad had made its contribution pursuant to state law rather than

pursuant to federal law. Where the contribution of the railroad is computed according to federal law or regulation because of the use of federal funds in the allocation for a project, the allocation shall be increased by the amount the share of the railroad is reduced below 10 percent of the estimated cost of the project.

CHAPTER 421

An act to amend Sections 1522.41, 1562.3, and 1569.616 of the Health and Safety Code, relating to community care facilities.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1522.41 of the Health and Safety Code is amended to read:

1522.41. (a) The director, in consultation and collaboration with county placement officials, group home provider organizations, the Director of Mental Health, and the Director of Developmental Services, shall develop and establish a certification program to ensure that administrators of group home facilities have appropriate training to provide the care and services for which a license or certificate is issued.

(b) (1) In addition to any other requirements or qualifications required by the department, an administrator of a group home facility shall successfully complete a department-approved certification program pursuant to subdivision (c) prior to employment. An administrator employed in a group home on the effective date of this section shall meet the requirements of paragraph (2) of subdivision (c).

(2) In those cases where the individual is both the licensee and the administrator of a facility, the individual shall comply with all of the licensee and administrator requirements of this section.

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility.

(4) The licensee shall notify the department within 10 days of any change in administrators.

(c) (1) The administrator certification programs shall require a minimum of 40 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of the type of facility for which the applicant will be an administrator.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial and educational needs of the facility residents.

(E) Community and support services.

(F) Physical needs for facility residents.

(G) Administration, storage, misuse, and interaction of medication used by facility residents.

(H) Resident admission, retention, and assessment procedures, including the right of a foster child to have fair and equal access to all available services, placement, care, treatment, and benefits, and to not be subjected to discrimination or harassment on the basis of actual or perceived race, ethnic group identification, ancestry, national origin, color, religion, sex, sexual orientation, gender identity, mental or physical disability, or HIV status.

(I) Nonviolent emergency intervention and reporting requirements.

(2) The department shall adopt separate program requirements for initial certification for persons who are employed as group home administrators on the effective date of this section. A person employed as an administrator of a group home facility on the effective date of this section, shall obtain a certificate by completing the training and testing requirements imposed by the department within 12 months of the effective date of the regulations implementing this section. After the effective date of this section, these administrators shall meet the requirements imposed by the department on all other group home administrators for certificate renewal.

(3) Individuals applying for certification under this section shall successfully complete an approved certification program, pass a written test administered by the department within 60 days of completing the program, and submit to the department the documentation required by subdivision (d) within 30 days after being notified of having passed the test. The department may extend these time deadlines for good cause. The department shall notify the applicant of his or her test results within 30 days of administering the test.

(d) The department shall not begin the process of issuing a certificate until receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one hundred dollars ($100) shall be charged by the department to cover the costs of processing the application for certification.

(3) Documentation from the applicant that he or she has passed the written test.

(4) Submission of fingerprints pursuant to Section 1522. The department may waive the submission for those persons who have a current clearance on file.

(5) That person is at least 21 years of age.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of a group home facility. Any person willfully making any false representation as being a certified administrator or facility manager is guilty of a misdemeanor.

(f) (1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 hours of continuing education related to the core of knowledge specified in subdivision (c). No more than one-half of the required 40 hours of continuing education necessary to renew the certificate may be satisfied through online courses. All other continuing education hours shall be completed in a classroom setting. For purposes of this section, an individual who is a group home facility administrator and who is required to complete the continuing education hours required by the regulations of the State Department of Developmental Services, and approved by the regional center, may have up to 24 of the required continuing education course hours credited toward the 40-hour continuing education requirement of this section. Community college course hours approved by the regional centers shall be accepted by the department for certification.

(2) Every administrator of a group home facility shall complete the continuing education requirements of this subdivision.

(3) Certificates issued under this section shall expire every two years on the anniversary date of the initial issuance of the certificate, except that any administrator receiving his or her initial certification on or after July 1, 1999, shall make an irrevocable election to have his or her recertification date for any subsequent recertification either on the date two years from the date of issuance of the certificate or on the individual's birthday during the second calendar year following certification. The department shall send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the certificate is not renewed prior to its expiration date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing

education courses and pay the renewal fee of one hundred dollars ($100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate shall be proof of compliance with this paragraph.

(5) A suspended or revoked certificate shall be subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall submit proof of compliance with paragraphs (1) and (2) of subdivision (f), and shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension. Delinquency fees, if any, accrued subsequent to the time of its revocation or suspension and prior to an order for reinstatement, shall be waived for a period of 12 months to allow the individual sufficient time to complete the required continuing education units and to submit the required documentation. Individuals whose certificates will expire within 90 days after the order for reinstatement may be granted a three-month extension to renew their certificates during which time the delinquency fees shall not accrue.

(6) A certificate that is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a certification training program, passing any test that may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(7) A fee of twenty-five dollars ($25) shall be charged for the reassurance of a lost certificate.

(8) A certificate holder shall inform the department of his or her employment status and change of mailing address within 30 days of any change.

(g) Unless otherwise ordered by the department, the certificate shall be considered forfeited under either of the following conditions:

(1) The department has revoked any license held by the administrator after the department issued the certificate.

(2) The department has issued an exclusion order against the administrator pursuant to Section 1558, 1568.092, 1569.58, or 1596.8897, after the department issued the certificate, and the administrator did not appeal the exclusion order or, after the appeal, the department issued a decision and order that upheld the exclusion order.

(h) (1) The department, in consultation and collaboration with county placement officials, provider organizations, the State Department of Mental Health, and the State Department of Developmental Services, shall establish, by regulation, the program content, the testing instrument, the process for approving certification training programs, and criteria to be used in authorizing individuals, organizations, or educational

institutions to conduct certification training programs and continuing education courses. The department may also grant continuing education hours for continuing courses offered by accredited educational institutions that are consistent with the requirements in this section. The department may deny vendor approval to any agency or person in any of the following circumstances:

(A) The applicant has not provided the department with evidence satisfactory to the department of the ability of the applicant to satisfy the requirements of vendorization set out in the regulations adopted by the department pursuant to subdivision (j).

(B) The applicant person or agency has a conflict of interest in that the person or agency places its clients in group home facilities.

(C) The applicant public or private agency has a conflict of interest in that the agency is mandated to place clients in group homes and to pay directly for the services. The department may deny vendorization to this type of agency only as long as there are other vendor programs available to conduct the certification training programs and conduct education courses.

(2) The department may authorize vendors to conduct the administrator's certification training program pursuant to this section. The department shall conduct the written test pursuant to regulations adopted by the department.

(3) The department shall prepare and maintain an updated list of approved training vendors.

(4) The department may inspect certification training programs and continuing education courses, including online courses, at no charge to the department, to determine if content and teaching methods comply with regulations. If the department determines that any vendor is not complying with the requirements of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(5) The department shall establish reasonable procedures and timeframes not to exceed 30 days for the approval of vendor training programs.

(6) The department may charge a reasonable fee, not to exceed one hundred fifty dollars ($150) every two years, to certification program vendors for review and approval of the initial 40-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee, not to exceed one hundred dollars ($100) every two years, for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(7) (A) A vendor of online programs for continuing education shall ensure that each online course contains all of the following:

(i) An interactive portion in which the participant receives feedback, through online communication, based on input from the participant.

(ii) Required use of a personal identification number or personal identification information to confirm the identity of the participant.

(iii) A final screen displaying a printable statement, to be signed by the participant, certifying that the identified participant completed the course. The vendor shall obtain a copy of the final screen statement with the original signature of the participant prior to the issuance of a certificate of completion. The signed statement of completion shall be maintained by the vendor for a period of three years and be available to the department upon demand. Any person who certifies as true any material matter pursuant to this clause that he or she knows to be false is guilty of a misdemeanor.

(B) Nothing in this subdivision shall prohibit the department from approving online programs for continuing education that do not meet the requirements of subparagraph (A) if the vendor demonstrates to the department's satisfaction that, through advanced technology, the course and the course delivery meet the requirements of this section.

(i) The department shall establish a registry for holders of certificates that shall include, at a minimum, information on employment status and criminal record clearance.

(j) Subdivisions (b) to (i), inclusive, shall be implemented upon regulations being adopted by the department, by January 1, 2000.

(k) Notwithstanding any provision of law to the contrary, vendors approved by the department who exclusively provide either initial or continuing education courses for certification of administrators of a group home facility as defined by regulations of the department, an adult residential facility as defined by regulations of the department, or a residential care facility for the elderly as defined in subdivision (k) of Section 1569.2, shall be regulated solely by the department pursuant to this chapter. No other state or local governmental entity shall be responsible for regulating the activity of those vendors.

SEC. 2. Section 1562.3 of the Health and Safety Code is amended to read:

1562.3. (a) The Director of Social Services, in consultation with the Director of Mental Health and the Director of Developmental Services, shall establish a training program to ensure that licensees, operators, and staffs of adult residential facilities, as defined in paragraph (1) of subdivision (a) of Section 1502, have appropriate training to provide the care and services for which a license or certificate is issued. The training program shall be developed in consultation with provider organizations.

(b) (1) An administrator of an adult residential care facility, as defined in paragraph (1) of subdivision (a) of Section 1502, shall successfully

complete a department-approved certification program pursuant to subdivision (c) prior to employment.

(2) In those cases where the individual is both the licensee and the administrator of a facility, the individual shall comply with both the licensee and administrator requirements of this section.

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility.

(4) The licensee shall notify the department within 30 days of any change in administrators.

(c) (1) The administrator certification program shall require a minimum of 35 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of the type of facility for which the applicant will be an administrator.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial needs of the facility residents.

(E) Community and support services.

(F) Physical needs for facility residents.

(G) Use, misuse, and interaction of medication commonly used by facility residents.

(H) Resident admission, retention, and assessment procedures.

(I) Nonviolent crisis intervention for administrators.

(2) The requirement for 35 hours of classroom instruction pursuant to this subdivision shall not apply to persons who were employed as administrators prior to July 1, 1996. A person holding the position of administrator of an adult residential facility on June 30, 1996, shall file a completed application for certification with the department on or before April 1, 1998. In order to be exempt from the 35-hour training program and the test component, the application shall include documentation showing proof of continuous employment as the administrator of an adult residential facility between, at a minimum, June 30, 1994, and June 30, 1996. An administrator of an adult residential facility who became certified as a result of passing the department-administered challenge test, that was offered between October 1, 1996, and December 23, 1996, shall be deemed to have fulfilled the requirements of this paragraph.

(3) Unless an extension is granted to the applicant by the department, an applicant for an administrator's certificate shall, within 60 days of the applicant's completion of classroom instruction, pass the written test provided in this section.

(d) The department shall not begin the process of issuing a certificate until receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one hundred dollars ($100) shall be charged by the department to cover the costs of processing the application for certification.

(3) Documentation from the applicant that he or she has passed the written test.

(4) Submission of fingerprints. The department and the Department of Justice shall expedite the criminal record clearance for holders of certificates of completion. The department may waive the submission for those persons who have a current clearance on file.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of an adult residential facility. Any person willfully making any false representation as being a certified administrator is guilty of a misdemeanor.

(f) (1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 hours of continuing education related to the core of knowledge specified in subdivision (c). No more than one-half of the required 40 hours of continuing education necessary to renew the certificate may be satisfied through online courses. All other continuing education hours shall be completed in a classroom setting. For purposes of this section, an individual who is an adult residential facility administrator and who is required to complete the continuing education hours required by the regulations of the State Department of Developmental Services, and approved by the regional center, shall be permitted to have up to 24 of the required continuing education course hours credited toward the 40-hour continuing education requirement of this section. Community college course hours approved by the regional centers shall be accepted by the department for certification.

(2) Every licensee and administrator of an adult residential facility is required to complete the continuing education requirements of this subdivision.

(3) Certificates issued under this section shall expire every two years, on the anniversary date of the initial issuance of the certificate, except that any administrator receiving his or her initial certification on or after January 1, 1999, shall make an irrevocable election to have his or her recertification date for any subsequent recertification either on the date two years from the date of issuance of the certificate or on the individual's birthday during the second calendar year following certification. The department shall send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the

certificate is not renewed prior to its expiration date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing education courses and pay the renewal fee of one hundred dollars ($100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate is proof of compliance with this paragraph.

(5) A suspended or revoked certificate is subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall submit proof of compliance with paragraphs (1) and (2) of subdivision (f) and shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension. Delinquency fees, if any, accrued subsequent to the time of its revocation or suspension and prior to an order for reinstatement, shall be waived for one year to allow the individual sufficient time to complete the required continuing education units and to submit the required documentation. Individuals whose certificates will expire within 90 days after the order for reinstatement may be granted a three-month extension to renew their certificates during which time the delinquency fees shall not accrue.

(6) A certificate that is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a certification training program, passing any test that may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(7) A fee of twenty-five dollars ($25) shall be charged for the reissuance of a lost certificate.

(8) A certificate holder shall inform the department of his or her employment status within 30 days of any change.

(g) The certificate shall be considered forfeited under the following conditions:

(1) The administrator has had a license revoked, suspended, or denied as authorized under Section 1550.

(2) The administrator has been denied employment, residence, or presence in a facility based on action resulting from an administrative hearing pursuant to Section 1522 or Section 1558.

(h) (1) The department, in consultation with the State Department of Mental Health and the State Department of Developmental Services,

shall establish, by regulation, the program content, the testing instrument, the process for approving certification training programs, and criteria to be used in authorizing individuals, organizations, or educational institutions to conduct certification training programs and continuing education courses. These regulations shall be developed in consultation with provider organizations, and shall be made available at least six months prior to the deadline required for certification. The department may deny vendor approval to any agency or person in any of the following circumstances:

(A) The applicant has not provided the department with evidence satisfactory to the department of the ability of the applicant to satisfy the requirements of vendorization set out in the regulations adopted by the department pursuant to subdivision (i).

(B) The applicant person or agency has a conflict of interest in that the person or agency places its clients in adult residential facilities.

(C) The applicant public or private agency has a conflict of interest in that the agency is mandated to place clients in adult residential facilities and to pay directly for the services. The department may deny vendorization to this type of agency only as long as there are other vendor programs available to conduct the certification training programs and conduct education courses.

(2) The department may authorize vendors to conduct the administrator's certification training program pursuant to provisions set forth in this section. The department shall conduct the written test pursuant to regulations adopted by the department.

(3) The department shall prepare and maintain an updated list of approved training vendors.

(4) The department may inspect certification training programs and continuing education courses, including online courses, at no charge to the department, to determine if content and teaching methods comply with regulations. If the department determines that any vendor is not complying with the intent of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(5) The department shall establish reasonable procedures and timeframes not to exceed 30 days for the approval of vendor training programs.

(6) The department may charge a reasonable fee, not to exceed one hundred fifty dollars ($150) every two years to certification program vendors for review and approval of the initial 35-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee not to exceed one hundred dollars ($100) every two years for the

review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(7) (A) A vendor of online programs for continuing education shall ensure that each online course contains all of the following:

(i) An interactive portion in which the participant receives feedback, through online communication, based on input from the participant.

(ii) Required use of a personal identification number or personal identification information to confirm the identity of the participant.

(iii) A final screen displaying a printable statement, to be signed by the participant, certifying that the identified participant completed the course. The vendor shall obtain a copy of the final screen statement with the original signature of the participant prior to the issuance of a certificate of completion. The signed statement of completion shall be maintained by the vendor for a period of three years and be available to the department upon demand. Any person who certifies as true any material matter pursuant to this clause that he or she knows to be false is guilty of a misdemeanor.

(B) Nothing in this subdivision shall prohibit the department from approving online programs for continuing education that do not meet the requirements of subparagraph (A) if the vendor demonstrates to the department's satisfaction that, through advanced technology, the course and the course delivery meet the requirements of this section.

(i) This section shall be operative upon regulations being adopted by the department, no later than July 1, 1996, to implement the administrator certification program as provided for in this section. If regulations are not adopted by the department, or are adopted after July 1, 1996, this section shall not become operative.

(j) The department shall establish a registry for holders of certificates that shall include, at a minimum, information on employment status and criminal record clearance.

SEC. 3. Section 1569.616 of the Health and Safety Code is amended to read:

1569.616. (a) (1) An administrator of a residential care facility for the elderly shall be required to successfully complete a department-approved certification program prior to employment.

(2) In those cases where the individual is both the licensee and the administrator of a facility, or a licensed nursing home administrator, the individual shall comply with the requirements of this section unless he or she qualifies for one of the exemptions provided for in subdivision (b).

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility where an individual is functioning as the administrator.

(4) The licensee shall notify the department within 30 days of any change in administrators.

(b) Individuals seeking exemptions under paragraph (2) of subdivision (a) shall meet the following criteria and fulfill the required portions of the certification program, as the case may be:

(1) An individual designated as the administrator of a residential care facility for the elderly who holds a valid license as a nursing home administrator issued in accordance with Chapter 2.35 (commencing with Section 1416) of Division 2 of the Health and Safety Code shall be required to complete the areas in the uniform core of knowledge required by this section that pertain to the law, regulations, policies, and procedural standards that impact the operations of residential care facilities for the elderly, the use, misuse, and interaction of medication commonly used by the elderly in a residential setting, and resident admission, retention, and assessment procedures, equal to 12 hours of classroom instruction. An individual meeting the requirements of this paragraph shall not be required to take a written test.

(2) In those cases where the individual was both the licensee and administrator on or before July 1, 1991, the individual shall be required to complete all the areas specified for the certification program, but shall not be required to take the written test required by this section. Those individuals exempted from the written test shall be issued a conditional certification that is valid only for the administrator of the facility for which the exemption was granted.

(A) As a condition to becoming an administrator of another facility, the individual shall be required to pass the written test provided for in this section.

(B) As a condition to applying for a new facility license, the individual shall be required to pass the written test provided for in Section 1569.23.

(c) (1) The administrator certification program shall require a minimum of 40 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of residential care facilities for the elderly.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial needs of the elderly.

(F) Physical needs for elderly persons.

(G) Use, misuse, and interaction of medication commonly used by the elderly.

(H) Resident admission, retention, and assessment procedures.

(I) Training focused specifically on serving clients with dementia. This training shall be for at least four hours.

(2) Individuals applying for certification under this section shall successfully complete an approved certification program, pass a written test administered by the department within 60 days of completing the program, and submit the documentation required by subdivision (d) to the department within 30 days of being notified of having passed the test. The department may extend these time deadlines for good cause. The department shall notify the applicant of his or her test results within 30 days of administering the test.

(d) The department shall not begin the process of issuing a certificate until receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one hundred dollars ($100) shall be charged by the department to cover the costs of processing the application for certification.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of a residential care facility for the elderly. Any person willfully making any false representation as being a certified administrator is guilty of a misdemeanor.

(f) (1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 hours of continuing education related to the core of knowledge specified in paragraph (1) of subdivision (c). No more than one-half of the required 40 hours of continuing education necessary to renew the certificate may be satisfied through online courses. All other continuing education hours shall be completed in a classroom setting. For purposes of this section, individuals who hold a valid license as a nursing home administrator issued in accordance with Chapter 2.35 (commencing with Section 1416) of Division 2 of the Health and Safety Code and meet the requirements of paragraph (1) of subdivision (b) shall only be required to complete 20 hours of continuing education.

(2) Every certified administrator of a residential care facility for the elderly is required to renew his or her certificate and shall complete the

continuing education requirements of this subdivision whether he or she is certified according to subdivision (a) or (b). At least eight hours of the 40-hour continuing education requirement for a certified administrator of a residential care facility for the elderly shall include instruction on serving clients with dementia, including, but not limited to, instruction related to direct care, physical environment, and admissions procedures and assessment.

(3) Certificates issued under this section shall expire every two years, on the anniversary date of the initial issuance of the certificate, except that any administrator receiving his or her initial certification on or after January 1, 1999, shall make an irrevocable election to have his or her recertification date for any subsequent recertification either on the date two years from the date of issuance of the certificate or on the individual's birthday during the second calendar year following certification. The department shall send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the certificate is not renewed prior to its expiration date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing education courses and pay the renewal fee of one hundred dollars ($100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate is proof of compliance with this paragraph.

(5) A suspended or revoked certificate is subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension.

(6) A certificate that is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a certification program, passing any test that may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(7) A fee of twenty-five dollars ($25) shall be charged for the reissuance of a lost certificate.

(8) A certificate holder shall inform the department of his or her employment status within 30 days of any change.

(g) The department may revoke a certificate issued under this section for any of the following:

(1) Procuring a certificate by fraud or misrepresentation.

(2) Knowingly making or giving any false statement or information in conjunction with the application for issuance of a certificate.

(3) Criminal conviction unless an exemption is granted pursuant to Section 1569.17.

(h) The certificate shall be considered forfeited under either of the following conditions:

(1) The administrator has had a license revoked, suspended, or denied as authorized under Section 1569.50.

(2) The administrator has been denied employment, residence, or presence in a facility based on action resulting from an administrative hearing pursuant to Section 1569.58.

(i) (1) The department shall establish, by regulation, the program content, the testing instrument, the process for approving certification programs, and criteria to be used in authorizing individuals, organizations, or educational institutions to conduct certification programs and continuing education courses. These regulations shall be developed in consultation with provider and consumer organizations, and shall be made available at least six months prior to the deadline required for certification. The department may deny vendor approval to any agency or person that has not provided satisfactory evidence of their ability to meet the requirements of vendorization set out in the regulations adopted pursuant to subdivision (j).

(2) (A) A vendor of online programs for continuing education shall ensure that each online course contains all of the following:

(i) An interactive portion where the participant receives feedback, through online communication, based on input from the participant.

(ii) Required use of a personal identification number or personal identification information to confirm the identity of the participant.

(iii) A final screen displaying a printable statement, to be signed by the participant, certifying that the identified participant completed the course. The vendor shall obtain a copy of the final screen statement with the original signature of the participant prior to the issuance of a certificate of completion. The signed statement of completion shall be maintained by the vendor for a period of three years and be available to the department upon demand. Any person who certifies as true any material matter pursuant to this section that he or she knows to be false is guilty of a misdemeanor.

(B) Nothing in this subdivision shall prohibit the department from approving online programs for continuing education that do not meet the requirements of subparagraph (A) if the vendor demonstrates to the

department's satisfaction that, through advanced technology, the course and the course delivery meet the requirements of this section.

(3) The department may authorize vendors to conduct the administrator certification training program pursuant to provisions set forth in this section. The department shall conduct the written test pursuant to regulations adopted by the department.

(4) The department shall prepare and maintain an updated list of approved training vendors.

(5) The department may inspect training programs, continuing education courses, and online courses, at no charge to the department, in order to determine if content and teaching methods comply with paragraphs (1) and (2), if applicable, and with regulations. If the department determines that any vendor is not complying with the intent of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(6) The department shall establish reasonable procedures and timeframes, not to exceed 30 days, for the approval of vendor training programs.

(7) The department may charge a reasonable fee, not to exceed one hundred fifty dollars ($150) every two years, to certification program vendors for review and approval of the initial 40-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee, not to exceed one hundred dollars ($100) every two years, for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(j) This section shall be operative upon regulations being adopted by the department to implement the administrator certification program as provided for in this section.

(k) The department shall establish a registry for holders of certificates that shall include, at a minimum, information on employment status and criminal record clearance.

(*l*) Notwithstanding any provision of law to the contrary, vendors approved by the department who exclusively provide either initial or continuing education courses for certification of administrators of a residential care facility for the elderly, as defined in subdivision (k) of Section 1569.2, a group home facility, as defined by regulations of the department, or an adult residential care facility, as defined by regulations of the department, shall be regulated solely by the department pursuant to this chapter. No other state or local governmental entity shall be responsible for regulating the activity of those vendors.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs

that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 422

An act to amend Section 13007 of the Fish and Game Code, relating to fish.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 13007 of the Fish and Game Code is amended to read:

13007. (a) Notwithstanding Section 13001 and paragraph (1) of subdivision (a) of Section 13005, commencing July 1, 2006, 33 ⅓ percent of all sport fishing license fees, except license fees collected pursuant to Section 7149.8 collected pursuant to Article 3 (commencing with Section 7145) of Chapter 1 of Part 2 of Division 6 shall be deposited into the Hatchery and Inland Fisheries Fund, which is hereby established in the State Treasury. Moneys in the fund may be expended, upon appropriation by the Legislature, to support programs of the Department of Fish and Game related to the management, maintenance, and capital improvement of California's fish hatcheries, the Heritage and Wild Trout Program, and enforcement activities related thereto, and to support other activities eligible to be funded from revenue generated by sport fishing license fees.

(b) The sport fishing license fees collected and subject to appropriation pursuant to subdivision (a) shall be used for the following purposes:

(1) For the department's attainment of the following production goals for state hatcheries, based on the sales of the following types of sport fishing licenses: resident; lifetime; nonresident year; nonresident, 10-day; 2-day; 1-day; and reduced fee.

(A) By July 1, 2007, a minimum of 2.25 pounds of released trout per sport fishing license sold in 2006, 1.75 pounds of which must be of catchable size or larger.

(B) By July 1, 2008, a minimum of 2.5 pounds of released trout per sport fishing license sold in 2007, 2.0 pounds of which must be of catchable size or larger.

(C) By July 1, 2009, and thereafter, a minimum of 2.75 pounds of released trout per sport fishing license sold in 2008, 2.25 pounds of which must be of catchable size or larger.

(D) The department shall attain these goals in compliance with Fish and Game Commission trout policies concerning catchable-sized trout stocking.

(2) To the Heritage and Wild Trout Program, two million dollars ($2,000,000), which shall be used for permanent positions and seasonal aides in each region of the state as necessary, and other activities necessary to the program.

(A) The funds allocated pursuant to this paragraph shall be used to fund seven new positions for the Heritage and Wild Trout Program.

(B) In addition to the seven new positions specified in subparagraph (A), the department may hire seasonal aides in each region of the state to assist with the operations of the Heritage and Wild Trout Program.

(3) The department shall, by July 1, 2011, ensure that 25 percent of the fish produced by state fish hatcheries are used for the purpose of initiating and managing the restoration of naturally indigenous stocks of trout to their original California source watersheds. This paragraph shall not be construed to prohibit the department from using surplus fish in waters outside of their original California source watersheds. All trout restored pursuant to this paragraph shall be native California trout, as defined in Section 7261. The department shall attain the 25-percent restoration goal of this paragraph according to the following schedule:

(A) By July 1, 2009, 15 percent and at least four species, not including the coastal rainbow trout/steelhead.

(B) By July 1, 2010, 20 percent and at least four species, not including the coastal rainbow trout/steelhead.

(C) By July 1, 2011, and thereafter, 25 percent and at least five species, not including the coastal rainbow trout/steelhead.

(4) The department may hire additional staff for state fish hatcheries, in order to comply with the requirements of this subdivision.

(c) The department may allocate any funds under this section, not necessary to maintain the minimums specified in paragraphs (1) and (3) of subdivision (b), and after the expenditure in paragraph (2) of subdivision (b), to the Fish and Game Preservation Fund.

(d) The department may utilize federal funds to meet the funding formula specified in subdivision (a) if those funds are otherwise legally available for this purpose.

(e) A portion of the moneys subject to appropriation pursuant to subdivision (a) may be used for the purpose of obtaining scientifically valid genetic determinations of California native trout stocks, consistent with Theme 1 in the executive summary of the department's Strategic Plan for Trout Management, published November 2003.

(f) The department, by July 1, 2008, and annually thereafter, shall report back to the fiscal and policy committees in the Legislature on the implementation of these provisions.

CHAPTER 423

An act to amend Sections 7171 and 31000.6 of the Government Code, relating to government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 7171 of the Government Code is amended to read:

7171. (a) With respect to real property, at any time after creation of a state tax lien, the agency may record in the office of the county recorder of the county in which the real property is located a notice of state tax lien.

(b) With respect to personal property, at any time after creation of a state tax lien, the agency may file a notice of state tax lien with the Secretary of State pursuant to Chapter 14.5 (commencing with Section 7220).

(c) (1) The notice of state tax lien recorded or filed pursuant to subdivision (a) or (b) shall include all of the following:

(A) The name and last known address of the taxpayer.

(B) The name of the agency giving notice of the lien.

(C) The amount of the unpaid tax.

(D) A statement that the amount of the unpaid tax is a lien on all real or personal property and rights to that property, including all after-acquired property and rights to property, belonging to the taxpayer.

(E) A statement that the agency has complied with all of the provisions of the applicable law for determining and assessing the tax.

(2) Notwithstanding paragraph (4) of subdivision (b) of Section 27390, the transmission, filing, recording, and indexing of notices of state tax

liens recorded or filed pursuant to subdivision (a) or (b), and all documents that relate to or affect those liens, including, but not limited to, a release, an extension, or a subordination, by electronic or magnetic means using computerized data processing, telecommunications, the other similar information technologies available to the filing offices shall be permitted. A facsimile signature that complies with the requirements of paragraph (2) of subdivision (b) of Section 27201 shall be accepted on any document relating to a state tax lien filed or recorded pursuant to this paragraph.

(d) If the notice of state tax lien recorded in any county reflects an out-of-state address as the last known address of the taxpayer, the agency shall pay the fees required by Sections 27361, 27361.2, 27361.4, and 27361.8.

(e) The agency recording a notice of state tax lien pursuant to subdivision (d) may collect from the taxpayer, in any manner provided by law for the collection of the tax, the cost of recording.

SEC. 2. Section 31000.6 of the Government Code is amended to read:

31000.6. (a) Upon request of the assessor or the sheriff of the county, the board of supervisors shall contract with and employ legal counsel to assist the assessor or the sheriff in the performance of his or her duties in any case where the county counsel or the district attorney would have a conflict of interest in representing the assessor or the sheriff.

(b) In the event that the board of supervisors does not concur with the assessor or the sheriff that a conflict of interest exists, the assessor or the sheriff, after giving notice to the county counsel or the district attorney, may initiate an ex parte proceeding before the presiding judge of the superior court. The county counsel or district attorney may file an affidavit in the proceeding in opposition to, or in support of, the assessor's or the sheriff's position.

(c) The presiding superior court judge that determines in any ex parte proceeding that a conflict actually exists, must, if requested by one of the parties, also rule whether representation by the county counsel or district attorney through the creation of an "ethical wall" is appropriate. The factors to be considered in this determination of whether an "ethical wall" should be created are: (1) equal representation, (2) level of support, (3) access to resources, (4) zealous representation, or (5) any other consideration that relates to proper representation.

(d) If a court determines that the action brought by the assessor or sheriff is frivolous and in bad faith, the assessor's office or sheriff's office shall pay their own legal costs and all costs incurred in the action by the opposing party. As used in this section, "bad faith" and "frivolous" have the meaning given in Section 128.5 of the Code of Civil Procedure.

(e) If the presiding judge determines that a conflict of interest does exist, and that representation by the county counsel or district attorney through the creation of an ethical wall is inappropriate, the board of supervisors shall immediately employ legal counsel to assist the assessor or the sheriff.

(f) As used in this section, "conflict of interest" means a conflict of interest as defined in Rule 3-310 of the Rules of Professional Conduct of the State Bar of California, as construed for public attorneys.

(g) This section shall also apply to any matter brought after an assessor or sheriff leaves office if the matter giving rise to the need for independent legal counsel was within the scope of the duties of the assessor or sheriff while in office, and the assessor or sheriff would have been authorized under this section to request the appointment of independent legal counsel.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow the Franchise Tax Board to record liens in the most efficient method possible to prevent the unnecessary expense of state tax dollars, and to ensure county officials are able to carry out their official duties as prescribed by law for actions taken in their official capacity, it is necessary that this act take effect immediately.

CHAPTER 424

An act to add Section 15321 to the Elections Code, relating to elections.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 15321 is added to the Elections Code, to read:

15321. For any statewide election or special election to fill a vacancy in a congressional or legislative office, votes cast by absentee ballot and votes cast at the polling place shall be tabulated by precinct.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 425

An act to add Section 40982 to the Health and Safety Code, relating to air resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 40982 is added to the Health and Safety Code, to read:

40982. Each member of the Sacramento district board shall receive actual and necessary expenses incurred in the performance of board duties, and may receive compensation, to be determined by the Sacramento district board, not to exceed one hundred dollars ($100) for each day attending the meetings of the Sacramento district board and committee meetings thereof, or upon authorization of the Sacramento district board, while on official business of the Sacramento district, but the compensation shall not exceed six thousand dollars ($6,000) in any one year. Compensation pursuant to this section shall be fixed by ordinance.

SEC. 2. The Legislature finds and declares that, due to the unique circumstances relating to the governing board of the Sacramento metropolitan Air Quality Management District, a general statute cannot be made applicable and the enactment of Section 1 of this act as a special statute is therefore necessary.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the

Government Code and Section 6 of Article XIII B of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To enable the Sacramento Metropolitan Air Quality Management District to comply with the provisions of Chapter 700 of the Statutes of 2005 at the earliest possible date, it is necessary that this act take effect immediately.

SEC. 2. Section 16956 of the Corporations Code is amended to read:

16956. (a) At the time of registration pursuant to Section 16953, in the case of a registered limited liability partnership, and Section 16959, in the case of a foreign limited liability partnership, and at all times during which those partnerships shall transact intrastate business, every registered limited liability partnership and foreign limited liability partnership, as the case may be, shall be required to provide security for claims against it as follows:

(1) For claims based upon acts, errors, or omissions arising out of the practice of public accountancy, a registered limited liability partnership or foreign limited liability partnership providing accountancy services shall comply with one, or pursuant to subdivision (b) some combination, of the following:

(A) Maintaining a policy or policies of insurance against liability imposed on or against it by law for damages arising out of claims in an amount for each claim of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the total aggregate limit of liability under the policy or policies of insurance for partnerships with fewer than five licensed persons shall not be less than five hundred thousand dollars ($500,000), and for all other partnerships is not required to exceed five million dollars ($5,000,000) in any one designated period, less amounts paid in defending, settling, or discharging claims as set forth in this subparagraph. The policy or policies may be issued on a claims-made or occurrence basis, and shall cover: (i) in the case of a claims-made policy, claims initially asserted in the designated period, and (ii) in the case of an occurrence policy, occurrences during the designated period. For purposes of this subparagraph, "designated period" means a policy year or any other period designated in the policy that is not greater than 12 months. The impairment or exhaustion of the aggregate limit of liability by amounts paid under the policy in connection with the settlement, discharge, or defense of claims applicable to a designated period shall not require the partnership to acquire additional insurance coverage for that designated period. The policy or policies of insurance may be in a form reasonably available in the commercial insurance market and may be subject to those terms, conditions, exclusions, and endorsements that are typically contained in those

policies. A policy or policies of insurance maintained pursuant to this subparagraph may be subject to a deductible or self-insured retention.

Upon the dissolution and winding up of the partnership, the partnership shall, with respect to any insurance policy or policies then maintained pursuant to this subparagraph, maintain or obtain an extended reporting period endorsement or equivalent provision in the maximum total aggregate limit of liability required to comply with this subparagraph for a minimum of three years if reasonably available from the insurer.

(B) Maintaining in trust or bank escrow, cash, bank certificates of deposit, United States Treasury obligations, bank letters of credit, or bonds of insurance or surety companies as security for payment of liabilities imposed by law for damages arising out of all claims in an amount of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the maximum amount of security for partnerships with fewer than five licensed persons shall not be less than five hundred thousand dollars ($500,000), and for all other partnerships is not required to exceed five million dollars ($5,000,000). The partnership remains in compliance with this section during a calendar year notwithstanding amounts paid during that calendar year from the accounts, funds, Treasury obligations, letters of credit, or bonds in defending, settling, or discharging claims of the type described in this paragraph, provided that the amount of those accounts, funds, Treasury obligations, letters of credit, or bonds was at least the amount specified in the preceding sentence as of the first business day of that calendar year. Notwithstanding the pendency of other claims against the partnership, a registered limited liability partnership or foreign limited liability partnership shall be deemed to be in compliance with this subparagraph as to a claim if within 30 days after the time that a claim is initially asserted through service of a summons, complaint, or comparable pleading in a judicial or administrative proceeding, the partnership has provided the required amount of security by designating and segregating funds in compliance with the requirements of this subparagraph.

(C) Unless the partnership has satisfied subparagraph (D), each partner of a registered limited liability partnership or foreign limited liability partnership providing accountancy services, by virtue of that person's status as a partner, thereby automatically guarantees payment of the difference between the maximum amount of security required for the partnership by this paragraph and the security otherwise provided in accordance with subparagraphs (A) and (B), provided that the aggregate amount paid by all partners under these guarantees shall not exceed the difference. Neither withdrawal by a partner nor the dissolution and

winding up of the partnership shall affect the rights or obligations of a partner arising prior to withdrawal or dissolution and winding up, and the guarantee provided for in this subparagraph shall apply only to conduct that occurred prior to the withdrawal or dissolution and winding up. Nothing contained in this subparagraph shall affect or impair the rights or obligations of the partners among themselves, or the partnership, including, but not limited to, rights of contribution, subrogation, or indemnification.

(D) Confirming, pursuant to the procedure in subdivision (c), that, as of the most recently completed fiscal year of the partnership, it had a net worth equal to or exceeding ten million dollars ($10,000,000).

(2) For claims based upon acts, errors, or omissions arising out of the practice of law, a registered limited liability partnership or foreign limited liability partnership providing legal services shall comply with one, or pursuant to subdivision (b) some combination, of the following:

(A) Each registered limited liability partnership or foreign limited liability partnership providing legal services shall maintain a policy or policies of insurance against liability imposed on or against it by law for damages arising out of claims in an amount for each claim of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the total aggregate limit of liability under the policy or policies of insurance for partnerships with fewer than five licensed persons shall not be less than five hundred thousand dollars ($500,000), and for all other partnerships is not required to exceed seven million five hundred thousand dollars ($7,500,000) in any one designated period, less amounts paid in defending, settling, or discharging claims as set forth in this subparagraph. The policy or policies may be issued on a claims-made or occurrence basis, and shall cover (i) in the case of a claims-made policy, claims initially asserted in the designated period, and (ii) in the case of an occurrence policy, occurrences during the designated period. For purposes of this subparagraph, "designated period" means a policy year or any other period designated in the policy that is not greater than 12 months. The impairment or exhaustion of the aggregate limit of liability by amounts paid under the policy in connection with the settlement, discharge, or defense of claims applicable to a designated period shall not require the partnership to acquire additional insurance coverage for that designated period. The policy or policies of insurance may be in a form reasonably available in the commercial insurance market and may be subject to those terms, conditions, exclusions, and endorsements that are typically contained in those policies. A policy or policies of insurance maintained pursuant to this subparagraph may be subject to a deductible or self-insured retention.

Upon the dissolution and winding up of the partnership, the partnership shall, with respect to any insurance policy or policies then maintained pursuant to this subparagraph, maintain or obtain an extended reporting period endorsement or equivalent provision in the maximum total aggregate limit of liability required to comply with this subparagraph for a minimum of three years if reasonably available from the insurer.

(B) Each registered limited liability partnership or foreign limited liability partnership providing legal services shall maintain in trust or bank escrow, cash, bank certificates of deposit, United States Treasury obligations, bank letters of credit, or bonds of insurance or surety companies as security for payment of liabilities imposed by law for damages arising out of all claims in an amount of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the maximum amount of security for partnerships with fewer than five licensed persons shall not be less than five hundred thousand dollars ($500,000), and for all other partnerships is not required to exceed seven million five hundred thousand dollars ($7,500,000). The partnership remains in compliance with this section during a calendar year notwithstanding amounts paid during that calendar year from the accounts, funds, Treasury obligations, letters of credit, or bonds in defending, settling, or discharging claims of the type described in this paragraph, provided that the amount of those accounts, funds, Treasury obligations, letters of credit, or bonds was at least the amount specified in the preceding sentence as of the first business day of that calendar year. Notwithstanding the pendency of other claims against the partnership, a registered limited liability partnership or foreign limited liability partnership shall be deemed to be in compliance with this subparagraph as to a claim if within 30 days after the time that a claim is initially asserted through service of a summons, complaint, or comparable pleading in a judicial or administrative proceeding, the partnership has provided the required amount of security by designating and segregating funds in compliance with the requirement of this subparagraph.

(C) Unless the partnership has satisfied the requirements of subparagraph (D), each partner of a registered limited liability partnership or foreign limited liability partnership providing legal services, by virtue of that person's status as a partner, thereby automatically guarantees payment of the difference between the maximum amount of security required for the partnership by this paragraph and the security otherwise provided in accordance with the provisions of subparagraphs (A) and (B), provided that the aggregate amount paid by all partners under these guarantees shall not exceed the difference. Neither withdrawal by a

partner nor the dissolution and winding up of the partnership shall affect the rights or obligations of a partner arising prior to withdrawal or dissolution and winding up, and the guarantee provided for in this subparagraph shall apply only to conduct that occurred prior to the withdrawal or dissolution and winding up. Nothing contained in this subparagraph shall affect or impair the rights or obligations of the partners among themselves, or the partnership, including, but not limited to, rights of contribution, subrogation, or indemnification.

(D) Confirming, pursuant to the procedure in subdivision (c), that, as of the most recently completed fiscal year of the partnership, it had a net worth equal to or exceeding fifteen million dollars ($15,000,000).

(3) For claims based upon acts, errors, or omissions arising out of the practice of architecture, a registered limited liability partnership or foreign limited liability partnership providing architectural services shall comply with one, or pursuant to subdivision (b) some combination, of the following:

(A) Maintaining a policy or policies of insurance against liability imposed on or against it by law for damages arising out of claims in an amount for each claim of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the total aggregate limit of liability under the policy or policies of insurance for partnerships with five or fewer licensees rendering professional services on behalf of the partnership shall not be less than five hundred thousand dollars ($500,000), and for all other partnerships is not required to exceed five million dollars ($5,000,000) in any one designated period, less amounts paid in defending, settling, or discharging claims as set forth in this subparagraph. On and after January 1, 2008, the total aggregate limit of liability under the policy or policies of insurance for partnerships with five or fewer licensees rendering professional services on behalf of the partnership shall not be less than one million dollars ($1,000,000), and for partnerships with more than five licensees rendering professional services on behalf of the partnership, an additional one hundred thousand dollars ($100,000) of liability coverage shall be obtained for each additional licensee; however, the total aggregate limit of liability under the policy or policies of insurance is not required to exceed five million dollars ($5,000,000). The policy or policies may be issued on a claims-made or occurrence basis, and shall cover: (i) in the case of a claims-made policy, claims initially asserted in the designated period, and (ii) in the case of an occurrence policy, occurrences during the designated period. For purposes of this subparagraph, "designated period" means a policy year or any other period designated in the policy that is not greater than 12 months. The impairment or exhaustion of the

aggregate limit of liability by amounts paid under the policy in connection with the settlement, discharge, or defense of claims applicable to a designated period shall not require the partnership to acquire additional insurance coverage for that designated period. The policy or policies of insurance may be in a form reasonably available in the commercial insurance market and may be subject to those terms, conditions, exclusions, and endorsements that are typically contained in those policies. A policy or policies of insurance maintained pursuant to this subparagraph may be subject to a deductible or self-insured retention.

Upon the dissolution and winding up of the partnership, the partnership shall, with respect to any insurance policy or policies then maintained pursuant to this subparagraph, maintain or obtain an extended reporting period endorsement or equivalent provision in the maximum total aggregate limit of liability required to comply with this subparagraph for a minimum of three years if reasonably available from the insurer.

(B) Maintaining in trust or bank escrow, cash, bank certificates of deposit, United States Treasury obligations, bank letters of credit, or bonds of insurance or surety companies as security for payment of liabilities imposed by law for damages arising out of all claims in an amount of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the maximum amount of security for partnerships with five or fewer licensees rendering professional services on behalf of the partnership shall not be less than five hundred thousand dollars ($500,000), and for all other partnerships is not required to exceed five million dollars ($5,000,000). On and after January 1, 2008, the maximum amount of security for partnerships with five or fewer licensees rendering professional services on behalf of the partnership shall not be less than one million dollars ($1,000,000), and for partnerships with more than five licensees rendering professional services on behalf of the partnership, an additional one hundred thousand dollars ($100,000) of security shall be obtained for each additional licensee; however, the maximum amount of security is not required to exceed five million dollars ($5,000,000). The partnership remains in compliance with this section during a calendar year notwithstanding amounts paid during that calendar year from the accounts, funds, Treasury obligations, letters of credit, or bonds in defending, settling, or discharging claims of the type described in this paragraph, provided that the amount of those accounts, funds, Treasury obligations, letters of credit, or bonds was at least the amount specified in the preceding sentence as of the first business day of that calendar year. Notwithstanding the pendency of other claims against the partnership, a registered limited liability partnership or foreign limited liability

partnership shall be deemed to be in compliance with this subparagraph as to a claim if within 30 days after the time that a claim is initially asserted through service of a summons, complaint, or comparable pleading in a judicial or administrative proceeding, the partnership has provided the required amount of security by designating and segregating funds in compliance with the requirements of this subparagraph.

(C) Unless the partnership has satisfied subparagraph (D), each partner of a registered limited liability partnership or foreign limited liability partnership providing architectural services, by virtue of that person's status as a partner, thereby automatically guarantees payment of the difference between the maximum amount of security required for the partnership by this paragraph and the security otherwise provided in accordance with subparagraphs (A) and (B), provided that the aggregate amount paid by all partners under these guarantees shall not exceed the difference. Neither withdrawal by a partner nor the dissolution and winding up of the partnership shall affect the rights or obligations of a partner arising prior to withdrawal or dissolution and winding up, and the guarantee provided for in this subparagraph shall apply only to conduct that occurred prior to the withdrawal or dissolution and winding up. Nothing contained in this subparagraph shall affect or impair the rights or obligations of the partners among themselves, or the partnership, including, but not limited to, rights of contribution, subrogation, or indemnification.

(D) Confirming, pursuant to the procedure in subdivision (c), that, as of the most recently completed fiscal year of the partnership, it had a net worth equal to or exceeding ten million dollars ($10,000,000).

A confirmation filed during any particular fiscal year shall continue to be effective for the first four months of the next succeeding fiscal year.

(d) Neither the existence of the requirements of subdivision (a) nor the extent of the registered limited liability partnership's or foreign limited liability partnership's compliance with the alternative requirements in this section shall be admissible in court or in any way be made known to a jury or other trier of fact in determining an issue of liability for, or to the extent of, the damages in question.

(e) Notwithstanding any other provision of this section, if a registered limited liability partnership or foreign limited liability partnership is otherwise in compliance with the terms of this section at the time that a bankruptcy or other insolvency proceeding is commenced with respect to the registered limited liability partnership or foreign limited liability partnership, it shall be deemed to be in compliance with this section during the pendency of the proceeding. A registered limited liability partnership that has been the subject of a proceeding and that conducts business after the proceeding ends shall thereafter comply with paragraph (1), (2), or (3) of subdivision (a), in order to obtain the limitations on liability afforded by subdivision (c) of Section 16306.

SEC. 3. Section 5 of Chapter 504 of the Statutes of 1998, as amended by Section 2 of Chapter 595 of the Statutes of 2001, is amended to read:

SEC. 5. The authorization in this act for registered limited liability partnerships and foreign limited liability partnerships to engage in the practice of architecture shall terminate on January 1, 2012.

It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2007, (2) each bill amends Section 16101 of the Corporations Code, and (3) this bill is enacted after AB 339, in which case Section 1 of this bill shall not become operative.

CHAPTER 427

An act to amend Section 54957.8 of the Government Code, relating to open meetings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 2006. Filed with
Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 54957.8 of the Government Code is amended to read:

(b) Nothing contained in this chapter shall be construed to prevent the legislative body of a multijurisdictional law enforcement agency, or an advisory body of a multijurisdictional law enforcement agency, from holding closed sessions to discuss the case records of any ongoing criminal investigation of the multijurisdictional law enforcement agency or of any party to the joint powers agreement, to hear testimony from persons involved in the investigation, and to discuss courses of action in particular cases.

SEC. 2. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

In order to protect the public interest in preventing the impairment of ongoing law enforcement investigations, protecting witnesses and informants, and permitting the discussion of effective courses of action in particular cases, it is necessary to authorize the legislative body of a multijurisdictional law enforcement agency to hold a closed session for specified purposes related to any ongoing criminal investigation of the multijurisdictional law enforcement agency.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are: In order to prevent the impairment of ongoing law enforcement investigations, to protect witnesses and

informants, and to permit the discussion of effective courses of action in particular cases at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 428

An act to amend Sections 18662 and 18668 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 18662 of the Revenue and Taxation Code is amended to read:

18662. (a) The Franchise Tax Board may, by regulation, require any person, in whatever capacity acting, including lessees or mortgagors of real or personal property, fiduciaries, employers, and any officer or department of the state or any political subdivision or agency of the state, or any city organized under a freeholder's charter, or any political body not a subdivision or agency of the state, having the control, receipt, custody, disposal, or payment of items of income specified in subdivision (b), to withhold an amount, determined by the Franchise Tax Board to reasonably represent the amount of tax due when the items of income are included with other income of the taxpayer, and to transmit the amount withheld to the Franchise Tax Board at the time as it may designate.

(b) The items of income referred to in subdivision (a) are interest, dividends, rents, prizes and winnings, premiums, annuities, emoluments, compensation for services, including bonuses, partnership income or gains, and other fixed or determinable annual or periodical gains, profits, and income.

(c) The Franchise Tax Board may authorize the tax under subdivision (a) to be deducted and withheld from the interest upon any securities the owners of which are not known to the withholding agent.

(d) Any person failing to withhold from any payments any amounts required by subdivision (a) to be withheld is liable for the amount withheld or the amount of taxes due from the person to whom the payments are made to an extent not in excess of the amounts required to be withheld, whichever is greater, unless it is shown that the failure to withhold is due to reasonable cause.

(e) (1) This subdivision applies to any disposition of a California real property interest by:

(A) Any person, other than either of the following:

(i) A corporation, including an entity classified for tax purposes as a corporation under Part 11 (commencing with Section 23001).

(ii) A partnership, as determined in accordance with Subchapter K of Chapter 1 of Subtitle A of the Internal Revenue Code, including an entity classified as a partnership for tax purposes under Part 10 (commencing with Section 17001).

(B) A corporation, if the corporation immediately after the transfer of the title to the California real property has no permanent place of business in California. For purposes of this subdivision, a corporation has no permanent place of business in California if all of the following apply:

(i) It is not organized and existing under the laws of California.

(ii) It does not qualify with the office of the Secretary of State to transact business in California.

(iii) It does not maintain and staff a permanent office in California.

(2) (A) Except as provided in subparagraph (B), in the case of any disposition of a California real property interest by a transferor described in paragraph (1), the transferee, including for this purpose any intermediary or accommodator in a deferred exchange, is required to withhold an amount equal to 3⅓ percent of the sales price of the California real property conveyed.

(B) If the transferor makes an election under this subparagraph, the transferee, including any intermediary or accommodator in a deferred exchange, is required to withhold an amount equal to an amount certified by the transferor in writing under penalty of perjury. The amount certified shall not be less than the gain required to be recognized under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) on the disposition of the California real property multiplied by the rate specified in either Section 23151 or Section 23186, as applicable, for transferors that are corporations, or the highest rate specified in Section 17041 for transferors other than corporations. For purposes of applying the previous sentence, the highest rate specified in Section 17041 is determined without regard to any other tax rate specified under Part 10 (commencing with Section 17001) irrespective of whether the applicable statute provides that tax shall be treated as if imposed under Section 17041.

(C) (i) The written certification required by subparagraph (B) shall be in a form, as prescribed by the Franchise Tax Board. The form shall provide as follows:

"Title and escrow persons and exchange accommodators are not authorized to provide legal or accounting advice for purposes of determining withholding amounts. Transferors are strongly encouraged to consult with a competent tax professional for this purpose."

(ii) The Franchise Tax Board shall make this form available electronically on its Web site in a format that allows a transferor to complete and print the form. The Franchise Tax Board shall also provide electronic means to enable the transferor to estimate the amount of gain required to be recognized by the transferor in the transaction. Any form or worksheet, electronic or otherwise, developed for this purpose shall provide as follows:

"Title and escrow persons and exchange accommodators are not authorized to provide legal or accounting advice for purposes of determining withholding amounts. Transferors are strongly encouraged to consult with a competent tax professional for this purpose."

(3) Notwithstanding any other provision of this subdivision, all of the following shall apply:

(A) No transferee is required to withhold any amount under this subdivision unless the sales price of the California real property conveyed exceeds one hundred thousand dollars ($100,000).

(B) No transferee, other than an intermediary or an accommodator in a deferred exchange, is required to withhold any amount under this subdivision unless written notification of the withholding requirements of this subdivision has been provided by the real estate escrow person.

(C) (i) No transferee, trustee under a deed of trust, or mortgagee under a mortgage with a power of sale is required to withhold under this subdivision when the transferee has acquired California real property at a sale pursuant to a power of sale under a mortgage or deed of trust or a sale pursuant to a decree of foreclosure or has acquired the property by a deed in lieu of foreclosure.

(ii) No transferee is required to withhold under this subdivision when the transferor is a bank acting as trustee other than a trustee of a deed of trust.

(D) No transferee, including for this purpose any intermediary or accommodator in a deferred exchange, is required to withhold any amount under this subdivision if the transferee, in good faith and based on all the information of which he or she has knowledge, relies on a

written certificate executed by the transferor, certifying, under penalty of perjury, one of the following:

(i) (I) The California real property being conveyed is the seller's or decedent's principal residence, within the meaning of Section 121 of the Internal Revenue Code.

(II) The last use of the property being conveyed was use by the transferor as the transferor's principal residence within the meaning of Section 121 of the Internal Revenue Code.

(ii) (I) The California real property being conveyed is being exchanged, or will be exchanged, for property of like kind, within the meaning of Section 1031 of the Internal Revenue Code, but only to the extent of the amount of the gain not required to be recognized for California income or franchise tax purposes under Section 1031 of the Internal Revenue Code.

(II) Subclause (I) may not apply if an exchange does not qualify for nonrecognition treatment for California income or franchise tax purposes under Section 1031 of the Internal Revenue Code, in whole or in part, due to the failure of the transaction to comply with the provisions of Section 1031(a)(3) of the Internal Revenue Code, relating to the requirement that property be identified and that the exchange be completed not more than 180 days after the transfer of the exchanged property.

(III) In any case where clause (ii) applies, the transferee, including for this purpose any intermediary or accommodator in a deferred exchange, is required to notify the Franchise Tax Board in writing within 10 days of the expiration of the statutory periods specified in Section 1031(a)(3) of the Internal Revenue Code and thereafter remit the applicable withholding amounts determined under this subdivision in accordance with paragraph (4).

(iii) The California real property has been compulsorily or involuntarily converted, within the meaning of Section 1033 of the Internal Revenue Code, and the transferor intends to acquire property similar or related in service or use so as to be eligible for nonrecognition of gain for California income tax purposes under Section 1033 of the Internal Revenue Code.

(iv) The transaction will result in either a net loss or a net gain not required to be recognized for California income or franchise tax purposes.

(v) The transferor is a corporation with a permanent place of business in California.

(E) (i) In the case of any transaction otherwise subject to this subdivision that qualifies as an "installment sale," within the meaning of Section 453(b) of the Internal Revenue Code, for California income tax purposes, the provisions of this subdivision may, upon the irrevocable

written election of the transferee, be separately applied to each principal payment to be made under the terms of the installment sale agreement between the parties.

(ii) For purposes of clause (i), subparagraph (A) of paragraph (3) does not apply to each individual payment to be received under the terms of the installment sale agreement.

(iii) The election under this subparagraph shall be made at the time, and in the form and manner, specified by the Franchise Tax Board in forms and instructions, except that the form shall, at a minimum, include the requirement specified in clause (iv) of this subparagraph.

(iv) The election under this subparagraph is valid only if the transferee agrees to withhold and remit from each installment payment the amount specified under this subdivision in the form and manner, and at the time, specified in paragraph (4).

(4) (A) Amounts withheld and payments made in accordance with this subdivision shall be reported and remitted to the Franchise Tax Board in the form and manner and at the time specified by the Franchise Tax Board. Notwithstanding the foregoing, funds withheld on individual transactions by real estate escrow persons may, at the option of the real estate escrow person, be remitted by the 20th day of the month following the close of escrow for the individual transaction, or may be remitted on a monthly basis in combination with other transactions closed during that month.

(B) The transferor shall submit a copy of the written certificate and supporting documentation for the reduced withholding specified in subparagraph (B) of paragraph (2) or subparagraph (D) of paragraph (3), executed by the transferor, to the Franchise Tax Board upon request.

(5) For purposes of this subdivision, "California real property interest" means an interest in real property located in California and defined in Section 897(c)(1)(A)(i) of the Internal Revenue Code.

(6) For purposes of this subdivision, "real estate escrow person" means any of the following persons involved in the real estate transaction:

(A) The person, including any attorney, escrow company, or title company, responsible for closing the transaction.

(B) If no person described in subparagraph (A) is responsible for closing the transaction, then any other person who receives and disburses the consideration or value for the interest or property conveyed.

(7) (A) Unless the real estate escrow person provides "assistance," it shall be unlawful for any real estate escrow person to charge any customer for complying with the requirements of this subdivision.

(B) For purposes of this paragraph, "assistance" includes, but is not limited to, helping the parties clarify with the Franchise Tax Board the issue of whether withholding is required under this subdivision or, upon

request of the parties, withholding an amount under this subdivision and remitting that amount to the Franchise Tax Board.

(C) For purposes of this paragraph, "assistance" does not include providing the written notification of the withholding requirements of this subdivision.

(D) In a case where the real estate escrow person provides "assistance" in complying with the withholding requirements of this subdivision, it shall be unlawful for the real estate escrow person to charge any customer a fee that exceeds forty-five dollars ($45).

(8) For purposes of this subdivision, "sales price" means the sum of all of the following:

(A) The cash paid, or to be paid, but excluding for this purpose any stated or unstated interest or original issue discount, as determined under Sections 1271 through 1275, inclusive, of the Internal Revenue Code.

(B) The fair market value of other property transferred, or to be transferred.

(C) The outstanding amount of any liability assumed by the transferee or to which the California real property interest is subject immediately before and after the transfer.

(9) The Franchise Tax Board may prescribe, by forms, instructions, published notices, or regulations, any requirements necessary for the efficient administration of this subdivision relating to the treatment of "de minimus" amounts otherwise required under this section.

(f) Whenever any person has withheld any amount pursuant to this section, the amount so withheld shall be held in trust for the State of California. The amount of the fund shall be assessed, collected, and paid in the same manner and subject to the same provisions and limitations, including penalties, as are applicable with respect to the taxes imposed by Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part.

(g) Withholding is not required under this section with respect to wages, salaries, fees, or other compensation paid by a corporation for services performed in California for that corporation to a nonresident corporate director for director services, including attendance at a board of directors' meeting.

(h) In the case of any payment described in subdivision (g), the person making the payment shall do each of the following:

(1) File a return with the Franchise Tax Board at the time and in the form and manner specified by the Franchise Tax Board.

(2) Provide the payee with a statement at the time and in the form and manner specified by the Franchise Tax Board.

(i) (1) The amendments to this section made by Chapter 488 of the Statutes of 2002 apply to dispositions of California real property interests that occur on or after January 1, 2003.

(2) In the case of any payments received on or after January 1, 2003, pursuant to an installment sale agreement relating to a disposition occurring before January 1, 2003, the amendments to this section made by Chapter 488 of the Statutes of 2002 do not apply to those payments.

SEC. 2. Section 18668 of the Revenue and Taxation Code is amended to read:

18668. (a) Every person required under this article to deduct and withhold any tax is hereby made liable for that tax, to the extent provided by this section and, insofar as they are not inconsistent with this article, all the provisions of this part relating to penalties, interest, assessment, and collections shall apply to persons subject to this part, and for these purposes any amount required to be deducted and paid to the Franchise Tax Board under this article shall be considered the tax of the person. Any person who fails to withhold from any payments any amount required to be withheld under this article is liable for the amount withheld or the amount of taxes due from the taxpayer to whom the payments are made but not in excess of the amount required to be withheld, whichever is more, unless it is shown that the failure to withhold is due to reasonable cause.

(b) If any amount required to be withheld under this article is not paid to the Franchise Tax Board on or before the due date required by regulations, interest shall be assessed at the adjusted annual rate established pursuant to Section 19521, computed from the due date to the date paid.

(c) Whenever any person has withheld any amount pursuant to this article, the amount so withheld shall be held to be a special fund in trust for the State of California.

(d) In lieu of the amount provided for in subdivision (a), unless it is shown that the failure to withhold is due to reasonable cause, whenever any transferee is required to withhold any amount pursuant to subdivision (e) of Section 18662, the transferee is liable for the greater of the following amounts for failure to withhold only after the transferee, as specified, is notified in writing of the requirements under subdivision (e) of Section 18662:

(1) Five hundred dollars ($500).

(2) Ten percent of the amount required to be withheld under subdivision (e) of Section 18662.

(e) (1) Unless it is shown that the failure to notify is due to reasonable cause, the real estate escrow person is liable for the amount specified in subdivision (d), when written notification of the withholding requirements

of subdivision (e) of Section 18662 is not provided to the transferee, other than a transferee that is an intermediary or accommodator in a deferred exchange, and the California real property disposition is subject to withholding under subdivision (e) of Section 18662.

(2) The real estate escrow person shall provide written notification to the transferee (other than a transferee that is an intermediary or accommodator in a deferred exchange) in substantially the same form as follows:

"In accordance with Section 18662 of the Revenue and Taxation Code, a buyer may be required to withhold an amount equal to 3 ⅓ percent of the sales price or the amount that is specified in a written certificate executed by the transferor in the case of a disposition of California real property interest by either:

1. A seller who is an individual, trust, or estate or when the disbursement instructions authorize the proceeds to be sent to a financial intermediary of the seller, OR

2. A corporate seller that has no permanent place of business in California immediately after the transfer of title to the California real property.

The buyer may become subject to penalty for failure to withhold an amount equal to the greater of 10 percent of the amount required to be withheld or five hundred dollars ($500).

However, notwithstanding any other provision included in the California statutes referenced above, no buyer will be required to withhold any amount or be subject to penalty for failure to withhold if:

1. The sales price of the California real property conveyed does not exceed one hundred thousand dollars ($100,000), OR

2. The seller executes a written certificate, under the penalty of perjury, certifying that the seller is a corporation with a permanent place of business in California, OR

3. The seller, who is an individual, trust, estate or a corporation without a permanent place of business in California executes a written certificate, under the penalty of perjury, of any of the following:

A. The California real property being conveyed is the seller's or decedent's principal residence, within the meaning of Section 121 of the Internal Revenue Code.

B. The last use of the property being conveyed was use by the transferor as the transferor's principal residence within the meaning of Section 121 of the Internal Revenue Code.

C. The California real property being conveyed is or will be exchanged for property of like kind, within the meaning of Section 1031 of the Internal Revenue Code, but only to the extent of the amount of gain not

required to be recognized for California income tax purposes under Section 1031 of the Internal Revenue Code.

D. The California real property has been compulsorily or involuntarily converted, within the meaning of Section 1033 of the Internal Revenue Code, and that the seller intends to acquire property similar or related in service or use so as to be eligible for nonrecognition of gain for California income tax purposes under Section 1033 of the Internal Revenue Code.

E. The California real property transaction will result in a loss or a net gain not required to be recognized for California income tax purposes.

The seller is subject to penalty for knowingly filing a fraudulent certificate for the purpose of avoiding the withholding requirement."

(3) The real estate escrow person is not liable under this subdivision if the tax due as a result of the disposition of California real property is paid by the original or extended due date of the transferor's return for the taxable year in which the disposition occurred.

(4) The real estate escrow person or transferee is not liable under paragraph (1) or subdivision (d), if the failure to withhold is the result of his or her reliance, based on good faith and on all the information of which he or she has knowledge, upon a written certificate executed by the transferor under penalty of perjury pursuant to subparagraph (D) of paragraph (3) of subdivision (e) of Section 18662.

(5) Any transferor who for the purpose of avoiding the withholding requirements of subdivision (e) of Section 18662 knowingly executes a false certificate pursuant to that section is liable for twice the amount specified in subdivision (d).

(f) The amount of tax required to be deducted and withheld under this article shall be assessed, collected, and paid in the same manner and subject to the same provisions and limitations, including penalties, as are applicable with respect to the taxes imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(3) Exchange programs as defined in this chapter.

(4) Short-term products as defined in this chapter.

(b) This chapter does not apply to any of the following:

(1) Time-share plans, whether or not an accommodation is located in this state, consisting of 10 or fewer time-share interests. Use of an exchange program by owners of time-share interests to secure access to other accommodations shall not affect this exemption.

(2) Time-share plans, whether or not an accommodation is located in this state, the use of which extends over any period of three years or less.

(3) Time-share plans, whether or not an accommodation is located in this state, under which the prospective purchaser's total financial obligation will be equal to or less than three thousand dollars ($3,000) during the entire term of the time-share plan.

(c) For purposes of determining the term of a time-share plan, the period of any renewal or renewal option shall be included.

(d) Single site time-share plans located outside the state and component sites of multisite time-share plans located outside the state, that are offered for sale or sold in this state are subject only to Sections 11210 to 11219, inclusive, Sections 11225 to 11246, inclusive, Sections 11250 to 11256, inclusive, paragraphs (1), (2), (3), and (4) of subdivision (a), and subdivisions (b) and (c), of Section 11265, subdivision (g) of Section 11266, subdivisions (a) and (c) of Section 11267, Sections 11272

and 11273, subdivisions (b), (c), and (d) of Section 11274, and Sections 11280 to 11287, inclusive.

SEC. 2. Section 11226 of the Business and Professions Code is amended to read:

11226. (a) Any person who, to any individual located in the state, sells, offers to sell, or attempts to solicit prospective purchasers to purchase a time-share interest, or any person who creates a time-share plan with an accommodation in the state, shall register the time-share plan with the commissioner, unless the time-share plan is otherwise exempt under this chapter.

(b) A developer, or any of its agents, shall not sell, offer, or dispose of a time-share interest in the state unless all necessary registration requirements are provided and approved by the commissioner, or the sale, offer, or disposition is otherwise permitted by this chapter, or while an order revoking or suspending a registration is in effect.

(c) In registering a time-share plan, the developer shall provide the commissioner all of the following information:

(1) The developer's legal name, any assumed names used by the developer, principal office street address, mailing address, primary contact person, and telephone number.

(2) The name of the developer's authorized or registered agent in the state upon whom claims can be served or service of process be had, the agent's street address in California, and telephone number.

(3) The name, street address, mailing address, primary contact person, and telephone number of the time-share plan being registered.

(4) The name, street address, mailing address, and telephone number of any managing entity of the time-share plan.

(5) A public report that complies with the requirements of Section 11234, or for a time-share plan located outside of the state, a public report that has been authorized for use by the situs state regulatory agency and that contains disclosures as determined by the commissioner upon review to be substantially equivalent to or greater than the information required to be disclosed pursuant to Section 11234.

(6) A description of the inventory control system that will ensure compliance with Section 11250.

(7) Any other information regarding the developer, time-share plan, or managing entities as established by regulation.

(d) An applicant for a public report for a time-share plan shall present evidence of the following for each accommodation in each time-share property that is, or will be, offered for sale in this state pursuant to the registration:

(1) That the accommodation is presently suitable for human occupancy or that financial arrangements have been made to complete construction

or renovation of the accommodation to make it suitable for human occupancy on or before the first date for occupancy by a time-share interest owner.

(2) That the accommodation is owned or leased by the developer of the time-share plan or is the subject of an enforceable option or contract under which the developer will build, purchase, or lease the accommodation. Notwithstanding this subdivision, the developer shall present evidence prior to the receipt of a final public report that the accommodation to be sold is owned or leased by the developer and that the accommodation is free and clear of encumbrances in accordance with Sections 11244 and 11255.

(e) If an accommodation in a time-share plan is located within a local governmental jurisdiction or subdivision of real property in which the dedication of accommodations to time-sharing is expressly prohibited by ordinance or recorded restriction, either absolutely or without a permit or other entitlement from the governing body, the applicant for a public report shall present evidence of a permit or other entitlement by the appropriate authority for the local government or the subdivision.

(f) (1) The developer shall amend or supplement its disclosure documents and registration information, to reflect any material change in any information required by this chapter or the regulations implementing this chapter. The developer shall notify the commissioner of the material change prior to implementation of the change, unless the change is beyond the control of the developer; in which event, the developer shall provide written notice to the commissioner as soon as reasonably practicable after the occurrence of the event necessitating the change. All amendments, supplements, and facts relevant to the material change shall be filed with the commissioner within 20 calendar days of the material change.

(2) The developer may continue to sell time-share interests in the time-share plan so long as, prior to closing, the developer provides a notice to each purchaser that describes the material change and provides to each purchaser the previously approved public report.

(A) If the change is material and adverse to the purchaser, all purchaser funds shall be held in escrow, or pursuant to alternative assurances permitted by subdivision (c) of Section 11243, and no closing shall occur until the amendment relating to the material and adverse change has been approved by the commissioner. After the amendment relating to the material and adverse change has been approved and the amended public report has been issued, the amended public report shall be sent to the purchaser, and an additional seven-day rescission period shall commence. The developer shall be required to maintain evidence of the receipt by each purchaser of the amended public report.

(B) If the commissioner refuses to approve the amendment relating to the material and adverse change, all sales made using the notice shall be subject to rescission and all funds returned.

(3) The developer shall update the public report to reflect any changes to the time-share plan that are not material and adverse, including the addition of any component sites, within a reasonable time, and may continue to sell and close time-share interests prior to the date that the amended public report is approved.

(g) An applicant for a public report for a multisite, time-share plan consisting of specific time-share interests, as defined in subparagraph (A) of paragraph (2) of subdivision (z) of Section 11212, affiliated with sites operated through the time-share plan's reservation system, shall certify both of the following:

(1) That a purchaser has, or will have, contractual or membership rights to use accommodations at each affiliated site and that, if an accommodation or promised improvement is, or may become, subject to a blanket encumbrance, that the blanket encumbrance is, or will be, subordinate to these rights.

(2) That a certificate of occupancy has been issued with respect to the accommodations at each affiliated site or that adequate provisions exist or will exist for the completion of all such accommodations. For any affiliated site accommodations that are not complete, the public report shall clearly identify in conspicuous type that those accommodations are not completed. For any accommodations that are not complete and for which adequate provisions for completion do not exist at the time the public report is issued, the public report shall also provide in conspicuous type that those accommodations might not be built, provided, however, that a developer's failure to build the accommodations shall not relieve the developer of any obligations created by the certification made pursuant to this subdivision.

(h) For purposes of subdivision (d) of this section, the "time-share property being offered for sale in this state" shall mean the following:

(1) With respect to a single site time-share plan, the time-share property being registered pursuant to this chapter.

(2) With respect to a specific time-share interest multisite time-share plan, the specific time-share property being registered pursuant to this chapter.

(3) With respect to a nonspecific time-share interest multisite time-share plan, all time-share properties in the time-share plan.

SEC. 3. Section 11226.1 is added to the Business and Professions Code, to read:

11226.1. Any person offering to sell or lease any interest subject to the requirements of Section 11226 shall make a copy of each of the

following documents available for examination by a prospective purchaser or lessee before the execution of an offer to purchase or lease and shall give a copy of those documents to each purchaser or lessee as soon as practicable before transfer of the interest being acquired by the purchaser or lessee:

(a) The declaration of covenants, conditions, and restrictions for the time-share plan.

(b) Articles of incorporation or association for the time-share owners' association.

(c) Bylaws of the owners' association.

(d) Any other instrument that establishes or defines the common, mutual, and reciprocal rights and responsibilities of the owners or lessees of interest in the time-share plan as members of the owners' association or otherwise.

(e) The current budget and financial statements for the time-share plan.

SEC. 4. Section 11238 of the Business and Professions Code is amended to read:

11238. (a) The purchase contract entered into by any person who has made an offer to purchase a time-share interest or interests, any incidental benefit, made on the same day or within seven calendar days after the person attended a sales presentation for a time-share interest, or any right under an exchange program, made on the same day or within seven calendar days after the person attended a sales presentation for a time-share interest, shall be voidable by the purchaser, without penalty, within seven calendar days, or a longer period as provided in the contract, after the receipt of the public report or the execution of the purchase contract, whichever is later.

(1) The purchase contract for the time-share interest shall provide notice of the seven-day cancellation period, together with the name and mailing address to which any notice of cancellation shall be delivered.

(2) Notice of cancellation shall be deemed timely if given not later than midnight of the seventh calendar day.

(b) A person who has made an offer to purchase a time-share interest, incidental benefit, or rights under an exchange program as described above may exercise the right of cancellation granted by this section by giving written notification of the notice to cancel to the developer at the place of business designated by the developer in the purchase contract.

(c) If the notice of cancellation is by United States mail, a rebuttable presumption shall exist that notice was given on the date that it is postmarked. If the notice is sent by facsimile, it shall be considered given on the date of a confirmed transmission. If the notice is by means of a writing sent other than by United States mail or telegraph, it shall be

considered as given at the time of delivery at the place of business designated by the developer. Exercising the rescission rights of the time-share interest shall also automatically rescind any agreement for the purchase of an incidental benefit or an enrollment into an exchange program where the agreements were entered into in conjunction with the purchase of the time-share interest.

(d) Each developer shall utilize and furnish each purchaser with a fully completed and executed copy of a contract pertaining to the sale of a time-share interest, which contract shall include the following information:

(1) The actual date the contract is executed by each party.

(2) The names and addresses of the developer and time-share plan.

(3) The initial purchase price and any additional recurring or nonrecurring charges, or a good faith estimate if the amount of those charges cannot then be determined, that the purchaser will be required to pay in connection with the purchase of the time-share interest, including, but not limited to, the current year's annual assessment for common expenses and financing charges.

(4) The estimated date of completion of construction of each accommodation promised to be completed which is not completed at the time the contract is executed.

(5) A brief description of the nature and duration of the time-share interest being sold, including whether any interest in real property is being conveyed.

(6) The specific number of years of the term of the time-share plan.

(7) Immediately prior to the space reserved in the contract for the signature of the purchaser, the developer shall disclose, in conspicuous type, substantially the following notice of cancellation:

> You may cancel this contract without any penalty or obligation within seven calendar days of receipt of the public report or after the date you sign this contract, whichever date is later. If you decide to cancel this contract, you must notify the developer in writing of your intent to cancel. Your notice of cancellation shall be effective upon the date sent and shall be sent to (name of developer) at (address of developer). Your notice of cancellation may also be sent by facsimile to (facsimile number of the developer) or by hand-delivery. Any attempt to obtain a waiver of your cancellation right is void and of no effect.

(8) The purchase contract for an interest in a single site or specific time-share interest multisite time-share plan without an accommodation in this state shall include the following additional disclosure in conspicuous type:

The accommodations of this time-share plan are located outside of California. As such, the management (including all matters relating to the association, the association budget, and any management contract) of this time-share plan is not governed by California law, but by the applicable law, if any, of the jurisdiction in which the accommodations are located as stated in the public report. You should review the governing documents related to the association, the association's budget, and the management of the time-share plan.

(e) If rescission is sought by the purchaser in accordance with this section, and a court finds the developer denied the rescission in violation of this section, the court may also award reasonable attorneys' fees and costs to the prevailing purchaser.

SEC. 5. Section 11240 of the Business and Professions Code is amended to read:

11240. An estimated operating budget for the time-share plan shall be filed with the commissioner along with the other information required to be registered pursuant to this chapter, and shall contain the following information:

(a) The estimated annual expenses of the time-share plan along with the estimated revenue of the association from all sources, including the amounts collectible from purchasers as assessments. The estimated payments by the purchaser for assessments shall also be stated in the estimated amounts for the times when they will be due. Expenses shall be shown in a manner that enables the purchaser to calculate the annual expenses associated with the time-share interest being purchased. Expenses that are personal to purchasers that are not uniformly incurred by all purchasers or that are not provided for or contemplated by the time-share plan documents may be excluded from this estimate.

(b) (1) The estimated items of expenses of the time-share plan and the association, except as excluded under subdivision (a), including, but not limited to, if applicable, the following items, that shall be stated either as association expenses collectible by assessments or as expenses of the purchaser payable to persons other than the association:

(2) Expenses for the association:

(A) Administration of the association.

(B) Management fees.

(C) Maintenance.

(D) Rent for accommodations.

(E) Taxes upon time-share property.

(F) Taxes upon leased areas.

(G) Insurance.

(H) Security provisions.

(I) Other expenses.

(J) Operating capital.

(K) Equitable apportionment of expenses between time-share and non-time-share uses of the common area, if applicable.

(L) Reserves for deferred maintenance and reserves for capital expenditures. All reserves for any accommodations and common areas of a time-share plan located in this state shall be based upon the estimated life and replacement cost of accommodations and common elements of the time-share plan. For any accommodations and common elements of a time-share plan located outside of this state, the developer shall disclose the amount of reserves for deferred maintenance and capital expenditures required by the law of the situs state, if applicable, and maintained for those accommodations and common elements, which amount of reserves shall be based on the estimated life and replacement cost of each reserve item. The developer or the association shall include in the budget a reasonable reserve accumulation plan. A plan that (i) provides for reserves to be funded within five years at a level of 50 percent of the amount specified in the reserve study as fully funded, and (ii) requires those reserves collected in any given year to equal or exceed the amount of reserve expenditures estimated for that year shall be deemed to be a reasonable reserve accumulation plan. The funding of reserves may be based on collection of reserve amounts in conjunction with annual assessments, or on some alternative mechanism, including, but not limited to, a bond, letter of credit, or similar mechanism. Collection of required reserve amounts solely by one or more special assessments is not reasonable. If control of the association is in owners other than the developer, and such owners vote not to maintain reserves or to maintain reserves at less than 50 percent, the failure to maintain the required level of reserves shall not be cause for denying the developer a public report.

(c) The estimated amounts shall be stated for a period of at least 12 months and may distinguish between the period prior to the time that purchasers elect a majority of the board of administration and the period after that date.

(d) The budget of a phase time-share plan shall contain a note identifying the number of time-share interests covered by the budget, indicating the number of time-share interests, if any, estimated to be declared as part of the time-share plan during that calendar year, and projecting the common expenses for the time-share plan based upon the number of time-share interests estimated to be declared as part of the time-share plan during that calendar year.

(e) For single site time-share plans and component sites of a multisite time-share plan located outside of the state, the budget shall include the subject matter set forth in subdivisions (a) to (d), inclusive. The budget

shall be in compliance with the applicable laws of the state or jurisdiction in which the time-share property or component site is located, and if there is a conflict between the affirmative standards set forth in the laws of the situs state and the requirements set forth in this section, the law of the situs state shall control. If the budget provides for the matters contained in subdivisions (a) to (d), inclusive, the budget shall be deemed to be in compliance with the requirements of this section, and the developer shall not be required to make revisions in order to comply with this section.

(f) The budget shall include a certification subscribed and sworn by an expert in the preparation of time-share plan budgets, who may be (1) an independent public accountant, (2) a certified public accountant, who is an employee of the developer, or (3) at the discretion of the commissioner, an individual or entity acceptable to the commissioner to conduct the review. Acceptance of the individual or entity shall not be considered an endorsement by the commissioner of a proposed budget. The budget certification shall also be signed by the developer or on behalf of the developer by an appropriate officer, if the developer is a corporation, or the managing member, if the developer is a limited liability company. The certification concerning the adequacy of the budget shall be in the following form:

On behalf of the developer of the captioned time-share plan, I/my firm has reviewed or prepared the budget containing projections of income and expenses for time-share operation. My/our experience in this field includes: [List experience.]

I/we have reviewed the budget and investigated the facts set forth in the budget and the facts underlying it with due diligence in order to form a basis for this certification.

I/we certify that the projections in the budget appear reasonable and adequate based on present prices (adjusted to reflect continued inflation and present levels of consumption for comparable units similarly situated) or, for an existing project, based on historical data for the project.

I/we certify that the budget:

(1) Sets forth in detail the terms of the transaction as it relates to the budget and is complete, current, and accurate.

(2) Affords potential purchasers an adequate basis upon which to found their judgment.

(3) Does not omit any material fact.

(4) Does not contain any untrue statement of a material fact.

(5) Does not contain any fraud, deception, concealment, or suppression.

(6) Does not contain any promise or representation as to the future which is beyond reasonable expectation or unwarranted by existing circumstances.

(7) Does not contain any representation or statement which is false, where I/we:

(A) Knew the truth.

(B) With reasonable effort could have known the truth and made no reasonable effort to ascertain the truth.

(C) Did not have knowledge concerning the representation or statement made.

I/we understand that a copy of this certification is intended to be incorporated into the public report so that prospective purchasers may rely on it.

This certification is made under the penalty of perjury for the benefit of all persons to whom this offer is made. We understand that violations are subject to the civil and criminal penalties of the laws of California.

The certification shall be dated within 90 days prior to the date of the submission of the budget to the commissioner. The expert's certification shall be based on experience in the management of hotel, resort, or time-share properties and disclose the approximate number of properties managed and length of time managed, together with other relevant real estate experience, qualifications, and licenses.

(g) Any budget that is not certified by an independent certified public accountant or an employee of the developer who is licensed as a certified public accountant may be reviewed by the commissioner to confirm the accuracy of the certification.

(h) The certified budget for the time-share plan shall be prepared and submitted by the developer to the commissioner annually for as long as the registration is in effect. If the budget is increased more than 20 percent in any year, the developer shall submit to the commissioner, along with the increased budget, evidence that the requirements of paragraph (5) of subdivision (a) of Section 11265 have been met. The budget shall be submitted at least 15 days prior to the first day of the period that it covers. Upon the submission of each annual budget, the exhibit to the public report specified in paragraph (8) of subdivision (a) of, and paragraph (16) of subdivision (c) of, Section 11234 shall be updated. The updating of the exhibit shall not be considered to constitute an amendment of the public report.

(i) The audited financial statements of the association prepared pursuant to paragraph (2) of subdivision (b) of Section 11272 shall be delivered to the commissioner upon request.

(j) At the time an application is submitted for renewal of the public report or any amendment of the public report that affects the budget for the time-share plan, the developer shall submit with the application a copy of the most recent audited financial statement for the time-share plan, along with a certified copy of the budget reflecting the amendment or renewal. If the commissioner, upon reasonable comparison of the budget and the prior year's audited financial statements, determines that the budget is deficient, the commissioner may subject the budget to a substantive review.

SEC. 6. Section 11241 of the Business and Professions Code is amended to read:

11241. (a) The developer is obligated for the expenses associated with unsold inventory held by the developer. The obligation can be fulfilled in either of the following ways:

(1) The developer shall pay the full maintenance fee for each of the interests owned by the developer.

(2) The developer shall enter into a subsidy agreement with the association to cover any shortfall between expenses incurred and assessments collected from other owners ("deficit subsidy"), and shall furnish the association with an executed copy of the agreement within 10 days after closing of escrow of the first sale or lease of a time-share interest. The department will not approve a deficit subsidy program unless provisions are made for the accumulation of reserves for replacement and major maintenance of the time-share property in accordance with accepted property management practices and the transfer of the reserve fund to the association on termination of the program.

(b) To assure the fulfillment of the obligations of the developer of a time-share plan to either pay assessments as an owner of time-share interests in the time-share plan or to pay a deficit subsidy, the commissioner shall require that the developer furnish a surety bond, cash deposit, letter of credit, or other alternate assurance enforceable by the association and acceptable to the commissioner, and that assurance shall be in compliance with either paragraph (1) or (2) of subdivision (c).

(c) The amount of the assurance shall be in such an amount as may be approved by the commissioner, but shall not exceed the lesser of 50 percent of the anticipated cost of operation and maintenance of the time-share plan, including the establishment of reserves for replacement and major repair, for an operational period of one year or 100 percent of the assessments attributed to the total amount of the total unsold time-share interests owned by the developer and registered pursuant to this chapter. The security shall be delivered to a neutral escrow depository, or to the trustee if title to the time-share property has been

delivered to the trustee, along with instructions signed by the developer for the benefit of the association which shall provide as follows:

(1) Where the developer pays full maintenance fees on unsold inventory the security shall remain available to pay any assessments for which the developer is liable and delinquent until the depository or trustee has received both of the following:

(A) Written notice, from the developer that sales of 80 percent of the time-share interest in the time-share plan have been closed.

(B) Written notice from the association that the developer is not delinquent in the payment of assessments for which it is obligated.

(2) The amount of the assurance required by this section may be adjusted annually to an amount approved by the commissioner, but shall be not more than the smaller of 50 percent of the anticipated cost of operation and maintenance of the time-share plan, including the establishment of reserves for replacement and major repair, for an operational period of one year or 100 percent of the assessments attributed to the total amount of the total unsold time-share interests owned by the developer and registered pursuant to this chapter.

(d) A deficit subsidy agreement entered into after July 1, 2005, shall provide that if there is a dispute between the developer and the association with respect to the question of satisfaction of the conditions for exoneration or release of the security, the issue shall, at the request of either party, be submitted to arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association. The fee payable to the American Arbitration Association to initiate the arbitration shall be remitted by the developer. The cost of arbitration shall ultimately be borne as determined by the arbitrator under these rules.

SEC. 7. Section 11242 of the Business and Professions Code is amended to read:

11242. (a) In any time-share plan , the developer may undertake to pay a portion of the assessments otherwise payable by each purchaser ("buy down subsidy"). Any developer undertaking to pay a buy down subsidy shall do both of the following:

(1) Enter into a contract with the association that specifies in detail the obligations of the developer and the methods to be used in valuing the goods and services furnished under the time-share plan.

(2) Furnish the association with an executed copy of the subsidization contract within 10 days after closing of escrow of the first sale or lease of a time-share interest.

(b) If the developer is paying a buy down subsidy, the developer shall provide an assurance for its buy down subsidy obligation in an amount acceptable to the commissioner, but not more than the aggregate amount

by which annual assessments are to be reduced, for example, the number of interests to be sold in each unit type multiplied by the amount by which the annual assessment for such unit type is to be reduced, multiplied by the number of years in the term of the buy down subsidy.

(c) For any buy down subsidy agreements entered into after July 1, 2005, the subsidy agreements shall provide that if there is a dispute between the developer and the association with respect to the question of satisfaction of the conditions for exoneration or release of the security, the issue shall, at the request of either party, be submitted to arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association. The fee payable to the American Arbitration Association to initiate the arbitration shall be remitted by the developer. The cost of arbitration shall ultimately be borne as determined by the arbitrator under those rules.

SEC. 8. Section 11242.1 is added to the Business and Professions Code, to read:

11242.1. (a) The assurance specified in Section 11241 and, if applicable, the assurance specified in Section 11242, shall be delivered to the trustee or an escrow depository acceptable to the department along with an executed copy of the subsidization contract and instructions to the escrow depository signed by the developer and on behalf of the association. The instructions shall provide for both of the following:

(1) The escrow agent shall not release or exonerate the security device until it has received written notice from the association that the developer has faithfully performed all of his or her obligations under the subsidization contract, if applicable, and the escrow agent has received the written notices specified in paragraph (1) of subdivision (c) of Section 11241.

(2) If there is a dispute between the developer and the association with respect to the questions of satisfaction of the conditions for exoneration or release of the security, the issue or issues shall, at the request of either party, be submitted to arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association.

(b) The fee payable to the American Arbitration Association to initiate arbitration shall be submitted by the developer. The costs of arbitration shall be borne by the party as determined by the arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association.

(c) The agreement for the deficit subsidy, described in subdivision (a) of Section 11241, and the agreement for the buy down subsidy, described in subdivision (a) of Section 11242 may, at the option of the developer, be contained in one instrument.

SEC. 9. Section 11265.1 is added to the Business and Professions Code, to read:

11265.1. (a) Regular and special assessments levied pursuant to the time-share instrument are delinquent 30 days after they become due, unless the time-share instrument provides a longer time period, in which case the longer time period shall apply. If an assessment is delinquent, the association may recover all of the following:

(1) Reasonable costs incurred in collecting the delinquent assessment, including reasonable attorneys' fees.

(2) A late charge not exceeding 10 percent of the delinquent assessment or ten dollars ($10), whichever is greater, unless the time-share instrument specifies a late charge in a smaller amount, in which case any late charge imposed shall not exceed the amount specified in the governing instrument.

(3) Interest on all sums imposed in accordance with this section, including the delinquent assessments, reasonable fees and costs of collection, and reasonable attorneys' fees, at an annual interest rate not to exceed 12 percent, commencing 30 days after the assessment becomes due, unless the time-share instrument specifies the recovery of interest at a lower rate, in which case, the lower rate of interest shall apply.

(b) Regular assessments imposed or collected to perform the obligations of an association under the governing documents of this title shall be exempt from execution by a judgment creditor of the association only to the extent necessary for the association to perform essential services, such as paying for utilities and insurance. In determining the appropriateness of an exemption, a court shall ensure that only essential services are protected under this subdivision. This exemption shall not apply to any consensual pledges, liens, or encumbrances that have been approved by the owners of the association, constituting a quorum, casting a majority of the votes at a meeting or election of the association, or to any state tax lien, or to any lien for labor or materials supplied to the common area.

(c) The association shall provide notice by first-class mail to the owners of the time-share interests of any increase in the regular or special assessments of the association, not less than 30 days nor more than 60 days prior to the increased assessment becoming due.

(d) Associations are hereby exempted from interest rate limitations imposed by Article XV of the California Constitution, subject to the limitations of this section.

SEC. 10. Section 11267 of the Business and Professions Code is amended to read:

11267. (a) The time-share instruments shall require the employment of a managing entity for the time-share plan or component site pursuant

to a written management agreement that shall include all of the following provisions:

(1) Delegation of authority to the managing entity to carry out the duties and obligations of the association or the developer to the time-share interest owners.

(2) Authority of the managing entity to employ subagents, if applicable.

(3) A term of not more than five years with automatic renewals for successive three-year periods after expiration of the first term unless the association by the vote or written assent of a majority of the voting power residing in members other than the developer determines not to renew the contract and gives appropriate notice of that determination. However, in those time-share plans where the association is controlled by owners other than the developer, the management agreement shall not be subject to the term limitations set forth in this section, and any longer term shall not be grounds for denial of a public report, unless the longer term of the management contract is the result of the developer exercising control.

(4) Termination for cause at any time by the governing body of the association. If the single site time-share plan or the component site of a multisite time-share plan is located within the state, then that termination provision shall include a provision for arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association if requested by or on behalf of the managing entity.

(5) Not less than 90 days' written notice to the association of the intention of the managing entity to resign.

(6) Enumeration of the powers and duties of the managing entity in the operation of time-share plan and the maintenance of the accommodations comprising the time-share plan.

(7) Compensation to be paid to the managing entity.

(8) Records to be maintained by the managing entity.

(9) A requirement that the managing entity provide a policy for fidelity insurance or bond for the activities of the managing entity, payable to the association, which shall be in an amount no less than the sum of the largest amount of funds expected to be held or controlled by the managing entity at any time during the year, pursuant to the budget. The commissioner may provide a reduction in the insurance policy or bond amounts required by this paragraph.

(10) Errors and omissions insurance coverage for the managing entity, if available.

(11) Delineation of the authority of the managing entity and persons authorized by the managing entity to enter into accommodations of the time-share plan for the purpose of cleaning, maid service, maintenance and repair including emergency repairs, and for the purpose of abating

a nuisance or dangerous, unlawful, or prohibited activity being conducted in the accommodation.

(12) Description of the duties of the managing entity, including, but not limited to, the following:

(A) Collection of all assessments as provided in the time-share instruments.

(B) Maintenance of all books and records concerning the time-share plan.

(C) Scheduling occupancy of accommodations, when purchasers are not entitled to use specific time-share periods, so that all purchasers will be provided the opportunity for use and possession of the accommodations of the time-share plan, that they have purchased.

(D) Providing for the annual meeting of the association of owners.

(E) Performing any other functions and duties related to the maintenance of the accommodations or that are required by the time-share instrument.

(b) Any written management agreement in existence as of the effective date of this chapter shall not be subject to the term limitations set forth above.

(c) For single site time-share plans and component sites of a multisite time-share plan located outside of the state, the time-share instruments shall include the subject matter set forth in subdivision (a). The time-share instruments shall be in compliance with the applicable laws of the state or jurisdiction in which the time-share property or component site is located, and if a conflict exists between laws of the situs state and the requirements set forth in this section, the law of the situs state shall control. If the time-share instruments provide for the matters contained in subdivision (a), the time-share instruments shall be deemed to be in compliance with the requirements of subdivision (a) and the developer shall not be required to make revisions in order to comply with subdivision (a) and this subdivision.

SEC. 11. Section 11275 of the Business and Professions Code is amended to read:

11275. (a) Any contractual provision or other provision in the time-share instruments implemented after July 1, 2005, setting forth terms, conditions, and procedures for resolution of a dispute or claim between a time-share interest owner and a developer, or any provision in the time-share instruments implemented after July 1, 2005, setting forth terms, conditions, and procedures for resolution of a dispute of a claim between an association and the developer, shall, at a minimum, provide that the dispute or claim resolution process, proceeding, hearing, or trial be conducted in accordance with the following rules:

(1) For the developer to advance the fees necessary to initiate the dispute or claim resolution process, with the costs and fees, including ongoing costs and fees, if any, to be paid as agreed by the parties and if they cannot agree then the costs and fees are to be paid as determined by the person or persons presiding at the dispute or claim resolution proceeding or hearing.

(2) For a neutral or impartial person to administer and preside over the claim or dispute resolution process.

(3) For the appointment or selection, as designation, or assignment of the person to administer and preside over the claim or dispute resolution process within a specific period of time, which in no event shall be more than 60 days from initiation of the claim or dispute resolution process or hearing. The person appointed, selected, designated, or assigned to preside may be challenged for bias.

(4) For the venue of the claim or dispute resolution process to be in the county where the time-share is located unless the parties agree to some other location.

(5) For the prompt and timely commencement of the claim or dispute resolution process. When the contract provisions provide for a specific type of claim or dispute resolution process, the process shall be deemed to be promptly and timely commenced if it is to be commenced in accordance with the rules applicable to that process. If the rules do not specify a date by which the proceeding or hearing is required to commence, then commencement shall be by a date agreed upon by the parties, and if they cannot agree, a date shall be determined by the person presiding over the dispute resolution process.

(6) For the claim or dispute resolution process to be conducted in accordance with rules and procedures that are reasonable and fair to the parties.

(7) For the prompt and timely conclusion of the claim or dispute resolution process, including the issuance of any decision or ruling following the proceeding or hearing.

(8) For the person presiding at the claim or dispute resolution process to be authorized to provide all recognized remedies available in law or equity for any cause of action that is the basis of the proceeding or hearing. The parties may authorize the limitation or prohibition of punitive damages.

(b) A copy of the rules applicable to the claim or dispute resolution process shall be submitted as part of the application for a public report.

(c) If the claim or dispute resolution process provides or allows for a judicial remedy in accordance with the laws of this state, it shall be presumed that the proceeding or hearing satisfies the provisions of subdivision (a).

SEC. 12. The amendments to Sections 11211.5, 11226, 11238, 11240, 11241, 11242, 11267, and 11275 of, and the addition of Sections 11226.1 and 11242.1 to, the Business and Professions Code by Sections 1 to 8, inclusive, Section 10, and Section 11, respectively, of this act shall become operative on January 1, 2007.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that essential fiscal resources are maintained at a sufficient level to avoid a fiscal crisis for time-share homeowner associations, it is necessary that this bill take effect immediately.

CHAPTER 430

An act to amend Sections 597b and 597j of, and to repeal and add Section 597c of, the Penal Code, relating to animal fighting exhibitions.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Cockfighting has played a significant role in the spread of avian influenza throughout Southeast Asia and other parts of the world. It is estimated that a worldwide outbreak of avian influenza could kill up to 150 million people. In a 2004 study of the avian flu outbreak in Thailand, the United States Centers for Disease Control and Prevention (CDC) concluded that illegal transportation and cockfighting may have worsened the highly pathogenic avian influenza (HPAI) situation. According to the World Health Organization, infected fighting cocks may have caused at least eight confirmed human cases of avian influenza in Thailand and Vietnam since the beginning of 2004.

(b) The presence of cockfighting in California makes the state vulnerable to an outbreak of avian flu. In late 2002 and early 2003, cockfighting played a major role in the spread of Exotic Newcastle Disease (END) throughout southern California. By the time the state was able to get that virus under control, END had devastated much of California's egg and poultry industry. More than 3.5 million birds died or were euthanized. END cost the United States taxpayers $200 million

to eradicate. It cost the poultry industry millions more in lost overseas exports as it spread across the southwestern United States.

(c) By encouraging cockfighters from other states to come to California, the state's current penalties on cockfighting have made California more vulnerable to an outbreak of the avian flu. Arizona, Nevada, and Oregon all have felony-level penalties for cockfighting, making California, with its simple misdemeanor-level penalties, a regional refuge for illegal cockfighting activity.

(d) The cost of an outbreak of avian flu in California would far surpass the cost of enacting felony-level penalties against cockfighting. An avian flu outbreak that occurred during 1983 and 1984 in the northeastern United States took two years to control and resulted in the destruction of more than 17 million birds at a cost of nearly $65 million. This outbreak also caused retail egg prices to increase by more than 30 percent.

(e) It is therefore the intent of the Legislature in enacting this act to put penalties in place that deter cockfighting and thereby diminish risks to California's public health, safety and legitimate multi-million-dollar poultry and egg industries.

SEC. 2. Section 597b of the Penal Code is amended to read:

597b. (a) Except as provided in subdivisions (b) and (c), any person who, for amusement or gain, causes any bull, bear, or other animal, not including any dog, to fight with like kind of animal or creature, or causes any animal, including any dog, to fight with a different kind of animal or creature, or with any human being, or who, for amusement or gain, worries or injures any bull, bear, dog, or other animal, or causes any bull, bear, or other animal, not including any dog, to worry or injure each other, or any person who permits the same to be done on any premises under his or her charge or control, or any person who aids or abets the fighting or worrying of an animal or creature, is guilty of a misdemeanor punishable by imprisonment in a county jail for a period not to exceed one year, by a fine not to exceed five thousand dollars ($5,000), or by both that imprisonment and fine.

(b) Any person who, for amusement or gain, causes any cock to fight with another cock or with a different kind of animal or creature or with any human being; or who, for amusement or gain, worries or injures any cock, or causes any cock to worry or injure another animal; and any person who permits the same to be done on any premises under his or her charge or control, and any person who aids or abets the fighting or worrying of any cock is guilty of a misdemeanor punishable by imprisonment in a county jail for a period not to exceed one year, or by a fine not to exceed five thousand dollars ($5,000), or by both that imprisonment and fine.

(c) A second or subsequent conviction of this section is a misdemeanor or a felony punishable by imprisonment in a county jail for a period not to exceed one year or the state prison for 16 months, two, or three years, by a fine not to exceed twenty-five thousand dollars ($25,000), or by both that imprisonment and fine, except in unusual circumstances in which the interests of justice would be better served by the imposition of a lesser sentence.

(d) For the purposes of this section, aiding and abetting a violation of this section shall consist of something more than merely being present or a spectator at a place where a violation is occurring.

SEC. 3. Section 597c of the Penal Code is repealed.

SEC. 4. Section 597c is added to the Penal Code, to read:

597c. Any person who is knowingly present as a spectator at any place, building, or tenement for an exhibition of animal fighting, or who is knowingly present at that exhibition or is knowingly present where preparations are being made for the acts described in subdivision (a) or (b) of Section 597b, is guilty of a misdemeanor.

SEC. 5. Section 597j of the Penal Code is amended to read:

597j. (a) Any person who owns, possesses, keeps, or trains any bird or other animal with the intent that it be used or engaged by himself or herself, by his or her vendee, or by any other person in an exhibition of fighting as described in Section 597b is guilty of a misdemeanor punishable by imprisonment in a county jail for a period not to exceed one year, by a fine not to exceed five thousand dollars ($5,000), or by both that imprisonment and fine.

(b) This section shall not apply to an exhibition of fighting of a dog with another dog.

(c) A second or subsequent conviction of this section is a misdemeanor punishable by imprisonment in a county jail for a period not to exceed one year or by a fine not to exceed twenty-five thousand dollars ($25,000), or by both that imprisonment and fine, except in unusual circumstances in which the interests of justice would be better served by the imposition of a lesser sentence.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 431

An act to add Section 597.7 to the Penal Code, relating to animals.

[Approved by Governor September 22, 2006. Filed with Secretary of State September 22, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Leaving companion animals unattended inside closed vehicles in the heat, even for short periods of time, has caused severe injury and death to animals.

(b) Moderately warm temperatures outside can quickly lead to deadly temperatures inside a closed car, for example, within one hour an outside temperature of 72 degrees Fahrenheit can cause unhealthful conditions inside a vehicle that can adversely affect the health, safety, or well-being of an animal.

(c) With the vehicle windows left slightly open, an outside temperature of 85 degrees can cause a temperature of 102 degrees inside a vehicle within 10 minutes, and 120 degrees within half of an hour. A healthy dog, whose normal body temperature ranges from 101 to 102.5 degrees, can withstand a body temperature of 107 to 108 for only a short time before suffering brain damage or death.

(d) Numerous organizations and individuals have worked to educate pet owners of the dangers of leaving animals unattended in vehicles in the heat, however, it is well established that educational approaches by themselves do not improve safety behavior. To be effective, educational approaches must be integrated with enforcement activities.

(e) It is, therefore, the intent of the Legislature to improve animal health and safety by both encouraging continued public education as well as discouraging this activity by imposing a penalty upon persons who leave or confine an animal in an unattended motor vehicle.

SEC. 2. Section 597.7 is added to the Penal Code, to read

597.7. (a) No person shall leave or confine an animal in any unattended motor vehicle under conditions that endanger the health or well-being of an animal due to heat, cold, lack of adequate ventilation, or lack of food or water, or other circumstances that could reasonably be expected to cause suffering, disability, or death to the animal.

(b) Unless the animal suffers great bodily injury, a first conviction for violation of this section is punishable by a fine not exceeding one hundred dollars ($100) per animal. If the animal suffers great bodily injury, a violation of this section is punishable by a fine not exceeding

five hundred dollars ($500), imprisonment in a county jail not exceeding six months, or by both a fine and imprisonment. Any subsequent violation of this section, regardless of injury to the animal, is also punishable by a fine not exceeding five hundred dollars ($500), imprisonment in a county jail not exceeding six months, or by both a fine and imprisonment.

(c) (1) Nothing in this section shall prevent a peace officer, humane officer, or an animal control officer from removing an animal from a motor vehicle if the animal's safety appears to be in immediate danger from heat, cold, lack of adequate ventilation, lack of food or water, or other circumstances that could reasonably be expected to cause suffering, disability, or death to the animal.

(2) A peace officer, humane officer, or animal control officer who removes an animal from a motor vehicle shall take it to an animal shelter or other place of safekeeping or, if the officer deems necessary, to a veterinary hospital for treatment.

(3) A peace officer, humane officer, or animal control officer is authorized to take all steps that are reasonably necessary for the removal of an animal from a motor vehicle, including, but not limited to, breaking into the motor vehicle, after a reasonable effort to locate the owner or other person responsible.

(4) A peace officer, humane officer, or animal control officer who removes an animal from a motor vehicle shall, in a secure and conspicuous location on or within the motor vehicle, leave written notice bearing his or her name and office, and the address of the location where the animal can be claimed. The animal may be claimed by the owner only after payment of all charges that have accrued for the maintenance, care, medical treatment, or impoundment of the animal.

(5) This section does not affect in any way existing liabilities or immunities in current law, or create any new immunities or liabilities.

(d) Nothing in this section shall preclude prosecution under both this section and Section 597 or any other provision of law, including city or county ordinances.

(e) Nothing in this section shall be deemed to prohibit the transportation of horses, cattle, pigs, sheep, poultry or other agricultural animals in motor vehicles designed to transport such animals for agricultural purposes.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 432

An act to add Sections 23105 and 23109.1 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 23, 2006. Filed with Secretary of State September 23, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 23105 is added to the Vehicle Code, to read:

23105. (a) A person convicted of reckless driving in violation of Section 23103 that proximately causes one or more of the injuries specified in subdivision (b) to a person other than the driver, shall be punished by imprisonment in the state prison, or by imprisonment in a county jail for not less than 30 days nor more than six months, or by a fine of not less than two hundred twenty dollars ($220) nor more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(b) This section applies to all of the following injuries:

(1) A loss of consciousness.

(2) A concussion.

(3) A bone fracture.

(4) A protracted loss or impairment of function of a bodily member or organ.

(5) A wound requiring extensive suturing.

(6) A serious disfigurement.

(7) Brain injury.

(8) Paralysis.

(c) This section does not preclude or prohibit prosecution under any other provision of law.

SEC. 2. Section 23109.1 is added to the Vehicle Code, to read:

23109.1. (a) A person convicted of engaging in a motor vehicle speed contest in violation of subdivision (a) of Section 23109 that proximately causes one or more of the injuries specified in subdivision (b) to a person other than the driver, shall be punished by imprisonment in the state prison, or by imprisonment in a county jail for not less than 30 days nor more than six months, or by a fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(b) This section applies to all of the following injuries:
(1) A loss of consciousness.
(2) A concussion.
(3) A bone fracture.
(4) A protracted loss or impairment of function of a bodily member or organ.
(5) A wound requiring extensive suturing.
(6) A serious disfigurement.
(7) Brain injury.
(8) Paralysis.
(c) This section does not preclude or prohibit prosecution under any other provision of law.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 433

An act to add Section 9954 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 23, 2006. Filed with Secretary of State September 23, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:
(a) There are over 28 million registered motor vehicles in California, and those vehicles are an essential part of California residents' work and mobility.
(b) A key or functionally similar device that will allow a registered vehicle's owner to enter, start, and operate his or her vehicle is a critical and necessary part of motor vehicle ownership, without which a person cannot perform the basic functions of gaining entry to a motor vehicle or starting its engine.
(c) It is the intent of the Legislature, in enacting this act, to give motorists better access to this necessary information, while at the same

time protecting the security of that information and the vehicle. This act is intended to allow appropriate vehicle security while providing essential and necessary consumer access.

SEC. 2. Section 9954 is added to the Vehicle Code, to read:

9954. (a) This section applies only to new vehicles sold or leased in this state on or after January 1, 2008, except as provided in subdivision (d) or (e).

(b) A motor vehicle manufacturer of a motor vehicle sold or leased in this state shall provide the means whereby the registered owner of that motor vehicle, through a registered locksmith, can access the information, and only that information, that is necessary to permit the production of a replacement key or other functionally similar device by the registered locksmith that will allow the registered vehicle's owner to enter, start, and operate his or her vehicle. The means to access this information shall be available by telephone or electronically 24 hours a day and seven days a week, as follows:

(1) When a registered locksmith is requested by the motor vehicle's registered owner or the registered owner's family member, to produce a replacement key or other functionally similar device that will allow the vehicle to be entered, started, and operated, and the information is needed from the vehicle manufacturer in order to produce the requested key or other functionally similar device, in addition to the requirement in Section 466.6 of the Penal Code, the registered locksmith shall visually verify the identity of the requesting party through that party's driver's license; shall visually verify that the registration of the vehicle matches the requesting party's identity and address (or last name and address if the requesting party is a family member of the registered owner); and shall visually verify that the vehicle identification number of the vehicle matches with the vehicle identification number on the registration. Upon satisfactory verification of all three requirements, the registered locksmith shall sign an affidavit that he or she has visually verified the information and file the affidavit along with, and for the same time period as, the work order required by Section 466.6 of the Penal Code, and proceed to access the needed information from the vehicle manufacturer.

(2) Upon completing the services, the registered locksmith shall give any key code information obtained from the vehicle manufacturer to the registered owner, or if applicable, the owner's family member, and shall destroy all information accessed from the vehicle manufacturer in his or her possession.

(3) Except in cases of fraud or misappropriation, a registered locksmith who follows these procedures shall incur no liability for theft of the vehicle related to the locksmith's production of a replacement key or

functionally similar device that will allow the vehicle to be entered, started, and operated.

(4) When a vehicle manufacturer receives a request from a registered locksmith for information to enable the locksmith to produce a replacement key or other functionally similar device that will allow the vehicle to be entered, started, and operated, and that request is made at the behest of the vehicle's registered owner or the registered owner's family member, the vehicle manufacturer shall require the registered locksmith to confirm the locksmith's registration with the manufacturer's registry; provide the security password issued by the manufacturer; and comply with any other reasonable authentication procedure. The manufacturer shall also require the registered locksmith to confirm the locksmith's visual identity and vehicle verifications, pursuant to paragraph (1). Upon satisfactory verification of these requirements, and upon presentation of the vehicle identification number and model number, the vehicle manufacturer shall provide to the registered locksmith, for the vehicle identified by the vehicle identification number and model number, the information necessary to enable production of a replacement key or other functionally similar device that allows the vehicle to be entered, started, and operated.

(5) A motor vehicle manufacturer subject to this section shall retain and make the information available in accordance with this section for at least 25 years from the date of manufacture.

(6) A vehicle manufacturer that follows these procedures shall incur no liability for theft of the vehicle related to furnishing the information to a registered locksmith for the production of a replacement key or functionally similar device that will allow the vehicle to be entered, started, and operated.

(c) For purposes of this section the following definitions apply:

(1) "Information" includes, but is not limited to, the vehicle's key code and, if applicable, immobilizer or access code, and its successor technology and terminology.

(2) "Motor vehicle" is a passenger vehicle as defined in Section 465 and pickup truck as defined in Section 471, and does not include a housecar, a motorcycle, or other two-wheeled motor vehicle.

(3) A "registered locksmith" means a locksmith licensed and bonded in California that has registered with a motor vehicle manufacturer, and has been issued a registry number and security password by the manufacturer.

(4) A registered owner, as defined in Section 505, also includes a lessee of the vehicle when the lessee's name appears on the vehicle registration.

(d) (1) This section does not apply to a vehicle line of a motor vehicle manufacturer that on January 1, 2006, does not provide for the production of a replacement key or other functionally similar device that allows the vehicle to be entered, started, and operated, by anyone other than the vehicle manufacturer itself and only itself, provided that the vehicle manufacturer operates a telephone or electronic request line 24 hours a day and seven days a week, and upon a request of the registered owner or family member of the registered owner of the vehicle, a replacement key or other functionally similar device that will allow the vehicle to be entered, started, and operated, is furnished to the registered owner at a reasonable cost within one day of the request or via the next overnight delivery.

(2) If subsequent to January 1, 2008, a vehicle line of the manufacturer exempted by this subdivision provides for the production of a replacement by anyone, other than the vehicle manufacturer itself, of a key or other functionally similar device that will allow the vehicle to be entered, started, and operated, this section shall apply to that vehicle line.

(3) This subdivision shall remain operative until January 1, 2013, and as of that date shall become inoperative, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

(e) (1) This section does not apply to a vehicle line of a motor vehicle manufacturer that sold between 2,500 and 5,000 vehicles of that line in the prior calendar year in the state.

(2) This subdivision shall remain operative until January 1, 2013, and as of that date shall become inoperative, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

(f) This section shall not apply to a make that sold fewer than 2,500 vehicles in the prior calendar year in the state.

(g) The duties imposed on a manufacturer pursuant to this section may be performed either by the manufacturer or by an agent through a contract.

(h) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 434

An act to amend Section 13202.6 of the Vehicle Code, relating to crimes.

[Approved by Governor September 24, 2006. Filed with Secretary of State September 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 13202.6 of the Vehicle Code is amended to read:

13202.6. (a) (1) For every conviction of a person for a violation of Section 594, 594.3, or 594.4 of the Penal Code, committed while the person was 13 years of age or older, the court shall suspend the person's driving privilege for not more than two years, except when the court finds that a personal or family hardship exists that requires the person to have a driver's license for his or her own, or a member of his or her family's, employment, school, or medically related purposes. If the person convicted does not yet have the privilege to drive, the court shall order the department to delay issuing the privilege to drive for not less than one year nor more than three years subsequent to the time the person becomes legally eligible to drive. However, if there is no further conviction for violating Section 594, 594.3, or 594.4 of the Penal Code in a 12-month period after the conviction, the court, upon petition of the person affected, may modify the order imposing the delay of the privilege. For each successive offense, the court shall suspend the person's driving privilege for those possessing a license or delay the eligibility for those not in possession of a license at the time of their conviction for one additional year.

(2) A person whose driving privilege is suspended or delayed for an act involving vandalism in violation of Section 594, 594.3, or 594.4 of the Penal Code, may elect to reduce the period of suspension or delay imposed by the court by performing community service under the supervision of the probation department. The period of suspension or delay ordered under paragraph (1) shall be reduced at the rate of one day for each hour of community service performed. If the jurisdiction has adopted a graffiti abatement program as defined in subdivision (f) of Section 594 of the Penal Code, the period of suspension or delay ordered

under paragraph (1) shall be reduced at the rate of one day for each day of community service performed in the graffiti abatement program when the defendant and his or her parents or legal guardians are responsible for keeping a specified property in the community free of graffiti for a specified period of time. The suspension shall be reduced only when the specified period of participation has been completed. Participation of a parent or legal guardian is not required under this paragraph if the court deems this participation to be detrimental to the defendant, or if the parent or legal guardian is a single parent who must care for young children. For purposes of this paragraph, "community service" means cleaning up graffiti from any public property, including public transit vehicles.

(3) As used in this section, the term "conviction" includes the findings in juvenile proceedings specified in Section 13105.

(b) (1) Whenever the court suspends driving privileges pursuant to subdivision (a), the court in which the conviction is had shall require all drivers' licenses held by the person to be surrendered to the court. The court shall, within 10 days following the conviction, transmit a certified abstract of the conviction, together with any drivers' licenses surrendered, to the department.

(2) Violations of restrictions imposed pursuant to this section are subject to Section 14603.

(c) The suspension, restriction, or delay of driving privileges pursuant to this section shall be in addition to any penalty imposed upon conviction of a violation of Section 594, 594.3, or 594.4 of the Penal Code.

CHAPTER 435

An act to amend Sections 85, 86, and 88 of the Penal Code, relating to bribery, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 2006. Filed with Secretary of State September 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 85 of the Penal Code is amended to read:

85. Every person who gives or offers to give a bribe to any Member of the Legislature, any member of the legislative body of a city, county, city and county, school district, or other special district, or to another person for the member, or attempts by menace, deceit, suppression of truth, or any corrupt means, to influence a member in giving or

withholding his or her vote, or in not attending the house or any committee of which he or she is a member, is punishable by imprisonment in the state prison for two, three or four years.

SEC. 2. Section 86 of the Penal Code is amended to read:

86. Every Member of either house of the Legislature, or any member of the legislative body of a city, county, city and county, school district, or other special district, who asks, receives, or agrees to receive, any bribe, upon any understanding that his or her official vote, opinion, judgment, or action shall be influenced thereby, or shall give, in any particular manner, or upon any particular side of any question or matter upon which he or she may be required to act in his or her official capacity, or gives, or offers or promises to give, any official vote in consideration that another Member of the Legislature, or another member of the legislative body of a city, county, city and county, school district, or other special district shall give this vote either upon the same or another question, is punishable by imprisonment in the state prison for two, three, or four years and, in cases in which no bribe has been actually received, by a restitution fine of not less than two thousand dollars ($2,000) or not more than ten thousand dollars ($10,000) or, in cases in which a bribe was actually received, by a restitution fine of at least the actual amount of the bribe received or two thousand dollars ($2,000), whichever is greater, or any larger amount of not more than double the amount of any bribe received or ten thousand dollars ($10,000), whichever is greater.

In imposing a fine under this section, the court shall consider the defendant's ability to pay the fine.

SEC. 3. Section 88 of the Penal Code is amended to read:

88. Every Member of the Legislature, and every member of a legislative body of a city, county, city and county, school district, or other special district convicted of any crime defined in this title, in addition to the punishment prescribed, forfeits his or her office and is forever disqualified from holding any office in this state or a political subdivision thereof.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to halt an existing and ongoing misuse of power by county officials with regard to control over local officials it is necessary that this act take effect immediately.

CHAPTER 436

An act to amend and repeal Section 52244 of the Education Code, relating to pupil instruction.

[Approved by Governor September 24, 2006. Filed with Secretary of State September 24, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 52244 of the Education Code is amended to read:

52244. (a) There is hereby established a grant program for the purpose of awarding grants to cover the costs of advanced placement fees or International Baccalaureate examination fees, or both, for eligible economically disadvantaged high school pupils. The department shall administer this program.

(b) An "eligible economically disadvantaged high school pupil" means a pupil who is either from a family whose household annual income is below 200 percent of the federal poverty level or a pupil who is eligible for a federal free or reduced price meal program.

(c) Any school district may apply to the department for grant funding pursuant to this section, based on the number of economically disadvantaged pupils in the district enrolled in advanced placement courses who will take the next offered advanced placement examinations. A school district that applies to the department for this purpose shall designate school district staff to whom pupils may submit applications for grants and shall institute a plan to notify pupils of the availability of financial assistance pursuant to this section. Grants shall be expended only to pay the fees required of eligible economically disadvantaged high school pupils to take an advanced placement or International Baccalaureate examination, or both.

(d) Any eligible economically disadvantaged high school pupil who is enrolled in an advanced placement or International Baccalaureate course, or both, may apply to the designated school district staff for a

grant pursuant to this section. A pupil who receives a grant shall pay five dollars ($5) of the examination fee.

(e) School districts and county superintendents of schools may join together and form collaboratives or consortia in order to participate in the grant program established by this section.

(f) Grants provided pursuant to this section may not be used to supplant fee waivers available to low-income pupils who take advanced placement or International Baccalaureate examinations.

(g) If the total school district applications exceed the total funds available pursuant to this section, the department shall prorate the grants based upon the ratio of the total amount requested to the total amount budgeted by the state for this purpose. Funding priority shall be given to advanced placement examination fees if there is insufficient funding allocated for the grant program in a given fiscal year.

(h) To facilitate program administration and school district reimbursement, the department may enter into a contract with the provider of advanced placement or International Baccalaureate examinations. For purposes of the contract authorized pursuant to this subdivision, the department is exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code and from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

(i) The department shall make every effort to obtain and allocate federal funding for the purposes of this program prior to expending any state funds. All state and federal funds obtained by the department for the purposes of this program shall be expended for these purposes only and are prohibited from being used to fund any other program.

(j) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

CHAPTER 437

An act to amend Sections 51795 and 51796 of, to add Sections 51796.2 and 51796.5 to, and to repeal Section 51798 of, the Education Code, relating to school gardens, and making an appropriation therefor.

[Approved by Governor September 25, 2006. Filed with Secretary of State September 25, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 51795 of the Education Code is amended to read:

51795. The Legislature finds and declares all of the following:

(a) School gardens provide an interactive, hands-on learning environment in which pupils learn composting and waste management techniques, fundamental concepts about nutrition and obesity prevention, and the cultural and historical aspects of our food supply. School gardens also foster a better understanding and appreciation of where food comes from, how food travels from the farm to the table, and the important role of agriculture in the state, national, and global economy.

(b) Encouraging and supporting school gardens creates opportunities for children to learn to make healthier food choices, participate more successfully in their education experiences, and develop a deeper appreciation of their community.

(c) School garden programs can equally enhance any subject area including science, environmental education, mathematics, reading, writing, art, nutrition, physical education, history, and geography. School gardens provide a unique setting in which improved pupil performance can be achieved.

SEC. 2. Section 51796 of the Education Code is amended to read:

51796. (a) The Instructional School Gardens Program is hereby established for the promotion, creation, and support of instructional school gardens through the allocation of grants, and through technical assistance provided, to school districts, charter schools, or county offices of education. The program shall be administered by the State Department of Education.

(b) The Superintendent shall convene an interagency working group on instructional school gardens that shall include, but not be limited to, representatives of the State Department of Education, the Department of Food and Agriculture, the State Department of Health Services, and the California Integrated Waste Management Board. The working group shall advise the Superintendent on all of the following:

(1) Effective and efficient means of encouraging school districts, charter schools, and county offices of education to develop and maintain a quality instructional school garden program.

(2) The availability of state and nonstate resources and technical assistance to help school districts, charter schools, and county offices of education in establishing and maintaining instructional school gardens.

(3) Public and private partnerships available to assist school districts, charter schools, and county offices of education in using instructional

school gardens to complement the academic program of participating schools.

(c) The Superintendent may establish an advisory group involving other agencies and groups with expertise in instructional school gardens, including, but not limited to, the California Environmental Education Interagency Network. The purpose of the advisory group is to support program efforts through technical assistance, resources, in-kind support, site visits, and other related efforts.

(d) (1) The Superintendent shall use existing resources to comply with subdivisions (b) and (c).

(2) The Department of Food and Agriculture, the State Department of Health Services, and the California Integrated Waste Management Board shall use existing resources to comply with subdivision (b).

51796.2. (a) A school district, charter school, or county office of education may apply to the Superintendent for funding for a three-year grant under this article in a manner determined by the Superintendent, in order to develop and maintain an instructional school garden. The application, at a minimum, shall indicate the school or schools at which the instructional school gardens are, or are to be, located; the grade level or grade levels to be targeted; the potential number of classes within the grade levels and number of pupils who would use the instructional school gardens; and the intended items of expenditure for any funds received. The application also shall include an explanation of the six-month reporting requirement specified in Section 51796.5.

(b) The Superintendent shall distribute the grants applied for pursuant to subdivision (a) to school districts, charter schools, or county offices of education as follows:

(2) The receipt of a grant during the period from the 2006–07 fiscal year to the 2008–09 fiscal year, inclusive, for instructional school garden equipment or supplies by a school district, charter school, or county office of education shall not be dependent on the receipt of a grant for instructional school garden professional development by the same district, charter school, or county office.

SEC. 4. Section 51796.5 is added to the Education Code, to read:

51796.5. As a condition of the receipt of funds pursuant to this article, a school district, charter school, or county office of education, within

six months of the final expenditure of funds received, shall report to the Superintendent, in conjunction with the interagency working group convened pursuant to subdivision (b) of Section 51796, in a manner prescribed by the Superintendent, regarding the use of funds and the manner in which the instructional school garden or gardens are used to complement the academic program of the participating school or schools. A school district or county office of education may submit one report for all of the schools that have received grants that are under the jurisdiction of the district or county office.

SEC. 6. Notwithstanding Provision (19) of Item 6110-485 of Section 2.00 of the Budget Act of 2006 (Ch. 47, Stats. 2006), the funds reappropriated in that provision shall be available to school districts, charter schools, and county offices of education for equipment, supplies, and professional development related to the establishment and operation of a three-year instructional school garden program pursuant to Article 8.5 (commencing with Section 51795) of Chapter 5 of Part 28 of the Education Code.

An act to add Section 84204.5 to the Government Code, relating to the Political Reform Act of 1974.

(a) In addition to any other report required by this title, a committee pursuant to subdivision (a) of Section 82013 that is required to file reports pursuant to Section 84605 shall file online or electronically with the Secretary of State each time it makes contributions totaling five thousand dollars ($5,000) or more or each time it makes independent expenditures totaling five thousand dollars ($5,000) or more to support or oppose the qualification or passage of a single state ballot measure. The report shall be filed within 10 business days of making the contributions or independent expenditures and shall contain all of the following:

(1) The full name, street address, and identification number of the committee.

(2) The number or letter of the measure if the measure has qualified for the ballot and has been assigned a number or letter; the title of the measure if the measure has not been assigned a number or letter but has been issued a title by the Attorney General; or the subject of the measure if the measure has not been assigned a number or letter and has not been issued a title by the Attorney General.

(3) In the case of a contribution, the date and amount of the contribution and the name, address, and identification number of the committee to whom the contribution was made. In addition, the report shall include the information required by paragraphs (1) to (5), inclusive, of subdivision (f) of Section 84211, regarding contributions or loans received from a person described in that subdivision, covering the period from the day after the closing date of the last campaign report filed to the date of the contribution requiring a report under this section, or if the committee has not previously filed a campaign statement, covering the period from the previous January 1 to the date of the contribution requiring a report under this section. No information described in paragraphs (1) to (5), inclusive, of subdivision (f) of Section 84211 that is required to be reported pursuant to this subdivision is required to be reported in more than one report provided for in this subdivision for each contribution or loan received from a person described in subdivision (f) of Section 84211.

(4) In the case of an independent expenditure, the date, amount, and a description of the goods or services for which the expenditure was made. In addition, the report shall include the information required by paragraphs (1) to (5), inclusive, of subdivision (f) of Section 84211 regarding contributions or loans received from a person described in that subdivision, covering the period from the day after the closing date of the last campaign report filed to the date of the expenditure, or if the committee has not previously filed a campaign statement, covering the period from the previous January 1 to the date of the expenditure. SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 3. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

Unless the organization that authorized the call and in whose name it is placed has filing obligations under this title, and the name announced in the call either is the full name by which the organization or individual is identified in any statement or report required to be filed under this title or is the name by which the organization or individual is commonly known, the candidate, committee, or slate mailer organization that paid for the call shall be disclosed. This section shall not apply to telephone

calls made by the candidate, the campaign manager, or individuals who are volunteers.

(b) Campaign and ballot measure committees are prohibited from contracting with any phone bank vendor that does not disclose the information required to be disclosed by subdivision (a).

(c) A candidate, committee, or slate mailer organization that pays for telephone calls as described in subdivision (a) shall maintain a record of the script of the call for the period of time set forth in Section 84104. If any of the calls qualifying under subdivision (a) were recorded messages, a copy of the recording shall be maintained for that period.

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 3. The people of the State of California do enact as follows:

The fee shall be established by January 1 of each year by the department upon the receipt of a budget recommendation from the advisory committee. participating on each market day. A certified farmers' market may directly recover all or part of the fee from the participating certified and other agricultural producers.

(b) Any operator of a certified farmers' market who fails to pay the required fee within 30 days after the end of the quarter in which it is due, shall pay to the department a monthly interest charge on the unpaid balance and a late penalty charge, to be determined by the department and not to exceed the maximum amount permitted by law.

(c) All fees collected pursuant to this section shall be deposited in the Department of Food and Agriculture Fund. (6) The maintenance of a current statewide listing of certified farmers' markets with schedules of operations and locations.

(7) The maintenance of a current statewide listing of certified producers.

(8) The dissemination to all certified farmers' markets information regarding the suspension or revocation of any producer's certificate and the imposition of administrative penalties.

(9) Other actions, including the maintenance of special fund reserves, that are recommended by the advisory committee and approved by the department for the purpose of carrying out this chapter.

(d) This section shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

SEC. 2. Section 47026 of the Food and Agricultural Code is amended to read:

47026. This article shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 441

An act to add Article 3.7 (commencing with Section 92037) to Chapter 1 of Part 57 of the Education Code, relating to public postsecondary education.

[Approved by Governor September 25, 2006. Filed with Secretary of State September 25, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Article 3.7 (commencing with Section 92037) is added to Chapter 1 of Part 57 of the Education Code, to read:

92037. Notwithstanding any other provision of law, all of the following shall be indemnified from the state General Fund from all claims, demands, suits, actions, damages, judgments, costs, charges, and expenses, including court costs and attorney's fees, and indemnified against all liability, losses, and damages of any nature whatsoever that these persons may at any time sustain by reason of any decision of the regents not to invest in any firm or firms with business operations in Sudan or with the Sudanese government:

(a) Any current or former members of the regents, jointly and individually.

(b) Any current or former officers or employees of the University of California.

(c) Any current or former investment managers under contract, or formerly under contract, with the University of California.

(d) Any current or former officers, directors, trustees, agents, or employees of any University of California foundation.

CHAPTER 442

An act to add Sections 7513.6 and 16642 to the Government Code, relating to investments.

[Approved by Governor September 25, 2006. Filed with Secretary of State September 25, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Congress of the United States has declared that genocide is occurring in the Darfur region of Sudan.

(b) The National Black Caucus of State Legislators Resolution 05-144 declares that the atrocities unfolding in Darfur are genocide under Article 1, Article 2, and Article 3 of the United Nations Convention of 1948.

(c) The United Nations International Commission of Inquiry on Darfur found that government and militia forces of Sudan have conducted indiscriminate attacks, including, but not limited to, the killing of civilians, torture, forced disappearances, the destruction of villages, rape and other forms of sexual violence, pillaging, and forced displacement throughout Darfur.

(d) Sudanese government forces and government-supported militia forces have implemented a coordinated policy of ethnic cleansing.

(e) More than two and one-half million people are affected by the crisis in Sudan. According to the Intermediate Technology Development Group, two and one-half million people are displaced inside Sudan, 200,000 people are living as refugees, and more than 60 percent of the villages in northern Darfur have been destroyed or abandoned.

(f) According to the Report on Human Rights Practices in Sudan by the United States Department of State, Sudanese government forces have pursued a scorched earth policy aimed at removing populations from around a newly constructed oil pipeline and other oil production facilities.

(g) The United States Department of State Report on Human Rights Practices in Sudan found that 14,000 Dinka women and children have been abducted in Sudan.

(h) Christian Solidarity International reports that the government of Sudan is responsible for the revival of the evil institution of slavery.

(i) The Methodist Church of Southern Africa reports mass rapes of girls and women, the displacement of millions of people, and genocide and ethnic cleansing in Darfur.

(j) The Committee on Conscience of the United States Holocaust Memorial Museum has declared a genocide emergency in Sudan.

(k) Investing public retirement funds in business firms and institutions with ties to the repressive regime in Sudan is inconsistent with the moral and political values of the people of California.

(*l*) The Legislature acknowledges that divestment is a course of last resort that should be used sparingly and under extraordinary circumstances. This act is based on unique circumstances, specifically, the reprehensible and abhorrent genocide occurring in Sudan. This act is not intended to set precedent with regard to divestment policies and practices by public retirement and pension funds in California.

SEC. 2. Section 7513.6 is added to the Government Code, to read:

7513.6. (a) As used in this section, the following definitions shall apply:

(1) "Active business operations" means a company engaged in business operations that provide revenue to the government of Sudan or a company engaged in oil-related activities.

(2) "Board" means the Board of Administration of the Public Employees' Retirement System or the Teachers' Retirement Board of the State Teachers' Retirement System, as applicable.

(3) "Business operations" means maintaining, selling, or leasing equipment, facilities, personnel, or any other apparatus of business or commerce in Sudan, including the ownership or possession of real or personal property located in Sudan.

(4) "Company" means a sole proprietorship, organization, association, corporation, partnership, venture, or other entity, its subsidiary or affiliate that exists for profitmaking purposes or to otherwise secure economic advantage. "Company" also means a company owned or controlled, either directly or indirectly, by the government of Sudan, that is established or organized under the laws of or has its principal place of business in the Republic of the Sudan.

(5) "Government of Sudan" means the government of Sudan or its instrumentalities.

(6) "Invest" or "investment" means the purchase, ownership, or control of stock of a company, association, or corporation, the capital stock of a mutual water company or corporation, bonds issued by the government or a political subdivision of Sudan, corporate bonds or other debt instruments issued by a company, or the commitment of funds or other assets to a company, including a loan or extension of credit to that company.

(7) "Military equipment" means weapons, arms, or military defense supplies.

(8) "Oil-related activities" means, but is not limited to, the export of oil, extracting or producing oil, exploration for oil, or the construction or maintenance of a pipeline, refinery, or other oil field infrastructure.

(9) "Public employee retirement funds" means the Public Employees' Retirement Fund described in Section 20062 of this code, and the Teachers' Retirement Fund described in Section 22167 of the Education Code.

(10) "Research firm" means a reputable, neutral third-party research firm.

(11) "Substantial action" means a boycott of the government of Sudan, curtailing business in Sudan until that time described in subdivision (m), selling company assets, equipment, or real and personal property located in Sudan, or undertaking significant humanitarian efforts in the eastern, southern, or western regions of Sudan.

(12) "Sudan" means the Republic of the Sudan, a territory under the administration or control of the Sudan, including but not limited to, the Darfur region, or an individual, company, or public agency located in Khartoum, northern Sudan, or the Nile River Valley that supports the Republic of the Sudan.

(b) The board shall not invest public employee retirement funds in a company with business operations in Sudan that meets all of the following criteria:

(1) The company is engaged in active business operations in Sudan. If that company is not engaged in oil-related activities, that company also lacks significant business operations in the eastern, southern, and western regions of Sudan.

(2) Either of the following apply:

(A) The company is engaged in oil-related activities or energy or power-related operations, or contracts with another company with business operations in the oil, energy, and power sectors of Sudan, and the company failed to take substantial action related to the government of Sudan because of the Darfur genocide.

(B) The company has demonstrated complicity in the Darfur genocide.

(c) Notwithstanding subdivision (b), the board shall not invest public employee retirement funds in a company that supplies military equipment within the borders of Sudan. If a company provides equipment within the borders of Sudan that may be readily used for military purposes, including, but not limited to, radar systems and military-grade transport vehicles, there shall also be a strong presumption against investing in that company unless that company implements safeguards to prevent the use of that equipment for military purposes.

(d) (1) The board shall, without regard to the provisions regarding competitive bidding, contract with a research firm or firms to determine those companies that have business operations in Sudan. Those research firms shall, in the aggregate, obtain data on a majority of companies with business operations in Sudan. On or before March 30, 2007, those research firms shall report any findings to the board and those research firms shall submit further findings to the board if there is a change of circumstances in Sudan.

(2) In addition to the reports described in paragraph (1), the board shall take all of the following actions no later than March 30, 2007:

(A) Review publicly available information regarding companies with business operations in Sudan.

(B) Contact other institutional investors that invest in companies with business operations in Sudan.

(C) Send written notice to a company with business operations in Sudan that the company may be subject to this section.

(e) (1) The board shall determine, by the next applicable board meeting and based on the information and reports described in subdivision (d), if a company meets the criteria described in subdivision (b) or (c). If the board plans to invest or has investments in a company that meets the criteria described in subdivision (b) or (c), that planned or existing investment shall be subject to subdivisions (g) and (h).

(2) Investments of the board in a company that does not meet the criteria described in subdivision (b) or (c) or does not have active business operations in Sudan are not subject to subdivision (h), provided that the company does not subsequently meet the criteria described in subdivision (b) or (c) or engage in active business operations. The board shall identify the reasons why that company does not satisfy the criteria described in subdivision (b) or (c) or does not engage in active business operations in the report to the Legislature described in subdivision (i).

(f) (1) Notwithstanding subdivision (e), if the board's investment in a company described in subdivision (b) or (c) is limited to investment via an externally and actively managed commingled fund, the board shall contact that fund manager in writing and request that the fund manager remove that company from the fund as described in subdivision (h). On or before June 30, 2007, if the fund or account manager creates a fund or account devoid of companies described in subdivision (b) or (c), the transfer of board investments from the prior fund or account to the fund or account devoid of companies with business operations in Sudan shall be deemed to satisfy subdivision (h).

(2) If the board's investment in a company described in subdivision (b) or (c) is limited to an alternative fund or account, the alternative fund or account manager creates an actively managed commingled fund that

excludes companies described in subdivision (b) or (c), and the new fund or account is deemed to be financially equivalent to the existing fund or account, the transfer of board investments from the existing fund or account to the new fund or account shall be deemed to satisfy subdivision (h). If the board determines that the new fund or account is not financially equivalent to the existing fund, the board shall include the reasons for that determination in the report described in subdivision (i).

(3) The board shall make a good faith effort to identify any private equity investments that involve companies described in subdivision (b) or (c) or are linked to the government of Sudan. If the board determines that a private equity investment clearly involves a company described in subdivision (b) or (c) or is linked to the government of Sudan, the board shall consider, at its discretion, if those private equity investments shall be subject to subdivision (h). If the board determines that a private equity investment clearly involves a company described in subdivision (b) or (c) or is linked to the government of Sudan and the board does not take action as described in subdivision (h), the board shall include the reasons for its decision in the report described in subdivision (i).

(g) Except as described in subdivision (f) or paragraph (2) of subdivision (e), the board, in the board's capacity of shareholder or investor, shall notify any company described in paragraph (1) of subdivision (e) that the company is subject to subdivision (h) and permit that company to respond to the information and reports described in subdivision (d). The board shall request that the company take substantial action no later than 90 days from the date the board notified the company under this subdivision. If the board determines that a company has taken substantial action or has made sufficient progress towards substantial action before the expiration of that 90-day period, that company shall not be subject to subdivision (h). The board shall, at intervals not to exceed 90 days, continue to monitor and review the progress of the company until that company has taken substantial action in Sudan. A company that fails to complete substantial action or continue to make sufficient progress towards substantial action by the next time interval shall be subject to subdivision (h).

(h) If a company described in paragraph (1) of subdivision (e) fails to complete substantial action by the time described in subdivision (g), the board shall take the following actions:

(1) The board shall not make additional or new investments or renew existing investments in that company.

(2) The board shall liquidate the investments of the board in that company no later than 18 months after this subdivision applies to that company. The board shall liquidate those investments in a manner to address the need for companies to take substantial action in Sudan and

consistent with the board's fiduciary responsibilities as described in Section 17 of Article XVI of the California Constitution.

(i) On or before January 1, 2008, and every year thereafter, the board shall file a report with the Legislature. The report shall describe the following:

(1) A list of investments the board has in companies with business operations in Sudan, including, but not limited to, the issuer, by name, of the stock, bonds, securities, and other evidence of indebtedness.

(2) A detailed summary of the business operations a company described in paragraph (1) has in Sudan and whether that company satisfies all of the criteria in subdivision (b) or (c).

(3) Whether the board has reduced its investments in a company that satisfies the criteria in subdivision (b) or (c).

(4) If the board has not completely reduced its investments in a company that satisfies the criteria in subdivision (b) or (c), when the board anticipates that the board will reduce all investments in that company or the reasons why a sale or transfer of investments is inconsistent with the fiduciary responsibilities of the board as described in Section 17 of Article XVI of the California Constitution.

(5) Any information described in subdivision (e).

(6) A detailed summary of investments that were transferred to funds or accounts devoid of companies with business operations in Sudan as described in subdivision (f).

(j) If the board voluntarily sells or transfers all of its investments in a company with business operations in Sudan, this section shall not apply except that the board shall file a report with the Legislature related to that company as described in subdivision (i).

(k) Nothing in this section shall require the board to take action as described in this section unless the board determines, in good faith, that the action described in this section is consistent with the fiduciary responsibilities of the board as described in Section 17 of Article XVI of the California Constitution.

(*l*) Subdivision (h) shall not apply to any of the following:

(1) Investments in a company that is primarily engaged in supplying goods or services intended to relieve human suffering in Sudan.

(2) Investments in a company that promotes health, education, journalistic, or religious activities in or welfare in the western, eastern, or southern regions of Sudan.

(3) Investments in a United States company that is authorized by the federal government to have business operations in Sudan.

(m) This section shall remain in effect only until one of the following occurs, and as of the date of that action, is repealed:

(1) The government of Sudan halts the genocide in Darfur for 12 months as determined by both the Department of State and the Congress of the United States.

(2) The United States revokes its current sanctions against Sudan.

SEC. 3. Section 16642 is added to the Government Code, to read:

16642. Present, future, and former board members of the Public Employees' Retirement System or the State Teachers' Retirement System, jointly and individually, state officers and employees, research firms described in subdivision (d) of Section 7513.6, and investment managers under contract with the Public Employees' Retirement System or the State Teachers' Retirement System shall be indemnified from the General Fund and held harmless by the State of California from all claims, demands, suits, actions, damages, judgments, costs, charges and expenses, including court costs and attorney's fees, and against all liability, losses, and damages of any nature whatsoever that these present, future, or former board members, officers, employees, research firms, or contract investment managers shall or may at any time sustain by reason of any decision to restrict, reduce, or eliminate investments pursuant to Section 7513.6

CHAPTER 443

An act to add Section 354.45 to the Code of Civil Procedure, relating to civil actions.

[Approved by Governor September 25, 2006. Filed with Secretary of State September 25, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) During the period from 1915 to 1923, many persons of Armenian ancestry residing in the historic Armenian homeland then situated in the Ottoman Empire were victims of massacre, torture, starvation, death marches, and exile. This period is known as the Armenian Genocide.

(b) Thousands of Armenian Genocide survivors and the heirs of Armenian Genocide victims are residents or citizens of the State of California. These people have, too often, been deprived of their entitlement to bank deposits and assets held by banks and financial institutions that did business in the Ottoman Empire. California has an overwhelming public policy interest in ensuring that its residents and citizens who are claiming entitlement to bank deposits and assets that

remain unreturned to Armenian Genocide victims are treated reasonably and fairly, and that those legal obligations are honored.

(c) It is the specific intent of the Legislature to ensure that Armenian Genocide victims and their heirs be permitted to have an expeditious, inexpensive, and fair forum in which to resolve their claims for bank deposits and assets by allowing actions to be brought in California irrespective of any contrary forum selection provision contained in the banking agreements. It is the finding of the Legislature that enforcement of forum selection provisions in those agreements would work an undue, unreasonable, and unjust hardship on Armenian Genocide victims and their heirs who are residents of California, and that those provisions are against public policy and are hereby made unenforceable with respect to the claims as to which this act applies.

(d) To the extent that the statute of limitations regarding contractual or tort claims arising from the failure to return bank deposits and assets is extended by this act, that extension of the limitations period is intended to be applied retroactively, irrespective of whether the claims were otherwise barred by any applicable statute of limitations under any other provision of law prior to the enactment of this act.

SEC. 2. Section 354.45 is added to the Code of Civil Procedure, to read:

354.45. (a) For purposes of this section, the following terms have the following meanings:

(1) "Armenian Genocide victim" means any person of Armenian or other ancestry living in the Ottoman Empire during the period of 1890 to 1923, inclusive, who died, was injured in person or property, was deported, or escaped to avoid persecution during that period.

(2) "Bank" means any banking or financial institution, including any institution that issued bonds, that conducted business in Ottoman Turkey at any time during the period of 1890 to 1923, inclusive.

(3) "Deposited assets" means any and all cash, securities, bonds, gold, jewels or jewelry, or any other tangible or intangible items of personal property, or any documents indicating ownership or possessory interests in real, personal, or intangible property, that were deposited with and held by a bank.

SEC. 2. Section 70324 is added to the Government Code, to read:

70324. (a) If responsibility for court facilities is transferred from the county to the state pursuant to a negotiated agreement, and the building containing those court facilities is rated as a level V seismic rating, the following provisions shall apply to the transfer.

(1) Except as provided in paragraph (3), the county shall be responsible for any seismic-related damage and injury, including, but not limited to, damage and injury to real property, personal property, and persons, only to the same extent that the county would be liable for that damage and injury if responsibility was not transferred to the state, and the county shall indemnify, defend, and hold the state harmless from those claims.

(2) Except as provided in paragraph (3), in the event that seismic-related damage occurs to a building containing court facilities for which the county retains liability under this section, the county either shall make repairs to the damage or provide funds to the state sufficient to make those repairs, in order to bring the damaged portions of the building containing court facilities back to the condition in which they existed before the seismic-related event. The county may postpone the making of repairs to the damage or providing funds to the state for those repairs, if it provides the court, at county expense, with necessary and suitable temporary facilities, subject to the agreement of the Judicial Council.

(3) The county shall not be liable for any damage or injury sustained in a seismic event to the extent the damage or injury is attributable to actions or conditions created by or under the control of the state. The state shall indemnify, defend, and hold the county harmless from any liability resulting from that damage or injury. The state does not have a duty to make changes or repairs to improve the seismic condition of the building.

(4) As part of, or subsequent to, the transfer agreement, the county and the Judicial Council may agree on a method to address the seismic issue so that the state does not have a financial burden greater than it would have had if the court facilities initially transferred were court facilities in buildings rated as a level IV seismic rating.

(b) This section shall not apply to events occurring on or after the earliest of the following dates:

(1) The facilities covered by this section are seismically-rated at any level lower than level V.

(2) The facilities are no longer used as court facilities.

(3) Thirty-five years from the date of transfer of the facilities.

(4) The county has complied with the conditions for relief from liability contained in an agreement pursuant to paragraph (4) of

subdivision (a) addressing the seismic issue with regard to the facility, and the agreement has been approved by the Director of Finance.

(c) The provisions of this section shall prevail over any conflicting provisions of this chapter in regard to transfer of responsibility for court facilities in buildings rated as a level V seismic rating.

(d) This section shall not be deemed to impose greater liability on a county for seismic-related damage to third parties other than it would have if the responsibility for court facilities had not transferred to the state.

(e) Nothing in this chapter shall require the transfer of responsibility for court facilities in a building that is rated as a level V seismic rating.

(f) The terms of this section in effect at the time an agreement is executed for transfer of responsibility shall continue to govern that agreement for transfer, notwithstanding any subsequent repeal of this section.

(g) This section shall remain in effect only until January 1, 2010, and, as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2010, deletes or extends that date.

SEC. 3. Section 70351.5 is added to the Government Code, to read:

70351.5. Notwithstanding any other provision of this chapter, the California State Association of Counties, the Judicial Council, and the Director of Finance may agree to alternative methods for calculating the county facilities payment amount to be used by any county meeting the criteria set forth in those alternative methods. In the absence of an agreement, the other provisions of this article shall apply.

CHAPTER 445

SECTION 1. Section 143.1 is added to the Streets and Highways Code, to read:

143.1. (a) Notwithstanding any other provision of law, the demonstration toll road project known as State Highway Route 125 (SR 125) in the County of San Diego, authorized pursuant to authority granted to the department by Chapter 107 of the Statutes of 1989, as subsequently amended by Chapter 1115 of the Statutes of 1990 and Chapter 688 of the Statutes of 2002, shall be subject to tolls for a period of up to 45 years under the following additional terms and conditions:

(1) If agreed to by the private entity and the department, and subject to concurrence by the San Diego Association of Governments (SANDAG), the County of San Diego, the City of San Diego, and the City of Chula Vista, by January 2010, all of whom shall exercise their good faith efforts to reach that agreement and concurrence, the SR 125 franchise agreement shall be amended to provide for a lease period of up to 45 years, which shall be reflected in the SR 125 Development Franchise Agreement, dated January 30, 1991, as amended. If an amendment to extend the lease period is agreed to by the parties, the tolls collected during any extension period shall be used for one or more

of the following purposes, as specified in the amendment to the agreement:

(A) By the private entity to reimburse it for project costs incurred on behalf of the department or SANDAG.

(B) By the private entity to compensate or reimburse it for project costs or other impacts for which it is entitled to compensation pursuant to the development franchise agreement or other agreements in effect as of June 30, 2006, with or between the private entity and SANDAG concerning SR 125.

(C) By the private entity to reimburse the department or SANDAG for project costs permitted under the development franchise agreement in effect as of June 30, 2006.

(D) By the private entity for one or more of the following purposes: the private entity's capital outlay costs for the project; the costs associated with operations, toll collection, and administration of the facility; reimbursement of the state for the costs of maintenance and police services; or a reasonable return on investment to the private entity.

(E) The development franchise agreement or any amendment thereto shall require that any excess toll revenue either be applied to repayment of the indebtedness incurred by the private entity with respect to the project, or payment into the State Highway Account for the benefit of the San Diego region, or both.

(2) If an amendment to the SR 125 Development Franchise Agreement is not executed by January 31, 2010, or if an amendment to the agreement is executed by January 31, 2010, that extends the lease period for less than 10 additional years, the department and SANDAG may agree, subject to concurrence by the County of San Diego, the City of San Diego, and the City of Chula Vista, to operate and maintain the toll road for any remaining period of time up to a maximum of 10 years following expiration of the agreement. Tolls collected by the department or SANDAG shall be used to reimburse the department or SANDAG, as applicable, for the SR 125 project costs permitted under the development franchise agreement in effect as of June 30, 2006.

(3) Except as specifically amended consistent with this section, the SR 125 Development Franchise Agreement shall remain in full force and effect as set forth therein, and this section shall not be deemed to modify any rights or obligations of the parties thereto.

(b) SANDAG may operate the SR 125 facility and continue the collection of tolls upon the expiration of the SR 125 Development Franchise Agreement or the up to 10-year period specified in paragraph (2) of subdivision (a), as applicable, subject to a $\frac{2}{3}$ vote of the SANDAG board, pursuant to a plan that specifies the expenditure of toll revenues for projects within the SR 125 corridor. The operation and toll collection

may be done in cooperation with the department or solely by SANDAG, with toll revenues to be available for the costs associated with operations, toll collection, and administration of the facility, and reimbursement of the state for the costs of maintenance and police services. Projects eligible for funding from excess toll revenues shall be limited to projects that improve the operation of SR 125, including highway and street projects, truck-only lanes, and transit services and facilities. Any changes to the plan shall require a ⅔ vote of the SANDAG board.

(*l*) It is the intent of the Legislature that, to ease entry into the public accounting profession in California, any administrative cost to the board related to the certified public accountant examination or issuance of the certified public accountant certificate that exceeds the maximum fees authorized by this section shall be covered by the fees charged for the biennial renewal of the permit to practice.

(c) The certifications obtained pursuant to this section may only be used for the limited purposes of maintaining and repairing special purpose personnel elevators on cranes that utilize a rack and pinion system in marine terminals.

(d) A person, firm, or corporation that qualifies for certification as a certified qualified conveyance company or certified competent conveyance mechanic is not authorized to perform any of the following procedures:

CHAPTER 449

An act to amend Section 35401.7 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 25, 2006. Filed with Secretary of State September 25, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 35401.7 of the Vehicle Code is amended to read:

35401.7. (a) The limitations of access specified in subdivision (d) of Section 35401.5 do not apply to licensed carriers of livestock when those carriers are directly en route to or from a point of loading or unloading of livestock on those portions of State Highway Route 101 located in the Counties of Del Norte, Humboldt, and Mendocino from its junction with State Highway Route 1 near Leggett north to the Oregon border, if the travel is necessary and incidental to the shipment of the livestock.

(b) The exemption allowed under this section does not apply unless both of the following conditions are met:

(1) The length of the truck tractor, in combination with the semitrailer used to transport the livestock, does not exceed a total of 70 feet.

(2) The distance from the kingpin to the rearmost axle of the semitrailer does not exceed 40 feet.

(c) The exemption allowed under this section does not apply to travel conducted on the day prior to, or on the day of, any federally recognized holiday.

(d) The Department of the California Highway Patrol, in consultation with the Department of Transportation and in accordance with recommendations from the Department of the California Highway Patrol's study issued on March 20, 2006, of the effect of the statutory exemption, shall continue the comprehensive study of the effect that the exemption provided by this section has on the public safety during the extended effective period of the exemption, and make recommendations on future exemptions, including the creation of a permitting system for

cattle truck and trailer combinations meeting applicable provisions of the federal Surface Transportation Assistance Act of 1982 (Public Law 97-424), and appropriate safety improvements. Notwithstanding Section 7550.5 of the Government Code, the Department of the California Highway Patrol shall report the findings of this additional study and recommendations to the Governor and the Legislature on or before January 1, 2011.

(e) This section shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

CHAPTER 450

An act to amend, repeal, and add Section 35401 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 25, 2006. Filed with Secretary of State September 25, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 35401 of the Vehicle Code is amended to read:

35401. (a) Except as provided in subdivisions (b), (c), and (d), a combination of vehicles coupled together, including attachments, may not exceed a total length of 65 feet.

(b) (1) A combination of vehicles coupled together, including attachments, that consists of a truck tractor, a semitrailer, and a semitrailer or trailer, may not exceed a total length of 75 feet, if the length of neither the semitrailers nor the trailer in the combination of vehicles exceeds 28 feet 6 inches.

(2) A B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailers of a truck tractor-semitrailer-semitrailer combination of vehicles. However, if there is no second semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer to which it is attached.

(3) (A) A combination of vehicles coupled together, including attachments, may have a total length of not more than 75 feet, if all of the following apply:

(i) The combination of vehicles consists of a motortruck and two trailers.

(ii) A trailer in the combination does not exceed 28 feet 6 inches in length.

(iii) The combination is used exclusively to transport agricultural products from the field to the first point of handling and return, and each direction of transport does not exceed 80 miles.

(iv) The combination is not operated on a highway designated by the United States Department of Transportation as a national network route.

(v) The combination of vehicles may not exceed 50 miles per hour when operating on the highway.

(vi) The combination of vehicles shall successfully complete a commercial vehicle safety alliance inspection on a quarterly basis conducted by the Department of the California Highway Patrol.

(vii) The combination of vehicles shall operate on the highway only after, agricultural entities develop safe routing techniques, in consultation with the Department of the California Highway Patrol, from the field to the first point of handling and return.

(B) This paragraph applies only in the County of San Luis Obispo and the County of Santa Barbara or a city in those counties if the board of supervisors of the county or the city council, as the case may be, by resolution or ordinance adopts its provisions.

(C) The Department of the California Highway Patrol, in consultation with the Department of Transportation, shall conduct a study of the effect that the exemption provided in this paragraph has on public safety particularly the enhanced safety requirements imposed by clauses (v), (vi), and (vii) of subparagraph (A). The Department of the California Highway Patrol shall report the results of the study to the Legislature and the Governor on or before April 1, 2008.

(c) (1) A tow truck in combination with a single disabled vehicle or a single abandoned vehicle that is authorized to travel on the highways by this chapter is exempt from subdivision (a) when operating under a valid annual transportation permit.

(2) A tow truck, in combination with a disabled or abandoned combination of vehicles that are authorized to travel on the highways by this chapter, is exempt from subdivision (a) when operating under a valid annual transportation permit and within a 100-mile radius of the location specified in the permit.

(3) A tow truck may exceed the 100-mile radius restriction imposed under paragraph (2) if a single trip permit is obtained from the Department of Transportation.

(d) A city or county may, by ordinance, prohibit a combination of vehicles of a total length in excess of 60 feet upon highways under its respective jurisdiction. The ordinance may not be effective until appropriate signs are erected indicating either the streets affected by the

ordinance or the streets not affected, as the local authority determines will best serve to give notice of the ordinance.

(e) A city or county, upon a determination that a highway or portion of highway under its jurisdiction cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, may, by ordinance, establish lesser distances consistent with the maximum distances that the highway or highway portion can sustain, except that a city or county may not restrict the kingpin to rearmost axle measurement to less than 38 feet on those highways or highway portions. A city or county considering the adoption of an ordinance shall consider, but not be limited to, consideration of, all of the following:

(1) A comparison of the operating characteristics of the vehicles to be limited as compared to operating characteristics of other vehicles regulated by this code.

(2) Actual traffic volume.

(3) Frequency of accidents.

(4) Any other relevant data.

In addition, the city or county may appoint an advisory committee consisting of local representatives of those interests that are likely to be affected and shall consider the recommendations of the advisory committee in adopting the ordinance. The ordinance may not be effective until appropriate signs are erected indicating the highways or highway portions affected by the ordinance.

This subdivision shall only become operative upon the adoption of an enabling ordinance by a city or county.

(f) Whenever, in the judgment of the Department of Transportation, a state highway cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, the director, in consultation with the Department of the California Highway Patrol, shall compile data on total traffic volume, frequency of use by vehicles covered by this subdivision, accidents involving these vehicles, and other relevant data to assess whether these vehicles are a threat to public safety and should be excluded from the highway or highway segment. The study, containing the conclusions and recommendations of the director, shall be submitted to the Secretary of the Business, Transportation and Housing Agency. Unless otherwise notified by the secretary, the director shall hold public hearings in accordance with the procedures set forth in Article 3 (commencing with Section 35650) of Chapter 5 for the purpose of determining the maximum kingpin to rear axle length, which shall be not less than 38 feet, that the highway or highway segment can sustain without unreasonable threat to the safety of the public. Upon the basis

of the findings, the Director of Transportation shall declare in writing the maximum kingpin to rear axle lengths which can be maintained with safety upon the highway. Following the declaration of maximum lengths as provided by this subdivision, the Department of Transportation shall erect suitable signs at each end of the affected portion of the highway and at any other points that the Department of Transportation determines to be necessary to give adequate notice of the length limits.

The Department of Transportation, in consultation with the Department of the California Highway Patrol, shall compile traffic volume, geometric, and other relevant data, to assess the maximum kingpin to rearmost axle distance of vehicle combinations appropriate for those state highways or portion of highways, affected by this section, that cannot safely accommodate trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400.

(g) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 2. Section 35401 is added to the Vehicle Code, to read:

35401. (a) Except as provided in subdivisions (b), (c), and (d), a combination of vehicles coupled together, including attachments, may not exceed a total length of 65 feet.

(b) (1) A combination of vehicles coupled together, including attachments, that consists of a truck tractor, a semitrailer, and a semitrailer or trailer, may not exceed a total length of 75 feet, if the length of neither the semitrailers nor the trailer in the combination of vehicles exceeds 28 feet 6 inches.

(2) A B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailers of a truck tractor-semitrailer-semitrailer combination of vehicles. However, if there is no second semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer to which it is attached.

(c) (1) A tow truck in combination with a single disabled vehicle or a single abandoned vehicle that is authorized to travel on the highways by this chapter is exempt from subdivision (a) when operating under a valid annual transportation permit.

(2) A tow truck, in combination with a disabled or abandoned combination of vehicles that are authorized to travel on the highways by this chapter, is exempt from subdivision (a) when operating under a valid annual transportation permit and within a 100-mile radius of the location specified in the permit.

(3) A tow truck may exceed the 100-mile radius restriction imposed under paragraph (2) if a single trip permit is obtained from the Department of Transportation.

(d) A city or county may, by ordinance, prohibit a combination of vehicles of a total length in excess of 60 feet upon highways under its respective jurisdiction. The ordinance may not be effective until appropriate signs are erected indicating either the streets affected by the ordinance or the streets not affected, as the local authority determines will best serve to give notice of the ordinance.

(e) A city or county, upon a determination that a highway or portion of highway under its jurisdiction cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, may, by ordinance, establish lesser distances consistent with the maximum distances that the highway or highway portion can sustain, except that a city or county may not restrict the kingpin to rearmost axle measurement to less than 38 feet on those highways or highway portions. A city or county considering the adoption of an ordinance shall consider, but not be limited to, consideration of, all of the following:

(1) A comparison of the operating characteristics of the vehicles to be limited as compared to operating characteristics of other vehicles regulated by this code.

(2) Actual traffic volume.

(3) Frequency of accidents.

(4) Any other relevant data.

In addition, the city or county may appoint an advisory committee consisting of local representatives of those interests that are likely to be affected and shall consider the recommendations of the advisory committee in adopting the ordinance. The ordinance may not be effective until appropriate signs are erected indicating the highways or highway portions affected by the ordinance.

This subdivision shall only become operative upon the adoption of an enabling ordinance by a city or county.

(f) Whenever, in the judgment of the Department of Transportation, a state highway cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, the director, in consultation with the Department of the California Highway Patrol, shall compile data on total traffic volume, frequency of use by vehicles covered by this subdivision, accidents involving these vehicles, and other relevant data to assess whether these vehicles are a threat to public safety and should be excluded from the highway or highway segment. The study, containing the conclusions and recommendations of the director, shall

be submitted to the Secretary of the Business, Transportation and Housing Agency. Unless otherwise notified by the secretary, the director shall hold public hearings in accordance with the procedures set forth in Article 3 (commencing with Section 35650) of Chapter 5 for the purpose of determining the maximum kingpin to rear axle length, which shall be not less than 38 feet, that the highway or highway segment can sustain without unreasonable threat to the safety of the public. Upon the basis of the findings, the Director of Transportation shall declare in writing the maximum kingpin to rear axle lengths which can be maintained with safety upon the highway. Following the declaration of maximum lengths as provided by this subdivision, the Department of Transportation shall erect suitable signs at each end of the affected portion of the highway and at any other points that the Department of Transportation determines to be necessary to give adequate notice of the length limits.

The Department of Transportation, in consultation with the Department of the California Highway Patrol, shall compile traffic volume, geometric, and other relevant data, to assess the maximum kingpin to rearmost axle distance of vehicle combinations appropriate for those state highways or portion of highways, affected by this section, that cannot safely accommodate trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400. The department shall erect suitable signs appropriately restricting truck travel on those highways, or portions of highways.

(g) This section shall become operative on January 1, 2009.

SEC. 3. Due to the unique circumstances occurring in the Counties of San Luis Obispo and Santa Barbara, with respect to the transportation of agricultural products from the fields to the handling of the products, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in Section 1 of this act is necessarily applicable only to the County of San Luis Obispo and the County of Santa Barbara, and cities within those counties.

(3) The nonfederal match for the funds described in subdivision (a) may be programmed from any available local source, or any available state transportation funding source, including other state transportation improvement program funding, if the regional transportation planning agency concurs.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to establish a process for the programming and expenditure of federal border infrastructure funds as quickly as possible, it is necessary that this act take effect immediately.

(b) Ensuring the independence of internal auditors of state agencies and that their findings are reported to the appropriate levels of government is critical to safeguarding public funds and the public trust.

13886. (a) Any governing body that oversees a state agency that performs or reviews internal audits shall establish an audit committee that generally meets the frameworks recommended by the American Institute of Certified Public Accountants, as set forth in the publication entitled "AICPA Audit Committee Toolkit: Government Organizations."

(b) Nothing in this article is intended to limit the rights or obligations of internal auditors to conduct internal audits and audit activities in accordance with other laws and regulations that may apply to a particular entity.

13887.5. (a) When the chief internal auditor of a state agency believes that senior management in the state agency has accepted a level of residual risk that may be unacceptable to the organization or that senior management has otherwise not taken appropriate action in response to a finding or recommendation by its internal auditors, the chief internal auditor shall discuss the matter with senior management and the general counsel to the state agency. If that decision regarding residual risk or the need for appropriate action in response to an audit finding or recommendation, or both, does not resolve the issue, the chief internal auditor and general counsel shall jointly report the matter to the next highest level of management as pertains to the state agency, including, but not limited to, the chair of the governing body overseeing the state agency, the agency secretary, the Governor's office, or the appropriate constitutional officer.

(b) If the decision regarding residual risk or the need for appropriate action in response to an audit finding or recommendation that could have a significant impact on the state's fiscal operations, the performance of a significant government program, or the delivery of a significant government service, or other similar significant or critical government services, as determined by the chief internal auditor, is still not resolved after making the disclosures required pursuant to subdivision (a), the chief internal auditor shall report the matter to the Joint Legislative Audit Committee and the State Auditor. At the direction of the Joint Legislative Audit Committee, the State Auditor shall investigate a disclosure made pursuant to subdivision (b) and report the results of the investigation in accordance with Chapter 6.5 (commencing with Section 8543) of Division 1. 13888. (a) If an internal auditor employed by a state agency has a good faith belief that the agency management is interfering with the internal auditor's or auditors' ability to comply with the provisions of this part, that the internal auditor or auditors are under pressure to modify or limit findings or recommendations, or that senior management is not taking appropriate action in response to an audit finding or recommendation, the internal auditor may report the information supporting that good faith belief to the State Auditor.

(b) The State Auditor may investigate any report made pursuant to subdivision (a) and if the allegations are substantiated, shall report his or her findings pursuant to Chapter 6.5 (commencing with Section 8545) of Division 1.

(c) Any internal auditor making a report pursuant to this section shall receive all protection available under the California Whistleblower Protection Act (Article 3 (commencing with Section 8547) of Chapter 6.5 of Division 1).

(a) A state department or agency shall not contract for the purchase of tangible personal property from a vendor, contractor, or an affiliate of a vendor or contractor, unless that vendor, contractor, and all of its affiliates that make sales for delivery into California are holders of a California seller's permit issued pursuant to Article 2 (commencing with Section 6066) of Chapter 2 of Part 1 of Division 2 of the Revenue and Taxation Code, or are holders of a certificate of registration issued pursuant to Section 6226 of the Revenue and Taxation Code. A vendor or contractor that sells tangible personal property to a state department or agency, and each affiliate of that vendor or contractor that makes sales for delivery into California, shall be regarded as a "retailer engaged in business in this state," and shall be required to collect the California sales or use tax on all its sales into the state in accordance with Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code.

This subdivision does not apply to a credit card purchase of goods of two thousand five hundred dollars ($2,500) or less. The total amount of exemption authorized herein shall not exceed seven thousand five hundred dollars ($7,500) per year for each company from which a state agency is purchasing goods by credit card. It shall be the responsibility of each state agency to monitor the use of this exemption and adhere to these restrictions on these purchases.

(c) A state department or state agency is exempted from the provisions of subdivision (a) if the executive director of that state department or agency, or his or her designee, makes a written finding that the contract is necessary to meet a compelling state interest.

(d) For the purposes of this section:

(1) "Affiliate of the vendor or contractor" means any person or entity that is controlled by, or is under common control of, a vendor or contractor through stock ownership or any other affiliation.

CHAPTER 454

An act to add Section 5060.1 to, and to add Article 8.6 (commencing with Section 5151) to Chapter 1 of Division 1 of, the Vehicle Code, relating to vehicles.

[Approved by Governor September 25, 2006. Filed with Secretary of State September 25, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The United States District Court for the Eastern District of California in The Women's Resource Network v. Steven Gourley (2004) 305 F. Supp. 2d 1145 permanently enjoined the Director of the California Department of Motor Vehicles from issuing any new special interest license plate to private, nonprofit organizations under the current provisions of Section 5060 of the California Vehicle Code, unless the state establishes "neutral criteria to insure that the [plate] licensing decision is not based on the content or viewpoint of the speech being considered."

(b) The court did not enjoin the Director of the Department of Motor Vehicles from issuing a special interest license plate that is government speech that promotes California's state policies.

(c) This bill intends to clarify the framework for specialized license plates that contain only government speech, leaving the issue of special interest license plates designed for the benefit of private entities to other legislation.

(d) Revenue generated from special license plate programs provides a positive way to supplement funding for important governmental programs without cost to the General Fund or an increase in taxes.

SEC. 2. Section 5060.1 is added to the Vehicle Code, to read:

5060.1. Notwithstanding Section 5060 or any other provision of law to the contrary, the department shall not accept an application for participation in a special interest license plate program under Section 5060 and shall not issue, under Section 5060, special interest license plates for a new program.

SEC. 3. Article 8.6 (commencing with Section 5151) is added to Chapter 1 of Division 1 of the Vehicle Code, to read:

Article 8.6. Specialized License Plates

5151. (a) As used in this article, "state agency" means a state office, officer, department, division, bureau, board, or commission, or any other state body or agency.

(b) It is the intent of the Legislature that this article contain the authority for specialized license plates for state agencies.

5152. A person described in Section 5101 may apply for a specialized license plate under this article, in lieu of regular license plates.

5154. Specialized license plates issued under this article shall have a design or contain a message that publicizes or promotes a state agency, or the official policy, mission, or work of a state agency.

5155. The design criteria for a specialized license plate are as follows:

(a) The license plate for a passenger vehicle, commercial vehicle, or trailer shall provide a space not larger than two inches by three inches to the left of the numerical series and a space not larger than five-eighths of an inch in height below the numerical series for a distinctive design, decal, or descriptive message as authorized by this article. The license plates shall be issued in sequential numerical order or, pursuant to Section 5103, in a combination of numbers or letters.

(b) Specialized license plates authorized under this article may be issued for use on a motorcycle. That license plate shall contain a five-digit configuration issued in sequential numerical order or, pursuant to Section 5103, in a combination of numbers or letters. There shall be a space to the left of the numerical series for a distinctive design or decal and the characters shall contrast sharply with the uniform background color. A motorcycle plate containing a full plate graphic design is not authorized.

(c) Specialized license plates may be issued as environmental license plates, as defined in Section 5103.

5156. (a) (1) A state agency may apply to the department to sponsor a specialized license plate program, and the department shall issue specialized license plates for that program, if the agency complies with all of the requirements of this article.

(2) The department shall not issue specialized license plates to a state agency for a vehicle that is exempt from the payment of registration fees pursuant to Section 9101 or 9103.

(b) The department shall not establish a specialized license plate program for an agency until the department has received not less than 7,500 applications for that agency's specialized license plates. The agency shall collect and hold applications for the plates. Once the agency has received at least 7,500 applications, it shall submit the applications, along with the necessary fees, to the department. The department shall not issue a specialized license plate until the agency has received and

submitted to the department not less than 7,500 applications for that particular specialized license plate within the time period prescribed in this section. Advance payment to the department by the agency representing the department's estimated or actual administrative costs associated with the issuance of a particular specialized license plate shall not constitute compliance with this requirement. The agency shall have 12 months, following the date of approval of the agency's initial application to sponsor a specialized license plate program, to receive the required number of applications. If, after that 12 months, 7,500 applications have not been received, the agency shall immediately do either of the following:

(1) Refund to all applicants all fees or deposits that have been collected.

(2) Contact the department to indicate the agency's intent to undertake collection of additional applications and fees or deposits for an additional period, not to exceed 12 months, in order to obtain the minimum 7,500 applications. If the agency elects to exercise the option under this subparagraph, it shall contact each applicant who has submitted an application with the appropriate fees or deposits to determine if the applicant wishes a refund of fees or deposits or requests the continuance of the holding of the application and fees or deposits until that time that the agency has received 7,500 applications. The agency shall refund the fees or deposits to an applicant so requesting. The agency shall not collect and hold applications for a period exceeding 24 months following the date of approval of the agency's initial application to sponsor a specialized license plate program.

(c) (1) If the number of outstanding and valid specialized license plates in a particular program provided for in this article is less than 7,500, the department shall notify the sponsoring agency of that fact and shall inform the agency that if that number is less than 7,500 one year from the date of that notification, the department will no longer issue or replace those specialized license plates.

(2) Those particular specialized license plates that were issued prior to the discontinuation provided by paragraph (1) may continue to be used and attached to the vehicle for which they were issued and may be renewed, retained, or transferred pursuant to this code.

5157. (a) In addition to the regular fees for an original registration or renewal of registration, the following additional fees shall be paid for the issuance, renewal, or transfer of the specialized license plates:

(1) For the original issuance of the plates, fifty dollars ($50).

(2) For a renewal of registration with the plates, forty dollars ($40).

(3) For transfer of the plates to another vehicle, fifteen dollars ($15).

(4) For each substitute replacement plate, thirty-five dollars ($35).

(5) In addition, for the issuance of environmental license plates, as defined in Section 5103, with a specialized license plate design, the additional fees prescribed in Sections 5106 and 5108. The additional fees prescribed in Sections 5106 and 5108 shall be deposited in the California Environmental License Plate Fund.

(b) Except as provided in paragraph (5) of subdivision (a), and after deducting its administrative costs under this section, the department shall deposit the additional revenue derived from the issuance, renewal, transfer, and substitution of the specialized license plates in the Specialized License Plate Fund, which is hereby established in the State Treasury. Upon appropriation by the Legislature, the moneys in that fund shall be allocated to each sponsoring agency, in proportion to the amount in the fund that is attributable to the agency's specialized license plate program. Except as authorized under Section 5159, the sponsoring agency shall expend all funds received under this section exclusively for projects and programs that promote the state agency's official policy, mission, or work.

5158. When payment of renewal fees is not required as specified in Section 4000, or when a person determines to retain the specialized license plate upon a sale, trade, or other release of the vehicle upon which the plate has been displayed, the person shall notify the department and the person may retain and use the plate as authorized by departmental regulations.

5159. A state agency that is eligible to participate in a specialized license plate program pursuant to this article and receives funds from the additional fees collected from the sale of specialized plates shall not expend annually more than 25 percent of those funds on administrative costs, marketing, or other promotional activities associated with encouraging application for, or renewal of, the specialized plates.

5160. (a) A state agency authorized under this article to offer specialized license plates shall prepare and submit an annual accounting report to the department by June 30. The report shall include an accounting of all revenues and expenditures associated with the specialized license plate program.

(b) If a state agency submits a report pursuant to subdivision (a) indicating that the agency violated the expenditure restriction set forth in Section 5159, the department shall immediately cease depositing fees for that agency's specialized license plate program in the Specialized License Plate Fund established under Section 5157 and, instead, shall deposit those fees that would have otherwise been deposited in that fund in a separate fund created by the Controller, which fund is subject to appropriation by the Legislature. The department shall immediately notify the agency of this course of action. The depositing of funds in the

account established pursuant to this paragraph shall continue until the agency demonstrates to the satisfaction of the department that the agency is in compliance or will comply with the requirements of Section 5159. If one year from the date that the agency receives the notice described in this paragraph, the agency is still unable to satisfactorily demonstrate to the department that it is in compliance or will comply with the requirements of Section 5159, the department shall no longer issue or replace those specialized license plates associated with that agency. Those particular specialized license plates that were issued prior to the discontinuation provided by this subdivision may continue to be used and attached to the vehicle for which they were issued and may be renewed, retained, or transferred pursuant to this code.

(c) Upon receiving the reports required under subdivision (a), notwithstanding Section 7550.5 of the Government Code, the department shall prepare and transmit an annual consolidated report to the Legislature containing the revenue and expenditure data.

SEC. 4. (a) If Senate Bill 651 is not enacted during the 2005–06 Regular Session, or is enacted during that session but does not establish a special interest license plate program, Sections 2 and 3 of this act shall become operative on the effective date of this act.

(b) If Senate Bill 651 is enacted during the 2005–06 Regular Session and establishes a special interest license plate program, Sections 2 and 3 of this act shall not become operative, except as required under subdivision (c).

(c) If Senate Bill 651 is enacted during the 2005–06 Regular Session and establishes a special interest license plate program, but that program is later held to be unconstitutional, or is otherwise rendered inoperative, by the final judgment of a court of competent jurisdiction, Sections 2 and 3 of this act shall become operative on the effective date of that judgment.

funds generated by fees received by the board pursuant to subdivision (c) of Section 8031 in excess of funds needed to support the board's operating budget for the fiscal year in which a transfer described below is made shall be used by the board for the purpose of establishing and maintaining a Transcript Reimbursement Fund. The Transcript Reimbursement Fund shall be established by a transfer of funds from the Court Reporters' Fund in the amount of three hundred thousand dollars ($300,000) at the beginning of each fiscal year. Notwithstanding any other provision of this article, a transfer to the Transcript Reimbursement Fund in excess of the fund balance established at the beginning of each fiscal year shall not be made by the board if the transfer will result in the reduction of the balance of the Court Reporters' Fund to an amount less than six months' operating budget.

(e) Applicants who have been reimbursed pursuant to this chapter for services provided to litigants and who are awarded court costs or attorneys' fees by judgment or by settlement agreement shall refund the full amount of that reimbursement to the fund within 90 days of receipt of the award or settlement.

(f) Subject to the limitations of this chapter, the board shall maintain the fund at a level that is sufficient to pay all qualified claims. To accomplish this objective, the board shall utilize all refunds, unexpended funds, fees, and any other moneys received by the board.

(g) Notwithstanding Section 16346 of the Government Code, all unencumbered funds remaining in the Transcript Reimbursement Fund as of June 29, 2009, shall be transferred to the Court Reporters' Fund.

(h) This section shall become inoperative on July 1, 2009, and, as of January 1, 2010, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed.

A reasonable expectation as to payment of a legal fee exists wherever a client enters into a contingent fee agreement with his or her lawyer. If there is no contingent fee agreement, a case is not considered fee generating if adequate representation is deemed to be unavailable because of the occurrence of any of the following circumstances:

(1) If the applicant has determined that referral is not possible because of any of the following:

(D) Emergency circumstances compel immediate action before referral can be made, but the client is advised that, if appropriate and consistent with professional responsibility, referral will be attempted at a later time.

(2) If recovery of damages is not the principal object of the case and a request for damages is merely ancillary to an action for equitable or other nonpecuniary relief or inclusion of a counterclaim requesting damages is necessary for effective defense or because of applicable rules governing joinder of counterclaims.

(3) If a court appoints an applicant or an employee of an applicant pursuant to a statute or a court rule or practice of equal applicability to all attorneys in the jurisdiction.

(4) In any case involving the rights of a claimant under a public supported benefit program for which entitlement to benefit is based on need.

SEC. 3. Section 8030.6 of the Business and Professions Code is amended to read:

8030.6. The board shall disburse funds from the Transcript Reimbursement Fund for the costs, exclusive of per diem charges by official reporters, of preparing either an original transcript and one copy thereof, or where appropriate, a copy of the transcript, of court or deposition proceedings, or both, incurred as a contractual obligation between the shorthand reporter and the applicant, for litigation conducted in California. If there is no deposition transcript, the board may reimburse the applicant or the certified shorthand reporter designated in the application for per diem costs. The rate of per diem for depositions shall not exceed seventy-five dollars ($75) for a half day, or one hundred twenty-five dollars ($125) for a full day. If a transcript is ordered within one year of the date of the deposition, but subsequent to the per diem having been reimbursed by the Transcript Reimbursement Fund, the

amount of the per diem shall be deducted from the regular customary charges for a transcript. Reimbursement may be obtained through the following procedures:

(a) The applicant or certified shorthand reporter shall promptly submit to the board the certified shorthand reporter's invoice for transcripts together with the appropriate documentation as is required by this chapter.

(d) The applicant may receive reimbursement directly from the board when the applicant has previously paid the certified shorthand reporter for transcripts as provided in Section 8030.6. To receive payment directly, the applicant shall submit, in addition to all other required documentation, an itemized statement signed by the certified shorthand reporter performing the services that describes payment for transcripts in accordance with the requirements of Section 8030.6.

(d) The selected depository institution shall serve as a custodian for each certificate of deposit that is issued with the placement service for the local agency's account.

(e) At the same time the local agency's funds are deposited and the certificates of deposit are issued, the selected depository institution shall receive an amount of deposits from other commercial banks, savings banks, savings and loan associations, or credit unions that, in total, are equal to, or greater than, the full amount of the principal that the local agency initially deposited through the selected depository institution for investment.

(d) The term "award," as used in this chapter, may include, but is not limited to, contracts, grants, interagency agreements, loans, and other financial agreements designed to fund public interest research, demonstration, and development projects or programs.

SEC. 2. Section 25740 of the Public Resources Code is amended to read:

25740. It is the intent of the Legislature in establishing this program, to increase the amount of electricity generated from eligible renewable energy resources per year, so that it equals at least 20 percent of total retail sales of electricity in California per year by December 31, 2010.

SEC. 3. Section 25741 of the Public Resources Code is amended to read:

25741. As used in this chapter, the following terms have the following meaning:

(a) "Delivered" and "delivery" mean the electricity output of an in-state renewable electricity generation facility that is used to serve end-use retail customers located within the state. Subject to verification by the accounting system established by the commission pursuant to subdivision (b) of Section 399.13 of the Public Utilities Code, electricity shall be deemed delivered if it is either generated at a location within the state, or is scheduled for consumption by California end-use retail customers. Subject to criteria adopted by the commission, electricity generated by an eligible renewable energy resource may be considered "delivered" regardless of whether the electricity is generated at a different time from consumption by a California end-use customer.

(b) "In-state renewable electricity generation facility" means a facility that meets all of the following criteria:

(1) The facility uses biomass, solar thermal, photovoltaic, wind, geothermal, fuel cells using renewable fuels, small hydroelectric generation of 30 megawatts or less, digester gas, municipal solid waste conversion, landfill gas, ocean wave, ocean thermal, or tidal current, and any additions or enhancements to the facility using that technology.

(2) The facility satisfies one of the following requirements:

(A) The facility is located in the state or near the border of the state with the first point of connection to the transmission network within this state and electricity produced by the facility is delivered to an in-state location.

(B) The facility has its first point of interconnection to the transmission network outside the state and satisfies all of the following requirements:

(i) It is connected to the transmission network within the Western Electricity Coordinating Council (WECC) service territory.

(ii) It commences initial commercial operation after January 1, 2005.

(iii) Electricity produced by the facility is delivered to an in-state location.

(iv) It will not cause or contribute to any violation of a California environmental quality standard or requirement.

(v) If the facility is outside of the United States, it is developed and operated in a manner that is as protective of the environment as a similar facility located in the state.

(vi) It participates in the accounting system to verify compliance with the renewables portfolio standard by retail sellers, once established by the Energy Commission pursuant to subdivision (b) of Section 399.13 of the Public Utilities Code.

(C) The facility meets the requirements of clauses (i), (iii), (iv), (v), and (vi) in subparagraph (B), but does not meet the requirements of clause (ii) because it commences initial operation prior to January 1, 2005, if the facility satisfies either of the following requirements:

(i) The electricity is from incremental generation resulting from expansion or repowering of the facility.

(ii) The facility has been part of the existing baseline of eligible renewable energy resources of a retail seller established pursuant to paragraph (2) of subdivision (b) of Section 399.15 of the Public Utilities Code.

(3) For the purposes of this subdivision, "solid waste conversion" means a technology that uses a noncombustion thermal process to convert solid waste to a clean-burning fuel for the purpose of generating electricity, and that meets all of the following criteria:

(A) The technology does not use air or oxygen in the conversion process, except ambient air to maintain temperature control.

(B) The technology produces no discharges of air contaminants or emissions, including greenhouse gases as defined in Section 42801.1 of the Health and Safety Code.

(C) The technology produces no discharges to surface or groundwaters of the state.

(D) The technology produces no hazardous wastes.

(E) To the maximum extent feasible, the technology removes all recyclable materials and marketable green waste compostable materials from the solid waste stream prior to the conversion process and the owner or operator of the facility certifies that those materials will be recycled or composted.

(F) The facility at which the technology is used is in compliance with all applicable laws, regulations, and ordinances.

(G) The technology meets any other conditions established by the commission.

(H) The facility certifies that any local agency sending solid waste to the facility diverted at least 30 percent of all solid waste it collects through solid waste reduction, recycling, and composting. For purposes of this paragraph, "local agency" means any city, county, or special district, or subdivision thereof, which is authorized to provide solid waste handling services.

(c) "Procurement entity" means any person or corporation that enters into an agreement with a retail seller to procure eligible renewable energy resources pursuant to subdivision (f) of Section 399.14 of the Public Utilities Code.

(d) "Renewable energy public goods charge" means that portion of the nonbypassable system benefits charge authorized to be collected and to be transferred to the Renewable Resource Trust Fund pursuant to the Reliable Electric Service Investments Act (Article 15 (commencing with Section 399) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code).

SEC. 4. Section 25740.5 is added to the Public Resources Code, to read:

25740.5. (a) The commission shall optimize public investment and ensure that the most cost-effective and efficient investments in renewable energy resources are vigorously pursued.

(b) The commission's long-term goal shall be a fully competitive and self-sustaining supply of electricity generated from renewable sources.

(c) The program objective shall be to increase, in the near term, the quantity of California's electricity generated by in-state renewable electricity generation facilities, while protecting system reliability, fostering resource diversity, and obtaining the greatest environmental benefits for California residents.

(d) An additional objective of the program shall be to identify and support emerging renewable technologies in distributed generation applications that have the greatest near-term commercial promise and that merit targeted assistance.

(e) The Legislature recommends allocations among all of the following:

(1) (A) Except as provided in subparagraph (B), production incentives for new in-state renewable electricity generation facilities, including repowered or refurbished facilities.

(B) Allocations shall not be made for electricity that is generated by an in-state renewable electricity generation facility that remains under an electricity purchase contract with an electrical corporation originally entered into prior to September 24, 1996, whether amended or restated thereafter.

(C) Notwithstanding subparagraph (B), production incentives may be allowed in any month for incremental new electricity generated by an in-state renewable electricity generation facility that is repowered or refurbished, where the electricity is delivered under an electricity purchase contract with an electrical corporation originally entered into prior to September 24, 1996, whether amended or restated thereafter, if all of the following occur:

(i) The facility's electricity purchase contract provides that all electricity delivered and sold under the contract is paid at a price that does not exceed the Public Utilities Commission approved short-run avoided cost of energy.

(ii) Either of the following is true:

(I) The electricity purchase contract is amended to provide that the kilowatthours used to determine the capacity payment in any time-of-delivery period in any month under the contract shall be equal to the actual kilowatthour production, but no greater than the five-year average of the kilowatthours delivered for the corresponding time-of-delivery period and month, in the years 1994 to 1998, inclusive.

(II) The facility's installed capacity as of December 31, 1998, is less than 75 percent of the nameplate capacity as stated in the electricity purchase contract, the electricity purchase contract is amended to provide that the kilowatthours used to determine the capacity payment in any time-of-delivery period in any month under the contract shall be equal to the actual kilowatthour production, but no greater than the product of the five-year average of the kilowatthours delivered for the corresponding time-of-delivery period and month, in the years 1994 to 1998, inclusive, and the ratio of installed capacity as of December 31 of the previous year, but not to exceed contract nameplate capacity, to the installed capacity as of December 31, 1998.

(iii) The production incentive is payable only with respect to the kilowatthours delivered in a particular month that exceeds the corresponding five-year average calculated pursuant to clause (ii).

(2) Rebates, buydowns, or equivalent incentives for emerging renewable technologies.

(3) Customer education.

(4) Incentives for reducing fuel costs, that are confirmed to the satisfaction of the commission, at solid fuel biomass energy facilities in order to provide demonstrable environmental and public benefits, including improved air quality.

(5) Solar thermal generating resources that enhance the environmental value or reliability of the electrical system and that require financial assistance to remain economically viable, as determined by the commission. The commission may require financial disclosure from applicants for purposes of this paragraph.

(6) Specified fuel cell technologies, if the commission makes all of the following findings:

(A) The specified technologies have similar or better air pollutant characteristics than renewable technologies in the report made pursuant to Section 25748.

(B) The specified technologies require financial assistance to become commercially viable by reference to wholesale generation prices.

(C) The specified technologies could contribute significantly to the infrastructure development or other innovation required to meet the

long-term objective of a self-sustaining, competitive supply of electricity generated from renewable sources.

(7) Existing wind-generating resources, if the commission finds that the existing wind-generating resources are a cost-effective source of reliable energy and environmental benefits compared with other in-state renewable electricity generation facilities, and that the existing wind-generating resources require financial assistance to remain economically viable. The commission may require financial disclosure from applicants for the purposes of this paragraph.

(f) Notwithstanding any other provision of law, moneys collected for renewable energy pursuant to Article 15 (commencing with Section 399) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code shall be transferred to the Renewable Resource Trust Fund. Moneys collected between January 1, 2007, and January 1, 2012, shall be used for the purposes specified in this chapter.

SEC. 5. Section 25742 of the Public Resources Code is amended to read:

25742. (a) Ten percent of the funds collected pursuant to the renewable energy public goods charge shall be used for programs that are designed to achieve fully competitive and self-sustaining existing in-state renewable electricity generation facilities, and to secure for the state the environmental, economic, and reliability benefits that continued operation of those facilities will provide during the 2007–2011 investment cycle. Eligibility for incentives under this section shall be limited to those technologies found eligible for funds by the commission pursuant to paragraphs (4), (5), and (7) of subdivision (e) of Section 25740.5.

(b) Any funds used to support in-state renewable electricity generation facilities pursuant to this section shall be expended in accordance with the provisions of this chapter, including the following conditions:

(1) The commission shall establish a production incentive, which shall not exceed payment caps established by the commission, representing the difference between target prices and the price paid for electricity, if sufficient funds are available. If there are insufficient funds in any payment period to pay either the difference between the target and price paid for electricity or the payment caps, production incentives shall be based on the amount determined by dividing available funds by eligible generation.

(2) The commission may establish a time-differentiated incentive structure that encourages plants to run the maximum feasible amount of time and that provides a higher incentive when the plants are receiving the lowest price.

(3) The commission may consider inflation and production costs.

(c) Facilities that are eligible to receive funding pursuant to this section shall be registered in accordance with criteria developed by the commission and those facilities shall not receive payments for any electricity produced that is used on site.

(d) (1) The commission shall award funding to eligible facilities based on a facility's individual need. In assessing a facility's individual need, the commission shall, to the extent feasible, consider all of the following:

(A) The amount of the funds being considered for an award to the facility.

(B) The cumulative amount of funds the facility has received previously from the commission and other state sources.

(C) The value of any current federal or state tax credits.

(D) The facility's contract price for energy and capacity.

(E) The likelihood that the award will make the facility competitive and self-sustaining within the 2007–2011 investment cycle.

(F) Any other criteria as determined by the commission.

(2) The assessment shall also consider the public benefits provided by the operation of the facility.

(3) The commission shall use its assessment of the facility's individual need to determine the value of an award to the public relative to other renewable energy investment alternatives.

(4) The commission shall compile its findings and report them to the Legislature in the reports prepared pursuant to Section 25748.

SEC. 6. Section 25743 of the Public Resources Code is amended to read:

25743. (a) Fifty-one and one-half percent of the money collected pursuant to the renewable energy public goods charge shall be used for programs designed to foster the development of new in-state renewable electricity generation facilities, and to secure for the state the environmental, economic, and reliability benefits that operation of those facilities will provide.

(b) Any funds used for new in-state renewable electricity generation facilities pursuant to this section shall be expended in accordance with the report, subject to all of the following requirements:

(1) In order to cover the above market costs of eligible renewable energy resources as approved by the Public Utilities Commission and selected by retail sellers to fulfill their obligations under Article 16 (commencing with Section 399.11) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code, the commission shall award funds in the form of supplemental energy payments, subject to the following criteria:

(A) The commission may establish caps on supplemental energy payments. The caps shall be designed to provide for a viable energy

market capable of achieving the goals of Article 16 (commencing with Section 399.11) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code. The commission may waive application of the caps to accommodate a facility if it is demonstrated to the satisfaction of the commission that operation of the facility would provide substantial economic and environmental benefits to end-use customers subject to the renewable energy public goods charge.

(B) Supplemental energy payments shall be awarded only to facilities that are eligible for funding under this section.

(C) Supplemental energy payments awarded to facilities selected by a retail seller or procurement entity pursuant to Article 16 (commencing with Section 399.11) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code shall be paid for no longer than 10 years, but shall, subject to the payment caps in subparagraph (A), be equal to the cumulative above-market costs relative to the applicable market price referent at the time of initial contracting, over the duration of the contract with the retail seller or procurement entity.

(D) The commission shall reduce or terminate supplemental energy payments for projects that fail either to commence and maintain operations consistent with the contractual obligations to an electrical corporation, or that fail to meet eligibility requirements.

(E) Funds shall be managed in an equitable manner in order for retail sellers to meet their obligation under Article 16 (commencing with Section 399.11) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code.

(F) A project selected by an electrical corporation may receive supplemental energy payments only if it results from a competitive solicitation that is found by the Public Utilities Commission to comply with the California Renewables Portfolio Standard Program under Article 16 (commencing with Section 399.11) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code, and the project has entered into an electricity purchase agreement resulting from that solicitation, that is approved by the Public Utilities Commission. A project selected for an electricity purchase agreement by another retail seller or procurement entity may receive supplemental energy payments only if the Public Utilities Commission determines that the selection of the project is consistent with the results of a least-cost and best-fit process, and the supplemental energy payments are reasonable in comparison to those paid under similar contracts with other retail sellers. The commission may not award supplemental energy payments to service load that is not subject to the renewable energy public goods charge.

(G) (i) Supplemental energy payments shall not be awarded for any purchases of renewable energy credits.

(ii) Supplemental energy payments shall not be awarded for electricity purchase agreements that have a duration of less than 10 years. The ineligibility of agreements of less than 10 years duration for supplemental energy payments does not constitute an insufficiency in supplemental energy payments pursuant to paragraph (4) or (5) of subdivision (b) of Section 399.15.

(2) (A) A facility that is located outside of California shall not be eligible for funding under this section unless it satisfies the requirements of this subdivision and the criteria of subparagraph (B) of paragraph (2) of subdivision (b) of Section 25741.

(B) No more than 10 percent of the funds available under this section shall be awarded to facilities located outside of California.

(3) Facilities that are eligible to receive funding pursuant to this section shall be registered in accordance with criteria developed by the commission and those facilities may not receive payments for any electricity produced that has any of the following characteristics:

(A) Is sold under an existing long-term contract with an existing in-state electrical corporation if the contract includes fixed energy or capacity payments, except for that electricity that satisfies subparagraph (C) of paragraph (1) of subdivision (c) of Section 399.6 of the Public Utilities Code.

(B) Is used onsite or is sold to customers in a manner that excludes competition transition charge payments, or is otherwise excluded from competition transition charge payments.

(C) Is a hydroelectric generation project that will require a new or increased appropriation of water under Part 2 (commencing with Section 1200) of Division 2 of the Water Code, or any other provision authorizing an appropriation of water.

(D) Is a solid waste conversion facility, unless the facility meets the criteria established in paragraph (3) of subdivision (b) of Section 25741 and the facility certifies that any local agency sending solid waste to the facility is in compliance with Division 30 (commencing with Section 40000), has reduced, recycled, or composted solid waste to the maximum extent feasible, and shall have been found by the California Integrated Waste Management Board to have diverted at least 30 percent of all solid waste through source reduction, recycling, and composting.

(4) Eligibility to compete for funds or to receive funds shall be contingent upon having to sell the electricity generated by the renewable electricity generation facility to customers subject to the renewable energy public goods charge.

(5) The commission may require applicants competing for funding to post a forfeitable bid bond or other financial guaranty as an assurance of the applicant's intent to move forward expeditiously with the project

proposed. The amount of any bid bond or financial guaranty may not exceed 10 percent of the total amount of the funding requested by the applicant.

(6) In awarding funding, the commission may provide preference to projects that provide tangible demonstrable benefits to communities with a plurality of minority or low-income populations.

(c) Repowered existing facilities shall be eligible for funding under this subdivision if the capital investment to repower the existing facility equals at least 80 percent of the value of the repowered facility.

(d) Facilities engaging in the direct combustion of municipal solid waste or tires are not eligible for funding under this subdivision.

(e) Production incentives awarded under this subdivision prior to January 1, 2002, shall commence on the date that a project begins electricity production, provided that the project was operational prior to January 1, 2002, unless the commission finds that the project will not be operational prior to January 1, 2002, due to circumstances beyond the control of the developer. Upon making a finding that the project will not be operational due to circumstances beyond the control of the developer, the commission shall pay production incentives over a five-year period, commencing on the date of operation, provided that the date that a project begins electricity production may not extend beyond January 1, 2007.

(f) Facilities generating electricity from biomass energy shall be considered an in-state renewable electricity generation facility to the extent that they report to the commission the types and quantities of biomass fuels used and certify to the satisfaction of the commission that fuel utilization is limited to the following:

(1) Agricultural crops and agricultural wastes and residues.

(2) Solid waste materials such as waste pallets, crates, dunnage, manufacturing, and construction wood wastes, landscape or right-of-way tree trimmings, mill residues that are directly the result of the milling of lumber, and rangeland maintenance residues.

(3) Wood and wood wastes that meet all of the following requirements:

(A) Have been harvested pursuant to an approved timber harvest plan prepared in accordance with the Z'berg-Nejedly Forest Practice Act of 1973 (Chapter 8 (commencing with Section 4511) of Part 2 of Division 4).

(B) Have been harvested for the purpose of forest fire fuel reduction or forest stand improvement.

(C) Do not transport or cause the transportation of species known to harbor insect or disease nests outside zones of infestation or current quarantine zones, as identified by the Department of Food and

Agriculture or the Department of Forestry and Fire Protection, unless approved by the Department of Food and Agriculture and the Department of Forestry and Fire Protection.

SEC. 7. Section 25744.5 is added to the Public Resources Code, to read:

25744.5. The commission shall allocate and use funding available for emerging renewable technologies pursuant to Section 25744 and Section 25751 to fund photovoltaic and solar thermal electric technologies in accordance with eligibility criteria and conditions established pursuant to Chapter 8.8 (commencing with Section 25780).

SEC. 8. Section 25745 of the Public Resources Code is repealed.

SEC. 9. Section 25746 of the Public Resources Code is amended to read:

25746. (a) One percent of the money collected pursuant to the renewable energy public goods charge shall be used in accordance with this chapter to promote renewable energy and disseminate information on renewable energy technologies, including emerging renewable technologies, and to help develop a consumer market for renewable energy and for small-scale emerging renewable energy technologies.

(b) If the commission provides funding for a regional accounting system to verify compliance with the renewable portfolio standard by retail sellers, pursuant to subdivision (b) of Section 399.13 of the Public Utilities Code, the commission shall recover all costs from user fees.

SEC. 10. Section 25749 of the Public Resources Code is repealed.

SEC. 11. Section 25751 of the Public Resources Code is amended to read:

25751. (a) The Renewable Resource Trust Fund is hereby created in the State Treasury.

(b) The following accounts are hereby established within the Renewable Resource Trust Fund:

(1) The Existing Renewable Resources Account.

(2) New Renewable Resources Account.

(3) Emerging Renewable Resources Account.

(4) Renewable Resources Consumer Education Account.

(c) The money in the fund may be expended, only upon appropriation by the Legislature in the annual Budget Act, for the following purposes:

(1) The administration of this article by the state.

(2) The state's expenditures associated with the accounting system established by the commission pursuant to subdivision (b) of Section 399.13 of the Public Utilities Code.

(d) That portion of revenues collected by electrical corporations for the benefit of in-state operation and development of existing and new and emerging renewable resource technologies, pursuant to Section

25740.5, shall be transmitted to the commission at least quarterly for deposit in the Renewable Resource Trust Fund pursuant to Section 399.6 of the Public Utilities Code. After setting aside in the fund money that may be needed for expenditures authorized by the annual Budget Act in accordance with subdivision (c), the Treasurer shall immediately deposit money received pursuant to this section into the accounts created pursuant to subdivision (b) in proportions designated by the commission for the current calendar year. Notwithstanding Section 13340 of the Government Code, the money in the fund and the accounts within the fund are hereby continuously appropriated to the commission without regard to fiscal year for the purposes enumerated in this chapter.

(e) Upon notification by the commission, the Controller shall pay all awards of the money in the accounts created pursuant to subdivision (b) for purposes enumerated in this chapter. The eligibility of each award shall be determined solely by the commission based on the procedures it adopts under this chapter. Based on the eligibility of each award, the commission shall also establish the need for a multiyear commitment to any particular award and so advise the Department of Finance. Eligible awards submitted by the commission to the Controller shall be accompanied by information specifying the account from which payment should be made and the amount of each payment; a summary description of how payment of the award furthers the purposes enumerated in this chapter; and an accounting of future costs associated with any award or group of awards known to the commission to represent a portion of a multiyear funding commitment.

(f) The commission may transfer funds between accounts for cashflow purposes, provided that the balance due each account is restored and the transfer does not adversely affect any of the accounts.

(g) The Department of Finance shall conduct an independent audit of the Renewable Resource Trust Fund and its related accounts annually, and provide an audit report to the Legislature not later than March 1 of each year for which this article is operative. The Department of Finance's report shall include information regarding revenues, payment of awards, reserves held for future commitments, unencumbered cash balances, and other matters that the Director of Finance determines may be of importance to the Legislature.

SEC. 12. Section 387 of the Public Utilities Code is amended to read:

387. (a) Each governing body of a local publicly owned electric utility, as defined in Section 9604, shall be responsible for implementing and enforcing a renewables portfolio standard that recognizes the intent of the Legislature to encourage renewable resources, while taking into consideration the effect of the standard on rates, reliability, and financial resources and the goal of environmental improvement.

(b) Each local publicly owned electric utility shall report, on an annual basis, to its customers and to the State Energy Resources Conservation and Development Commission, the following:

(1) Expenditures of public goods funds collected pursuant to Section 385 for eligible renewable energy resource development. Reports shall contain a description of programs, expenditures, and expected or actual results.

(2) The resource mix used to serve its customers by fuel type. Reports shall contain the contribution of each type of renewable energy resource with separate categories for those fuels that are eligible renewable energy resources as defined in Section 399.12, except that the electricity is delivered to the local publicly owned electric utility and not a retail seller. Electricity shall be reported as having been delivered to the local publicly owned electric utility from an eligible renewable energy resource when the electricity would qualify for compliance with the renewables portfolio standard if it were delivered to a retail seller.

(3) The utility's status in implementing a renewables portfolio standard pursuant to subdivision (a) and the utility's progress toward attaining the standard following implementation.

SEC. 13. Section 399.11 of the Public Utilities Code is amended to read:

399.11. The Legislature finds and declares all of the following:

(a) In order to attain a target of generating 20 percent of total retail sales of electricity in California from eligible renewable energy resources by December 31, 2010, and for the purposes of increasing the diversity, reliability, public health and environmental benefits of the energy mix, it is the intent of the Legislature that the commission and the State Energy Resources Conservation and Development Commission implement the California Renewables Portfolio Standard Program described in this article.

(b) Increasing California's reliance on eligible renewable energy resources may promote stable electricity prices, protect public health, improve environmental quality, stimulate sustainable economic development, create new employment opportunities, and reduce reliance on imported fuels.

(c) The development of eligible renewable energy resources and the delivery of the electricity generated by those resources to customers in California may ameliorate air quality problems throughout the state and improve public health by reducing the burning of fossil fuels and the associated environmental impacts and by reducing in-state fossil fuel consumption.

(d) The California Renewables Portfolio Standard Program is intended to complement the Renewable Energy Resources Program administered

by the State Energy Resources Conservation and Development Commission and established pursuant to Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code.

(e) New and modified electric transmission facilities may be necessary to facilitate the state achieving its renewables portfolio standard targets.

SEC. 14. Section 399.12 of the Public Utilities Code is amended to read:

399.12. For purposes of this article, the following terms have the following meanings:

(a) "Delivered" and "delivery" have the same meaning as provided in subdivision (a) of Section 25741 of the Public Resources Code.

(b) "Eligible renewable energy resource" means an electric generating facility that meets the definition of "in-state renewable electricity generation facility" in Section 25741 of the Public Resources Code, subject to the following limitations:

(1) (A) An existing small hydroelectric generation facility of 30 megawatts or less shall be eligible only if a retail seller owned or procured the electricity from the facility as of December 31, 2005. A new hydroelectric facility is not an eligible renewable energy resource if it will require a new or increased appropriation or diversion of water from a watercourse.

(B) Notwithstanding subparagraph (A), an existing conduit hydroelectric facility, as defined by Section 823a of Title 16 of the United States Code, of 30 megawatts or less, shall be an eligible renewable energy resource. A new conduit hydroelectric facility, as defined by Section 823a of Title 16 of the United States Code, of 30 megawatts or less, shall be an eligible renewable energy resource so long as it does not require a new or increased appropriation or diversion of water from a watercourse.

(3) A facility engaged in the combustion of municipal solid waste shall not be considered an eligible renewable resource unless it is located in Stanislaus County and was operational prior to September 26, 1996.

(c) "Energy Commission" means the State Energy Resources Conservation and Development Commission.

(d) "Local publicly owned electric utility" has the same meaning as provided in subdivision (d) of Section 9604.

(e) "Procure" means that a retail seller receives delivered electricity generated by an eligible renewable energy resource that it owns or for which it has entered into an electricity purchase agreement. Nothing in this article is intended to imply that the purchase of electricity from third parties in a wholesale transaction is the preferred method of fulfilling a retail seller's obligation to comply with this article.

(f) "Renewables portfolio standard" means the specified percentage of electricity generated by eligible renewable energy resources that a retail seller is required to procure pursuant to this article.

(g) (1) "Renewable energy credit" means a certificate of proof, issued through the accounting system established by the Energy Commission pursuant to Section 399.13, that one unit of electricity was generated and delivered by an eligible renewable energy resource.

(2) "Renewable energy credit" includes all renewable and environmental attributes associated with the production of electricity from the eligible renewable energy resource, except for an emissions reduction credit issued pursuant to Section 40709 of the Health and Safety Code and any credits or payments associated with the reduction of solid waste and treatment benefits created by the utilization of biomass or biogas fuels.

(3) No electricity generated by an eligible renewable energy resource attributable to the use of nonrenewable fuels, beyond a de minimus quantity, as determined by the Energy Commission, shall result in the creation of a renewable energy credit.

(h) "Retail seller" means an entity engaged in the retail sale of electricity to end-use customers located within the state, including any of the following:

(1) An electrical corporation, as defined in Section 218.

(2) A community choice aggregator. The commission shall institute a rulemaking to determine the manner in which a community choice aggregator will participate in the renewables portfolio standard program subject to the same terms and conditions applicable to an electrical corporation.

(3) An electric service provider, as defined in Section 218.3, for all sales of electricity to customers beginning January 1, 2006. The commission shall institute a rulemaking to determine the manner in which electric service providers will participate in the renewables portfolio standard program. The electric service provider shall be subject to the same terms and conditions applicable to an electrical corporation pursuant to this article. Nothing in this paragraph shall impair a contract entered into between an electric service provider and a retail customer prior to the suspension of direct access by the commission pursuant to Section 80110 of the Water Code.

(4) "Retail seller" does not include any of the following:

(A) A corporation or person employing cogeneration technology or producing electricity consistent with subdivision (b) of Section 218.

(B) The Department of Water Resources acting in its capacity pursuant to Division 27 (commencing with Section 80000) of the Water Code.

(C) A local publicly owned electric utility.

SEC. 15. Section 399.13 of the Public Utilities Code is amended to read:

399.13. The Energy Commission shall do all of the following:

(a) Certify eligible renewable energy resources that it determines meet the criteria described in subdivision (b) of Section 399.12.

(b) Design and implement an accounting system to verify compliance with the renewables portfolio standard by retail sellers, to ensure that electricity generated by an eligible renewable energy resource is counted only once for the purpose of meeting the renewables portfolio standard of this state or any other state, to certify renewable energy credits produced by eligible renewable energy resources, and to verify retail product claims in this state or any other state. In establishing the guidelines governing this accounting system, the Energy Commission shall collect data from electricity market participants that it deems necessary to verify compliance of retail sellers, in accordance with the requirements of this article and the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code). In seeking data from electrical corporations, the Energy Commission shall request data from the commission. The commission shall collect data from electrical corporations and remit the data to the Energy Commission within 90 days of the request.

(c) Establish a system for tracking and verifying renewable energy credits that, through the use of independently audited data, verifies the generation and delivery of electricity associated with each renewable energy credit and protects against multiple counting of the same renewable energy credit. The Energy Commission shall consult with other western states and with the Western Electricity Coordinating Council in the development of this system.

(d) Certify, for purposes of compliance with the renewable portfolio standard requirements by a retail seller, the eligibility of renewable energy credits associated with deliveries of electricity by an eligible renewable energy resource to a local publicly owned electric utility, if the Energy Commission determines that the following conditions have been satisfied:

(1) The local publicly owned electric utility that is procuring the electricity is in compliance with the requirements of Section 387.

(2) The local publicly owned electric utility has established an annual renewables portfolio standard target comparable to those applicable to an electrical corporation, is procuring sufficient eligible renewable energy resources to satisfy the targets, and will not fail to satisfy the targets in the event that the renewable energy credit is sold to another retail seller.

(e) Allocate and award supplemental energy payments pursuant to Chapter 8.6 (commencing with Section 25740) of Division 15 of the

Public Resources Code, to eligible renewable energy resources to cover above-market costs of renewable energy. A project selected by an electrical corporation may receive supplemental energy payments only if it results from a competitive solicitation that is found by the commission to comply with the California Renewables Portfolio Standard Program under this article and the project has entered into an electricity purchase agreement resulting from that solicitation that is approved by the commission. A project selected for an electricity purchase agreement by another retail seller may receive supplemental energy payments only if the retail seller demonstrates to the commission that the selection of the project is consistent with the results of a least-cost and best-fit process, and that the supplemental energy payments are reasonable in comparison to those paid under similar contracts with other retail sellers.

SEC. 16. Section 399.14 of the Public Utilities Code is amended to read:

399.14. (a) (1) The commission shall direct each electrical corporation to prepare a renewable energy procurement plan that includes the matter in paragraph (3), to satisfy its obligations under the renewables portfolio standard. To the extent feasible, this procurement plan shall be proposed, reviewed, and adopted by the commission as part of, and pursuant to, a general procurement plan process. The commission shall require each electrical corporation to review and update its renewable energy procurement plan as it determines to be necessary.

(2) The commission shall adopt, by rulemaking, all of the following:

(A) A process for determining market prices pursuant to subdivision (c) of Section 399.15. The commission shall make specific determinations of market prices after the closing date of a competitive solicitation conducted by an electrical corporation for eligible renewable energy resources.

(B) A process that provides criteria for the rank ordering and selection of least-cost and best-fit eligible renewable energy resources to comply with the annual California Renewables Portfolio Standard Program obligations on a total cost basis. This process shall consider estimates of indirect costs associated with needed transmission investments and ongoing utility expenses resulting from integrating and operating eligible renewable energy resources.

(C) (i) Flexible rules for compliance, including rules permitting retail sellers to apply excess procurement in one year to subsequent years or inadequate procurement in one year to no more than the following three years. The flexible rules for compliance shall apply to all years, including years before and after a retail seller procures at least 20 percent of total retail sales of electricity from eligible renewable energy resources.

(ii) The flexible rules for compliance shall address situations where, as a result of insufficient transmission, a retail seller is unable to procure eligible renewable energy resources sufficient to satisfy the requirements of this article. Any rules addressing insufficient transmission shall require a finding by the commission that the retail seller has undertaken all reasonable efforts to do all of the following:

(I) Utilize flexible delivery points.

(II) Ensure the availability of any needed transmission capacity.

(III) If the retail seller is an electric corporation, to construct needed transmission facilities.

(IV) Nothing in this subparagraph shall be construed to revise any portion of Section 454.5.

(D) Standard terms and conditions to be used by all electrical corporations in contracting for eligible renewable energy resources, including performance requirements for renewable generators. A contract for the purchase of electricity generated by an eligible renewable energy resource shall, at a minimum, include the renewable energy credits associated with all electricity generation specified under the contract. The standard terms and conditions shall include the requirement that, no later than six months after the commission's approval of an electricity purchase agreement entered into pursuant to this article, the following information about the agreement shall be disclosed by the commission: party names, resource type, project location, and project capacity.

(3) Consistent with the goal of procuring the least-cost and best-fit eligible renewable energy resources, the renewable energy procurement plan submitted by an electrical corporation shall include all of the following:

(A) An assessment of annual or multiyear portfolio supplies and demand to determine the optimal mix of eligible renewable energy resources with deliverability characteristics that may include peaking, dispatchable, baseload, firm, and as-available capacity.

(B) Provisions for employing available compliance flexibility mechanisms established by the commission.

(C) A bid solicitation setting forth the need for eligible renewable energy resources of each deliverability characteristic, required online dates, and locational preferences, if any.

(4) In soliciting and procuring eligible renewable energy resources, each electrical corporation shall offer contracts of no less than 10 years in duration, unless the commission approves of a contract of shorter duration.

(5) In soliciting and procuring eligible renewable energy resources, each electrical corporation may give preference to projects that provide

tangible demonstrable benefits to communities with a plurality of minority or low-income populations.

(b) The commission may authorize a retail seller to enter into a contract of less than 10 years' duration with an eligible renewable energy resource, subject to the following conditions:

(1) No supplemental energy payments shall be awarded for a contract of less than 10 years' duration. The ineligibility of contracts of less than 10 years' duration for supplemental energy payments pursuant to this paragraph does not constitute an insufficiency in supplemental energy payments pursuant to paragraph (4) or (5) of subdivision (b) of Section 399.15.

(2) The commission has established, for each retail seller, minimum quantities of eligible renewable energy resources to be procured either through contracts of at least 10 years' duration or from new facilities commencing commercial operations on or after January 1, 2005.

(c) The commission shall review and accept, modify, or reject each electrical corporation's renewable energy procurement plan prior to the commencement of renewable procurement pursuant to this article by an electrical corporation.

(d) The commission shall review the results of an eligible renewable energy resources solicitation submitted for approval by an electrical corporation and accept or reject proposed contracts with eligible renewable energy resources based on consistency with the approved renewable energy procurement plan. If the commission determines that the bid prices are elevated due to a lack of effective competition amongst the bidders, the commission shall direct the electrical corporation to renegotiate the contracts or conduct a new solicitation.

(e) If an electrical corporation fails to comply with a commission order adopting a renewable energy procurement plan, the commission shall exercise its authority pursuant to Section 2113 to require compliance. The commission shall enforce comparable penalties on any other retail seller that fails to meet annual procurement targets established pursuant to Section 399.15.

(f) (1) The commission may authorize a procurement entity to enter into contracts on behalf of customers of a retail seller for deliveries of eligible renewable energy resources to satisfy annual renewables portfolio standard obligations. The commission may not require any person or corporation to act as a procurement entity or require any party to purchase eligible renewable energy resources from a procurement entity.

(2) Subject to review and approval by the commission, the procurement entity shall be permitted to recover reasonable administrative and procurement costs through the retail rates of end-use customers that

are served by the procurement entity and are directly benefiting from the procurement of eligible renewable energy resources.

(3) A project selected for a long-term electricity purchase contract of more than 10 years' duration by a procurement entity through a competitive solicitation, and approved by the commission, may receive supplemental energy payments from the Energy Commission if the transaction satisfies the requirements of subdivision (b) of Section 25743 of the Public Resources Code.

(g) Procurement and administrative costs associated with long-term contracts entered into by an electrical corporation for eligible renewable energy resources pursuant to this article, at or below the market price determined by the commission pursuant to subdivision (c) of Section 399.15, shall be deemed reasonable per se, and shall be recoverable in rates.

(h) Construction, alteration, demolition, installation, and repair work on an eligible renewable energy resource that receives production incentives or supplemental energy payments pursuant to Sections 25742 and 25743 of the Public Resources Code, including work performed to qualify, receive, or maintain production incentives or supplemental energy payments is "public works" for the purposes of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.

SEC. 17. Section 399.15 of the Public Utilities Code is amended to read:

399.15. (a) In order to fulfill unmet long-term resource needs, the commission shall establish a renewables portfolio standard requiring all electrical corporations to procure a minimum quantity of electricity generated by eligible renewable energy resources as a specified percentage of total kilowatthours sold to their retail end-use customers each calendar year, if sufficient funds are made available pursuant to Section 399.6 and Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code, to cover the above-market costs of eligible renewable energy resources.

(b) The commission shall implement annual procurement targets for each retail seller as follows:

(1) Each retail seller shall, pursuant to subdivision (a), increase its total procurement of eligible renewable energy resources by at least an additional 1 percent of retail sales per year so that 20 percent of its retail sales are procured from eligible renewable energy resources no later than December 31, 2010. A retail seller with 20 percent of retail sales procured from eligible renewable energy resources in any year shall not be required to increase its procurement of renewable energy resources in the following year.

(2) For purposes of setting annual procurement targets, the commission shall establish an initial baseline for each retail seller based on the actual percentage of retail sales procured from eligible renewable energy resources in 2001, and to the extent applicable, adjusted going forward pursuant to Section 399.12.

(3) Only for purposes of establishing these targets, the commission shall include all electricity sold to retail customers by the Department of Water Resources pursuant to Section 80100 of the Water Code in the calculation of retail sales by an electrical corporation.

(4) In the event that a retail seller fails to procure sufficient eligible renewable energy resources in a given year to meet any annual target established pursuant to this subdivision, the retail seller shall procure additional eligible renewable energy resources in subsequent years to compensate for the shortfall if sufficient funds are made available pursuant to Section 399.6 and Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code, to cover any above-market costs of eligible renewable energy resources.

(5) If supplemental energy payments from the Energy Commission, in combination with the market prices approved by the commission, are insufficient to cover any above-market costs of electricity procured from eligible renewable energy resources through an electricity purchase agreement of at least 10 years' duration, the commission shall allow a retail seller to limit its annual procurement obligation to the quantity of eligible renewable energy resources that can be procured with available supplemental energy payments. A retail seller shall not be required to enter into long-term contracts with operators of eligible renewable energy resources that exceed the market prices established pursuant to subdivision (c).

(c) The commission shall establish a methodology to determine the market price of electricity for terms corresponding to the length of contracts with eligible renewable energy resources, in consideration of the following:

(1) The long-term market price of electricity for fixed price contracts, determined pursuant to an electrical corporation's general procurement activities as authorized by the commission.

(2) The long-term ownership, operating, and fixed-price fuel costs associated with fixed-price electricity from new generating facilities.

(3) The value of different products including baseload, peaking, and as-available electricity.

(d) The Energy Commission shall provide supplemental energy payments from funds in the New Renewable Resources Account of the Renewable Resource Trust Fund to eligible renewable energy resources pursuant to Chapter 8.6 (commencing with Section 25740) of Division

15 of the Public Resources Code, consistent with this article, for any above-market costs. Indirect costs associated with the purchase of eligible renewable energy resources by an electrical corporation, including imbalance energy charges, sale of excess energy, decreased generation from existing resources, or transmission upgrades, shall not be eligible for supplemental energy payments, but are recoverable in rates, as authorized by the commission. The Energy Commission shall not award supplemental energy payments to service load that is not subject to the renewable energy public goods charge.

(e) The establishment of a renewables portfolio standard shall not constitute implementation by the commission of the federal Public Utility Regulatory Policies Act of 1978 (Public Law 95-617).

(f) The commission shall consult with the Energy Commission in calculating market prices under subdivision (c) and establishing other renewables portfolio standard policies.

SEC. 18. Section 399.16 of the Public Utilities Code is repealed.

SEC. 19. Section 399.16 is added to the Public Utilities Code, to read:

399.16. (a) The commission, by rule, may authorize the use of renewable energy credits to satisfy the requirements of the renewables portfolio standard established pursuant to this article, subject to the following conditions:

(1) Prior to authorizing any renewable energy credit to be used toward satisfying annual procurement targets, the commission and the Energy Commission shall conclude that the tracking system established pursuant to subdivision (c) of Section 399.13, is operational, is capable of independently verifying the electricity generated by an eligible renewable energy resource and delivered to the retail seller, and can ensure that renewable energy credits shall not be double counted by any seller of electricity within the service territory of the Western Electricity Coordinating Council (WECC).

(2) A renewable energy credit shall be counted only once for compliance with the renewables portfolio standard of this state or any other state, or for verifying retail product claims in this state or any other state.

(3) The electricity is delivered to a retail seller, the Independent System Operator, or a local publicly owned electric utility.

(4) All revenues received by an electrical corporation for the sale of a renewable energy credit shall be credited to the benefit of ratepayers.

(5) No renewable energy credits shall be created for electricity generated pursuant to any electricity purchase contract with a retail seller or a local publicly owned electric utility executed before January 1, 2005, unless the contract contains explicit terms and conditions specifying the

ownership or disposition of those credits. Deliveries under those contracts shall be tracked through the accounting system described in subdivision (b) of Section 399.13 and included in the baseline quantity of eligible renewable energy resources of the purchasing retail seller pursuant to Section 399.15.

(6) No renewable energy credits shall be created for electricity generated under any electricity purchase contract executed after January 1, 2005, pursuant to the federal Public Utility Regulatory Policies Act of 1978 (16 U.S.C. Sec. 2601 et seq.). Deliveries under the electricity purchase contracts shall be tracked through the accounting system described in subdivision (b) of Section 399.12 and count towards the renewables portfolio standard obligations of the purchasing retail seller.

(7) The commission may limit the quantity of renewable energy credits that may be procured unbundled from electricity generation by any retail seller, to meet the requirements of this article.

(8) No retail seller shall be obligated to procure renewable energy credits to satisfy the requirements of this article in the event that supplemental energy payments, in combination with the market prices approved by the commission, are insufficient to cover the above-market costs of long-term contracts, of more than 10 years' duration, with eligible renewable energy resources.

(9) Any additional condition that the commission determines is reasonable.

(b) The commission shall allow an electrical corporation to recover the reasonable costs of purchasing renewable energy credits in rates.

SEC. 20. Article 9 (commencing with Section 635) is added to Chapter 3 of Part 1 of Division 1 of the Public Utilities Code, to read:

Article 9. Long-Term Plans and Procurement Plans

635. In a long-term plan adopted by an electrical corporation or in a procurement plan implemented by a local publicly owned electric utility, the electrical corporation or local publicly owned electric utility shall adopt a strategy applicable both to newly constructed or repowered generation owned and procured by the electrical corporation or local publicly owned electric utility to achieve efficiency in the use of fossil fuels and to address carbon emissions.

SEC. 21. Section 2854 is added to Chapter 9 of Part 2 of Division 1 of the Public Utilities Code, to read:

2854. (a) Notwithstanding Section 7550.5 of the Government Code, on or before January 1, 2008, the commission shall report to the Legislature on the feasibility, desirability, and design of

performance-based incentives for solar energy systems of less than 30 kilowatt.

(b) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 22. By June 30, 2007, the Public Utilities Commission, in consultation with the State Energy Resources Conservation and Development Commission, shall review the impact of allowing supplemental energy payments to be applied toward contracts for the procurement of eligible renewable energy resources that are of a duration of less than 10 years, and to report to the Legislature with the results of the review, including both of the following:

(a) The impact that higher priced short-term contracts may have on the allocation of supplemental energy payments.

(b) Recommended methods to fairly allocate supplemental energy payments for the above-market costs of short-term contracts that ensure that no more supplemental energy payments are paid for those contracts than would have been allocated for an equivalent long-term contract.

SEC. 23. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 465

An act to amend Sections 18600, 18602, 18613, 18618, 18646, 18706, 18711, 18822, 18824, 18880, and 18882 of, to add Sections 18602.5 and 18828 to, and to repeal Section 18603 of, the Business and Professions Code, relating to the Boxing Act.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 18600 of the Business and Professions Code is amended to read:

18600. This chapter shall be known and may be cited as the Boxing Act or the State Athletic Commission Act.

Whenever a reference is made to the Boxing Act or the State Athletic Commission Act by the provisions of any statute, it is to be construed as referring to the provisions of this chapter.

SEC. 2. Section 18602 of the Business and Professions Code is amended to read:

18602. (a) Except as provided in this section, there is in the Department of Consumer Affairs the State Athletic Commission, which consists of seven members. Five members shall be appointed by the Governor, one member shall be appointed by the Senate Rules Committee, and one member shall be appointed by the Speaker of the Assembly.

The members of the commission appointed by the Governor are subject to confirmation by the Senate pursuant to Section 1322 of the Government Code.

No person who is currently licensed, or who was licensed within the last two years, under this chapter may be appointed or reappointed to, or serve on, the commission.

(b) In appointing commissioners under this section, the Governor, the Senate Rules Committee, and the Speaker of the Assembly shall make every effort to ensure that at least four of the members of the commission shall have experience and demonstrate expertise in one of the following areas:

(1) A licensed physician or surgeon having expertise or specializing in neurology, neurosurgery, head trauma, or sports medicine. Sports medicine includes, but is not limited to, physiology, kinesiology, or other aspects of sports medicine.

(2) Financial management.

(3) Public safety.

(4) Past experience in the activity regulated by this chapter, either as a contestant, a referee or official, a promoter, or a venue operator.

(c) Each member of the commission shall be appointed for a term of four years. All terms shall end on January 1. Vacancies occurring prior to the expiration of the term shall be filled by appointment for the unexpired term. No commission member may serve more than two consecutive terms.

(d) Notwithstanding any other provision of this chapter, members first appointed shall be subject to the following terms:

(1) The Governor shall appoint two members for two years, two members for three years, and one member for four years.

(2) The Senate Committee on Rules shall appoint one member for four years.

(3) The Speaker of the Assembly shall appoint one member for four years.

(4) The appointing powers, as described in subdivision (a), may appoint to the commission a person who was a member of the prior commission prior to the repeal of that commission on July 1, 2006.

(e) This section shall become inoperative on July 1, 2009, and as of January 1, 2010, is repealed, unless a later enacted statute, which becomes operative on or before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed. The repeal of this section renders the commission subject to the review required by Division 1.2 (commencing with Section 473).

SEC. 3. Section 18602.5 is added to the Business and Professions Code, to read:

(2) The effect and appropriateness of contracts made pursuant to Section 18828.

(3) Costs to train ringside physicians, referees, timekeepers, and judges.

(4) Steps that need to be taken to ensure sufficient sources of revenue and funding.

(5) Necessity for review and modification of organizational procedures, the licensing process, and the complaint process.

(9) The health and safety of the participants and the public in attendance at events regulated under this chapter, including costs of examinations under Section 18711.

(b) The commission shall solicit input from the public, the State Auditor, the Little Hoover Commission, the Center for Public Interest Law, and others as necessary in preparing and adopting the strategic plan.

(c) The commission shall report on progress in implementing the strategic plan to the Director of Consumer Affairs, the Governor, and the Legislature on or before September 30, 2009.

SEC. 4. Section 18603 of the Business and Professions Code is repealed.

SEC. 5. Section 18613 of the Business and Professions Code is amended to read:

18613. (a) (1) To assure the continuity and stable transition as the commission is reformed on January 1, 2007, the person serving as the bureau chief on December 31, 2006, shall serve as the executive officer beginning January 1, 2007, for a term through June 30, 2007. On or before June 30, 2007, but not earlier than June 1, 2007, the commission shall determine whether to retain the services of the person who was serving as the bureau chief on December 31, 2006, or to follow the procedure set forth in paragraph (2) of this subdivision to appoint a new executive officer. During the period between January 1, 2007, and June 30, 2007, any inconsistent provisions of this section notwithstanding, the executive officer may be terminated for cause upon the affirmative vote of a majority of the members of the commission.

(2) The commission shall appoint a person exempt from civil service who shall be designated as an executive officer and who shall exercise the powers and perform the duties delegated by the commission and vested in him or her by this chapter. The appointment of the executive officer is subject to the approval of the Director of Consumer Affairs.

(3) The commission may employ in accordance with Section 154 other personnel as may be necessary for the administration of this chapter.

(b) This section shall become inoperative on July 1, 2009, and, as of January 1, 2010, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. Section 18618 of the Business and Professions Code is amended to read:

18618. The commission shall furnish to the Governor and the Legislature a report, on or before July 30, 2010, on the following:

(a) The condition of the State Athletic Commission Neurological Examination Account. This report shall include the amount of the assessment collected from each promoter pursuant to Section 18711, the purposes for which moneys in the account are expended, and findings and recommendations on the amounts, appropriateness, and effectiveness

of these assessments. The report shall also include a recommendation on the viability and need for creating a medical database that would be used for identifying trends in medical records and data associated with injuries and deaths related to competing.

(b) The condition of the Boxers' Pension Fund. This report shall include a recommendation on whether the fund should be continued and, if so, whether it should be expanded to include all athletes licensed under this chapter and appropriate fees paid into the fund.

SEC. 7. Section 18646 of the Business and Professions Code is amended to read:

18646. (a) This chapter applies to all amateur boxing, wrestling, and full contact martial arts contests.

(b) The commission may, however, authorize a nonprofit boxing, wrestling, or martial arts club or organization, upon approval of its bylaws, to administer its rules for amateur boxing, wrestling, and full contact martial arts contests, and may, therefore, waive direct commission application of laws and rules, including licensure, subject to the commission's affirmative finding that the standards and enforcement of similar rules by that club or organization meet or exceed the safety and fairness standards of the commission. The commission shall review the performance of any such club or organization annually.

(c) Every contest subject to this section shall be preceded by a physical examination, specified by the commission, of every contestant. A physician shall be in attendance at the contest. There shall be a medical insurance program satisfactory to the commission provided by the amateur club or organization in effect covering all contestants. The commission shall review compliance with these requirements.

(d) Any club or organization which conducts, holds, or gives amateur contests pursuant to this section, which collects money for the event, shall furnish a written financial report of receipts and disbursements within 90 days of the event.

(e) The commission has the right to have present without charge or restriction such representatives as are necessary to obtain compliance with this section.

(f) The commission may require any additional notices and reports it deems necessary to enforce the provisions of this section.

SEC. 8. Section 18706 of the Business and Professions Code is amended to read:

18706. (a) Not later than at the weigh-in time, which shall be not more than 30 hours prior to the beginning of the first event, the physician provided for in Section 18705 shall conduct a physical examination of the contestant and certify in writing as to the contestant's physical condition to engage in the contest or match.

(1) The commission shall make the contestants' medical records available to the physician and the physician shall review the contestant's medical records as part of the certification of the contestant's physical condition.

(2) The physician shall determine whether the contestant may have any knowledge, manifestations, symptoms, or prior history of a physical condition that may affect the contestant's ability to perform or present a potential threat to the contestant's health as a result of competing in the contest or match. The contestant shall complete a questionnaire developed by the commission. The contestant shall be asked to disclose on the questionnaire any conditions of which the contestant is aware, including, but not limited to, any of the following:

(A) Significant weight gain or loss and any change in weight in the seven days prior to the contest.

(B) Neuromuscular condition, including peripheral nerves, muscle problems, and brain problems.

(C) Pregnancy.

(D) Bone fractures and all forms of arthritis.

(E) Any condition related to vision or changes in hearing function.

(F) Heart condition or other cardiovascular condition.

(G) Pulmonary or respiratory condition.

(H) Renal or urological condition.

(I) Hematological condition, including manifestations of any unusual bleeding or bruising.

If any condition is disclosed under this paragraph, the physician shall not allow the contestant to compete unless the physician or, at the contestant's discretion, the contestant's personal physician, who is licensed to practice medicine in the United States, has conducted a physical examination and determined that the specific condition does not affect the contestant's ability to perform or present a potential threat to the contestant's health as a result of competing in the contest or match.

(3) The questionnaire shall be developed by the commission through promulgated regulations in consultation with qualified medical professionals.

(4) Nothing in this chapter may be construed to require a contestant to submit to a pregnancy test.

(b) On the day of the event, and no later than one hour before the contestants enter the ring, the physician provided for in Section 18705 shall conduct a brief reexamination and certify in writing as to the contestant's physical condition to engage in the contest or match. This reexamination shall include an evaluation of any significant changes since the physical examination provided under subdivision (a).

(c) A report of the medical examinations shall be filed with the commission not later than 24 hours after the termination of the contest or match. The physician's report of the examination shall include specific mention as to the condition of the contestant's heart, nerves and brain.

SEC. 9. Section 18711 of the Business and Professions Code is amended to read:

18711. (a) (1) (A) The commission shall require, as a condition of licensure and as a part of the application process, the examination by a licensed physician and surgeon who specializes in neurology and neurosurgery of each applicant for a license as a professional athlete or contestant licensed under this chapter or, if for the renewal of a license, this examination every year, in addition to any other medical examinations.

(i) Upon initial licensure, the examination shall include tests and examinations designed to detect physical conditions that could place the athlete or contestant at risk for serious injury or permanent or temporary impairment of any bodily function. These tests or examinations shall include, but not be limited to, a neurological examination or a neuro-psychological examination, a brain imaging scan, and an electrocardiogram (EKG). The physician may recommend any additional tests or evaluations he or she deems necessary.

(ii) For renewal of a license, the physician shall determine the tests or evaluations necessary, if any.

(iii) The commission may require an athlete or contestant licensed under this chapter to undergo additional neurological tests where, based on the totality of the athlete's or contestant's records, it appears the athlete or contestant may be at risk of cognitive impairment.

(iv) On the basis of a physical examination under this subdivision, and any additional tests that are conducted, the physician may recommend to the commission whether the applicant may be permitted to be licensed in California or not. The executive officer shall review these recommendations and report any denials of licensure. If, as a result of these recommendations, the executive officer refuses to grant the applicant a license or to renew a license, the applicant shall not compete in California until the denial has been overruled by the commission as provided in this chapter.

(v) The commission may waive the requirement for a brain imaging scan or an EKG if a brain imaging scan or EKG was completed as part of the licensing requirements in another state, the commission determines that this brain imaging scan or EKG creates a reliable baseline for the athlete or contestant, and the commission has been provided with a copy of the brain imaging scan or EKG reports.

(vi) This subparagraph shall become inoperative on the date the regulations adopted by the commission pursuant to subparagraph (B) become operative.

(B) On and after January 1, 2008, all professional athletes licensed under this chapter shall be required by the commission to complete a medical examination process, which shall include the completion of specific medical examinations, to be determined by the commission through regulations, as a condition of initial licensure and license renewal. This medical examination process may include examinations required under current law and any additional medical examinations determined to be medically necessary. In adopting the medical examination process, the commission shall consider the health and safety of contestants, the medical necessity of any examinations required, and the financial aspects of requiring those medical examinations.

(2) In the absence of any pertinent untoward medical event, the commission may, in its discretion, on forms prescribed by the commission, accept tests or evaluations that are equivalent to those described in paragraph (1) and that have been completed within one year of licensure to meet the requirements of this subdivision.

(3) (A) Any medical records obtained, reviewed, or created under this chapter shall be utilized only for purposes of administering this chapter. The commission and any physician may not disclose the athlete's medical records without a signed authorization from the athlete, except that the commission may disclose those records to other state licensing boards and commissions to which the athlete has applied for licensure or has an enforcement action pending, or upon court order in a criminal or civil action.

(B) After the adoption of regulations to establish a process for participating in medical research studies, the commission may use medical information for purposes of participating in medical research studies of the effects on the human body of contests and exhibitions regulated under this chapter. However, medical information shall not include any personal identifying information on any contestant, including, but not limited to, the contestant's name, address, telephone number, social security number, license number, federal identification number, or any other information identifying the contestant. The medical information shall only be provided if the licensed athlete has consented in writing to participating in the research study. The regulations adopted by the commission shall include a process to ensure that no conflicts of interest arise regarding which medical examinations are required to be completed by contestants.

(b) If an applicant for licensure as a professional athlete under this chapter undergoes a neurological examination for purposes of licensure

within the 120-day period immediately preceding the normal expiration of that license, the applicant shall not be required to undergo an additional neurological examination within the following 12 consecutive month license period unless the commission, for cause, orders that the examination be taken. The commission shall notify all commission approved physicians and referees that the commission has the authority to order any professional athlete to undergo a neurological examination.

(c) The cost of the examinations required by this section shall be paid from assessments on any one or more of the following: promoters of professional matches, managers, and professional athletes or other contestants licensed under this chapter. The rate and manner of assessment shall be set by the commission, and may cover all costs associated with the requirements of this section. This assessment shall be imposed on all contests approved by the commission under this chapter. As of July 1, 1994, all moneys received by the commission pursuant to this section shall be deposited in and credited to the State Athletic Commission Neurological Examination Account which is hereby created in the General Fund.

(d) Whenever a reference is made to the Boxers' Neurological Examination Account, it is to be construed as referring to the State Athletic Commission Neurological Examination Account.

SEC. 10. Section 18822 of the Business and Professions Code is amended to read:

18822. (a) For licenses issued before January 1, 2007, a license may be renewed at any time prior to midnight on December 31 of the year in which it was issued. If not renewed, the license shall expire at that time.

(b) A license issued on or after January 1, 2007, shall expire 12 months after issuance, on the last day of the 12th month. To renew an unexpired license, the licenseholder shall, on or before midnight of the day on which the license would otherwise expire, apply for renewal on a form prescribed by the commission and pay the prescribed renewal fee. If the licenseholder is a boxer or martial arts contestant, the renewal application shall also be accompanied by the required medical examinations and test results. Renewal of an unexpired license shall continue the license in effect for one year from the expiration date of the license, when it shall again expire if it is not renewed.

SEC. 11. Section 18824 of the Business and Professions Code is amended to read:

18824. (a) Except as provided in Sections 18646 and 18832, every person who conducts a contest or wrestling exhibition shall, within five working days after the determination of every contest or wrestling

exhibition for which admission is charged and received, furnish to the commission the following:

(1) A written report executed under penalty of perjury by one of the officers, showing the amount of the gross receipts, not to exceed two million dollars ($2,000,000), and the gross price for the contest or wrestling exhibition charged directly or indirectly and no matter by whom received, for the sale, lease, or other exploitation of broadcasting and television rights of the contest or wrestling exhibition, and without any deductions, except for expenses incurred for one broadcast announcer, telephone line connection, and transmission mobile equipment facility, which may be deducted from the gross taxable base when those expenses are approved by the commission.

(2) A fee of 5 percent, exclusive of any federal taxes paid thereon, of the amount paid for admission to the contest or wrestling exhibition, except that for any one contest, the fee shall not exceed the amount of one hundred thousand dollars ($100,000). The commission shall report to the Joint Committee on Boards, Commissions, and Consumer Protection on the fiscal impact of the one hundred thousand dollar ($100,000) limit on fees collected by the commission for admissions revenues.

(A) The amount of the gross receipts upon which the fee provided for in paragraph (2) is calculated shall not include any assessments levied by the commission under Section 18711.

(B) (i) If the fee for any one boxing contest exceeds seventy thousand dollars ($70,000), the amount in excess of seventy thousand dollars ($70,000) shall be paid one-half to the commission and one-half to the Boxers' Pension Fund.

(ii) If the report required by subdivision (b) of Section 18618 recommends that the Boxers' Pension Fund shall be expanded to include all athletes licensed under this chapter, the commission, by regulation, shall require, for all contests where the fee exceeds seventy thousand dollars ($70,000), the amount in excess of seventy thousand dollars ($70,000) shall be paid one-half to the commission and one-half to the Boxers' Pension Fund only if all athletes licensed under this chapter are made eligible for the Boxers' Pension Fund.

(C) The fee shall apply to the amount actually paid for admission and not to the regular established price.

(D) No fee is due in the case of a person admitted free of charge. However, if the total number of persons admitted free of charge to a boxing, kickboxing, or martial arts contest, or wrestling exhibition exceeds 33 percent of the total number of spectators, then a fee of one dollar ($1) per complimentary ticket or pass used to gain admission to the contest shall be paid to the commission for each complimentary ticket

or pass that exceeds the numerical total of 33 percent of the total number of spectators.

(E) The minimum fee for an amateur contest or exhibition shall not be less than five hundred dollars ($500).

(3) A fee of up to 5 percent, to be established by the commission through regulations to become operative on or before July 1, 2008, and updated periodically as needed, of the gross price, exclusive of any federal taxes paid thereon, for the sale, lease, or other exploitation of broadcasting or television rights thereof, except that in no case shall the fee be less than one thousand dollars ($1,000) or more than twenty-five thousand dollars ($25,000).

(b) As used in this section, "person" includes a promoter, club, individual, corporation, partnership, association, or other organization, and "wrestling exhibition" means a performance of wrestling skills and techniques by two or more individuals, to which admission is charged or which is broadcast or televised, in which the participating individuals are not required to use their best efforts in order to win, and for which the winner may have been selected before the performance commences.

SEC. 12. Section 18828 is added to the Business and Professions Code, to read:

18828. (a) The commission may enter into a contract to sanction, supervise, or provide other services for contests under this chapter for which the fees under this chapter do not apply only if the contract provides for a payment to the commission for reasonable and necessary services provided under the contract.

(b) It is the intent of the Legislature that payment under subdivision (a) shall include the following:

(1) Consideration of costs incurred by the commission.

(2) A contribution into the Boxers' Pension Fund of not less than 20 percent of the commission's costs under paragraph (1).

(3) A contribution into the State Athletic Commission Neurological Examination Account of not less than 20 percent of the commission's costs under paragraph (1).

(c) A contestant's participation in a contest subject to this section shall be deemed to be a commission-approved contest for purposes of participation in the Boxers' Pension Plan.

SEC. 13. Section 18880 of the Business and Professions Code is amended to read:

18880. (a) The Legislature finds and declares all of the following:

(1) That professional athletes licensed under this chapter, as a group, for many reasons, do not retain their earnings, and are often injured or destitute, or both, and unable to take proper care of themselves, whether financially or otherwise, and that the enactment of this article is to serve

a public purpose by making provisions for a needy group to insure a modicum of financial security for professional athletes.

(2) Athletes licensed under this chapter may suffer extraordinary disabilities in the normal course of their trade. These may include acute and chronic traumatic brain injuries, resulting from multiple concussions as well as from repeated exposure to a large number of subconcussive punches, eye injuries, including retinal tears, holes, and detachments, and other neurological impairments.

(3) The pension plan of the commission is part of the state's health and safety regulatory scheme, designed to protect boxers licensed under this chapter from the health-related hazards of their trade. The pension plan addresses those health and safety needs, recognizing the disability and health maintenance expenses those needs may require.

(4) The regulatory system of California is interrelated with the conduct of the trade in every jurisdiction. Athletes licensed under this chapter participate in contests in other states and many athletes who are based in those other jurisdictions may participate in California on a single-event basis.

(5) The outcomes and natures of fights in other jurisdictions are relevant to California regulatory jurisdiction and are routinely monitored for health and safety reasons, so that, for example, a knockout of an athlete licensed under this chapter in another jurisdiction is paid appropriate heed with respect to establishing a waiting period before that athlete may commence fighting in California.

(6) The monitoring of other jurisdictions is an integral part of the health and safety of California athletes licensed under this chapter due to the interstate nature of the trade, and therefore the regulatory scheme for contests and athletes under this chapter should reflect this accordingly.

(b) The provisions of this article pertain only to professional boxers licensed under this chapter.

SEC. 14. Section 18882 of the Business and Professions Code is amended to read:

18882. (a) At the time of payment of the fee required by Section 18824, a promoter shall pay to the commission all amounts scheduled for contribution to the pension plan. If the commission, in its discretion, requires pursuant to Section 18881, that contributions to the pension plan be made by the boxer and his or her manager, those contributions shall be made at the time and in the manner prescribed by the commission.

(b) All contributions to finance the pension plan shall be deposited in the State Treasury and credited to the Boxers' Pension Fund, which is hereby created. Notwithstanding the provisions of Section 13340 of the Government Code, all moneys in the Boxers' Pension Fund are

hereby continuously appropriated to be used exclusively for the purposes and administration of the pension plan.

(c) The Boxers' Pension Fund is a retirement fund, and no moneys within it shall be deposited or transferred to the General Fund.

(d) The commission has exclusive control of all funds in the Boxers' Pension Fund. No transfer or disbursement in any amount from this fund shall be made except upon the authorization of the commission and for the purpose and administration of the pension plan.

(e) Except as otherwise provided in this subdivision, the commission or its designee shall invest the money contained in the Boxers' Pension Fund according to the same standard of care as provided in Section 16040 of the Probate Code. The commission has exclusive control over the investment of all moneys in the Boxers' Pension Fund. Except as otherwise prohibited or restricted by law, the commission may invest the moneys in the fund through the purchase, holding, or sale of any investment, financial instrument, or financial transaction that the commission in its informed opinion determines is prudent.

(f) The administrative costs associated with investing, managing, and distributing the Boxers' Pension Fund shall be limited to no more than 20 percent of the average annual contribution made to the fund in the previous two years, not including any investment income derived from the corpus of the fund. Diligence shall be exercised by administrators in order to lower the fund's expense ratio as far below 20 percent as feasible and appropriate. The commission shall report to the Joint Committee on Boards, Commissions, and Consumer Protection on the impact of this provision during the next regularly scheduled sunset review after January 1, 2007.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 466

An act to amend Sections 2194, 8105, 8202, and 8204 of, and to add Sections 2166.7 and 8023 to, the Elections Code, and to amend Section 6254.24 of the Government Code, relating to public officials.

[Approved by Governor September 26, 2006. Filed with
Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 2166.7 is added to the Elections Code, to read:

2166.7. (a) If authorized by his or her county board of supervisors, a county elections official shall, upon application of a public safety officer, make confidential that officer's residence address, telephone number, and e-mail address appearing on the affidavit of registration, in accordance with the terms and conditions of this section.

(b) The application by the public safety officer shall contain a statement, signed under penalty of perjury, that the person is a public safety officer as defined in subdivision (f) and that a life threatening circumstance exists to the officer or a member of the officer's family. The application shall be a public record.

(c) The confidentiality granted pursuant to subdivision (a) shall terminate no more than two years after commencement, as determined by the county elections official. The officer may submit a new application for confidentiality pursuant to subdivision (a), and the new request may be granted for an additional period of not more than two years.

(d) Any person granted confidentiality under subdivision (a) shall:

(1) Be considered an absent voter for all subsequent elections or until the county elections official is notified otherwise by the Secretary of State or in writing by the voter. A voter requesting termination of absent voter status thereby consents to placement of his or her residence address, telephone number, and e-mail address in the roster of voters.

(2) In addition to the required residence address, provide a valid mailing address to be used in place of the residence address for election, scholarly, or political research, and government purposes. The elections official, in producing any list, roster, or index may, at his or her choice, use the valid mailing address or the word "confidential" or some similar designation in place of the residence address.

(e) No action in negligence may be maintained against any government entity or officer or employee thereof as a result of disclosure of the information that is the subject of this section unless by a showing of gross negligence or willfulness.

(f) "A public safety officer" has the same meaning as defined in subdivision (a), (d), (e), (f), or (j) of Section 6254.24 of the Government Code.

SEC. 2. Section 2194 of the Elections Code is amended to read:

2194. (a) The voter registration card information identified in subdivision (a) of Section 6254.4 of the Government Code:

(1) Shall be confidential and shall not appear on any computer terminal, list, affidavit, duplicate affidavit, or other medium routinely available to the public at the county elections official's office.

(2) Shall not be used for any personal, private, or commercial purpose, including, but not limited to:

(A) The harassment of any voter or voter's household.

(B) The advertising, solicitation, sale, or marketing of products or services to any voter or voter's household.

(C) Reproduction in print, broadcast visual or audio, or display on the Internet or any computer terminal unless pursuant to paragraph (3).

(3) Shall be provided with respect to any voter, subject to the provisions of Sections 2166.5, 2166.7, and 2188, to any candidate for federal, state, or local office, to any committee for or against any initiative or referendum measure for which legal publication is made, and to any person for election, scholarly, journalistic, or political purposes, or for governmental purposes, as determined by the Secretary of State.

(b) (1) Notwithstanding any other provision of law, the California driver's license number, the California identification card number, the social security number, and any other unique identifier used by the State of California for purposes of voter identification shown on a voter registration card of a registered voter, or added to voter registration records to comply with the requirements of the Help America Vote Act of 2002 (42 U.S.C. Sec. 15301 et seq.), are confidential and shall not be disclosed to any person.

(2) Notwithstanding any other provision of law, the signature of the voter shown on the voter registration card is confidential and shall not be disclosed to any person, except as provided in subdivision (c).

(c) (1) The home address or signature of any voter shall be released whenever the person's vote is challenged pursuant to Sections 15105 to 15108, inclusive, or Article 3 (commencing with Section 14240) of Chapter 3 of Division 14. The address or signature shall be released only to the challenger, to elections officials, and to other persons as necessary to make, defend against, or adjudicate the challenge.

(2) An elections official shall permit a person to view the signature of a voter for the purpose of determining whether the signature matches a signature on an affidavit of registration or a petition, but shall not permit a signature to be copied.

(d) A governmental entity, or officer or employee thereof, shall not be held civilly liable as a result of disclosure of the information referred to in this section, unless by a showing of gross negligence or willfulness.

(e) For the purposes of this section, "voter's household" is defined as the voter's place of residence or mailing address or any persons who reside at the place of residence or use the mailing address as supplied

on the affidavit of registration pursuant to paragraphs (3) and (4) of subdivision (a) of Section 2150.

SEC. 3. Section 8023 is added to the Elections Code, to read:

8023. (a) Except in the case of a judicial office filled in accordance with subdivision (d) of Section 16 of Article VI of the Constitution, every candidate for a judicial office, not more than 14 nor less than five days prior to the first day on which his or her nomination papers may be circulated and signed or may be presented for filing, shall file in the office of the elections official in which his or her nomination papers are required to be filed or left for examination, a written and signed declaration in duplicate of his or her intention to become a candidate for that office on a form to be supplied by the elections official. A candidate for a numerically designated judicial office shall state in his or her declaration for which office he or she intends to become a candidate. A copy of each declaration of intention filed in accordance with this article shall be immediately forwarded by the elections official to the Secretary of State.

(b) No person may be a candidate nor have his or her name printed on any ballot as a candidate for judicial office unless he or she has filed the declaration of intention provided for in this section. If the incumbent of a judicial office fails to file a declaration of intention by the end of the period specified in subdivision (a), persons other than the incumbent may file declarations of intention no later than the first day for filing nomination papers.

(c) Declarations shall be in substantially the following form:

"I hereby declare my intention to become a candidate for the office of____(name of office and district, if any) at the ____, 2 ____election."

(d) This section shall apply to all judicial offices whether numerically designated or not.

SEC. 4. Section 8105 of the Elections Code is amended to read:

8105. (a) The filing fees for all candidates shall be paid at the time the candidates obtain their nomination forms from the county elections official. The county elections official shall not accept any papers unless the fees are paid at the time required by this section, or unless satisfactory evidence is given to the county elections official or to the registrar of voters that the fee has been paid at the time of the declaration of candidacy in another county. The county elections official shall transmit the appropriate fees to the Secretary of State at the time he or she delivers the declarations of candidacy for filing. All filing fees received by the Secretary of State and county elections officials are nonrefundable.

(b) The filing fees for candidates required to file declarations of intention pursuant to Section 8023 shall be paid at the time the declarations are filed with the county elections official.

SEC. 5. Section 8202 of the Elections Code is amended to read:

8202. The numerically designated offices shall be grouped and arranged on all ballots in numerical order. No person may be a candidate nor have his or her name printed upon any ballot as a candidate for any numerically designated office other than the one indicated by him or her in his or her declaration of intention to become a candidate.

SEC. 6. Section 8204 of the Elections Code is amended to read:

8204. (a) If an incumbent of a judicial office dies on or before the last day prescribed for the filing of nomination papers, or files a declaration of intention but for any reason fails to file his or her nomination papers by the last day prescribed for the filing of the papers, an additional five days shall be allowed for the filing of nomination papers for the office.

(b) Any person other than the person who was the incumbent, if otherwise qualified, may file nomination papers for the office during the extended period, notwithstanding that he or she has not filed a written and signed declaration of intention to become a candidate for the office as provided in Sections 8023 and 8201.

CHAPTER 467

An act to amend Section 6389 of the Family Code, relating to protective orders.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 6389 of the Family Code is amended to read:

6389. (a) A person subject to a protective order, as defined in Section 6218, shall not own, possess, purchase, or receive a firearm while that protective order is in effect. Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(b) On all forms providing notice that a protective order has been requested or granted, the Judicial Council shall include a notice that, upon service of the order, the respondent shall be ordered to relinquish possession or control of any firearms and not to purchase or receive or attempt to purchase or receive any firearms for a period not to exceed the duration of the restraining order.

(c) (1) Upon issuance of a protective order, as defined in Section 6218, the court shall order the respondent to relinquish any firearm in the respondent's immediate possession or control or subject to the respondent's immediate possession or control.

(2) The relinquishment ordered pursuant to paragraph (1) shall occur by immediately surrendering the firearm in a safe manner, upon request of any law enforcement officer, to the control of the officer, after being served with the protective order. Alternatively, if no request is made by a law enforcement officer, the relinquishment shall occur within 24 hours of being served with the order, by either surrendering the firearm in a safe manner to the control of local law enforcement officials, or by selling the firearm to a licensed gun dealer, as specified in Section 12071 of the Penal Code. The law enforcement officer or licensed gun dealer taking possession of the firearm pursuant to this subdivision shall issue a receipt to the person relinquishing the firearm at the time of relinquishment. A person ordered to relinquish any firearm pursuant to this subdivision shall file with the court that issued the protective order, within 48 hours after being served with the order, the receipt showing the firearm was surrendered to a local law enforcement agency or sold to a licensed gun dealer. Failure to timely file a receipt shall constitute a violation of the protective order.

(3) The application forms for protective orders adopted by the Judicial Council and approved by the Department of Justice shall be amended to require the petitioner to describe the number, types, and locations of any firearms presently known by the petitioner to be possessed or controlled by the respondent.

(4) It is recommended that every law enforcement agency in the state develop, adopt, and implement written policies and standards for law enforcement officers who request immediate relinquishment of firearms.

(d) If the respondent declines to relinquish possession of any firearm based on the assertion of the right against self-incrimination, as provided by the Fifth Amendment to the United States Constitution and Section 15 of Article I of the California Constitution, the court may grant use immunity for the act of relinquishing the firearm required under this section.

(e) A local law enforcement agency may charge the respondent a fee for the storage of any firearm pursuant to this section. This fee shall not

exceed the actual cost incurred by the local law enforcement agency for the storage of the firearm. For purposes of this subdivision, "actual cost" means expenses directly related to taking possession of a firearm, storing the firearm, and surrendering possession of the firearm to a licensed dealer as defined in Section 12071 of the Penal Code or to the respondent.

(f) The restraining order requiring a person to relinquish a firearm pursuant to subdivision (c) shall state on its face that the respondent is prohibited from owning, possessing, purchasing, or receiving a firearm while the protective order is in effect and that the firearm shall be relinquished to the local law enforcement agency for that jurisdiction or sold to a licensed gun dealer, and that proof of surrender or sale shall be filed with the court within a specified period of receipt of the order. The order shall also state on its face the expiration date for relinquishment. Nothing in this section shall limit a respondent's right under existing law to petition the court at a later date for modification of the order.

(g) The restraining order requiring a person to relinquish a firearm pursuant to subdivision (c) shall prohibit the person from possessing or controlling any firearm for the duration of the order. At the expiration of the order, the local law enforcement agency shall return possession of any surrendered firearm to the respondent, within five days after the expiration of the relinquishment order, unless the local law enforcement agency determines that (1) the firearm has been stolen, (2) the respondent is prohibited from possessing a firearm because the respondent is in any prohibited class for the possession of firearms, as defined in Sections 12021 and 12021.1 of the Penal Code and Sections 8100 and 8103 of the Welfare and Institutions Code, or (3) another successive restraining order is used against the respondent under this section. If the local law enforcement agency determines that the respondent is the legal owner of any firearm deposited with the local law enforcement agency and is prohibited from possessing any firearm, the respondent shall be entitled to sell or transfer the firearm to a licensed dealer as defined in Section 12071 of the Penal Code. If the firearm has been stolen, the firearm shall be restored to the lawful owner upon his or her identification of the firearm and proof of ownership.

(h) The court may, as part of the relinquishment order, grant an exemption from the relinquishment requirements of this section for a particular firearm if the respondent can show that a particular firearm is necessary as a condition of continued employment and that the current employer is unable to reassign the respondent to another position where a firearm is unnecessary. If an exemption is granted pursuant to this subdivision, the order shall provide that the firearm shall be in the physical possession of the respondent only during scheduled work hours and during travel to and from his or her place of employment. In any

case involving a peace officer who as a condition of employment and whose personal safety depends on the ability to carry a firearm, a court may allow the peace officer to continue to carry a firearm, either on duty or off duty, if the court finds by a preponderance of the evidence that the officer does not pose a threat of harm. Prior to making this finding, the court shall require a mandatory psychological evaluation of the peace officer and may require the peace officer to enter into counseling or other remedial treatment program to deal with any propensity for domestic violence.

(i) During the period of the relinquishment order, a respondent is entitled to make one sale of all firearms that are in the possession of a local law enforcement agency pursuant to this section. A licensed gun dealer, who presents a local law enforcement agency with a bill of sale indicating that all firearms owned by the respondent that are in the possession of the local law enforcement agency have been sold by the respondent to the licensed gun dealer, shall be given possession of those firearms, at the location where a respondent's firearms are stored, within five days of presenting the local law enforcement agency with a bill of sale.

(j) The disposition of any unclaimed property under this section shall be made pursuant to Section 1413 of the Penal Code.

(k) The return of a firearm to any person pursuant to subdivision (g) shall not be subject to the requirements of subdivision (d) of Section 12072 of the Penal Code.

(*l*) If the respondent notifies the court that he or she owns a firearm that is not in his or her immediate possession, the court may limit the order to exclude that firearm if the judge is satisfied the respondent is unable to gain access to that firearm while the protective order is in effect.

(m) Any respondent to a protective order who violates any order issued pursuant to this section shall be punished under the provisions of subdivision (g) of Section 12021 of the Penal Code.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 468

An act to amend Section 664 of, and to add Section 831.7 to, the Penal Code, relating to crimes.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 664 of the Penal Code is amended to read:

664. Every person who attempts to commit any crime, but fails, or is prevented or intercepted in its perpetration, shall be punished where no provision is made by law for the punishment of those attempts, as follows:

(a) If the crime attempted is punishable by imprisonment in the state prison, the person guilty of the attempt shall be punished by imprisonment in the state prison for one-half the term of imprisonment prescribed upon a conviction of the offense attempted. However, if the crime attempted is willful, deliberate, and premeditated murder, as defined in Section 189, the person guilty of that attempt shall be punished by imprisonment in the state prison for life with the possibility of parole. If the crime attempted is any other one in which the maximum sentence is life imprisonment or death, the person guilty of the attempt shall be punished by imprisonment in the state prison for five, seven, or nine years. The additional term provided in this section for attempted willful, deliberate, and premeditated murder shall not be imposed unless the fact that the attempted murder was willful, deliberate, and premeditated is charged in the accusatory pleading and admitted or found to be true by the trier of fact.

(b) If the crime attempted is punishable by imprisonment in a county jail, the person guilty of the attempt shall be punished by imprisonment in a county jail for a term not exceeding one-half the term of imprisonment prescribed upon a conviction of the offense attempted.

(c) If the offense so attempted is punishable by a fine, the offender convicted of that attempt shall be punished by a fine not exceeding one-half the largest fine which may be imposed upon a conviction of the offense attempted.

(d) If a crime is divided into degrees, an attempt to commit the crime may be of any of those degrees, and the punishment for the attempt shall be determined as provided by this section.

(e) Notwithstanding subdivision (a), if attempted murder is committed upon a peace officer or firefighter, as those terms are defined in

paragraphs (7) and (9) of subdivision (a) of Section 190.2, a custodial officer, as that term is defined in subdivision (a) of Section 831 or subdivision (a) of Section 831.5, a custody assistant, as that term is defined in subdivision (a) of Section 831.7, or a nonsworn uniformed employee of a sheriff's department whose job entails the care or control of inmates in a detention facility, as defined in subdivision (c) of Section 289.6, and the person who commits the offense knows or reasonably should know that the victim is a peace officer, firefighter, custodial officer, custody assistant, or nonsworn uniformed employee of a sheriff's department engaged in the performance of his or her duties, the person guilty of the attempt shall be punished by imprisonment in the state prison for life with the possibility of parole.

This subdivision shall apply if it is proven that a direct but ineffectual act was committed by one person toward killing another human being and the person committing the act harbored express malice aforethought, namely, a specific intent to unlawfully kill another human being. The Legislature finds and declares that this paragraph is declaratory of existing law.

(f) Notwithstanding subdivision (a), if the elements of subdivision (e) are proven in an attempted murder and it is also charged and admitted or found to be true by the trier of fact that the attempted murder was willful, deliberate, and premeditated, the person guilty of the attempt shall be punished by imprisonment in the state prison for 15 years to life. Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall not apply to reduce this minimum term of 15 years in state prison, and the person shall not be released prior to serving 15 years' confinement.

SEC. 2. Section 831.7 is added to the Penal Code, to read:

831.7. (a) As used in this section, a custody assistant is a person who is a full-time employee, not a peace officer, employed by the county sheriff's department who assists peace officer personnel in maintaining order and security in a custody detention, court detention, or station jail facility of the sheriff's department. A custody assistant is responsible for maintaining custody of prisoners and performs tasks related to the operation of a local detention facility used for the detention of persons usually pending arraignment or upon court order either for their own safekeeping or for the specific purpose of serving a sentence therein. Custody assistants of the sheriff's department shall be employees of, and under the authority of, the sheriff.

(b) A custody assistant has no right to carry or possess firearms in the performance of his or her prescribed duties.

(c) Each person described in this section as a custody assistant shall satisfactorily complete a training course specified by the sheriff's

department. In addition, each person designated as a custody assistant shall satisfactorily meet the minimum selection and training standards prescribed by the Department of Corrections and Rehabilitation pursuant to Section 6035.

(d) A custody assistant may use reasonable force in establishing and maintaining custody of persons housed at a local detention facility, court detention facility, or station jail facility.

(e) Custody assistants employed by the county sheriff's department are authorized to perform the following additional duties in a custody facility, court detention facility, or station jail facility:

(1) Assist in supervising the conduct of inmates in sleeping quarters, during meals and bathing, at recreation, and on work assignments.

(2) Assist in overseeing the work of, and instructing, a group of inmates assigned to various operational, maintenance, or other rehabilitative activities.

(3) Assist in the operation of main or dormitory control booths.

(4) Assist in processing inmates for court appearances.

(5) Control, or assist in the monitoring and control of, access to attorney rooms and visiting areas.

(6) Fingerprint, photograph, or operate livescan machines with respect to inmates, or assist in the fingerprinting or photographing of inmates.

(7) Obtain criminal history information relating to an inmate including any warrant or other hold, and update classification or housing information relating to an inmate, as necessary.

(8) Interview inmates and review records related to the classification process to determine the appropriate security level for an inmate or the eligibility of an inmate for transfer to another facility.

(9) Ensure compliance of a custody facility, court detention facility, or station jail facility with the provisions of Title 15 of the California Code of Regulations, or with any other applicable legislative or judicial mandate.

(10) Assist in receiving and processing inmates in a sheriff's station, court detention area, or type I jail facility.

(11) Secure inmates and their personal property and moneys as necessary in compliance with the rules and regulations of the sheriff's department.

(12) Order, inspect, or serve meals to inmates.

(13) Maintain sanitary conditions within a custody facility, court detention facility, or station jail facility.

(14) Respond to public inquiries regarding any inmate.

(f) Notwithstanding any other law, nothing in this section shall be construed to confer any authority upon a custody assistant except while

on duty, or to grant any additional retirement benefits to persons employed within this classification.

(g) This section shall apply only in a county of the first class, as established by Sections 28020 and 28022 of the Government Code, but shall not be operative in a county until adopted by resolution of the board of supervisors.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 469

The people of the State of California do enact as follows:

SECTION 1. Section 1356 is added to the Fish and Game Code, to read:

1356. The board, when it prioritizes the use of available funds for proposed acquisitions, with regard to the priority of a proposal to acquire forestland, may consider and take into account the potential of that proposed acquisition to beneficially reduce or sequester greenhouse gas emissions. The board may use policies, protocols, or other relevant information developed by the California Climate Action Registry as a basis for determining a project's potential to reduce or sequester greenhouse gas emissions.

CHAPTER 470

An act to add Section 115755 to, and to repeal and add Article 1 (commencing with Section 115725) of Chapter 4 of Part 10 of Division 104 of, the Health and Safety Code, relating to playground safety.

[Approved by Governor September 26, 2006. Filed with

SEC. 2. Article 1 (commencing with Section 115725) is added to Chapter 4 of Part 10 of Division 104 of the Health and Safety Code, to read:

Article 1. Playgrounds

115725. (a) All new playgrounds open to the public built by a public agency or any other entity shall conform to the playground-related standards set forth by the American Society for Testing and Materials and the playground-related guidelines set forth by the United States Consumer Product Safety Commission.

(b) Replacement of equipment or modification of components inside existing playgrounds shall conform to the playground-related standards set forth by the American Society for Testing and Materials and the playground-related guidelines set forth by the United States Consumer Product Safety Commission.

(c) All public agencies operating playgrounds and all other entities operating playgrounds open to the public shall have a playground safety inspector, certified by the National Playground Safety Institute, conduct an initial inspection for the purpose of aiding compliance with the requirements set forth in subdivision (a) or (b), as applicable. Any inspection report may serve as a reference when the upgrades are made, but is not intended for any other use.

(d) Playgrounds installed between January 1, 1994, and December 31, 1999, shall conform to the playground-related standards set forth by the American Society for Testing and Materials and the playground-related guidelines set forth by the United States Consumer Product Safety Commission not later than 15 years after the date those playgrounds were installed.

(g) (1) No state funding shall be available for the planning, development, or redevelopment of any playground, unless the playground, after completion of the state-funded project, will conform to the requirements of subdivision (a) or (b), as applicable. However, where state funds have been appropriated to, or allocated for, a playground project prior to the effective date of this section but the section becomes effective prior to the completion of the project, that funding shall be maintained, as long as the playground is altered to conform to the requirements of subdivision (a) or (b), as applicable, to the extent the alterations can be made without adding significantly to the project cost.

(2) After the date by which an entity is required to conform its playground to satisfy requirements of this section, no state funding shall be available for the operation, maintenance, or supervision of the playground unless the playground conforms to the applicable requirements of the section.

115730. (a) The State Department of Social Services shall convene a working group to develop recommendations for minimum safety requirements for playgrounds at child care centers.

(b) The working group shall include, but not be limited to, child care center operators, including representatives of the Professional Association for Childhood Education, the California Child Care Health Program, the Children's Advocacy Institute, the State Department of Health Services, and certified playground inspectors.

(5) Evaluate the potential risks if geologically sequestered carbon dioxide leaks into aquifers.

(6) Evaluate, and to the extent feasible quantify, the potential liability from the leakage of geologically sequestered carbon dioxide and potentially responsible parties.

(c) For purposes of this section, "commission" means the State Energy Resources Conservation and Development Commission (Chapter 3 (commencing with Section 25200) of Division 15 of the Public Resources Code).

(1) Construction and design standards which are substantially the same as the American Society for Testing and Materials (ASTM) F2517-05 standard, issued by ASTM International, or any successor standard issued by ASTM International.

(2) Construction and design standards approved by a national testing laboratory recognized by the State Fire Marshal.

(b) No person shall sell, offer for sale, or possess for sale, on or after April 1, 2008, portable gasoline containers that have not been listed and approved by the State Fire Marshal.

(c) For purposes of this section, "portable gasoline container" means any container or vessel with a nominal capacity of 10 gallons or less intended for reuse and is designed, or used, sold, advertised or offered for sale primarily for receiving, transporting, storing, or dispensing gasoline. "Portable fuel containers" does not include containers or vessels permanently embossed or permanently labeled as described in Section 172.407(a) of Title 49 of the Code of Federal Regulations, as it existed on September 15, 2005, indicating containers or vessels that are solely intended for use with nonfuel or nonkerosene products.

(d) Retailers are permitted to sell through existing supplies of portable gasoline containers that have not been listed and approved for sale by the State Fire Marshal.

(e) This section shall cease to be applicable if federal fire safety standards for portable gasoline containers that preempt this section are

enacted and take effect subsequent to the effective date of this statute and the State Fire Marshal so notifies the Secretary of State.

SEC. 2 No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 474

An act to amend Section 527.9 of the Code of Civil Procedure, relating to restraining orders.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 527.9 of the Code of Civil Procedure is amended to read:

527.9. (a) A person subject to a temporary restraining order or injunction issued pursuant to Section 527.6 or 527.8 of the Code of Civil Procedure, or subject to a restraining order issued pursuant to Section 136.2 of the Penal Code, or Section 15657.03 of the Welfare and Institutions Code, shall relinquish the firearm pursuant to this section.

(b) Upon the issuance of a protective order pursuant to subdivision (a), the court shall order the person to relinquish any firearm in that person's immediate possession or control, or subject to that person's immediate possession or control, within 24 hours of being served with the order, either by surrendering the firearm to the control of local law enforcement officials, or by selling the firearm to a licensed gun dealer, as specified in Section 12071 of the Penal Code. A person ordered to relinquish any firearm pursuant to this subdivision shall file with the court a receipt showing the firearm was surrendered to the local law enforcement agency or sold to a licensed gun dealer within 48 hours after receiving the order. In the event that it is necessary to continue the date of any hearing due to a request for a relinquishment order pursuant to this section, the court shall ensure that all applicable protective orders described in Section 6218 of the Family Code remain in effect or

bifurcate the issues and grant the permanent restraining order pending the date of the hearing.

(c) A local law enforcement agency may charge the person subject to the order or injunction a fee for the storage of any firearm relinquished pursuant to this section. The fee shall not exceed the actual cost incurred by the local law enforcement agency for the storage of the firearm. For purposes of this subdivision, "actual cost" means expenses directly related to taking possession of a firearm, storing the firearm, and surrendering possession of the firearm to a licensed dealer as defined in Section 12071 of the Penal Code or to the person relinquishing the firearm.

(d) The restraining order requiring a person to relinquish a firearm pursuant to subdivision (b) shall state on its face that the respondent is prohibited from owning, possessing, purchasing, or receiving a firearm while the protective order is in effect and that the firearm shall be relinquished to the local law enforcement agency for that jurisdiction or sold to a licensed gun dealer, and that proof of surrender or sale shall be filed with the court within a specified period of receipt of the order. The order shall also state on its face the expiration date for relinquishment. Nothing in this section shall limit a respondent's right under existing law to petition the court at a later date for modification of the order.

(e) The restraining order requiring a person to relinquish a firearm pursuant to subdivision (b) shall prohibit the person from possessing or controlling any firearm for the duration of the order. At the expiration of the order, the local law enforcement agency shall return possession of any surrendered firearm to the respondent, within five days after the expiration of the relinquishment order, unless the local law enforcement agency determines that (1) the firearm has been stolen, (2) the respondent is prohibited from possessing a firearm because the respondent is in any prohibited class for the possession of firearms, as defined in Sections 12021 and 12021.1 of the Penal Code and Sections 8100 and 8103 of the Welfare and Institutions Code, or (3) another successive restraining order is used against the respondent under this section. If the local law enforcement agency determines that the respondent is the legal owner of any firearm deposited with the local law enforcement agency and is prohibited from possessing any firearm, the respondent shall be entitled to sell or transfer the firearm to a licensed dealer as defined in Section 12071 of the Penal Code. If the firearm has been stolen, the firearm shall be restored to the lawful owner upon his or her identification of the firearm and proof of ownership.

(f) The court may, as part of the relinquishment order, grant an exemption from the relinquishment requirements of this section for a particular firearm if the respondent can show that a particular firearm is

necessary as a condition of continued employment and that the current employer is unable to reassign the respondent to another position where a firearm is unnecessary. If an exemption is granted pursuant to this subdivision, the order shall provide that the firearm shall be in the physical possession of the respondent only during scheduled work hours and during travel to and from his or her place of employment. In any case involving a peace officer who as a condition of employment and whose personal safety depends on the ability to carry a firearm, a court may allow the peace officer to continue to carry a firearm, either on duty or off duty, if the court finds by a preponderance of the evidence that the officer does not pose a threat of harm. Prior to making this finding, the court shall require a mandatory psychological evaluation of the peace officer and may require the peace officer to enter into counseling or other remedial treatment program to deal with any propensity for domestic violence.

(g) During the period of the relinquishment order, a respondent is entitled to make one sale of all firearms that are in the possession of a local law enforcement agency pursuant to this section. A licensed gun dealer, who presents a local law enforcement agency with a bill of sale indicating that all firearms owned by the respondent that are in the possession of the local law enforcement agency have been sold by the respondent to the licensed gun dealer, shall be given possession of those firearms, at the location where a respondent's firearms are stored, within five days of presenting the local law enforcement agency with a bill of sale.

CHAPTER 475

An act to amend and repeal Sections 6211 and 6217 of the Government Code, relating to public records.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 6211 of the Government Code is amended to read:

6211. This chapter shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 2. Section 6217 of the Government Code is amended to read:

6217. This chapter shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those mandated costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 476

An act to amend Sections 527.6 and 527.8 of the Code of Civil Procedure, to amend Section 6222 of the Family Code, to amend Section 6103.2 of the Government Code, and to amend and repeal Section 1203.097 of the Penal Code, relating to domestic violence.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 527.6 of the Code of Civil Procedure is amended to read:

527.6. (a) A person who has suffered harassment as defined in subdivision (b) may seek a temporary restraining order and an injunction prohibiting harassment as provided in this section.

(b) For the purposes of this section, "harassment" is unlawful violence, a credible threat of violence, or a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, or harasses the person, and that serves no legitimate purpose. The course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the plaintiff.

As used in this subdivision:

(1) "Unlawful violence" is any assault or battery, or stalking as prohibited in Section 646.9 of the Penal Code, but shall not include lawful acts of self-defense or defense of others.

(2) "Credible threat of violence" is a knowing and willful statement or course of conduct that would place a reasonable person in fear for his or her safety, or the safety of his or her immediate family, and that serves no legitimate purpose.

(3) "Course of conduct" is a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose, including following or stalking an individual, making harassing telephone calls to an individual, or sending harassing correspondence to an individual by any means, including, but not limited to, the use of public or private mails, interoffice mail, fax, or computer e-mail. Constitutionally protected activity is not included within the meaning of "course of conduct."

(c) Upon filing a petition for an injunction under this section, the plaintiff may obtain a temporary restraining order in accordance with Section 527, except to the extent this section provides a rule that is inconsistent. A temporary restraining order may be issued with or without notice upon an affidavit that, to the satisfaction of the court, shows reasonable proof of harassment of the plaintiff by the defendant, and that great or irreparable harm would result to the plaintiff. In the discretion of the court, and on a showing of good cause, a temporary restraining order or injunction, issued under this section may include other named family or household members who reside with the plaintiff. A temporary restraining order issued under this section shall remain in effect, at the court's discretion, for a period not to exceed 15 days, or, if the court extends the time for hearing under subdivision (d), not to exceed 22 days, unless otherwise modified or terminated by the court.

(d) Within 15 days, or, if good cause appears to the court, 22 days from the date the temporary restraining order is issued, a hearing shall be held on the petition for the injunction. The defendant may file a response that explains, excuses, justifies, or denies the alleged harassment or may file a cross-complaint under this section. At the hearing, the judge shall receive any testimony that is relevant, and may make an independent inquiry. If the judge finds by clear and convincing evidence that unlawful harassment exists, an injunction shall issue prohibiting the harassment. An injunction issued pursuant to this section shall have a duration of not more than three years. At any time within the three months before the expiration of the injunction, the plaintiff may apply for a renewal of the injunction by filing a new petition for an injunction under this section.

(e) This section does not preclude either party from representation by private counsel or from appearing on the party's own behalf.

(f) In a proceeding under this section if there are allegations or threats of domestic violence, a support person may accompany a party in court and, if the party is not represented by an attorney, may sit with the party at the table that is generally reserved for the party and the party's attorney. The support person is present to provide moral and emotional support for a person who alleges he or she is a victim of domestic violence. The support person is not present as a legal adviser and may

not provide legal advice. The support person may assist the person who alleges he or she is a victim of domestic violence in feeling more confident that he or she will not be injured or threatened by the other party during the proceedings if the person who alleges he or she is a victim of domestic violence and the other party are required to be present in close proximity. This subdivision does not preclude the court from exercising its discretion to remove the support person from the courtroom if the court believes the support person is prompting, swaying, or influencing the party assisted by the support person.

(g) Upon the filing of a petition for an injunction under this section, the defendant shall be personally served with a copy of the petition, temporary restraining order, if any, and notice of hearing of the petition. Service shall be made at least five days before the hearing. The court may for good cause, on motion of the plaintiff or on its own motion, shorten the time for service on the defendant.

(h) The court shall order the plaintiff or the attorney for the plaintiff to deliver a copy of each temporary restraining order or injunction, or modification or termination thereof, granted under this section, by the close of the business day on which the order was granted, to the law enforcement agencies within the court's discretion as are requested by the plaintiff. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported harassment.

An order issued under this section shall, on request of the plaintiff, be served on the defendant, whether or not the defendant has been taken into custody, by any law enforcement officer who is present at the scene of reported harassment involving the parties to the proceeding. The plaintiff shall provide the officer with an endorsed copy of the order and a proof of service that the officer shall complete and send to the issuing court.

Upon receiving information at the scene of an incident of harassment that a protective order has been issued under this section, or that a person who has been taken into custody is the subject of an order, if the protected person cannot produce a certified copy of the order, a law enforcement officer shall immediately attempt to verify the existence of the order.

If the law enforcement officer determines that a protective order has been issued, but not served, the officer shall immediately notify the defendant of the terms of the order and shall at that time also enforce the order. Verbal notice of the terms of the order shall constitute service of the order and is sufficient notice for the purposes of this section and for the purposes of Section 273.6 and subdivision (g) of Section 12021 of the Penal Code.

(i) The prevailing party in any action brought under this section may be awarded court costs and attorney's fees, if any.

(j) Any willful disobedience of any temporary restraining order or injunction granted under this section is punishable pursuant to Section 273.6 of the Penal Code.

(k) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(*l*) This section does not apply to any action or proceeding covered by Title 1.6C (commencing with Section 1788) of the Civil Code or by Division 10 (commencing with Section 6200) of the Family Code. This section does not preclude a plaintiff from using other existing civil remedies.

(m) The Judicial Council shall promulgate forms and instructions therefor, and rules for service of process, scheduling of hearings, and any other matters required by this section. The petition and response forms shall be simple and concise, and their use by parties in actions brought pursuant to this section shall be mandatory.

(n) A temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(o) Information on any temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be transmitted to the Department of Justice in accordance with subdivision (b) of Section 6380 of the Family Code.

(p) There is no filing fee for a petition that alleges that a person has inflicted or threatened violence against the petitioner, or stalked the petitioner, or acted or spoken in any other manner that has placed the petitioner in reasonable fear of violence, and that seeks a protective or restraining order or injunction restraining stalking or future violence or threats of violence, in any action brought pursuant to this section. No

fee shall be paid for a subpoena filed in connection with a petition alleging these acts. No fee shall be paid for filing a response to a petition alleging these acts.

(q) (1) Subject to paragraph (4) of subdivision (b) of Section 6103.2 of the Government Code, there shall be no fee for the service of process of a protective order, restraining order, or injunction to be issued, if any of the following conditions apply:

(A) The protective order, restraining order, or injunction issued pursuant to this section is based upon stalking, as prohibited by Section 646.9 of the Penal Code.

(B) The protective order, restraining order, or injunction issued pursuant to this section is based upon a credible threat of violence.

(C) The protective order, restraining order, or injunction is issued pursuant to Section 6222 of the Family Code.

(2) The Judicial Council shall prepare and develop application forms for applicants who wish to avail themselves of the services described in this subdivision.

SEC. 2. Section 527.8 of the Code of Civil Procedure is amended to read:

527.8. (a) Any employer, whose employee has suffered unlawful violence or a credible threat of violence from any individual, that can reasonably be construed to be carried out or to have been carried out at the workplace, may seek a temporary restraining order and an injunction on behalf of the employee and, at the discretion of the court, any number of other employees at the workplace, and, if appropriate, other employees at other workplaces of the employer.

(b) For the purposes of this section:

(1) "Unlawful violence" is any assault or battery, or stalking as prohibited in Section 646.9 of the Penal Code, but shall not include lawful acts of self-defense or defense of others.

(2) "Credible threat of violence" is a knowing and willful statement or course of conduct that would place a reasonable person in fear for his or her safety, or the safety of his or her immediate family, and that serves no legitimate purpose.

(3) "Course of conduct" is a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose, including following or stalking an employee to or from the place of work; entering the workplace; following an employee during hours of employment; making telephone calls to an employee; or sending correspondence to an employee by any means, including, but not limited to, the use of the public or private mails, interoffice mail, fax, or computer e-mail.

(c) This section does not permit a court to issue a temporary restraining order or injunction prohibiting speech or other activities that are constitutionally protected, or otherwise protected by Section 527.3 or any other provision of law.

(d) For purposes of this section, the terms "employer" and "employee" mean persons defined in Section 350 of the Labor Code. "Employer" also includes a federal agency, the state, a state agency, a city, county, or district, and a private, public, or quasi-public corporation, or any public agency thereof or therein. "Employee" also includes the members of boards of directors of private, public, and quasi-public corporations and elected and appointed public officers. For purposes of this section only, "employee" also includes a volunteer or independent contractor who performs services for the employer at the employer's worksite.

(e) Upon filing a petition for an injunction under this section, the plaintiff may obtain a temporary restraining order in accordance with subdivision (a) of Section 527, if the plaintiff also files an affidavit that, to the satisfaction of the court, shows reasonable proof that an employee has suffered unlawful violence or a credible threat of violence by the defendant, and that great or irreparable harm would result to an employee. In the discretion of the court, and on a showing of good cause, a temporary restraining order or injunction issued under this section may include other named family or household members who reside with the employee, or other persons employed at his or her workplace or workplaces.

A temporary restraining order granted under this section shall remain in effect, at the court's discretion, for a period not to exceed 15 days, unless otherwise modified or terminated by the court.

(f) Within 15 days of the filing of the petition, a hearing shall be held on the petition for the injunction. The defendant may file a response that explains, excuses, justifies, or denies the alleged unlawful violence or credible threats of violence or may file a cross-complaint under this section. At the hearing, the judge shall receive any testimony that is relevant and may make an independent inquiry. Moreover, if the defendant is a current employee of the entity requesting the injunction, the judge shall receive evidence concerning the employer's decision to retain, terminate, or otherwise discipline the defendant. If the judge finds by clear and convincing evidence that the defendant engaged in unlawful violence or made a credible threat of violence, an injunction shall issue prohibiting further unlawful violence or threats of violence. An injunction issued pursuant to this section shall have a duration of not more than three years. At any time within the three months before the expiration of the injunction, the plaintiff may apply for a renewal of the injunction by filing a new petition for an injunction under this section.

(g) This section does not preclude either party from representation by private counsel or from appearing on his or her own behalf.

(h) Upon filing of a petition for an injunction under this section, the defendant shall be personally served with a copy of the petition, temporary restraining order, if any, and notice of hearing of the petition. Service shall be made at least five days before the hearing. The court may, for good cause, on motion of the plaintiff or on its own motion, shorten the time for service on the defendant.

(i) (1) The court shall order the plaintiff or the attorney for the plaintiff to deliver a copy of each temporary restraining order or injunction, or modification or termination thereof, granted under this section, by the close of the business day on which the order was granted, to the law enforcement agencies within the court's discretion as are requested by the plaintiff. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported unlawful violence or a credible threat of violence.

(2) At the request of the plaintiff, an order issued under this section shall be served on the defendant, regardless of whether the defendant has been taken into custody, by any law enforcement officer who is present at the scene of reported unlawful violence or a credible threat of violence involving the parties to the proceedings. The plaintiff shall provide the officer with an endorsed copy of the order and proof of service that the officer shall complete and send to the issuing court.

(3) Upon receiving information at the scene of an incident of unlawful violence or a credible threat of violence that a protective order has been issued under this section, or that a person who has been taken into custody is the subject of an order, if the plaintiff or the protected person cannot produce an endorsed copy of the order, a law enforcement officer shall immediately attempt to verify the existence of the order.

(4) If the law enforcement officer determines that a protective order has been issued, but not served, the officer shall immediately notify the defendant of the terms of the order and obtain the defendant's address. The law enforcement officer shall at that time also enforce the order, but may not arrest or take the defendant into custody for acts in violation of the order that were committed prior to the verbal notice of the terms and conditions of the order. The law enforcement officer's verbal notice of the terms of the order shall constitute service of the order and constitutes sufficient notice for the purposes of this section and for the purposes of Section 273.6 and subdivision (g) of Section 12021 of the Penal Code. The plaintiff shall mail an endorsed copy of the order to the defendant's mailing address provided to the law enforcement officer within one business day of the reported incident of unlawful violence

or a credible threat of violence at which a verbal notice of the terms of the order was provided by a law enforcement officer.

(j) (1) A person subject to a protective order issued under this section shall not own, possess, purchase, receive, or attempt to purchase or receive a firearm while the protective order is in effect.

(2) The court shall order a person subject to a protective order issued under this section to relinquish any firearms he or she owns or possesses pursuant to Section 527.9.

(3) Every person who owns, possesses, purchases or receives, or attempts to purchase or receive a firearm while the protective order is in effect is punishable pursuant to subdivision (g) of Section 12021 of the Penal Code.

(k) Any intentional disobedience of any temporary restraining order or injunction granted under this section is punishable pursuant to Section 273.6 of the Penal Code.

(*l*) Nothing in this section may be construed as expanding, diminishing, altering, or modifying the duty, if any, of an employer to provide a safe workplace for employees and other persons.

(m) The Judicial Council shall develop forms, instructions, and rules for scheduling of hearings and other procedures established pursuant to this section. The forms for the petition and response shall be simple and concise, and their use by parties in actions brought pursuant to this section shall be mandatory.

(n) A temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(o) Information on any temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be transmitted to the Department of Justice in accordance with subdivision (b) of Section 6380 of the Family Code.

(p) There is no filing fee for a petition that alleges that a person has inflicted or threatened violence against an employee of the petitioner, or stalked the employee, or acted or spoken in any other manner that has placed the employee in reasonable fear of violence, and that seeks a protective or restraining order or injunction restraining stalking or future violence or threats of violence, in any action brought pursuant to this section. No fee shall be paid for a subpoena filed in connection with a

petition alleging these acts. No fee shall be paid for filing a response to a petition alleging these acts.

(q) (1) Subject to paragraph (4) of subdivision (b) of Section 6103.2 of the Government Code, there shall be no fee for the service of process of a temporary restraining order or injunction to be issued pursuant to this section if either of the following conditions apply:

(A) The temporary restraining order or injunction issued pursuant to this section is based upon stalking, as prohibited by Section 646.9 of the Penal Code.

(B) The temporary restraining order or injunction issued pursuant to this section is based upon a credible threat of violence.

(2) The Judicial Council shall prepare and develop application forms for applicants who wish to avail themselves of the services described in this subdivision.

SEC. 3. Section 6222 of the Family Code is amended to read:

6222. There is no filing fee for an application, a responsive pleading, or an order to show cause that seeks to obtain, modify, or enforce a protective order or other order authorized by this division when the request for the other order is necessary to obtain or give effect to a protective order. There is no fee for a subpoena filed in connection with that application, responsive pleading, or order to show cause.

SEC. 4. Section 6103.2 of the Government Code is amended to read:

6103.2. (a) Section 6103 does not apply to any fee or charge or expense for official services rendered by a sheriff or marshal in connection with the levy of writs of attachment, execution, possession, or sale. The fee, charge, or expense may be advanced to the sheriff or marshal, as otherwise required by law.

(b) (1) Notwithstanding Section 6103, the sheriff or marshal, in connection with the service of process or notices, may require that all fees which a public agency, or any person or entity, is required to pay under provisions of law other than this section, be prepaid by a public agency named in Section 6103, or by any person or entity, prior to the performance of any official act. This authority to require prepayment shall include fees governed by Section 6103.5.

(2) This subdivision does not apply to the service of process or notices in any action by the district attorney's office for the establishment or enforcement of a child support obligation.

(3) This subdivision does not apply to a particular jurisdiction unless the sheriff or marshal, as the case may be, imposes the requirement of prepayment upon public agencies and upon all persons or entities within the private sector.

(4) The requirement for prepayment of a fee deposit does not apply to orders or injunctions described in paragraph (1) of subdivision (q) of

Section 527.6 and Section 527.8 of the Code of Civil Procedure, Division 10 (commencing with Section 6200) of the Family Code (Prevention of Domestic Violence), and Chapter 11 (commencing with Section 15600) of Part 3 of Division 9 of the Welfare and Institutions Code (Elder Abuse and Dependent Adult Civil Protection Act).

However, a sheriff, marshal, or constable may submit a billing to the superior court for payment of fees in the manner prescribed by the Judicial Council irrespective of the in forma pauperis status of any party under Rule 985 of the Rules of Court. The fees for service, cancellation of service, and making a not found return may not exceed the amounts provided in Sections 26721, 26736, and 26738, respectively, and are subject to the provisions of Section 26731.

SEC. 5. Section 1203.097 of the Penal Code, as amended by Section 1 of Chapter 431 of the Statutes of 2003, is amended to read:

1203.097. (a) If a person is granted probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, the terms of probation shall include all of the following:

(1) A minimum period of probation of 36 months, which may include a period of summary probation as appropriate.

(2) A criminal court protective order protecting the victim from further acts of violence, threats, stalking, sexual abuse, and harassment, and, if appropriate, containing residence exclusion or stay-away conditions.

(3) Notice to the victim of the disposition of the case.

(4) Booking the defendant within one week of sentencing if the defendant has not already been booked.

(5) A minimum payment by the defendant of four hundred dollars ($400) to be disbursed as specified in this paragraph. If, after a hearing in court on the record, the court finds that the defendant does not have the ability to pay, the court may reduce or waive this fee.

Two-thirds of the moneys deposited with the county treasurer pursuant to this section shall be retained by counties and deposited in the domestic violence programs special fund created pursuant to Section 18305 of the Welfare and Institutions Code, to be expended for the purposes of Chapter 5 (commencing with Section 18290) of Part 6 of Division 9 of the Welfare and Institutions Code. The remainder shall be transferred, once a month, to the Controller for deposit in equal amounts in the Domestic Violence Restraining Order Reimbursement Fund and in the Domestic Violence Training and Education Fund, which are hereby created, in an amount equal to one-third of funds collected during the preceding month. In no event may the funds transferred to the Controller be less than one hundred thirty-three dollars ($133) for each defendant. However, if the court orders the defendant to pay less than two hundred dollars ($200) because of his or her inability to pay, the state shall receive two-thirds

of the payment. Moneys deposited into these funds pursuant to this section shall be available upon appropriation by the Legislature and shall be distributed each fiscal year as follows:

(A) Funds from the Domestic Violence Restraining Order Reimbursement Fund shall be distributed to local law enforcement or other criminal justice agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (b) of Section 6380 of the Family Code, based on the annual notification from the Department of Justice of the number of restraining orders issued and registered in the state domestic violence restraining order registry maintained by the Department of Justice, for the development and maintenance of the domestic violence restraining order databank system.

(B) Funds from the Domestic Violence Training and Education Fund shall support a statewide training and education program to increase public awareness of domestic violence and to improve the scope and quality of services provided to the victims of domestic violence. Grants to support this program shall be awarded on a competitive basis and be administered by the State Department of Health Services, in consultation with the statewide domestic violence coalition, which is eligible to receive funding under this section.

(6) Successful completion of a batterer's program, as defined in subdivision (c), or if none is available, another appropriate counseling program designated by the court, for a period not less than one year with periodic progress reports by the program to the court every three months or less and weekly sessions of a minimum of two hours class time duration. The defendant shall attend consecutive weekly sessions, unless granted an excused absence for good cause by the program for no more than three individual sessions during the entire program, and shall complete the program within 18 months, unless, after a hearing, the court finds good cause to modify the requirements of consecutive attendance or completion within 18 months.

(7) (A) (i) The court shall order the defendant to comply with all probation requirements, including the requirements to attend counseling, keep all program appointments, and pay program fees based upon the ability to pay.

(ii) The terms of probation for offenders shall not be lifted until all reasonable fees due to the counseling program have been paid in full, but in no case shall probation be extended beyond the term provided in subdivision (a) of Section 1203.1. If the court finds that the defendant does not have the ability to pay the fees based on the defendant's changed circumstances, the court may reduce or waive the fees.

(B) Upon request by the batterer's program, the court shall provide the defendant's arrest report, prior incidents of violence, and treatment history to the program.

(8) The court also shall order the defendant to perform a specified amount of appropriate community service, as designated by the court. The defendant shall present the court with proof of completion of community service and the court shall determine if the community service has been satisfactorily completed. If sufficient staff and resources are available, the community service shall be performed under the jurisdiction of the local agency overseeing a community service program.

(9) If the program finds that the defendant is unsuitable, the program shall immediately contact the probation department or the court. The probation department or court shall either recalendar the case for hearing or refer the defendant to an appropriate alternative batterer's program.

(10) (A) Upon recommendation of the program, a court shall require a defendant to participate in additional sessions throughout the probationary period, unless it finds that it is not in the interests of justice to do so, states its reasons on the record, and enters them into the minutes. In deciding whether the defendant would benefit from more sessions, the court shall consider whether any of the following conditions exist:

(i) The defendant has been violence free for a minimum of six months.

(ii) The defendant has cooperated and participated in the batterer's program.

(iii) The defendant demonstrates an understanding of and practices positive conflict resolution skills.

(iv) The defendant blames, degrades, or has committed acts that dehumanize the victim or puts at risk the victim's safety, including, but not limited to, molesting, stalking, striking, attacking, threatening, sexually assaulting, or battering the victim.

(v) The defendant demonstrates an understanding that the use of coercion or violent behavior to maintain dominance is unacceptable in an intimate relationship.

(vi) The defendant has made threats to harm anyone in any manner.

(vii) The defendant has complied with applicable requirements under paragraph (6) of subdivision (c) or subparagraph (C) to receive alcohol counseling, drug counseling, or both.

(viii) The defendant demonstrates acceptance of responsibility for the abusive behavior perpetrated against the victim.

(B) The program shall immediately report any violation of the terms of the protective order, including any new acts of violence or failure to comply with the program requirements, to the court, the prosecutor, and, if formal probation has been ordered, to the probation department. The

probationer shall file proof of enrollment in a batterer's program with the court within 30 days of conviction.

(C) Concurrent with other requirements under this section, in addition to, and not in lieu of, the batterer's program, and unless prohibited by the referring court, the probation department or the court may make provisions for a defendant to use his or her resources to enroll in a chemical dependency program or to enter voluntarily a licensed chemical dependency recovery hospital or residential treatment program that has a valid license issued by the state to provide alcohol or drug services to receive program participation credit, as determined by the court. The probation department shall document evidence of this hospital or residential treatment participation in the defendant's program file.

(11) The conditions of probation may include, in lieu of a fine, but not in lieu of the fund payment required under paragraph (5), one or more of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, to make payments to a battered women's shelter, or to pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. Determination of a defendant's ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. When the injury to a married person is caused, in whole or in part, by the criminal acts of his or her spouse in violation of this section, the community property shall not be used to discharge the liability of the offending spouse for restitution to the injured spouse, as required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse, until all separate property of the offending spouse is exhausted.

(12) If it appears to the prosecuting attorney, the court, or the probation department that the defendant is performing unsatisfactorily in the assigned program, is not benefiting from counseling, or has engaged in criminal conduct, upon request of the probation officer, the prosecuting attorney, or on its own motion, the court, as a priority calendar item, shall hold a hearing to determine whether further sentencing should proceed. The court may consider factors, including, but not limited to,

any violence by the defendant against the former or a new victim while on probation and noncompliance with any other specific condition of probation. If the court finds that the defendant is not performing satisfactorily in the assigned program, is not benefiting from the program, has not complied with a condition of probation, or has engaged in criminal conduct, the court shall terminate the defendant's participation in the program and shall proceed with further sentencing.

(b) If a person is granted formal probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, in addition to the terms specified in subdivision (a), all of the following shall apply:

(1) The probation department shall make an investigation and take into consideration the defendant's age, medical history, employment and service records, educational background, community and family ties, prior incidents of violence, police report, treatment history, if any, demonstrable motivation, and other mitigating factors in determining which batterer's program would be appropriate for the defendant. This information shall be provided to the batterer's program if it is requested. The probation department shall also determine which community programs the defendant would benefit from and which of those programs would accept the defendant. The probation department shall report its findings and recommendations to the court.

(2) The court shall advise the defendant that the failure to report to the probation department for the initial investigation, as directed by the court, or the failure to enroll in a specified program, as directed by the court or the probation department, shall result in possible further incarceration. The court, in the interests of justice, may relieve the defendant from the prohibition set forth in this subdivision based upon the defendant's mistake or excusable neglect. Application for this relief shall be filed within 20 court days of the missed deadline. This time limitation may not be extended. A copy of any application for relief shall be served on the office of the prosecuting attorney.

(3) After the court orders the defendant to a batterer's program, the probation department shall conduct an initial assessment of the defendant, including, but not limited to, all of the following:

(A) Social, economic, and family background.

(B) Education.

(C) Vocational achievements.

(D) Criminal history.

(E) Medical history.

(F) Substance abuse history.

(G) Consultation with the probation officer.

(H) Verbal consultation with the victim, only if the victim desires to participate.

(I) Assessment of the future probability of the defendant committing murder.

(4) The probation department shall attempt to notify the victim regarding the requirements for the defendant's participation in the batterer's program, as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(c) The court or the probation department shall refer defendants only to batterer's programs that follow standards outlined in paragraph (1), which may include, but are not limited to, lectures, classes, group discussions, and counseling. The probation department shall design and implement an approval and renewal process for batterer's programs and shall solicit input from criminal justice agencies and domestic violence victim advocacy programs.

(1) The goal of a batterer's program under this section shall be to stop domestic violence. A batterer's program shall consist of the following components:

(A) Strategies to hold the defendant accountable for the violence in a relationship, including, but not limited to, providing the defendant with a written statement that the defendant shall be held accountable for acts or threats of domestic violence.

(B) A requirement that the defendant participate in ongoing same-gender group sessions.

(C) An initial intake that provides written definitions to the defendant of physical, emotional, sexual, economic, and verbal abuse, and the techniques for stopping these types of abuse.

(D) Procedures to inform the victim regarding the requirements for the defendant's participation in the intervention program as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(E) A requirement that the defendant attend group sessions free of chemical influence.

(F) Educational programming that examines, at a minimum, gender roles, socialization, the nature of violence, the dynamics of power and control, and the effects of abuse on children and others.

(G) A requirement that excludes any couple counseling or family counseling, or both.

(H) Procedures that give the program the right to assess whether or not the defendant would benefit from the program and to refuse to enroll the defendant if it is determined that the defendant would not benefit from the program, so long as the refusal is not because of the defendant's

inability to pay. If possible, the program shall suggest an appropriate alternative program.

(I) Program staff who, to the extent possible, have specific knowledge regarding, but not limited to, spousal abuse, child abuse, sexual abuse, substance abuse, the dynamics of violence and abuse, the law, and procedures of the legal system.

(J) Program staff who are encouraged to utilize the expertise, training, and assistance of local domestic violence centers.

(K) A requirement that the defendant enter into a written agreement with the program, which shall include an outline of the contents of the program, the attendance requirements, the requirement to attend group sessions free of chemical influence, and a statement that the defendant may be removed from the program if it is determined that the defendant is not benefiting from the program or is disruptive to the program.

(L) A requirement that the defendant sign a confidentiality statement prohibiting disclosure of any information obtained through participating in the program or during group sessions regarding other participants in the program.

(M) Program content that provides cultural and ethnic sensitivity.

(N) A requirement of a written referral from the court or probation department prior to permitting the defendant to enroll in the program. The written referral shall state the number of minimum sessions required by the court.

(O) Procedures for submitting to the probation department all of the following uniform written responses:

(i) Proof of enrollment, to be submitted to the court and the probation department and to include the fee determined to be charged to the defendant, based upon the ability to pay, for each session.

(ii) Periodic progress reports that include attendance, fee payment history, and program compliance.

(iii) Final evaluation that includes the program's evaluation of the defendant's progress, using the criteria set forth in paragraph (4) of subdivision (a) and recommendation for either successful or unsuccessful termination or continuation in the program.

(P) A sliding fee schedule based on the defendant's ability to pay. The batterer's program shall develop and utilize a sliding fee scale that recognizes both the defendant's ability to pay and the necessity of programs to meet overhead expenses. An indigent defendant may negotiate a deferred payment schedule, but shall pay a nominal fee, if the defendant has the ability to pay the nominal fee. Upon a hearing and a finding by the court that the defendant does not have the financial ability to pay the nominal fee, the court shall waive this fee. The payment of the fee shall be made a condition of probation if the court determines

the defendant has the present ability to pay the fee. The fee shall be paid during the term of probation unless the program sets other conditions. The acceptance policies shall be in accordance with the scaled fee system.

(2) The court shall refer persons only to batterer's programs that have been approved by the probation department pursuant to paragraph (5). The probation department shall do both of the following:

(A) Provide for the issuance of a provisional approval, provided that the applicant is in substantial compliance with applicable laws and regulations and an urgent need for approval exists. A provisional approval shall be considered an authorization to provide services and shall not be considered a vested right.

(B) If the probation department determines that a program is not in compliance with standards set by the department, the department shall provide written notice of the noncompliant areas to the program. The program shall submit a written plan of corrections within 14 days from the date of the written notice on noncompliance. A plan of correction shall include, but not be limited to, a description of each corrective action and timeframe for implementation. The department shall review and approve all or any part of the plan of correction and notify the program of approval or disapproval in writing. If the program fails to submit a plan of correction or fails to implement the approved plan of correction, the department shall consider whether to revoke or suspend approval and, upon revoking or suspending approval, shall have the option to cease referrals of defendants under this section.

(3) No program, regardless of its source of funding, shall be approved unless it meets all of the following standards:

(A) The establishment of guidelines and criteria for education services, including standards of services that may include lectures, classes, and group discussions.

(B) Supervision of the defendant for the purpose of evaluating the person's progress in the program.

(C) Adequate reporting requirements to ensure that all persons who, after being ordered to attend and complete a program, may be identified for either failure to enroll in, or failure to successfully complete, the program or for the successful completion of the program as ordered. The program shall notify the court and the probation department, in writing, within the period of time and in the manner specified by the court of any person who fails to complete the program. Notification shall be given if the program determines that the defendant is performing unsatisfactorily or if the defendant is not benefiting from the education, treatment, or counseling.

(D) No victim shall be compelled to participate in a program or counseling, and no program may condition a defendant's enrollment on participation by the victim.

(4) In making referrals of indigent defendants to approved batterer's programs, the probation department shall apportion these referrals evenly among the approved programs.

(5) The probation department shall have the sole authority to approve a batterer's program for probation. The program shall be required to obtain only one approval but shall renew that approval annually.

(A) The procedure for the approval of a new or existing program shall include all of the following:

(i) The completion of a written application containing necessary and pertinent information describing the applicant program.

(ii) The demonstration by the program that it possesses adequate administrative and operational capability to operate a batterer's treatment program. The program shall provide documentation to prove that the program has conducted batterer's programs for at least one year prior to application. This requirement may be waived under subparagraph (A) of paragraph (2) if there is no existing batterer's program in the city, county, or city and county.

(iii) The onsite review of the program, including monitoring of a session to determine that the program adheres to applicable statutes and regulations.

(iv) The payment of the approval fee.

(B) The probation department shall fix a fee for approval not to exceed two hundred fifty dollars ($250) and for approval renewal not to exceed two hundred fifty dollars ($250) every year in an amount sufficient to cover its costs in administering the approval process under this section. No fee shall be charged for the approval of local governmental entities.

(C) The probation department has the sole authority to approve the issuance, denial, suspension, or revocation of approval and to cease new enrollments or referrals to a batterer's program under this section. The probation department shall review information relative to a program's performance or failure to adhere to standards, or both. The probation department may suspend or revoke any approval issued under this subdivision or deny an application to renew an approval or to modify the terms and conditions of approval, based on grounds established by probation, including, but not limited to, either of the following:

(i) Violation of this section by any person holding approval or by a program employee in a program under this section.

(ii) Misrepresentation of any material fact in obtaining the approval.

(6) For defendants who are chronic users or serious abusers of drugs or alcohol, standard components in the program shall include concurrent

counseling for substance abuse and violent behavior, and in appropriate cases, detoxification and abstinence from the abused substance.

(7) The program shall conduct an exit conference that assesses the defendant's progress during his or her participation in the batterer's program.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 6. Section 1203.097 of the Penal Code, as added by Section 2 of Chapter 431 of the Statutes of 2003, is amended to read:

1203.097. (a) If a person is granted probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, the terms of probation shall include all of the following:

(1) A minimum period of probation of 36 months, which may include a period of summary probation as appropriate.

(2) A criminal court protective order protecting the victim from further acts of violence, threats, stalking, sexual abuse, and harassment, and, if appropriate, containing residence exclusion or stay-away conditions.

(3) Notice to the victim of the disposition of the case.

(4) Booking the defendant within one week of sentencing if the defendant has not already been booked.

(5) A minimum payment by the defendant of two hundred dollars ($200) to be disbursed as specified in this paragraph. If, after a hearing in court on the record, the court finds that the defendant does not have the ability to pay, the court may reduce or waive this fee.

One-third of the moneys deposited with the county treasurer pursuant to this section shall be retained by counties and deposited in the domestic violence programs special fund created pursuant to Section 18305 of the Welfare and Institutions Code, to be expended for the purposes of Chapter 5 (commencing with Section 18290) of Part 6 of Division 9 of the Welfare and Institutions Code. The remainder shall be transferred, once a month, to the Controller for deposit in equal amounts in the Domestic Violence Restraining Order Reimbursement Fund and in the Domestic Violence Training and Education Fund, which are hereby created, in an amount equal to two-thirds of funds collected during the preceding month. Moneys deposited into these funds pursuant to this section shall be available upon appropriation by the Legislature and shall be distributed each fiscal year as follows:

(A) Funds from the Domestic Violence Restraining Order Reimbursement Fund shall be distributed to local law enforcement or other criminal justice agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (b) of Section 6380 of the Family Code, based on the annual notification from the

Department of Justice of the number of restraining orders issued and registered in the state domestic violence restraining order registry maintained by the Department of Justice, for the development and maintenance of the domestic violence restraining order databank system.

(B) Funds from the Domestic Violence Training and Education Fund shall support a statewide training and education program to increase public awareness of domestic violence and to improve the scope and quality of services provided to the victims of domestic violence. Grants to support this program shall be awarded on a competitive basis and be administered by the State Department of Health Services, in consultation with the statewide domestic violence coalition, which is eligible to receive funding under this section.

(6) Successful completion of a batterer's program, as defined in subdivision (c), or if none is available, another appropriate counseling program designated by the court, for a period not less than one year with periodic progress reports by the program to the court every three months or less and weekly sessions of a minimum of two hours class time duration. The defendant shall attend consecutive weekly sessions, unless granted an excused absence for good cause by the program for no more than three individual sessions during the entire program, and shall complete the program within 18 months, unless, after a hearing, the court finds good cause to modify the requirements of consecutive attendance or completion within 18 months.

(7) (A) (i) The court shall order the defendant to comply with all probation requirements, including the requirements to attend counseling, keep all program appointments, and pay program fees based upon the ability to pay.

(ii) The terms of probation for offenders shall not be lifted until all reasonable fees due to the counseling program have been paid in full, but in no case shall probation be extended beyond the term provided in subdivision (a) of Section 1203.1. If the court finds that the defendant does not have the ability to pay the fees based on the defendant's changed circumstances, the court may reduce or waive the fees.

(B) Upon request by the batterer's program, the court shall provide the defendant's arrest report, prior incidents of violence, and treatment history to the program.

(8) The court also shall order the defendant to perform a specified amount of appropriate community service, as designated by the court. The defendant shall present the court with proof of completion of community service and the court shall determine if the community service has been satisfactorily completed. If sufficient staff and resources are available, the community service shall be performed under the jurisdiction of the local agency overseeing a community service program.

(9) If the program finds that the defendant is unsuitable, the program shall immediately contact the probation department or the court. The probation department or court shall either recalendar the case for hearing or refer the defendant to an appropriate alternative batterer's program.

(10) (A) Upon recommendation of the program, a court shall require a defendant to participate in additional sessions throughout the probationary period, unless it finds that it is not in the interests of justice to do so, states its reasons on the record, and enters them into the minutes. In deciding whether the defendant would benefit from more sessions, the court shall consider whether any of the following conditions exist:

(i) The defendant has been violence free for a minimum of six months.

(ii) The defendant has cooperated and participated in the batterer's program.

(iii) The defendant demonstrates an understanding of and practices positive conflict resolution skills.

(iv) The defendant blames, degrades, or has committed acts that dehumanize the victim or puts at risk the victim's safety, including, but not limited to, molesting, stalking, striking, attacking, threatening, sexually assaulting, or battering the victim.

(v) The defendant demonstrates an understanding that the use of coercion or violent behavior to maintain dominance is unacceptable in an intimate relationship.

(vi) The defendant has made threats to harm anyone in any manner.

(vii) The defendant has complied with applicable requirements under paragraph (6) of subdivision (c) or subparagraph (C) to receive alcohol counseling, drug counseling, or both.

(viii) The defendant demonstrates acceptance of responsibility for the abusive behavior perpetrated against the victim.

(B) The program shall immediately report any violation of the terms of the protective order, including any new acts of violence or failure to comply with the program requirements, to the court, the prosecutor, and, if formal probation has been ordered, to the probation department. The probationer shall file proof of enrollment in a batterer's program with the court within 30 days of conviction.

(C) Concurrent with other requirements under this section, in addition to, and not in lieu of, the batterer's program, and unless prohibited by the referring court, the probation department or the court may make provisions for a defendant to use his or her resources to enroll in a chemical dependency program or to enter voluntarily a licensed chemical dependency recovery hospital or residential treatment program that has a valid license issued by the state to provide alcohol or drug services to receive program participation credit, as determined by the court. The

probation department shall document evidence of this hospital or residential treatment participation in the defendant's program file.

(11) The conditions of probation may include, in lieu of a fine, but not in lieu of the fund payment required under paragraph (5), one or more of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, to make payments to a battered women's shelter, or to pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. Determination of a defendant's ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. When the injury to a married person is caused, in whole or in part, by the criminal acts of his or her spouse in violation of this section, the community property shall not be used to discharge the liability of the offending spouse for restitution to the injured spouse, as required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse, until all separate property of the offending spouse is exhausted.

(12) If it appears to the prosecuting attorney, the court, or the probation department that the defendant is performing unsatisfactorily in the assigned program, is not benefiting from counseling, or has engaged in criminal conduct, upon request of the probation officer, the prosecuting attorney, or on its own motion, the court, as a priority calendar item, shall hold a hearing to determine whether further sentencing should proceed. The court may consider factors, including, but not limited to, any violence by the defendant against the former or a new victim while on probation and noncompliance with any other specific condition of probation. If the court finds that the defendant is not performing satisfactorily in the assigned program, is not benefiting from the program, has not complied with a condition of probation, or has engaged in criminal conduct, the court shall terminate the defendant's participation in the program and shall proceed with further sentencing.

(b) If a person is granted formal probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, in addition to the terms specified in subdivision (a), all of the following shall apply:

(1) The probation department shall make an investigation and take into consideration the defendant's age, medical history, employment and service records, educational background, community and family ties, prior incidents of violence, police report, treatment history, if any, demonstrable motivation, and other mitigating factors in determining which batterer's program would be appropriate for the defendant. This information shall be provided to the batterer's program if it is requested. The probation department shall also determine which community programs the defendant would benefit from and which of those programs would accept the defendant. The probation department shall report its findings and recommendations to the court.

(2) The court shall advise the defendant that the failure to report to the probation department for the initial investigation, as directed by the court, or the failure to enroll in a specified program, as directed by the court or the probation department, shall result in possible further incarceration. The court, in the interests of justice, may relieve the defendant from the prohibition set forth in this subdivision based upon the defendant's mistake or excusable neglect. Application for this relief shall be filed within 20 court days of the missed deadline. This time limitation may not be extended. A copy of any application for relief shall be served on the office of the prosecuting attorney.

(3) After the court orders the defendant to a batterer's program, the probation department shall conduct an initial assessment of the defendant, including, but not limited to, all of the following:

(A) Social, economic, and family background.

(B) Education.

(C) Vocational achievements.

(D) Criminal history.

(E) Medical history.

(F) Substance abuse history.

(G) Consultation with the probation officer.

(H) Verbal consultation with the victim, only if the victim desires to participate.

(I) Assessment of the future probability of the defendant committing murder.

(4) The probation department shall attempt to notify the victim regarding the requirements for the defendant's participation in the batterer's program, as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(c) The court or the probation department shall refer defendants only to batterer's programs that follow standards outlined in paragraph (1), which may include, but are not limited to, lectures, classes, group

discussions, and counseling. The probation department shall design and implement an approval and renewal process for batterer's programs and shall solicit input from criminal justice agencies and domestic violence victim advocacy programs.

(1) The goal of a batterer's program under this section shall be to stop domestic violence. A batterer's program shall consist of the following components:

(A) Strategies to hold the defendant accountable for the violence in a relationship, including, but not limited to, providing the defendant with a written statement that the defendant shall be held accountable for acts or threats of domestic violence.

(B) A requirement that the defendant participate in ongoing same-gender group sessions.

(C) An initial intake that provides written definitions to the defendant of physical, emotional, sexual, economic, and verbal abuse, and the techniques for stopping these types of abuse.

(D) Procedures to inform the victim regarding the requirements for the defendant's participation in the intervention program as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(E) A requirement that the defendant attend group sessions free of chemical influence.

(F) Educational programming that examines, at a minimum, gender roles, socialization, the nature of violence, the dynamics of power and control, and the effects of abuse on children and others.

(G) A requirement that excludes any couple counseling or family counseling, or both.

(H) Procedures that give the program the right to assess whether or not the defendant would benefit from the program and to refuse to enroll the defendant if it is determined that the defendant would not benefit from the program, so long as the refusal is not because of the defendant's inability to pay. If possible, the program shall suggest an appropriate alternative program.

(I) Program staff who, to the extent possible, have specific knowledge regarding, but not limited to, spousal abuse, child abuse, sexual abuse, substance abuse, the dynamics of violence and abuse, the law, and procedures of the legal system.

(J) Program staff who are encouraged to utilize the expertise, training, and assistance of local domestic violence centers.

(K) A requirement that the defendant enter into a written agreement with the program, which shall include an outline of the contents of the program, the attendance requirements, the requirement to attend group

sessions free of chemical influence, and a statement that the defendant may be removed from the program if it is determined that the defendant is not benefiting from the program or is disruptive to the program.

(L) A requirement that the defendant sign a confidentiality statement prohibiting disclosure of any information obtained through participating in the program or during group sessions regarding other participants in the program.

(M) Program content that provides cultural and ethnic sensitivity.

(N) A requirement of a written referral from the court or probation department prior to permitting the defendant to enroll in the program. The written referral shall state the number of minimum sessions required by the court.

(O) Procedures for submitting to the probation department all of the following uniform written responses:

(i) Proof of enrollment, to be submitted to the court and the probation department and to include the fee determined to be charged to the defendant, based upon the ability to pay, for each session.

(ii) Periodic progress reports that include attendance, fee payment history, and program compliance.

(iii) Final evaluation that includes the program's evaluation of the defendant's progress, using the criteria set forth in paragraph (4) of subdivision (a) and recommendation for either successful or unsuccessful termination or continuation in the program.

(P) A sliding fee schedule based on the defendant's ability to pay. The batterer's program shall develop and utilize a sliding fee scale that recognizes both the defendant's ability to pay and the necessity of programs to meet overhead expenses. An indigent defendant may negotiate a deferred payment schedule, but shall pay a nominal fee, if the defendant has the ability to pay the nominal fee. Upon a hearing and a finding by the court that the defendant does not have the financial ability to pay the nominal fee, the court shall waive this fee. The payment of the fee shall be made a condition of probation if the court determines the defendant has the present ability to pay the fee. The fee shall be paid during the term of probation unless the program sets other conditions. The acceptance policies shall be in accordance with the scaled fee system.

(2) The court shall refer persons only to batterer's programs that have been approved by the probation department pursuant to paragraph (5). The probation department shall do both of the following:

(A) Provide for the issuance of a provisional approval, provided that the applicant is in substantial compliance with applicable laws and regulations and an urgent need for approval exists. A provisional approval shall be considered an authorization to provide services and shall not be considered a vested right.

(B) If the probation department determines that a program is not in compliance with standards set by the department, the department shall provide written notice of the noncompliant areas to the program. The program shall submit a written plan of corrections within 14 days from the date of the written notice on noncompliance. A plan of correction shall include, but not be limited to, a description of each corrective action and timeframe for implementation. The department shall review and approve all or any part of the plan of correction and notify the program of approval or disapproval in writing. If the program fails to submit a plan of correction or fails to implement the approved plan of correction, the department shall consider whether to revoke or suspend approval and, upon revoking or suspending approval, shall have the option to cease referrals of defendants under this section.

(3) No program, regardless of its source of funding, shall be approved unless it meets all of the following standards:

(A) The establishment of guidelines and criteria for education services, including standards of services that may include lectures, classes, and group discussions.

(B) Supervision of the defendant for the purpose of evaluating the person's progress in the program.

(C) Adequate reporting requirements to ensure that all persons who, after being ordered to attend and complete a program, may be identified for either failure to enroll in, or failure to successfully complete, the program or for the successful completion of the program as ordered. The program shall notify the court and the probation department, in writing, within the period of time and in the manner specified by the court of any person who fails to complete the program. Notification shall be given if the program determines that the defendant is performing unsatisfactorily or if the defendant is not benefiting from the education, treatment, or counseling.

(D) No victim shall be compelled to participate in a program or counseling, and no program may condition a defendant's enrollment on participation by the victim.

(4) In making referrals of indigent defendants to approved batterer's programs, the probation department shall apportion these referrals evenly among the approved programs.

(5) The probation department shall have the sole authority to approve a batterer's program for probation. The program shall be required to obtain only one approval but shall renew that approval annually.

(A) The procedure for the approval of a new or existing program shall include all of the following:

(i) The completion of a written application containing necessary and pertinent information describing the applicant program.

(ii) The demonstration by the program that it possesses adequate administrative and operational capability to operate a batterer's treatment program. The program shall provide documentation to prove that the program has conducted batterer's programs for at least one year prior to application. This requirement may be waived under subparagraph (A) of paragraph (2) if there is no existing batterer's program in the city, county, or city and county.

(iii) The onsite review of the program, including monitoring of a session to determine that the program adheres to applicable statutes and regulations.

(iv) The payment of the approval fee.

(B) The probation department shall fix a fee for approval not to exceed two hundred fifty dollars ($250) and for approval renewal not to exceed two hundred fifty dollars ($250) every year in an amount sufficient to cover its costs in administering the approval process under this section. No fee shall be charged for the approval of local governmental entities.

(C) The probation department has the sole authority to approve the issuance, denial, suspension, or revocation of approval and to cease new enrollments or referrals to a batterer's program under this section. The probation department shall review information relative to a program's performance or failure to adhere to standards, or both. The probation department may suspend or revoke any approval issued under this subdivision or deny an application to renew an approval or to modify the terms and conditions of approval, based on grounds established by probation, including, but not limited to, either of the following:

(i) Violation of this section by any person holding approval or by a program employee in a program under this section.

(ii) Misrepresentation of any material fact in obtaining the approval.

(6) For defendants who are chronic users or serious abusers of drugs or alcohol, standard components in the program shall include concurrent counseling for substance abuse and violent behavior, and in appropriate cases, detoxification and abstinence from the abused substance.

(7) The program shall conduct an exit conference that assesses the defendant's progress during his or her participation in the batterer's program.

(d) This section shall become operative on January 1, 2010.

SEC. 7. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 477

An act to amend Section 105256 of the Health and Safety Code, relating to lead abatement.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 105256 of the Health and Safety Code is amended to read:

105256. (a) Notwithstanding any other provision of law, whenever the department or a local enforcement agency determines that a condition at a location or premises, or the activity of any person at the location or premises, is creating or has created a lead hazard at the location or premises, the department or the local enforcement agency may order the owner of the location or premises to abate the lead hazard, and may order the person whose activity is creating or has created the lead hazard, to cease and desist.

(b) It is unlawful for any person to refuse to obey any order issued pursuant to this section.

(c) A violation of subdivision (b) shall be an infraction punishable by a fine not to exceed one thousand dollars ($1,000).

(d) A second or subsequent violation of subdivision (b) shall be a misdemeanor punishable by a fine not to exceed five thousand dollars ($5,000) or by imprisonment for not more than six months in the county jail or by both that fine and imprisonment.

(e) Any penalties under this section shall be in addition to any other penalty or remedy provided by law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 478

An act to amend Sections 115922, 115924, and 115928 of the Health and Safety Code, relating to public safety.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as, and may be cited as, the Swimming Pool and Spa Safety Act of 2006.

SEC. 2. Section 115922 of the Health and Safety Code is amended to read:

115922. (a) Commencing January 1, 2007, except as provided in Section 115925, whenever a building permit is issued for construction of a new swimming pool or spa, or any building permit is issued for remodeling of an existing pool or spa, at a private, single-family home, it shall be equipped with at least one of the following seven drowning prevention safety features:

(1) The pool shall be isolated from access to a home by an enclosure that meets the requirements of Section 115923.

(2) The pool shall incorporate removable mesh pool fencing that meets American Society for Testing and Materials (ASTM) Specifications F 2286 standards in conjunction with a gate that is self-closing and self-latching and can accommodate a key lockable device.

(3) The pool shall be equipped with an approved safety pool cover that meets all requirements of the ASTM Specifications F 1346 .

(4) The residence shall be equipped with exit alarms on those doors providing direct access to the pool.

(5) All doors providing direct access from the home to the swimming pool shall be equipped with a self-closing, self-latching device with a release mechanism placed no lower than 54 inches above the floor.

(6) Swimming pool alarms that, when placed in pools, will sound upon detection of accidental or unauthorized entrance into the water. These pool alarms shall meet and be independently certified to the ASTM Standard F 2208 “Standards Specification for Pool Alarms” which includes surface motion, pressure, sonar, laser, and infrared type alarms. For purposes of this article, “swimming pool alarms” shall not include swimming protection alarm devices designed for individual use, such as an alarm attached to a child that sounds when the child exceeds a certain distance or becomes submerged in water.

(7) Other means of protection, if the degree of protection afforded is equal to or greater than that afforded by any of the devices set forth above, and have been independently verified by an approved testing laboratory as meeting standards for those devices established by the ASTM or the American Society of Mechanical Engineers (ASME).

(b) Prior to the issuance of any final approval for the completion of permitted construction or remodeling work, the local building code official shall inspect the drowning safety prevention devices required by this act and if no violations are found, shall give final approval.

SEC. 3. Section 115924 of the Health and Safety Code is amended to read:

115924. (a) Any person entering into an agreement to build a swimming pool or spa, or to engage in permitted work on a pool or spa covered by this article, shall give the consumer notice of the requirements of this article.

(b) Pursuant to existing law, the Department of Health Services shall have available on the department's Web site, commencing January 1, 2007, approved pool safety information available for consumers to download. Pool contractors are encouraged to share this information with consumers regarding the potential dangers a pool or spa poses to toddlers. Additionally, pool contractors may provide the consumer with swimming pool safety materials produced from organizations such as the United States Consumer Product Safety Commission, Drowning Prevention Foundation, California Coalition for Children's Safety & Health, Safe Kids Worldwide, Association of Pool and Spa Professionals, or the American Academy of Pediatrics.

SEC. 4. Section 115928 of the Health and Safety Code is amended to read:

115928. Whenever a building permit is issued for the construction of a new swimming pool or spa, the pool or spa shall meet all of the following requirements:

(a) (1) The suction outlet of the pool or spa for which the permit is issued shall be equipped to provide circulation throughout the pool or spa as prescribed in paragraph (2).

(2) The swimming pool or spa shall have at least two circulation drains per pump that shall be hydraulically balanced and symmetrically plumbed through one or more "T" fittings, and that are separated by a distance of at least three feet in any dimension between the drains.

(b) Suction outlets that are less than 12 inches across shall be covered with antientrapment grates, as specified in the ASME/ANSI Standard A 112.19.8, that cannot be removed except with the use of tools. Slots or openings in the grates or similar protective devices shall be of a shape,

area, and arrangement that would prevent physical entrapment and would not pose any suction hazard to bathers.

(c) Any backup safety system that an owner of a new swimming pool or spa may choose to install in addition to the requirements set forth in subdivisions (a) and (b) shall meet the standards as published in the document, "Guidelines for Entrapment Hazards: Making Pools and Spas Safer," Publication Number 363, March 2005, United States Consumer Product Safety Commission.

(d) Whenever a building permit is issued for the remodel or modification of a single family home with an existing swimming pool, toddler pool, or spa, the permit shall require that the suction outlet of the existing swimming pool, toddler pool, or spa be upgraded so as to be equipped with an antientrapment cover meeting current standards of the American Society for Testing and Materials (ASTM) or the American Society of Mechanical Engineers (ASME).

SEC. 5. The Legislature hereby directs the Building and Standards Commission to incorporate the provisions of this act into the California State Building Standards Code, no later than January 1, 2010.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 479

An act to add Section 6275 to the Family Code, relating to emergency protective orders.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 6275 is added to the Family Code, to read:

6275. (a) A law enforcement officer who responds to a situation in which the officer believes that there may be grounds for the issuance of an emergency protective order pursuant to Section 6250 of this code or Section 646.91 of the Penal Code, shall inform the person for whom an emergency protective order may be sought, or, if that person is a minor, his or her parent or guardian, provided that the parent or guardian is not

the person against whom the emergency protective order may be obtained, that he or she may request the officer to request an emergency protective order pursuant to this part.

(b) Notwithstanding Section 6250, and pursuant to this part, an officer shall request an emergency protective order if the officer believes that the person requesting an emergency protective order is in immediate and present danger.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 480

An act to add Section 1648 to the Health and Safety Code, relating to human milk.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) There is consensus among health care experts and institutions that breastfeeding is the superior method of feeding and nurturing infants.

(b) The American Dietetic Association states that "human milk provides optimal nutrition to the infant, with its dynamic composition and the appropriate balance of nutrients provided in easily digestible and bioavailable form."

(c) According to the American Academy of Pediatrics 2005 policy statement, "human milk is species-specific, and all substitute feeding preparations differ markedly from it, making human milk uniquely superior for infant feeding." The policy statement also asserts that "research in developed and developing countries of the world, including middle-class populations in developed countries, provides strong evidence that human milk feeding decreases the incidence and severity of a wide range of infectious diseases, including bacterial meningitis, bacteremia diarrhea, respiratory tract infection, necrotizing enterocolitis, otitis media, urinary tract infection, and late-onset sepsis in preterm infants. In addition, postneonatal infant mortality rates in the United States are reduced by 21 percent in breastfed infants. Some studies suggest

decreased rates of sudden infant death syndrome in the first year of life and reduction of insulin-dependent (type 1) and noninsulin-dependent (type 2) diabetes mellitus, lymphoma, leukemia, Hodgkin's disease, overweight and obesity, hypercholesterolemia, and asthma in older children and adults who were breastfed, compared with individuals who were not breastfed.

(d) The American Academy of Pediatrics recommends that infants be exclusively breastfed for approximately six months before being introduced to complementary foods.

(e) Too few women in California exclusively breastfeed their infants in the early postpartum period, let alone in the first six months of life, as recommended by the American Academy of Pediatrics.

(f) There are also racial and ethnic disparities with regard to breastfeeding rates. While 61.8 percent (down from 64 percent in 2001) of white women in California are exclusively breastfeeding in the hospital, only 40 percent of Asians, 27 percent of Pacific Islanders, 30 percent of African-American women, and 29 percent (down from 30 percent in 2001) of Latinas are doing so.

(g) In "Breastfeeding: Investing in California's Future," the Breastfeeding Promotion Committee Report to the California Department of Health Services Primary Care and Family Health (1996) there was a finding that "... women look to health care providers for breastfeeding information and support; however, health care systems, policies, and personnel often unknowingly interfere with the initiation and continuation of breastfeeding." This report also states that health care professionals are in a key position to effect breastfeeding success, and promotional efforts will be successful only if women who are encouraged to breastfeed encounter providers who are able to respond to their needs.

(h) Current California law inadvertently discourages the feeding of breast milk to infants in the hospital by requiring a hospital that permits a mother to store her milk in a hospital refrigerator to obtain and maintain a full tissue bank license.

(i) Hospitals that cannot complete the process for obtaining a full tissue bank license cannot legally allow a mother to store her milk in a refrigerator on the hospital premises.

(j) A mother whose infant is admitted to a hospital may not be able to be physically present to breastfeed the infant at each feeding time, and may wish to store her milk in a refrigerator or freezer on the hospital premises. Many hospitals wish to permit mothers to do this, but are unable to do so due to the lengthy and complicated process required to obtain a full tissue bank license from the State of California.

(k) It is the intent of the Legislature to adopt policies that promote and encourage the breastfeeding of all infants, including those who are hospitalized.

SEC. 2. Section 1648 is added to the Health and Safety Code, to read:

1648. (a) A hospital that collects, processes, stores, or distributes human milk collected from a mother exclusively for her own child shall comply with the most current standards established for the collection, processing, storage, or distribution of human milk by the Human Milk Banking Association of North America until or unless the department approves alternative standards.

(b) A hospital shall be exempt from the requirements of Chapter 4.1 (commencing with Section 1635) for the purpose of collecting, processing, storing, or distributing human milk collected from a mother exclusively for her own child.

(c) Notwithstanding any other provision of law, no screening tests shall be required to be performed on human milk collected from a mother exclusively for her own child.

(d) The department shall assess hospital processes for collecting, processing, storing, or distributing human milk pursuant to its current practice, as required by Chapter 2 (commencing with Section 1250).

(e) This section does not apply to any hospital that collects, processes, stores, or distributes milk from human milk banks or other outside sources.

CHAPTER 481

An act to amend Sections 13776, 13777, and 13779 of, and to add Section 13777.2 to, the Penal Code, relating to law enforcement.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 13776 of the Penal Code is amended to read:

13776. The following definitions apply for the purposes of this title:

(a) "Anti-reproductive-rights crime" means a crime committed partly or wholly because the victim is a reproductive health services client, provider, or assistant, or a crime that is partly or wholly intended to intimidate the victim, any other person or entity, or any class of persons or entities from becoming or remaining a reproductive health services

client, provider, or assistant. "Anti-reproductive-rights crime" includes, but is not limited to, a violation of subdivision (a) or (c) of Section 423.2.

(b) "Subject matter experts" includes, but is not limited to, the Commission on the Status of Women, law enforcement agencies experienced with anti-reproductive-rights crimes, including the Attorney General and the Department of Justice, and organizations such as the American Civil Liberties Union, the American College of Obstetricians and Gynecologists, the California Council of Churches, the California Medical Association, the Feminist Majority Foundation, NARAL Pro-Choice California, the National Abortion Federation, the California National Organization for Women, the Planned Parenthood Federation of America, Planned Parenthood Affiliates of California, and the Women's Health Specialists clinic that represent reproductive health services clients, providers, and assistants.

(c) "Crime of violence," "nonviolent," "reproductive health services;" "reproductive health services client, provider, or assistant;" and "reproductive health services facility" each has the same meaning as set forth in Section 423.1.

SEC. 2. Section 13777 of the Penal Code is amended to read:

13777. (a) Except as provided in subdivision (d), the Attorney General shall do each of the following:

(1) Collect and analyze information relating to anti-reproductive-rights crimes, including, but not limited to, the threatened commission of these crimes and persons suspected of committing these crimes or making these threats. The analysis shall distinguish between crimes of violence, including, but not limited to, violations of subdivisions (a) and (e) of Section 423.2, and nonviolent crimes, including, but not limited to, violations of subdivision (c) of Section 423.2. The Attorney General shall make this information available to federal, state, and local law enforcement agencies and prosecutors in California.

(2) Direct local law enforcement agencies to report to the Department of Justice, in a manner that the Attorney General prescribes, any information that may be required relative to anti-reproductive-rights crimes. The report of each crime that violates Section 423.2 shall note the subdivision that prohibits the crime. The report of each crime that violates any other law shall note the code, section, and subdivision that prohibits the crime. The report of any crime that violates both Section 423.2 and any other law shall note both the subdivision of Section 423.2 and the other code, section, and subdivision that prohibits the crime.

(3) On or before July 1, 2003, and every July 1 thereafter, submit a report to the Legislature analyzing the information it obtains pursuant to this section.

(4) (A) Develop a plan to prevent, apprehend, prosecute, and report anti-reproductive-rights crimes, and to carry out the legislative intent expressed in subdivisions (c), (d), (e), and (f) of Section 1 of the act that enacts this title in the 2001–02 Regular Session of the Legislature.

(B) Make a report on the plan to the Legislature by December 1, 2002. The report shall include recommendations for any legislation necessary to carry out the plan.

(b) In carrying out his or her responsibilities under this section, the Attorney General shall consult the Governor, the Commission on Peace Officer Standards and Training, and other subject matter experts.

(c) To avoid production and distribution costs, the Attorney General may submit the reports that this section requires electronically or as part of any other reports that he or she submits to the Legislature, and shall post the reports that this section requires on the Department of Justice Web site.

(d) The Attorney General shall implement this section to the extent the Legislature appropriates funds in the Budget Act or another statute for this purpose.

SEC. 3. Section 13777.2 is added to the Penal Code, to read:

13777.2. (a) The Commission on the Status of Women shall convene an advisory committee consisting of one person appointed by the Attorney General and one person appointed by each of the organizations named in subdivision (b) of Section 13776 that chooses to appoint a member, and any other subject matter experts the commission may appoint. The advisory committee shall elect its chair and any other officers of its choice.

(b) The advisory committee shall make a report by December 31, 2007, to the Committees on Health, Judiciary, and Public Safety of the Senate and Assembly, to the Attorney General, the Commission on Peace Officer Standards and Training, and the Commission on the Status of Women. The report shall evaluate the implementation of Chapter 899, Statutes of 2001 and the effectiveness of the plan developed by the Attorney General pursuant to subparagraph (A) of paragraph (4) of Section 13777. The report shall also include recommendations concerning whether the Legislature should extend or repeal the sunset dates in Section 13779, recommendations regarding any other legislation, and recommendations for any other actions by the Attorney General, Commission on Peace Officer Standards and Training, or the Commission on the Status of Women.

(c) The Commission on the Status of Women shall transmit the report of the advisory committee to the appropriate committees of the Legislature, including, but not limited to, the Committees on Health, Judiciary, and Public Safety in the Senate and Assembly, and make the

report available to the public, including by posting it on the Commission on the Status of Women's Web site. To avoid production and distribution costs, the Commission on the Status of Women may submit the report electronically or as part of any other report that the Commission on the Status of Women submits to the Legislature.

(d) The Commission on Peace Officer Standards and Training shall make the telecourse that it produced in 2002 pursuant to subdivision (a) of Section 13778 available to the advisory committee. However, before providing the telecourse to the advisory committee or otherwise making it public, the commission shall remove the name and face of any person who appears in the telecourse as originally produced who informs the commission in writing that he or she has a reasonable apprehension that making the telecourse public without the removal will endanger his or her life or physical safety.

(e) Nothing in this section requires any state agency to pay for compensation, travel, or other expenses of any advisory committee member.

SEC. 4. Section 13779 of the Penal Code is amended to read:

13779. This title shall remain in effect until January 1, 2009, and as of that date is repealed unless a later enacted statute deletes or extends that date.

SEC. 5. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 482

An act to amend Section 1367.66 of the Health and Safety Code, and to amend Section 10123.18 of the Insurance Code, relating to health care coverage.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.66 of the Health and Safety Code is amended to read:

1367.66. Every individual or group health care service plan contract, except for a specialized health care service plan, that is issued, amended,

or renewed, on or after January 1, 2002, and that includes coverage for treatment or surgery of cervical cancer shall also be deemed to provide coverage for an annual cervical cancer screening test upon the referral of the patient's physician and surgeon, a nurse practitioner, or certified nurse midwife, providing care to the patient and operating within the scope of practice otherwise permitted for the licensee.

The coverage for an annual cervical cancer screening test provided pursuant to this section shall include the conventional Pap test, a human papillomavirus screening test that is approved by the federal Food and Drug Administration, and the option of any cervical cancer screening test approved by the federal Food and Drug Administration, upon the referral of the patient's health care provider.

Nothing in this section shall be construed to establish a new mandated benefit or to prevent application of deductible or copayment provisions in an existing plan contract. The Legislature intends in this section to provide that cervical cancer screening services are deemed to be covered if the plan contract includes coverage for cervical cancer treatment or surgery.

SEC. 2. Section 10123.18 of the Insurance Code is amended to read:

10123.18. (a) Every individual or group policy of health insurance that provides coverage for hospital, medical, or surgical benefits, that is issued, amended, or renewed, on or after January 1, 2002, and that includes coverage for treatment or surgery of cervical cancer shall also be deemed to provide coverage, upon the referral of a patient's physician and surgeon, a nurse practitioner, or a certified nurse midwife, providing care to the patient and operating within the scope of practice otherwise permitted for the licensee, for an annual cervical cancer screening test.

The coverage for an annual cervical cancer screening test provided pursuant to this section shall include the conventional Pap test, a human papillomavirus screening test that is approved by the federal Food and Drug Administration, and the option of any cervical cancer screening test approved by the federal Food and Drug Administration, upon the referral of the patient's health care provider.

Nothing in this section shall be construed to require an individual or group policy to cover treatment or surgery for cervical cancer or to prevent application of deductible or copayment provisions contained in the policy or certificate, nor shall this section be construed to require that coverage under an individual or group policy be extended to any other procedures.

(b) This section shall not apply to vision only, dental only, accident only, specified disease, hospital indemnity, Medicare supplement, CHAMPUS supplement, long-term care, or disability income insurance. For accident only, hospital indemnity, or specified disease insurance,

coverage for benefits under this section shall apply only to the extent that the benefits are covered under the general terms and conditions that apply to all other benefits under the policy or certificate. Nothing in this section shall be construed as imposing a new benefit mandate on accident only, hospital indemnity, or specified disease insurance.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 483

An act to amend Sections 125118, 125119, 125119.3, 125119.5, and 125300 of, and to add Chapter 2 (commencing with Section 125330) to Part 5.5 of Division 106 of, the Health and Safety Code, relating to reproductive health.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The purpose of this act is to create protections for research subjects and it should not be construed to affect any other form of medical care.

(b) Scientific research can be most effectively achieved by establishing protocols to protect, respect, and promote human health, safety, dignity, autonomy, and rights in conducting research.

(c) This act seeks to support the requirements already in current law upholding the principle of voluntary and informed consent and to tailor them to this new area of pioneering research that utilizes human oocytes.

(d) The potential for exploitation of the reproductive capabilities of women for commercial gain raises health and ethical concerns that justify the prohibition of payment for human oocytes.

SEC. 2. Section 125118 of the Health and Safety Code is amended to read:

125118. (a) The State Department of Health Services shall develop guidelines for research involving the derivation or use of human embryonic stem cells in California.

(b) In developing the guidelines specified in subdivision (a), the department may consider other applicable guidelines developed or in use in the United States and in other countries, including, but not limited to, the Guidelines for Research Using Human Pluripotent Stem Cells developed by the National Institutes of Health and published in August 2000, and corrected in November 2000, and the Guidelines for Human Embryonic Stem Cell Research issued by the National Research Council and Institute of Medicine of the National Academies in 2005.

SEC. 3. Section 125119 of the Health and Safety Code is amended to read:

125119. (a) (1) All research projects involving the derivation or use of human embryonic stem cells shall be reviewed and approved by a stem cell research oversight committee prior to being undertaken. Any stem cell research oversight committee shall, in its review of human embryonic stem cell research projects, consider and apply the guidelines developed by the department pursuant to Section 125118. A stem cell research oversight committee may require modifications to the plan or design of a proposed human embryonic stem cell research project as a condition of approving the research project.

(2) A stem cell research oversight committee for purposes of this article shall be established substantially in accordance with Guidelines for Human Embryonic Stem Cell Research issued by the National Research Council and the Institute of Medicine of the National Academies in 2005. This committee shall be established in accordance with standards issued by the California Institute for Regenerative Medicine (CIRM) as authorized by Article XXXV of the California Constitution. The intent of the Legislature is to avoid inconsistencies for stem cell research oversight committees established pursuant to this article with other existing standards for research conducted in California.

(b) Not less than once per year, a stem cell research oversight committee shall conduct continuing review of human embryonic stem cell research projects reviewed and approved under this section in order to ensure that the research continues to meet the standards for stem cell research oversight committee approval. Pursuant to its review in accordance with this subdivision, a stem cell research oversight committee may revoke its prior approval of research under this section and require modifications to the plan or design of a continuing research project before permitting the research to continue.

(c) A stem cell research oversight committee may provide scientific and ethical review of research consistent with this article.

SEC. 4. Section 125119.3 of the Health and Safety Code is amended to read:

125119.3. (a) Each stem cell research oversight committee that has reviewed human embryonic stem cell research pursuant to Section 125119 shall report to the department, annually, on the number of human embryonic stem cell research projects that the stem cell research oversight committee has reviewed, and the status and disposition of each of those projects, including the information collected pursuant to Section 125342.

(b) Each stem cell research oversight committee shall also report to the department regarding unanticipated problems, unforeseen issues, or serious continuing investigator noncompliance with the requirements or determinations of the stem cell research oversight committee with respect to the review of human embryonic stem cell research projects, and the actions taken by the stem cell research oversight committee to respond to these situations.

SEC. 5. Section 125119.5 of the Health and Safety Code is amended to read:

(b) The department shall provide a biennial review to the Legislature on human embryonic stem cell research activity. These biennial reviews shall be compiled from the reports from stem cell research oversight committees.

SEC. 6. Section 125300 of the Health and Safety Code is amended to read:

125300. The policy of the State of California shall be that research involving the derivation and use of human embryonic stem cells, human embryonic germ cells, and human adult stem cells, including somatic cell nuclear transplantation, shall be reviewed by a stem cell research oversight committee.

SEC. 7. Chapter 2 (commencing with Section 125330) is added to Part 5.5 of Division 106 of the Health and Safety Code, to read:

Chapter 2. Procuring of Oocytes for Research

125330. The following definitions shall apply to this chapter:

(a) "Assisted oocyte production" or "AOP" means surgical extraction of oocytes following pharmaceutically induced manipulation of oocyte production through the use of ovarian stimulation.

(b) "Oocyte" means a female egg or egg cell of a human female.

(c) "Subject" means any person undergoing AOP or any alternative method of ovarian retrieval for research or for the development of

medical therapies, including those who would not meet the definition of "subject" under 45 C.F.R. 46.102.

(d) "Alternate method of oocyte retrieval" means a method of oocyte retrieval that does not involve the pharmaceutically induced manipulation of oocyte production.

(e) "Institutional review board" means a body established in accordance with federal regulations, including Part 46 (commencing with Section 46.101) of Subchapter A of Subtitle A of Title 45 of the Code of Federal Regulations.

125335. (a) Prior to obtaining informed consent from a subject for AOP or any alternative method of ovarian retrieval on a subject for the purpose of procuring oocytes for research or the development of medical therapies, a physician and surgeon shall provide to the subject a standardized medically accurate written summary of health and consumer issues associated with AOP and any alternative methods of oocyte retrieval. The failure to provide to a subject this standardized medically accurate written summary constitutes unprofessional conduct within the meaning of Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

(b) The summary shall include, but not be limited to, medically accurate disclosures concerning the potential risks of AOP or any alternative method of oocyte retrieval, including the risks associated with the surgical procedure and with using the drugs, medications, and hormones prescribed for ovarian stimulation during the AOP process or any alternative method of oocyte retrieval.

(c) For purposes of subdivision (a), "written summary of health and consumer issues" means the guide published and updated by the American Society for Reproductive Medicine entitled, "Assisted Reproductive Technology: A Guide for Patients" or an alternative written medically accurate document prepared by a recognized authority on oocyte retrieval for medical research that also meets the criteria included in this section. This alternative document may be one that has been approved and recommended by the State Department of Health Services pursuant to Section 125118 and shall include all of the following:

(1) The document shall adhere to simplified reading standards, including, but not limited to, those generally accepted and required for government publications. The document shall be written in layperson's language and shall be made available in languages spoken by subjects in the study if their proficiency is largely in a language other than English. All information in the document shall be conveyed to the subject orally in easy to understand and nontechnical terms.

(2) The document shall include additional resources for, or list additional sources of, medical information on health and safety issues surrounding oocyte retrieval.

125340. (a) Prior to providing AOP or any alternative method of ovarian retrieval to a subject for the purposes of medical research or development of medical therapies, a physician and surgeon shall obtain written and oral informed consent for the procedure from the subject. Informed consent for the purposes of this chapter shall comply with the informed consent requirements of the Protection of Human Subjects in Medical Experimentation Act (Chapter 1.3 (commencing with Section 24170) of Division 20).

(b) The failure to obtain written informed consent from the subject constitutes unprofessional conduct within the meaning of Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code. Nothing in this section shall be construed to relieve the physician and surgeon from other existing duties under the law, including, but not limited to, the duty to obtain a subject's informed consent after fully explaining the proposed procedure. The requirement that a physician and surgeon provide the standardized written summary pursuant to Section 125335 is in addition to, and does not supplant, other existing legal requirements regarding informed consent, including, but not limited to, compliance with the Protection of Human Subjects in Medical Experimentation Act (Chapter 1.3 (commencing with Section 24170) of Division 20.

(c) This chapter shall not affect the suitability or availability of oocytes procured for research before January 1, 2007, if the oocytes were donated pursuant to protocols or standards that are generally recognized and accepted by national or international scientific bodies.

(d) Any written document required pursuant to this section shall adhere to simplified reading standards, including, but not limited to, those generally accepted and required for government publications, and in layperson's language. The document shall be made available in languages spoken by subjects in the study if their proficiency is largely in a language other than English. All information in the written informed consent document shall also be conveyed to the subject orally in easy to understand and nontechnical terms.

125341. An institutional review board (IRB) that reviews and approves medical and scientific research shall require all of the following of any research program or project that comes under its review that involves AOP or any alternative method of oocyte retrieval:

(a) That it include a written summary as required under Section 125335 that would include information on health risks and potential

adverse consequences of the procedure and describe the manner in which the subject will receive and review this written summary.

(b) That it obtain informed consent in compliance with the Protection of Human Subjects in Medical Experimentation Act (Chapter 1.3 (commencing with Section 24170) of Division 20), including informed consent for information obtained pursuant to Section 125342.

(c) That it provide the subject with an objective and accurate statement about the existing state of the research for which the subject is providing oocytes.

(d) That it perform psychological and physical screening, in accordance with the appropriate standard of care, for all subjects prior to the oocyte retrieval procedure.

(e) That it ensure that after conducting AOP or any alternative method of oocyte retrieval on a subject, the subject be given a postprocedure medical examination at a time within the standard of care to determine if the subject has experienced an adverse health effect that is a result of the procedure. The subject shall be informed that she has the right to a second opinion if she has any medical concerns.

(f) That it ensure that the subject has access to and coverage for medically appropriate medical care that is required as a direct result of the procedure for research purposes. The research program or project shall ensure that payment or coverage of resulting medical expenses be provided at no cost to the subject and that a summary of the arrangements the procuring entity has made for coverage or payment for medical care related to AOP or any alternative method of oocyte retrieval is provided to the subject prior to the procedure.

(g) That it provide a summary informing the subject that oocytes may not be sold or transferred for valuable consideration except as set forth in Section 125350.

(h) That it provide disclosure if the physician and surgeon and his or her immediate family members have any professional interest in the outcome of the research or of the oocyte retrieval procedure and, if so, that it provide disclosure that he or she carries the interest of both the subject and the success of the research.

125342. (a) A research program or project that involves AOP or any alternative method of oocyte retrieval shall ensure that a written record is established and maintained to include, but not be limited to, all of the following components:

(1) The demographics of subjects, including, but not limited to, their age, race, primary language, ethnicity, income bracket, education level, and the first three digits of the ZIP Code of current residence.

(2) Information regarding every oocyte that has been donated or used. This record should be sufficient to determine the provenance and disposition of those materials.

(3) A record of all adverse health outcomes, including, but not limited to, incidences and degrees of severity, resulting from the AOP or any alternative method of oocyte retrieval.

(b) (1) The information included in the written record pursuant to subdivision (a) shall not disclose personally identifiable information about subjects, and shall be confidential and is deemed protected by subject privacy provisions of law. This information shall be reported to the State Department of Health Services, which shall aggregate the data and make it publicly available, as set forth in paragraph (2), in a manner that does not reveal personally identifiable information about the subjects.

(2) The department shall provide public access to information which it is required to release pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code). The department shall disseminate the information to the general public via governmental and other Web sites in a manner that is understandable to the average person. The information shall be made available to the public when the biennial review pursuant to Section 125119.5 is provided to the Legislature.

125343. Any employee who works in the unit conducting stem cell research using human oocytes, persons who report to, or are supervised by, the principal investigator or key personnel of the project, or both, along with the principal investigator and the key personnel of the project, and the immediate family members of any of the above persons are prohibited from being a subject in the research.

125344. The physician and surgeon performing the AOP or any alternative method of oocyte retrieval shall not have a financial interest in the outcome of the research.

125345. Pursuant to guidelines adopted by the Research Council and Institute of Medicine of the National Academies, researchers shall offer subjects an opportunity to document their preferences regarding future uses of their donated materials. The consent process shall fully explore whether subjects have objections to any specific forms of research to ensure that their wishes are honored.

125346. Any procedures for procuring oocytes in this state for research or the development of medical therapies shall meet all of the standards for subjects included in this chapter. All oocytes procured outside of this state for research taking place in this state shall meet these same standards. All egg extractions for research shall be approved by an institutional review board pursuant to Section 125341.

125350. No human oocyte or embryo shall be acquired, sold, offered for sale, received, or otherwise transferred for valuable consideration for the purposes of medical research or development of medical therapies. For purposes of this section, "valuable consideration" does not include reasonable payment for the removal, processing, disposal, preservation, quality control, and storage of oocytes or embryos.

125355. No payment in excess of the amount of reimbursement of direct expenses incurred as a result of the procedure shall be made to any subject to encourage her to produce human oocytes for the purposes of medical research.

SEC. 8. This act shall not be construed to amend Proposition 71, approved by the voters at the November 2, 2004, general election.

(c) Undertake public education activities related to umbilical cord blood donation to targeted populations, as appropriate.

123371. (a) The State Department of Health Services shall develop standardized, objective information about umbilical cord blood donation that is sufficient to allow a pregnant woman to make an informed decision on whether to participate in a private or public umbilical cord blood

banking program. This information shall include, but not be limited to, all of the following:

(1) The current and potential future medical uses of stored umbilical cord blood.

(2) The benefits and risks involved in umbilical cord blood banking.

(2) The department shall expeditiously undertake all steps necessary to implement the fee collection process, including personnel, contracts, and data processing, so as to initiate the fee collection process at the earliest opportunity.

(3) The director shall convene, in the most cost-efficient manner and using existing resources, a working group comprised of health insurance, health care service plan, hospital, consumer, and department representatives to evaluate newborn and prenatal screening fee billing procedures, and recommend to the department ways to improve these procedures in order to improve efficiencies and enhance revenue collections for the department and hospitals. In performing its duties, the working group may consider models in other states. The working group shall make its recommendations by March 1, 2005.

(4) Effective for services provided on and after July 1, 2002, the department shall charge a fee to the hospital of birth, or, for births not occurring in a hospital, to families of the newborn, for newborn screening and followup services. The hospital of birth and families of newborns born outside the hospital shall make payment in full to the Genetic Disease Testing Fund. The department shall not charge or bill Medi-Cal beneficiaries for services provided under this chapter.

(5) The department shall charge a fee for prenatal screening to support the pregnancy blood sample storage, testing, and research activities of the Birth Defects Monitoring Program.

(7) The only funds from the Genetic Disease Testing Fund that may be used for the purpose of supporting the pregnancy blood sample storage, testing, and research activities of the Birth Defects Monitoring Program are those prenatal screening fees assessed and collected specifically to support those Birth Defects Monitoring Program activities.

(c) (1) The Legislature finds that timely implementation of changes in genetic screening programs and continuous maintenance of quality statewide services requires expeditious regulatory and administrative procedures to obtain the most cost-effective electronic data processing, hardware, software services, testing equipment, and testing and followup services.

(2) The expenditure of funds from the Genetic Disease Testing Fund for these purposes shall not be subject to Section 12102 of, and Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of, the Public Contract Code, or to Division 25.2 (commencing with Section 38070). The department shall provide the Department of Finance with documentation that equipment and services have been obtained at the lowest cost consistent with technical requirements for a comprehensive high-quality program.

(3) The expenditure of funds from the Genetic Disease Testing Fund for implementation of the Tandem Mass Spectrometry screening for fatty acid oxidation, amino acid, and organic acid disorders, and screening for congenital adrenal hyperplasia may be implemented through the amendment of the Genetic Disease Branch Screening Information System contracts and shall not be subject to Chapter 3 (commencing with Section 12100) of Part 2 of Division 2 of the Public Contract Code, Article 4 (commencing with Section 19130) of Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code, and any policies, procedures, regulations or manuals authorized by those laws.

inclusive, of the State Administrative Manual as they relate to approval of information technology projects or approval of increases in the duration or costs of information technology projects. This paragraph shall apply to the design, development, and implementation of the expansion, and to the maintenance and operation of the Genetic Disease Branch Screening Information System, including change requests, once the expansion is implemented.

(d) (1) The department may adopt emergency regulations to implement and make specific this chapter in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these emergency regulations shall not be subject to the review and approval of the Office of Administrative Law. Notwithstanding Section 11346.1 and Section 11349.6 of the Government Code, the department shall submit these regulations directly to the Secretary of State for filing. The regulations shall become effective immediately upon filing by the Secretary of State. Regulations shall be subject to public hearing within 120 days of filing with the Secretary of State and shall comply with Sections 11346.8 and 11346.9 of the Government Code or shall be repealed.

(2) The Office of Administrative Law shall provide for the printing and publication of these regulations in the California Code of Regulations. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the regulations adopted pursuant to this chapter shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the department.

(3) The Legislature finds and declares that the health and safety of California newborns is in part dependent on an effective and adequately staffed genetic disease program, the cost of which shall be supported by the fees generated by the program.

SEC. 4. Section 125002 is added to the Health and Safety Code, to read:

125002. (a) In order to align closely related programs and in order to facilitate research into the causes of, and treatment for, birth defects, the Birth Defects Monitoring Program provided for pursuant to Chapter 1 (commencing with Section 103825) of Part 2 of Division 102 shall become part of the Maternal, Child, and Adolescent Health program

provided for in Article 1 (commencing with Section 123225) of Chapter 1 of Part 2 of Division 106.

(b) It is the intent of the Legislature that pregnancy blood samples, taken for prenatal screening, shall be stored and used only for the following purposes:

(1) Research to identify risk factors for children's and women's diseases.

(2) Research to develop and evaluate screening tests.

(3) Research to develop and evaluate prevention strategies.

(4) Research to develop and evaluate treatments.

(c) Before any pregnancy blood samples are released for research purposes, all of the following conditions must be met:

(1) Individual consent at the time the sample is drawn to allow confidential use of the sample for research purposes by the department or the department's approved researchers.

(2) Protocol review for scientific merit by the department or another entity authorized by the department.

(3) Protocol review by the State Committee for the Protection of Human Subjects.

(d) When pregnancy blood samples are stored, analyzed or otherwise shared for research purposes with nondepartment staff, no information may be released identifying the person from whom the samples were obtained.

(e) Since the pregnancy blood samples described in this section will be stored by the California Birth Defects Monitoring Program or another entity authorized by the State Department of Health Services, Section 103850, pertaining to confidentiality of information, is applicable.

SEC. 5. Section 125055 of the Health and Safety Code is amended to read:

125055. The department shall:

(a) Establish criteria for eligibility for the prenatal testing program. Eligibility shall include definition of conditions and circumstances that result in a high risk of a detectable genetic disorder or birth defect.

(b) Develop an education program designed to educate physicians and surgeons and the public concerning the uses of prenatal testing and the availability of the program.

(c) Ensure that genetic counseling be given in conjunction with prenatal testing at the approved prenatal diagnosis centers.

(d) Designate sufficient prenatal diagnosis centers to meet the need for these services. Prenatal diagnosis centers shall have equipment and staff trained and capable of providing genetic counseling and performing prenatal diagnostic procedures and tests, including the interpretation of the results of the procedures and tests.

(e) Administer a program of subsidy grants for approved nonprofit prenatal diagnosis centers. The subsidy grants shall be awarded based on the reported number of low-income women referred to the center, the number of prenatal diagnoses performed in the previous year at that center, and the estimated size of unmet need for prenatal diagnostic procedures and tests in its service area. This subsidy shall be in addition to fees collected under other state programs.

(f) Establish any rules, regulations, and standards for prenatal diagnostic testing and the allocation of subsidies as the director deems necessary to promote and protect the public health and safety and to implement the Hereditary Disorders Act (Section 27).

(g) (1) The department shall expand prenatal screening to include all tests that meet or exceed the current standard of care as recommended by nationally recognized medical or genetic organizations, including, but not limited to, inhibin.

(2) The prenatal screening fee increase for expanding prenatal screening to include those tests described in paragraph (1) is forty dollars ($40).

(3) The department shall report to the Legislature regarding the progress of the program with regard to implementing prenatal screening for those tests described in paragraph (1) on or before July 1, 2007. The report shall include the costs of screening, followup, and treatment as compared to costs and morbidity averted by this testing under the program.

(4) (A) The expenditure of funds from the Genetic Disease Testing Fund for the expansion of the Genetic Disease Branch Screening Information System to include the expansion of prenatal screenings, pursuant to paragraph (1), may be implemented through the amendment of the Genetic Disease Branch Screening Information System contracts, and shall not be subject to Chapter 2 (commencing with Section 10290) or Chapter 3 (commencing with Section 12100) of Part 2 of Division 2 of the Public Contract Code, Article 4 (commencing with Section 19130) of Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code, or Sections 4800 to 5180, inclusive, of the State Administrative Manual as they relate to approval of information technology projects or approval of increases in the duration or costs of information technology projects. This paragraph shall apply to the design, development, and implementation of the expansion, and to the maintenance and operation of the Genetic Disease Branch Screening Information System, including change requests, once the expansion is implemented.

(B) (i) The department may adopt emergency regulations to implement and make specific the amendments to this section made during the 2006 portion of the 2005–06 Regular Session in accordance with

Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these emergency regulations shall not be subject to the review and approval of the Office of Administrative Law. Notwithstanding Section 11346.1 and Section 11349.6 of the Government Code, the department shall submit these regulations directly to the Secretary of State for filing. The regulations shall become effective immediately upon filing by the Secretary of State. Regulations shall be subject to public hearing within 120 days of filing with the Secretary of State and shall comply with Sections 11346.8 and 11346.9 of the Government Code or shall be repealed.

(ii) The Office of Administrative Law shall provide for the printing and publication of these regulations in the California Code of Regulations. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the regulations adopted pursuant to this chapter shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the department.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 485

An act to amend Sections 109275, 109277, and 109280 of the Health and Safety Code, relating to public health.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 109275 of the Health and Safety Code is amended to read:

109275. (a) Upon a diagnosis of breast cancer, the physician and surgeon, meaning the primary provider who initially referred the patient for the screening or biopsy or, if different, the provider who has made the diagnosis of breast cancer and initially consulted with the patient about treatment, shall give the patient the written summary described in subdivision (c) and required by this section and shall note on the patient's chart that he or she has given the patient the written summary. The physician and surgeon may choose to provide the summary prior to the performance of a screening or biopsy for breast cancer upon a patient's request or at the discretion of the physician and surgeon in appropriate cases, including, but not limited to, instances when a patient has demonstrated risk factors, has a family history of breast cancer, or is otherwise susceptible.

(b) The failure of a physician and surgeon to inform a patient, by means of a standardized written summary developed by the department on the recommendation of the Cancer Advisory Council in accordance with subdivision (c), in layperson's language and in a language understood by the patient, of alternative efficacious methods of treatment that may be medically viable, including surgical, radiological, or chemotherapeutic treatments or combinations thereof, when the patient is being treated for any form of breast cancer, constitutes unprofessional conduct within the meaning of Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

(c) (1) A standardized written summary in layperson's language and in a language understood by the patient shall be developed by the department with the recommendations of the Cancer Advisory Council, and shall be printed and made available by the Medical Board of California to physicians and surgeons, for the purposes of informing the patient of the advantages, disadvantages, risks, and descriptions of the procedures with regard to medically viable and efficacious alternative methods of treatment for breast cancer as required by subdivision (a).

(2) Commencing no later than January 1, 1995, and every three years thereafter, the department shall review the written summary and shall revise the written summary if the department determines that new or revised information should be included in the written summary, and shall provide a copy of the revised summary to the Medical Board of California.

(3) At the next revision of the standardized written summary required by this section, the department shall incorporate all of the following additional information:

(A) Information regarding methods of treatment for breast cancer that are in the investigational or clinical trial stage and are recognized for treatment by the Physician's Data Query of the National Cancer Institute.

(B) Available reference numbers, including, but not limited to, the "800" telephone numbers for the National Cancer Institute and the American Cancer Society, in order for breast cancer patients to obtain the most recent information.

(e) The department and the Medical Board of California shall each post the summary on its Internet Web site.

SEC. 2. Section 109277 of the Health and Safety Code is amended to read:

109277. (a) Every person or entity who owns or operates a health facility or a clinic, or who is licensed as a physician and surgeon and rents or owns the premises where his or her practice is located, shall cause a sign or notice to be posted where a physician and surgeon performs breast cancer screening or biopsy as an outpatient service, or in a reasonably proximate area to where breast cancer screening or biopsy is performed. A sign or notice posted at the patient registration area of the health facility, clinic, or physician and surgeon's office shall constitute compliance with this section.

(b) The sign or notice shall read as follows:

"BE INFORMED"

"Upon a diagnosis of breast cancer, your physician and surgeon is required to provide you a written summary of alternative efficacious methods of treatment, pursuant to Section 109275 of the California Health and Safety Code. Your physician and surgeon may choose to provide the summary prior to the performance of a screening or biopsy for breast cancer at your request or at the physician and surgeon's discretion, when appropriate."

"The information about methods of treatment was developed by the State Department of Health Services to inform patients of the advantages, disadvantages, risks, and descriptions of procedures."

(c) The sign shall be not less than eight and one-half inches by 11 inches and shall be conspicuously displayed so as to be readable. The words "BE INFORMED" shall not be less than one-half inch in height and shall be centered on a single line with no other text. SEC. 3. Section 109280 of the Health and Safety Code is amended to read:

109280. (a) A standardized written summary in layperson's language and in a language understood by patients shall be approved by the department. The department may approve the use of an existing publication from a recognized cancer authority as the written summary. Commencing on January 1, 2003, and every three years thereafter, the department shall review its approval of the use of an existing publication from a recognized cancer authority as the written summary to ensure that the approved written summary comprises timely, new, and revised information regarding prostate cancer treatment options as the department determines is necessary. The written summary shall be printed or made available by the Medical Board of California to physicians and surgeons, concerning the advantages, disadvantages, risks, and descriptions, of procedures with regard to medically viable and efficacious alternative methods of treatment of prostate cancer. Physicians and surgeons are urged to make the summary available to patients when appropriate.

(b) The department and the Medical Board of California shall each post this summary on its Internet Web site for public use.

(c) If the department updates this summary, it shall send the updated summary to the Medical Board of California and both the department and the Medical Board of California shall each post this updated summary on its Internet Web site.

CHAPTER 487

An act to amend Sections 733 and 4122 of the Business and Professions Code, relating to healing arts.

[Approved by Governor September 26, 2006. Filed with Secretary of State September 26, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 733 of the Business and Professions Code is amended to read:

733. (a) No licentiate shall obstruct a patient in obtaining a prescription drug or device that has been legally prescribed or ordered for that patient. A violation of this section constitutes unprofessional conduct by the licentiate and shall subject the licentiate to disciplinary or administrative action by his or her licensing agency.

(b) Notwithstanding any other provision of law, a licentiate shall dispense drugs and devices, as described in subdivision (a) of Section 4024, pursuant to a lawful order or prescription unless one of the following circumstances exists:

(1) Based solely on the licentiate's professional training and judgment, dispensing pursuant to the order or the prescription is contrary to law, or the licentiate determines that the prescribed drug or device would cause a harmful drug interaction or would otherwise adversely affect the patient's medical condition.

(2) The prescription drug or device is not in stock. If an order, other than an order described in Section 4019, or prescription cannot be dispensed because the drug or device is not in stock, the licentiate shall take one of the following actions:

(A) Immediately notify the patient and arrange for the drug or device to be delivered to the site or directly to the patient in a timely manner.

(B) Promptly transfer the prescription to another pharmacy known to stock the prescription drug or device that is near enough to the site from which the prescription or order is transferred, to ensure the patient has timely access to the drug or device.

(C) Return the prescription to the patient and refer the patient. The licentiate shall make a reasonable effort to refer the patient to a pharmacy that stocks the prescription drug or device that is near enough to the referring site to ensure that the patient has timely access to the drug or device.

(3) The licentiate refuses on ethical, moral, or religious grounds to dispense a drug or device pursuant to an order or prescription. A licentiate may decline to dispense a prescription drug or device on this basis only if the licentiate has previously notified his or her employer, in writing, of the drug or class of drugs to which he or she objects, and the licentiate's employer can, without creating undue hardship, provide a reasonable accommodation of the licentiate's objection. The licentiate's employer shall establish protocols that ensure that the patient has timely access to the prescribed drug or device despite the licentiate's refusal to dispense the prescription or order. For purposes of this section, "reasonable accommodation" and "undue hardship" shall have the same meaning as applied to those terms pursuant to subdivision (*l*) of Section 12940 of the Government Code.

(c) For the purposes of this section, "prescription drug or device" has the same meaning as the definition in Section 4022.

(d) The provisions of this section shall apply to the drug therapy described in paragraph (8) of subdivision (a) of Section 4052.

(e) This section imposes no duty on a licentiate to dispense a drug or device pursuant to a prescription or order without payment for the drug or device, including payment directly by the patient or through a third-party payer accepted by the licentiate or payment of any required copayment by the patient.

(f) The notice to consumers required by Section 4122 shall include a statement that describes patients' rights relative to the requirements of this section.

SEC. 2. Section 4122 of the Business and Professions Code is amended to read:

4122. (a) In every pharmacy there shall be prominently posted in a place conspicuous to and readable by prescription drug consumers a notice provided by the board concerning the availability of prescription price information, the possibility of generic drug product selection, the type of services provided by pharmacies, and a statement describing patients' rights relative to the requirements imposed on pharmacists pursuant to Section 733. The format and wording of the notice shall be adopted by the board by regulation. A written receipt that contains the required information on the notice may be provided to consumers as an alternative to posting the notice in the pharmacy.

(b) A pharmacist, or a pharmacist's employee, shall give the current retail price for any drug sold at the pharmacy upon request from a consumer, however that request is communicated to the pharmacist or employee.

(c) If a requester requests price information on more than five prescription drugs and does not have valid prescriptions for all of the drugs for which price information is requested, a pharmacist may require the requester to meet any or all of the following requirements:

(1) The request shall be in writing.

(2) The pharmacist shall respond to the written request within a reasonable period of time. A reasonable period of time is deemed to be 10 days, or the time period stated in the written request, whichever is later.

(3) A pharmacy may charge a reasonable fee for each price quotation, as long as the requester is informed that there will be a fee charged.

(4) No pharmacy shall be required to respond to more than three requests as described in this subdivision from any one person or entity in a six-month period.

(d) This section shall not apply to a pharmacy that is located in a licensed hospital and that is accessible only to hospital medical staff and personnel.

(e) Notwithstanding any other provision of this section, no pharmacy shall be required to do any of the following:

(1) Provide the price of any controlled substance in response to a telephone request.

(2) Respond to a request from a competitor.

(3) Respond to a request from an out-of-state requester.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 488

An act to add Division 25.5 (commencing with Section 38500) to the Health and Safety Code, relating to air pollution.

[Approved by Governor September 27, 2006. Filed with Secretary of State September 27, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Division 25.5 (commencing with Section 38500) is added to the Health and Safety Code, to read:

DIVISION 25.5. CALIFORNIA GLOBAL WARMING SOLUTIONS ACT OF 2006

PART 1. GENERAL PROVISIONS

CHAPTER 1. TITLE OF DIVISION

38500. This division shall be known, and may be cited, as the California Global Warming Solutions Act of 2006.

CHAPTER 2. FINDINGS AND DECLARATIONS

38501. The Legislature finds and declares all of the following:

(a) Global warming poses a serious threat to the economic well-being, public health, natural resources, and the environment of California. The potential adverse impacts of global warming include the exacerbation of air quality problems, a reduction in the quality and supply of water to the state from the Sierra snowpack, a rise in sea levels resulting in the displacement of thousands of coastal businesses and residences, damage

to marine ecosystems and the natural environment, and an increase in the incidences of infectious diseases, asthma, and other human health-related problems.

(b) Global warming will have detrimental effects on some of California's largest industries, including agriculture, wine, tourism, skiing, recreational and commercial fishing, and forestry. It will also increase the strain on electricity supplies necessary to meet the demand for summer air-conditioning in the hottest parts of the state.

(c) California has long been a national and international leader on energy conservation and environmental stewardship efforts, including the areas of air quality protections, energy efficiency requirements, renewable energy standards, natural resource conservation, and greenhouse gas emission standards for passenger vehicles. The program established by this division will continue this tradition of environmental leadership by placing California at the forefront of national and international efforts to reduce emissions of greenhouse gases.

(d) National and international actions are necessary to fully address the issue of global warming. However, action taken by California to reduce emissions of greenhouse gases will have far-reaching effects by encouraging other states, the federal government, and other countries to act.

(e) By exercising a global leadership role, California will also position its economy, technology centers, financial institutions, and businesses to benefit from national and international efforts to reduce emissions of greenhouse gases. More importantly, investing in the development of innovative and pioneering technologies will assist California in achieving the 2020 statewide limit on emissions of greenhouse gases established by this division and will provide an opportunity for the state to take a global economic and technological leadership role in reducing emissions of greenhouse gases.

(f) It is the intent of the Legislature that the State Air Resources Board coordinate with state agencies, as well as consult with the environmental justice community, industry sectors, business groups, academic institutions, environmental organizations, and other stakeholders in implementing this division.

(g) It is the intent of the Legislature that the State Air Resources Board consult with the Public Utilities Commission in the development of emissions reduction measures, including limits on emissions of greenhouse gases applied to electricity and natural gas providers regulated by the Public Utilities Commission in order to ensure that electricity and natural gas providers are not required to meet duplicative or inconsistent regulatory requirements.

(h) It is the intent of the Legislature that the State Air Resources Board design emissions reduction measures to meet the statewide emissions limits for greenhouse gases established pursuant to this division in a manner that minimizes costs and maximizes benefits for California's economy, improves and modernizes California's energy infrastructure and maintains electric system reliability, maximizes additional environmental and economic co-benefits for California, and complements the state's efforts to improve air quality.

(i) It is the intent of the Legislature that the Climate Action Team established by the Governor to coordinate the efforts set forth under Executive Order S-3-05 continue its role in coordinating overall climate policy.

Chapter 3. Definitions

38505. For the purposes of this division, the following terms have the following meanings:

(a) "Allowance" means an authorization to emit, during a specified year, up to one ton of carbon dioxide equivalent.

(b) "Alternative compliance mechanism" means an action undertaken by a greenhouse gas emission source that achieves the equivalent reduction of greenhouse gas emissions over the same time period as a direct emission reduction, and that is approved by the state board. "Alternative compliance mechanism" includes, but is not limited to, a flexible compliance schedule, alternative control technology, a process change, or a product substitution.

(c) "Carbon dioxide equivalent" means the amount of carbon dioxide by weight that would produce the same global warming impact as a given weight of another greenhouse gas, based on the best available science, including from the Intergovernmental Panel on Climate Change.

(d) "Cost-effective" or "cost-effectiveness" means the cost per unit of reduced emissions of greenhouse gases adjusted for its global warming potential.

(e) "Direct emission reduction" means a greenhouse gas emission reduction action made by a greenhouse gas emission source at that source.

(f) "Emissions reduction measure" means programs, measures, standards, and alternative compliance mechanisms authorized pursuant to this division, applicable to sources or categories of sources, that are designed to reduce emissions of greenhouse gases.

(g) "Greenhouse gas" or "greenhouse gases" includes all of the following gases: carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexaflouride.

(h) "Greenhouse gas emissions limit" means an authorization, during a specified year, to emit up to a level of greenhouse gases specified by the state board, expressed in tons of carbon dioxide equivalents.

(i) "Greenhouse gas emission source" or "source" means any source, or category of sources, of greenhouse gas emissions whose emissions are at a level of significance, as determined by the state board, that its participation in the program established under this division will enable the state board to effectively reduce greenhouse gas emissions and monitor compliance with the statewide greenhouse gas emissions limit.

(j) "Leakage" means a reduction in emissions of greenhouse gases within the state that is offset by an increase in emissions of greenhouse gases outside the state.

(k) "Market-based compliance mechanism" means either of the following:

(1) A system of market-based declining annual aggregate emissions limitations for sources or categories of sources that emit greenhouse gases.

(2) Greenhouse gas emissions exchanges, banking, credits, and other transactions, governed by rules and protocols established by the state board, that result in the same greenhouse gas emission reduction, over the same time period, as direct compliance with a greenhouse gas emission limit or emission reduction measure adopted by the state board pursuant to this division.

(*l*) "State board" means the State Air Resources Board.

(m) "Statewide greenhouse gas emissions" means the total annual emissions of greenhouse gases in the state, including all emissions of greenhouse gases from the generation of electricity delivered to and consumed in California, accounting for transmission and distribution line losses, whether the electricity is generated in state or imported. Statewide emissions shall be expressed in tons of carbon dioxide equivalents.

(n) "Statewide greenhouse gas emissions limit" or "statewide emissions limit" means the maximum allowable level of statewide greenhouse gas emissions in 2020, as determined by the state board pursuant to Part 3 (commencing with Section 38850).

Chapter 4. Role of State Board

38510. The State Air Resources Board is the state agency charged with monitoring and regulating sources of emissions of greenhouse gases that cause global warming in order to reduce emissions of greenhouse gases.

PART 2. MANDATORY GREENHOUSE GAS EMISSIONS REPORTING

38530. (a) On or before January 1, 2008, the state board shall adopt regulations to require the reporting and verification of statewide greenhouse gas emissions and to monitor and enforce compliance with this program.

(b) The regulations shall do all of the following:

(1) Require the monitoring and annual reporting of greenhouse gas emissions from greenhouse gas emission sources beginning with the sources or categories of sources that contribute the most to statewide emissions.

(2) Account for greenhouse gas emissions from all electricity consumed in the state, including transmission and distribution line losses from electricity generated within the state or imported from outside the state. This requirement applies to all retail sellers of electricity, including load-serving entities as defined in subdivision (j) of Section 380 of the Public Utilities Code and local publicly owned electric utilities as defined in Section 9604 of the Public Utilities Code.

(3) Where appropriate and to the maximum extent feasible, incorporate the standards and protocols developed by the California Climate Action Registry, established pursuant to Chapter 6 (commencing with Section 42800) of Part 4 of Division 26. Entities that voluntarily participated in the California Climate Action Registry prior to December 31, 2006, and have developed a greenhouse gas emission reporting program, shall not be required to significantly alter their reporting or verification program except as necessary to ensure that reporting is complete and verifiable for the purposes of compliance with this division as determined by the state board.

(4) Ensure rigorous and consistent accounting of emissions, and provide reporting tools and formats to ensure collection of necessary data.

(5) Ensure that greenhouse gas emission sources maintain comprehensive records of all reported greenhouse gas emissions.

(c) The state board shall do both of the following:

(1) Periodically review and update its emission reporting requirements, as necessary.

(2) Review existing and proposed international, federal, and state greenhouse gas emission reporting programs and make reasonable efforts to promote consistency among the programs established pursuant to this part and other programs, and to streamline reporting requirements on greenhouse gas emission sources.

PART 3. STATEWIDE GREENHOUSE GAS EMISSIONS LIMIT

38550. By January 1, 2008, the state board shall, after one or more public workshops, with public notice, and an opportunity for all interested parties to comment, determine what the statewide greenhouse gas emissions level was in 1990, and approve in a public hearing, a statewide greenhouse gas emissions limit that is equivalent to that level, to be achieved by 2020. In order to ensure the most accurate determination feasible, the state board shall evaluate the best available scientific, technological, and economic information on greenhouse gas emissions to determine the 1990 level of greenhouse gas emissions.

38551. (a) The statewide greenhouse gas emissions limit shall remain in effect unless otherwise amended or repealed.

(b) It is the intent of the Legislature that the statewide greenhouse gas emissions limit continue in existence and be used to maintain and continue reductions in emissions of greenhouse gases beyond 2020.

(c) The state board shall make recommendations to the Governor and the Legislature on how to continue reductions of greenhouse gas emissions beyond 2020.

PART 4. GREENHOUSE GAS EMISSIONS REDUCTIONS

38560. The state board shall adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions from sources or categories of sources, subject to the criteria and schedules set forth in this part.

38560.5. (a) On or before June 30, 2007, the state board shall publish and make available to the public a list of discrete early action greenhouse gas emission reduction measures that can be implemented prior to the measures and limits adopted pursuant to Section 38562.

(b) On or before January 1, 2010, the state board shall adopt regulations to implement the measures identified on the list published pursuant to subdivision (a).

(c) The regulations adopted by the state board pursuant to this section shall achieve the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions from those sources or categories of sources, in furtherance of achieving the statewide greenhouse gas emissions limit.

(d) The regulations adopted pursuant to this section shall be enforceable no later than January 1, 2010.

38561. (a) On or before January 1, 2009, the state board shall prepare and approve a scoping plan, as that term is understood by the state board,

for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions from sources or categories of sources of greenhouse gases by 2020 under this division. The state board shall consult with all state agencies with jurisdiction over sources of greenhouse gases, including the Public Utilities Commission and the State Energy Resources Conservation and Development Commission, on all elements of its plan that pertain to energy related matters including, but not limited to, electrical generation, load based-standards or requirements, the provision of reliable and affordable electrical service, petroleum refining, and statewide fuel supplies to ensure the greenhouse gas emissions reduction activities to be adopted and implemented by the state board are complementary, nonduplicative, and can be implemented in an efficient and cost-effective manner.

(b) The plan shall identify and make recommendations on direct emission reduction measures, alternative compliance mechanisms, market-based compliance mechanisms, and potential monetary and nonmonetary incentives for sources and categories of sources that the state board finds are necessary or desirable to facilitate the achievement of the maximum feasible and cost-effective reductions of greenhouse gas emissions by 2020.

(c) In making the determinations required by subdivision (b), the state board shall consider all relevant information pertaining to greenhouse gas emissions reduction programs in other states, localities, and nations, including the northeastern states of the United States, Canada, and the European Union.

(d) The state board shall evaluate the total potential costs and total potential economic and noneconomic benefits of the plan for reducing greenhouse gases to California's economy, environment, and public health, using the best available economic models, emission estimation techniques, and other scientific methods.

(e) In developing its plan, the state board shall take into account the relative contribution of each source or source category to statewide greenhouse gas emissions, and the potential for adverse effects on small businesses, and shall recommend a de minimis threshold of greenhouse gas emissions below which emission reduction requirements will not apply.

(f) In developing its plan, the state board shall identify opportunities for emission reductions measures from all verifiable and enforceable voluntary actions, including, but not limited to, carbon sequestration projects and best management practices.

(g) The state board shall conduct a series of public workshops to give interested parties an opportunity to comment on the plan. The state board shall conduct a portion of these workshops in regions of the state that

have the most significant exposure to air pollutants, including, but not limited to, communities with minority populations, communities with low-income populations, or both.

(h) The state board shall update its plan for achieving the maximum technologically feasible and cost-effective reductions of greenhouse gas emissions at least once every five years.

38562. (a) On or before January 1, 2011, the state board shall adopt greenhouse gas emission limits and emission reduction measures by regulation to achieve the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions in furtherance of achieving the statewide greenhouse gas emissions limit, to become operative beginning on January 1, 2012.

(b) In adopting regulations pursuant to this section and Part 5 (commencing with Section 38570), to the extent feasible and in furtherance of achieving the statewide greenhouse gas emissions limit, the state board shall do all of the following:

(1) Design the regulations, including distribution of emissions allowances where appropriate, in a manner that is equitable, seeks to minimize costs and maximize the total benefits to California, and encourages early action to reduce greenhouse gas emissions.

(2) Ensure that activities undertaken to comply with the regulations do not disproportionately impact low-income communities.

(3) Ensure that entities that have voluntarily reduced their greenhouse gas emissions prior to the implementation of this section receive appropriate credit for early voluntary reductions.

(4) Ensure that activities undertaken pursuant to the regulations complement, and do not interfere with, efforts to achieve and maintain federal and state ambient air quality standards and to reduce toxic air contaminant emissions.

(5) Consider cost-effectiveness of these regulations.

(6) Consider overall societal benefits, including reductions in other air pollutants, diversification of energy sources, and other benefits to the economy, environment, and public health.

(7) Minimize the administrative burden of implementing and complying with these regulations.

(8) Minimize leakage.

(9) Consider the significance of the contribution of each source or category of sources to statewide emissions of greenhouse gases.

(c) In furtherance of achieving the statewide greenhouse gas emissions limit, by January 1, 2011, the state board may adopt a regulation that establishes a system of market-based declining annual aggregate emission limits for sources or categories of sources that emit greenhouse gas emissions, applicable from January 1, 2012, to December 31, 2020,

inclusive, that the state board determines will achieve the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions, in the aggregate, from those sources or categories of sources.

(d) Any regulation adopted by the state board pursuant to this part or Part 5 (commencing with Section 38570) shall ensure all of the following:

(1) The greenhouse gas emission reductions achieved are real, permanent, quantifiable, verifiable, and enforceable by the state board.

(2) For regulations pursuant to Part 5 (commencing with Section 38570), the reduction is in addition to any greenhouse gas emission reduction otherwise required by law or regulation, and any other greenhouse gas emission reduction that otherwise would occur.

(3) If applicable, the greenhouse gas emission reduction occurs over the same time period and is equivalent in amount to any direct emission reduction required pursuant to this division.

(e) The state board shall rely upon the best available economic and scientific information and its assessment of existing and projected technological capabilities when adopting the regulations required by this section.

(f) The state board shall consult with the Public Utilities Commission in the development of the regulations as they affect electricity and natural gas providers in order to minimize duplicative or inconsistent regulatory requirements.

(g) After January 1, 2011, the state board may revise regulations adopted pursuant to this section and adopt additional regulations to further the provisions of this division.

38563. Nothing in this division restricts the state board from adopting greenhouse gas emission limits or emission reduction measures prior to January 1, 2011, imposing those limits or measures prior to January 1, 2012, or providing early reduction credit where appropriate.

38564. The state board shall consult with other states, and the federal government, and other nations to identify the most effective strategies and methods to reduce greenhouse gases, manage greenhouse gas control programs, and to facilitate the development of integrated and cost-effective regional, national, and international greenhouse gas reduction programs.

38565. The state board shall ensure that the greenhouse gas emission reduction rules, regulations, programs, mechanisms, and incentives under its jurisdiction, where applicable and to the extent feasible, direct public and private investment toward the most disadvantaged communities in California and provide an opportunity for small businesses, schools, affordable housing associations, and other community institutions to participate in and benefit from statewide efforts to reduce greenhouse gas emissions.

PART 5. MARKET-BASED COMPLIANCE MECHANISMS

38570. (a) The state board may include in the regulations adopted pursuant to Section 38562 the use of market-based compliance mechanisms to comply with the regulations.

(b) Prior to the inclusion of any market-based compliance mechanism in the regulations, to the extent feasible and in furtherance of achieving the statewide greenhouse gas emissions limit, the state board shall do all of the following:

(1) Consider the potential for direct, indirect, and cumulative emission impacts from these mechanisms, including localized impacts in communities that are already adversely impacted by air pollution.

(2) Design any market-based compliance mechanism to prevent any increase in the emissions of toxic air contaminants or criteria air pollutants.

(3) Maximize additional environmental and economic benefits for California, as appropriate.

(c) The state board shall adopt regulations governing how market-based compliance mechanisms may be used by regulated entities subject to greenhouse gas emission limits and mandatory emission reporting requirements to achieve compliance with their greenhouse gas emissions limits.

38571. The state board shall adopt methodologies for the quantification of voluntary greenhouse gas emission reductions. The state board shall adopt regulations to verify and enforce any voluntary greenhouse gas emission reductions that are authorized by the state board for use to comply with greenhouse gas emission limits established by the state board. The adoption of methodologies is exempt from the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

38574. Nothing in this part or Part 4 (commencing with Section 38560) confers any authority on the state board to alter any programs administered by other state agencies for the reduction of greenhouse gas emissions.

PART 6. ENFORCEMENT

38580. (a) The state board shall monitor compliance with and enforce any rule, regulation, order, emission limitation, emissions reduction measure, or market-based compliance mechanism adopted by the state board pursuant to this division.

(b) (1) Any violation of any rule, regulation, order, emission limitation, emissions reduction measure, or other measure adopted by the state board pursuant to this division may be enjoined pursuant to Section 41513, and the violation is subject to those penalties set forth in Article 3 (commencing with Section 42400) of Chapter 4 of Part 4 of, and Chapter 1.5 (commencing with Section 43025) of Part 5 of, Division 26.

(2) Any violation of any rule, regulation, order, emission limitation, emissions reduction measure, or other measure adopted by the state board pursuant to this division shall be deemed to result in an emission of an air contaminant for the purposes of the penalty provisions of Article 3 (commencing with Section 42400) of Chapter 4 of Part 4 of, and Chapter 1.5 (commencing with Section 43025) of Part 5 of, Division 26.

(3) The state board may develop a method to convert a violation of any rule, regulation, order, emission limitation, or other emissions reduction measure adopted by the state board pursuant to this division into the number of days in violation, where appropriate, for the purposes of the penalty provisions of Article 3 (commencing with Section 42400) of Chapter 4 of Part 4 of, and Chapter 1.5 (commencing with Section 43025) of Part 5 of, Division 26.

(c) Section 42407 and subdivision (i) of Section 42410 shall not apply to this part.

PART 7. MISCELLANEOUS PROVISIONS

38590. If the regulations adopted pursuant to Section 43018.5 do not remain in effect, the state board shall implement alternative regulations to control mobile sources of greenhouse gas emissions to achieve equivalent or greater reductions.

38591. (a) The state board, by July 1, 2007, shall convene an environmental justice advisory committee, of at least three members, to advise it in developing the scoping plan pursuant to Section 38561 and any other pertinent matter in implementing this division. The advisory committee shall be comprised of representatives from communities in the state with the most significant exposure to air pollution, including, but not limited to, communities with minority populations or low-income populations, or both.

(b) The state board shall appoint the advisory committee members from nominations received from environmental justice organizations and community groups.

(c) The state board shall provide reasonable per diem for attendance at advisory committee meetings by advisory committee members from nonprofit organizations.

(d) The state board shall appoint an Economic and Technology Advancement Advisory Committee to advise the state board on activities that will facilitate investment in and implementation of technological research and development opportunities, including, but not limited to, identifying new technologies, research, demonstration projects, funding opportunities, developing state, national, and international partnerships and technology transfer opportunities, and identifying and assessing research and advanced technology investment and incentive opportunities that will assist in the reduction of greenhouse gas emissions. The committee may also advise the state board on state, regional, national, and international economic and technological developments related to greenhouse gas emission reductions.

38592. (a) All state agencies shall consider and implement strategies to reduce their greenhouse gas emissions.

(b) Nothing in this division shall relieve any person, entity, or public agency of compliance with other applicable federal, state, or local laws or regulations, including state air and water quality requirements, and other requirements for protecting public health or the environment.

38593. (a) Nothing in this division affects the authority of the Public Utilities Commission.

(b) Nothing in this division affects the obligation of an electrical corporation to provide customers with safe and reliable electric service.

38594. Nothing in this division shall limit or expand the existing authority of any district, as defined in Section 39025.

38595. Nothing in this division shall preclude, prohibit, or restrict the construction of any new facility or the expansion of an existing facility subject to regulation under this division, if all applicable requirements are met and the facility is in compliance with regulations adopted pursuant to this division.

38596. The provisions of this division are severable. If any provision of this division or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

38597. The state board may adopt by regulation, after a public workshop, a schedule of fees to be paid by the sources of greenhouse gas emissions regulated pursuant to this division, consistent with Section 57001. The revenues collected pursuant to this section, shall be deposited into the Air Pollution Control Fund and are available upon appropriation, by the Legislature, for purposes of carrying out this division.

38598. (a) Nothing in this division shall limit the existing authority of a state entity to adopt and implement greenhouse gas emissions reduction measures.

(b) Nothing in this division shall relieve any state entity of its legal obligations to comply with existing law or regulation.

38599. (a) In the event of extraordinary circumstances, catastrophic events, or threat of significant economic harm, the Governor may adjust the applicable deadlines for individual regulations, or for the state in the aggregate, to the earliest feasible date after that deadline.

(b) The adjustment period may not exceed one year unless the Governor makes an additional adjustment pursuant to subdivision (a).

(c) Nothing in this section affects the powers and duties established in the California Emergency Services Act (Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code).

(d) The Governor shall, within 10 days of invoking subdivision (a), provide written notification to the Legislature of the action undertaken.

SEC. 2 No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(e) Nothing in this chapter shall be construed to prohibit a person from walking a dog with a hand-held leash.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 490

An act to amend Sections 2352, 2540, 2543, 2590, and 2591 of, and to add Sections 2352.5 and 2591.5 to, the Probate Code, relating to conservatorships.

[Approved by Governor September 27, 2006. Filed with Secretary of State September 27, 2006.]

The people of the State of California do enact as follows:

SECTION 1. Section 2352 of the Probate Code is amended to read:

2352. (a) The guardian may establish the residence of the ward at any place within this state without the permission of the court. The guardian shall select the least restrictive appropriate residence that is available and necessary to meet the needs of the ward, and that is in the best interests of the ward.

(b) The conservator may establish the residence of the conservatee at any place within this state without the permission of the court. The conservator shall select the least restrictive appropriate residence, as described in Section 2352.5, that is available and necessary to meet the needs of the conservatee, and that is in the best interests of the conservatee.

(c) If permission of the court is first obtained, a guardian or conservator may establish the residence of a ward or conservatee at a place not within this state.

(d) An order under subdivision (c) shall require the guardian or conservator either to return the ward or conservatee to this state, or to cause a guardianship or conservatorship proceeding or its equivalent to be commenced in the place of the new residence, when the ward or conservatee has resided in the place of new residence for a period of four months or a longer or shorter period specified in the order.

(e) (1) The guardian or conservator shall file a notice of change of residence with the court within 30 days of the date of the change. The conservator shall include in the notice of change of residence a declaration stating that the conservatee's change of residence is consistent with the standard described in subdivision (b). The Judicial Council shall, on or before January 1, 2008, develop one or more forms of notice and declaration to be used for this purpose.

(2) The guardian or conservator shall mail a copy of the notice to all persons entitled to notice under subdivision (b) of Section 1511 or subdivision (b) of Section 1822 and shall file proof of service of the notice with the court. The court may, for good cause, waive the mailing requirement pursuant to this paragraph in order to prevent harm to the conservatee or ward.

(3) If the guardian or conservator proposes to remove the ward or conservatee from his or her personal residence, the guardian or conservator shall mail a notice of his or her intention to change the residence of the ward or conservatee to all persons entitled to notice under subdivision (b) of Section 1511 and subdivision (b) of Section 1822. In the absence of an emergency, that notice shall be mailed at least 15 days before the proposed removal of the ward or conservatee from his or her personal residence. If the notice is served less than 15 days prior to the proposed removal of the ward or conservatee, the guardian or conservatee shall set forth the basis for the emergency in the notice. The guardian or conservator shall file proof of service of that notice with the court.

(f) This section does not apply where the court has made an order under Section 2351 pursuant to which the conservatee retains the right to establish his or her own residence.

SEC. 2. Section 2352.5 is added to the Probate Code, to read:

2352.5. (a) It shall be presumed that the personal residence of the conservatee at the time of commencement of the proceeding is the least restrictive appropriate residence for the conservatee. In any hearing to determine if removal of the conservatee from his or her personal residence is appropriate, that presumption may be overcome by a preponderance of the evidence.

(b) Upon appointment, the conservator shall determine the appropriate level of care for the conservatee.

(1) That determination shall include an evaluation of the level of care existing at the time of commencement of the proceeding and the measures that would be necessary to keep the conservatee in his or her personal residence.

(2) If the conservatee is living at a location other than his or her personal residence at the commencement of the proceeding, that determination shall either include a plan to return the conservatee to his or her personal residence or an explanation of the limitations or restrictions on a return of the conservatee to his or her personal residence in the foreseeable future.

(c) The determination made by the conservator pursuant to subdivision (b) shall be in writing, signed under penalty of perjury, and submitted to the court within 60 days of appointment as conservator.

(d) The conservator shall evaluate the conservatee's placement and level of care if there is a material change in circumstances affecting the conservatee's needs for placement and care.

(e) (1) This section shall not apply to a conservatee with developmental disabilities for whom the Director of the Department of Developmental Services or a regional center for the developmentally disabled, established pursuant to Chapter 5 (commencing with Section 4620) of Division 4.5 of the Welfare and Institutions Code, acts as the conservator and who receives services from a regional center pursuant to the Lanterman Developmental Disabilities Act, Division 4.5 (commencing with Section 4500) of the Welfare and Institutions.

(2) Services, including residential placement, for a conservatee described in paragraph (1) who is a consumer, as defined in Section 4512 of the Welfare and Institutions Code, shall be identified, delivered, and evaluated consistent with the individual program plan process described in Article 2 (commencing with Section 4640) of Chapter 5 of Division 4.5 of the Welfare and Institutions Code.

SEC. 3. Section 2540 of the Probate Code is amended to read:

2540. (a) Except as otherwise provided in Sections 2544 and 2545, and except for the sale of a conservatee's present or former personal residence as set forth in subdivision (b), sales of real or personal property

of the estate under this article are subject to authorization, confirmation, or direction of the court, as provided in this article.

(b) In seeking authorization to sell a conservatee's present or former personal residence, the conservator shall notify the court that the present or former personal residence is proposed to be sold and that the conservator has discussed the proposed sale with the conservatee. The conservator shall inform the court whether the conservatee supports or is opposed to the proposed sale and shall describe the circumstances that necessitate the proposed sale, including whether the conservatee has the ability to live in the personal residence and why other alternatives, including, but not limited to, in-home care services, are not available. The court, in its discretion, may require the court investigator to discuss the proposed sale with the conservatee. This subdivision shall not apply when the conservator is granted the power to sell real property of the estate pursuant to Article 11 (commencing with Section 2590).

SEC. 4. Section 2543 of the Probate Code is amended to read:

2543. (a) If estate property is required or permitted to be sold, the guardian or conservator may:

(1) Use discretion as to which property to sell first.

(2) Sell the entire interest of the estate in the property or any lesser interest therein.

(3) Sell the property either at public auction or private sale.

(b) Subject to Section 1469, unless otherwise specifically provided in this article, all proceedings concerning sales by guardians or conservators, publishing and posting notice of sale, reappraisal for sale, minimum offer price for the property, reselling the property, report of sale and petition for confirmation of sale, and notice and hearing of that petition, making orders authorizing sales, rejecting or confirming sales and reports of sales, ordering and making conveyances of property sold, and allowance of commissions, shall conform, as nearly as may be, to the provisions of this code concerning sales by a personal representative as described in Articles 6 (commencing with Section 10300), 7 (commencing with Section 10350), 8 (commencing with Section 10360), and 9 (commencing with Section 10380) of Chapter 18 of Part 5 of Division 7. The provisions concerning sales by a personal representative as described in the Independent Administration of Estates Act, Part 6 (commencing with Section 10400) of Division 7 shall not apply to this subdivision.

(c) Notwithstanding Section 10309, if the last appraisal of the conservatee's personal residence was conducted more than six months prior to the confirmation hearing, a new appraisal shall be required prior to the confirmation hearing, unless the court finds that it is in the best interests of the conservatee to rely on an appraisal of the personal

residence that was conducted not more than one year prior to the confirmation hearing.

(d) The clerk of the court shall cause notice to be posted pursuant to subdivision (b) only in the following cases:

(1) If posting of notice of hearing is required on a petition for the confirmation of a sale of real or personal property of the estate.

(2) If posting of notice of a sale governed by Section 10250 (sales of personal property) is required or authorized.

(3) If posting of notice is ordered by the court.

SEC. 5. Section 2590 of the Probate Code is amended to read:

2590. The court may, in its discretion, make an order granting the guardian or conservator any one or more or all of the powers specified in Section 2591 if the court determines that, under the circumstances of the particular guardianship or conservatorship, it would be to the advantage, benefit, and best interest of the estate to do so. Subject only to the requirements, conditions, or limitations as are specifically and expressly provided, either directly or by reference, in the order granting the power or powers, and if consistent with Section 2591, the guardian or conservator may exercise the granted power or powers without notice, hearing, or court authorization, instructions, approval, or confirmation in the same manner as the ward or conservatee could do if possessed of legal capacity.

SEC. 6. Section 2591 of the Probate Code is amended to read:

2591. The powers referred to in Section 2590 are:

(a) The power to contract for the guardianship or conservatorship and to perform outstanding contracts and thereby bind the estate.

(b) The power to operate at the risk of the estate a business, farm, or enterprise constituting an asset of the estate.

(c) The power to grant and take options.

(d) (1) The power to sell at public or private sale real or personal property of the estate, other than the personal residence of a conservatee.

(2) The power to sell at public or private sale the personal residence of the conservatee as described in Section 2591.5. The power granted pursuant to this paragraph is subject to the requirements of Sections 2352.5 and 2541.

(e) The power to create by grant or otherwise easements and servitudes.

(f) The power to borrow money and give security for the repayment thereof.

(g) The power to purchase real or personal property.

(h) The power to alter, improve, and repair or raze, replace, and rebuild property of the estate.

(i) The power to let or lease property of the estate for any purpose (including exploration for and removal of gas, oil, and other minerals and natural resources) and for any period, including a term commencing at a future time.

(j) The power to lend money on adequate security.

(k) The power to exchange property of the estate.

(*l*) The power to sell property of the estate on credit if any unpaid portion of the selling price is adequately secured.

(m) The power to commence and maintain an action for partition.

(n) The power to exercise stock rights and stock options.

(o) The power to participate in and become subject to and to consent to the provisions of a voting trust and of a reorganization, consolidation, merger, dissolution, liquidation, or other modification or adjustment affecting estate property.

(p) The power to pay, collect, compromise, arbitrate, or otherwise adjust claims, debts, or demands upon the guardianship or conservatorship.

(q) The power to employ attorneys, accountants, investment counsel, agents, depositaries, and employees and to pay the expense.

SEC. 7. Section 2591.5 is added to the Probate Code, to read:

2591.5. (a) Notwithstanding any other provisions of this article, a conservator seeking an order under Section 2590 authorizing a sale of the conservatee's personal residence shall demonstrate to the court that the terms of sale, including the price for which the property is to be sold and the commissions to be paid from the estate, are in all respects in the best interests of the conservatee.

(b) A conservator authorized to sell the conservatee's personal residence pursuant to Section 2590 shall comply with the provisions of Section 10309 concerning appraisal or new appraisal of the property for sale and sale at a minimum offer price. Notwithstanding Section 10309, if the last appraisal of the conservatee's personal residence was conducted more than six months prior to the proposed sale of the property, a new appraisal shall be required prior to the sale of the property, unless the court finds that it is in the best interests of the conservatee to rely on an appraisal of the personal residence that was conducted not more than one year prior to the proposed sale of the property. For purposes of this section, the date of sale is the date of the contract for sale of the property.

(c) Within 15 days of the close of escrow, the conservator shall serve a copy of the final escrow settlement statement on all persons entitled to notice of the petition for appointment for a conservator and all persons who have filed and served a request for special notice and shall file a copy of the final escrow statement along with a proof of service with the court.

(d) The court may, for good cause, waive any of the requirements of this section, except the requirements regarding appraisal times in subdivision (b).

SEC. 8. This act shall become operative only if Senate Bill 1550, Senate Bill 1716, and Assembly Bill 1363 of the 2005–06 Regular Session are enacted and become effective on or before January 1, 2007.

SEC. 9. This act, together with Senate Bill 1550, Senate Bill 1716, and Assembly Bill 1363, shall be known and may be cited as the Omnibus Conservatorship and Guardianship Reform Act of 2006.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 491

An act to add Chapter 6 (commencing with Section 6500) to Division 3 of the Business and Professions Code, and to add Section 60.1 to, to amend, repeal, and add Article 4 (commencing with Section 2340) to Chapter 4 of Part 4 of Division 4 of, and to amend and repeal Chapter 13 (commencing with Section 2850) of Part 4 of Division 4 of, the Probate Code, relating to professional fiduciaries.

[Approved by Governor September 27, 2006. Filed with Secretary of State September 27, 2006.]

The people of the State of California do enact as follows:

SECTION 1. This act, together with Senate Bill 1116, Senate Bill 1716, and Assembly Bill 1363, shall be known and may be cited as the Omnibus Conservatorship and Guardianship Reform Act of 2006.

SEC. 2. The Legislature finds and declares all of the following:

(a) California's population is growing at an increasing rate, and the growth in the number of people 65 years of age or older is surpassing that in other states. The number of California's population 65 years of age or older will grow from 3.6 million people in the year 2000, to 6.2 million people in the year 2020, an increase of 72 percent.

(b) As the population of California continues to grow and age, an increasing number of people in the state are unable to provide properly for their personal needs, manage their financial resources, or resist fraud or undue influence as well as fiscal, emotional, and physical harm. In addition, there is an increasing use of trusts and durable powers of attorney by individuals seeking to provide for potential incapacity. These vulnerable members of society have an expectation that they and their property will be protected by a fair system with high standards of care.

(c) One result of these trends is the growing number of people acting as professional conservators, guardians, trustees, attorneys-in-fact, and estate administrators on behalf of other persons or their estates. The persons acting in one or more of these capacities are known or are commonly referred to as professional fiduciaries.

(d) Professional fiduciaries are not adequately regulated at present. This lack of regulation can result in the neglect or the physical, emotional or financial abuse of the vulnerable clients that professional fiduciaries are supposed to serve. Unless there is a strengthened accountability, abuses of people who are unable to take care of themselves or their property by professional fiduciaries will increase.

(e) Creation of a program to license and regulate professional fiduciaries is necessary to protect the public health, safety, and welfare.

SEC. 3. Chapter 6 (commencing with Section 6500) is added to Division 3 of the Business and Professions Code, to read:

Chapter 6. Professional Fiduciaries

Article 1. General Provisions

6500. This chapter shall be known as the Professional Fiduciaries Act.

(b) "Bureau" means the Professional Fiduciaries Bureau within the Department of Consumer Affairs, established pursuant to Section 6510.

(c) "Client" means an individual who is served by a professional fiduciary.

(d) "Department" means the Department of Consumer Affairs.

(e) "Licensee" means a person who is licensed under this chapter as a professional fiduciary.

(f) "Professional fiduciary" means a person who acts as a conservator or guardian for two or more persons at the same time who are not related to the professional fiduciary or to each other by blood, adoption,

marriage, or registered domestic partnership. "Professional fiduciary" also means a person who acts as a trustee, agent under a durable power of attorney for health care, or agent under a durable power of attorney for finances, for more than three people or more than three families, or a combination of people and families that totals more than three, at the same time, who are not related to the professional fiduciary by blood, adoption, marriage, or registered domestic partnership. "Professional fiduciary" does not include any of the following:

(1) A trust company, as defined in Section 83 of the Probate Code.

(2) An FDIC-insured institution, or its holding companies, subsidiaries, or affiliates. For the purposes of this paragraph, "affiliate" means any entity that shares an ownership interest with, or that is under the common control of, the FDIC-insured institution.

(3) A person employed by an entity described in paragraph (1) or (2) who is acting in the course and scope of that employment.

(4) Any public officer or public agency, including the public guardian, public conservator, or other agency of the State of California or of a county of California, when that public officer or public agency is acting in the course and scope of official duties, or any regional center for persons with developmental disabilities as defined in Section 4620 of the Welfare and Institutions Code.

(5) Any person whose sole activity as a professional fiduciary is as a broker-dealer, broker-dealer agent, investment adviser representative registered and regulated under the Corporate Securities Law of 1968 (Division 1 (commencing with section 25000) of Title 4 of the Corporations Code), the Investment Advisers Act of 1940 (15 U.S.C. 80b-1 et seq.), or the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.), or involves serving as a trustee to a company regulated by the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. 80a-1 et seq.).

CHAPTER 493

An act to amend Sections 1610, 1822, 1826, 1829, 1830, 1850, 1851, 2215, 2250, 2253, 2320, 2321, 2401, 2610, 2620, 2620.2, 2623, 2640, 2640.1, 2641, 2653, 2701, and 2920 of, to add Sections 1456, 1457, 1850.5, 2113, 2250.2, 2250.4, 2250.6, 2250.8, 2410, and 2923 to, and to add and repeal Section 1458 of, the Probate Code, relating to conservatorship and guardianship.

[Approved by Governor September 27, 2006. Filed with Secretary of State September 27, 2006.]

The people of the State of California do enact as follows:

SECTION 1. This act, together with Senate Bill 1116 (Scott), Senate Bill 1550 (Figueroa), and Senate Bill 1716 (Bowen), shall be known and may be cited as the Omnibus Conservatorship and Guardianship Reform Act of 2006.

SEC. 2. The Legislature finds and declares the following:

(a) The rate of increase in the number of Californians who are 65 years of age or older is surpassing that in other states. The number of people who are 65 years of age will grow from 3.7 million people in the

year 2000, to 6.3 million in the year 2020. The fastest growing segment of California's population, expected to increase by 148 percent between the years 1990 and 2020, is people who are 85 years of age or older. As many as 10 percent of the population over 65 years of age and almost 50 percent of the population over 85 years of age will suffer from Alzheimer's disease.

(b) As the population of California continues to grow and age, an increasing number of persons in the state are unable to provide properly for their personal needs, to manage their financial resources, or to resist fraud or undue influence.

(c) One result of these trends is the growing number of persons acting as conservators on behalf of other persons or their estates. It is estimated that about 500 professional conservators oversee $1.5 billion in assets. Over 5,000 conservatorship petitions are filed each year in California.

(d) Probate courts oversee the work of conservators, but, in part due to a lack of resources and conflicting priorities, courts often do not provide sufficient oversight in conservatorship cases to ensure that the best interests of conservatees are protected.

(e) Professional fiduciaries are not adequately regulated at present. This lack of regulation can result in the neglect, or the physical or financial abuse, of the clients professional fiduciaries are supposed to serve.

(f) Public guardians do not have adequate resources to represent the best interests of qualifying Californians and, therefore, many in need of the assistance of a conservator go without.

(g) As a result, the conservatorship system in California is fundamentally flawed and in need of reform.

SEC. 3. Section 1456 is added to the Probate Code, to read:

1456. (a) In addition to any other requirements that are part of the judicial branch education program, on or before January 1, 2008, the Judicial Council shall adopt a rule of court that shall do all of the following:

(1) Specifies the qualifications of a court-employed staff attorney, examiner, and investigator, and any attorney appointed pursuant to Sections 1470 and 1471.

(2) Specifies the number of hours of education in classes related to conservatorships or guardianships that a judge who is regularly assigned to hear probate matters shall complete, upon assuming the probate assignment, and then over a three-year period on an ongoing basis.

(3) Specifies the number of hours of education in classes related to conservatorships or guardianships that a court-employed staff attorney, examiner, and investigator, and any attorney appointed pursuant to Sections 1470 and 1471 shall complete each year.

(4) Specifies the particular subject matter that shall be included in the education required each year.

(5) Specifies reporting requirements to ensure compliance with this section.

(b) In formulating the rule required by this section, the Judicial Council shall consult with interested parties, including, but not limited to, the California Judges Association, the California Association of Superior Court Investigators, the California Public Defenders Association, the County Counsels' Association of California, the State Bar of California, the National Guardianship Association, and the Association of Professional Geriatric Care Managers.

SEC. 4. Section 1457 is added to the Probate Code, to read:

1457. In order to assist relatives and friends who may seek appointment as a nonprofessional conservator or guardian the Judicial Council shall develop a short educational program of no more than three hours that is user-friendly and shall make that program available free of charge to each proposed conservator and guardian and each court-appointed conservator and guardian who is not required to be licensed as a professional conservator or guardian pursuant to Chapter 6 (commencing with Section 6500) of Division 3 of the Business and Professions Code. The program may be available by video presentation or Internet access.

SEC. 5. Section 1458 is added to the Probate Code, to read:

1458. (a) On or before January 1, 2008, the Judicial Council shall report to the Legislature the findings of a study measuring court effectiveness in conservatorship cases. The report shall include all of the following with respect to the courts chosen for evaluation:

(1) A summary of caseload statistics, including both temporary and permanent conservatorships, bonds, court investigations, accountings, and use of professional conservators.

(2) An analysis of compliance with statutory timeframes.

(3) A description of any operational differences between courts that affect the processing of conservatorship cases, including timeframes.

(b) The Judicial Council shall select three courts for the evaluation mandated by this section.

(c) The report shall include recommendations for statewide performance measures to be collected, best practices that serve to protect the rights of conservatees, and staffing needs to meet case processing measures.

(d) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 6. Section 1610 of the Probate Code is amended to read:

1610. (a) The Legislature finds and declares that it is in the best interests of children to be raised in a permanent, safe, stable, and loving environment.

(b) Unwarranted petitions, applications, or motions other than discovery motions after the guardianship has been established create an environment that can be harmful to children and are inconsistent with the goals of permanency, safety, and stability.

SEC. 7. Section 1822 of the Probate Code is amended to read:

1822. (a) At least 15 days before the hearing on the petition for appointment of a conservator, notice of the time and place of the hearing shall be given as provided in this section. The notice shall be accompanied by a copy of the petition. The court may not shorten the time for giving the notice of hearing under this section.

(b) Notice shall be mailed to the following persons:

(1) The spouse, if any, or registered domestic partner, if any, of the proposed conservatee at the address stated in the petition.

(2) The relatives named in the petition at their addresses stated in the petition.

(c) If notice is required by Section 1461 to be given to the Director of Mental Health or the Director of Developmental Services, notice shall be mailed as so required.

(d) If the petition states that the proposed conservatee is receiving or is entitled to receive benefits from the Veterans Administration, notice shall be mailed to the Office of the Veterans Administration referred to in Section 1461.5.

(e) If the proposed conservatee is a person with developmental disabilities, at least 30 days before the day of the hearing on the petition, the petitioner shall mail a notice of the hearing and a copy of the petition to the regional center identified in Section 1827.5.

(f) The Judicial Council shall, on or before January 1, 2008, develop a form to effectuate the notice required in subdivision (a).

SEC. 8. Section 1826 of the Probate Code is amended to read:

1826. Regardless of whether the proposed conservatee attends the hearing, the court investigator shall do all of the following:

(a) Interview the proposed conservatee personally. The court investigator also shall do all of the following:

(1) Interview the petitioner and the proposed conservator, if different from the petitioner.

(2) Interview the proposed conservatee's spouse or registered domestic partner and relatives within the first degree.

(3) To the greatest extent possible, interview the proposed conservatee's relatives within the second degree, as set forth in

subdivision (b) of Section 1821, neighbors, and, if known, close friends, before the hearing.

(b) Inform the proposed conservatee of the contents of the citation, of the nature, purpose, and effect of the proceeding, and of the right of the proposed conservatee to oppose the proceeding, to attend the hearing, to have the matter of the establishment of the conservatorship tried by jury, to be represented by legal counsel if the proposed conservatee so chooses, and to have legal counsel appointed by the court if unable to retain legal counsel.

(c) Determine whether it appears that the proposed conservatee is unable to attend the hearing and, if able to attend, whether the proposed conservatee is willing to attend the hearing.

(d) Review the allegations of the petition as to why the appointment of the conservator is required and, in making his or her determination, do the following:

(1) Refer to the supplemental information form submitted by the petitioner and consider the facts set forth in the form that address each of the categories specified in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1821.

(2) Consider, to the extent practicable, whether he or she believes the proposed conservatee suffers from any of the mental function deficits listed in subdivision (a) of Section 811 that significantly impairs the proposed conservatee's ability to understand and appreciate the consequences of his or her actions in connection with any of the functions described in subdivision (a) or (b) of Section 1801 and identify the observations that support that belief.

(e) Determine whether the proposed conservatee wishes to contest the establishment of the conservatorship.

(f) Determine whether the proposed conservatee objects to the proposed conservator or prefers another person to act as conservator.

(g) Determine whether the proposed conservatee wishes to be represented by legal counsel and, if so, whether the proposed conservatee has retained legal counsel and, if not, the name of an attorney the proposed conservatee wishes to retain.

(h) Determine whether the proposed conservatee is capable of completing an affidavit of voter registration.

(i) If the proposed conservatee has not retained legal counsel, determine whether the proposed conservatee desires the court to appoint legal counsel.

(j) Determine whether the appointment of legal counsel would be helpful to the resolution of the matter or is necessary to protect the interests of the proposed conservatee in any case where the proposed

conservatee does not plan to retain legal counsel and has not requested the appointment of legal counsel by the court.

(k) Report to the court in writing, at least five days before the hearing, concerning all of the foregoing, including the proposed conservatee's express communications concerning both of the following:

(1) Representation by legal counsel.

(2) The attorney, if any, for the proposed conservatee.

(3) The proposed conservatee.

(4) The spouse, registered domestic partner, and relatives within the first degree of the proposed conservatee who are required to be named in the petition for appointment of the conservator, unless the court determines that the mailing will result in harm to the conservatee.

(5) Any other persons as the court orders.

(m) The court investigator has discretion to release the report required by this section to the public conservator, interested public agencies, and the long-term care ombudsman.

(n) The report required by this section is confidential and shall be made available only to parties, persons described in subdivision (*l*), persons given notice of the petition who have requested this report or who have appeared in the proceedings, their attorneys, and the court. The court has discretion at any other time to release the report, if it would serve the interests of the conservatee. The clerk of the court shall provide for the limitation of the report exclusively to persons entitled to its receipt.

(o) This section does not apply to a proposed conservatee who has personally executed the petition for conservatorship, or one who has nominated his or her own conservator, if he or she attends the hearing.

(p) If the court investigator has performed an investigation within the preceding six months and furnished a report thereon to the court, the court may order, upon good cause shown, that another investigation is not necessary or that a more limited investigation may be performed.

(q) Any investigation by the court investigator related to a temporary conservatorship also may be a part of the investigation for the general petition for conservatorship, but the court investigator shall make a second visit to the proposed conservatee and the report required by this

section shall include the effect of the temporary conservatorship on the proposed conservatee.

SEC. 9. Section 1829 of the Probate Code is amended to read:

The order shall also specify the following:

(2) One year after the appointment of the conservator and annually thereafter. However, at the review that occurs one year after the appointment of the conservator, and every subsequent review conducted pursuant to this paragraph, the court may set the next review in two years if the court determines that the conservator is acting in the best interests of the conservatee. In these cases, the court shall require the investigator to conduct an investigation pursuant to subdivision (a) of Section 1851 one year before the next review and file a status report in the conservatee's court file regarding whether the conservatorship still appears to be warranted and whether the conservator is acting in the best interests of the conservatee. If the investigator determines pursuant to this investigation that the conservatorship still appears to be warranted and that the conservator is acting in the best interests of the conservatee regarding the conservatee's placement, quality of care, including physical and mental treatment, and finances, no hearing or court action in response to the investigator's report is required.

(1) At the expiration of six months after the initial appointment of the conservator, the court investigator shall visit the conservatee, conduct an investigation in accordance with the provisions of subdivision (a) of Section 1851, and report to the court regarding the appropriateness of the conservatorship and whether the conservator is acting in the best interests of the conservatee regarding the conservatee's placement, quality of care, including physical and mental treatment, and finances. The court may, in response to the investigator's report, take appropriate action including, but not limited to:

(A) Ordering a review of the conservatorship pursuant to subdivision (b).

(B) Ordering the conservator to submit an accounting pursuant to subdivision (a) of Section 2620.

(2) One year after the appointment of the conservator and annually thereafter. However, at the review that occurs one year after the appointment of the conservator, and every subsequent review conducted pursuant to this paragraph, the court may set the next review in two years if the court determines that the conservator is acting in the best interest interests of the conservatee. In these cases, the court shall require the investigator to conduct an investigation pursuant to subdivision (a) of Section 1851 one year before the next review and file a status report in the conservatee's court file regarding whether the conservatorship still appears to be warranted and whether the conservator is acting in the best interests of the conservatee. If the investigator determines pursuant to this investigation that the conservatorship still appears to be warranted and that the conservator is acting in the best interests of the conservatee regarding the conservatee's placement, quality of care, including physical and mental treatment, and finances, no hearing or court action in response to the investigator's report is required.

(b) The court may, on its own motion or upon request by any interested person, take appropriate action including, but not limited to, ordering a review of the conservatorship, including at a noticed hearing, and ordering the conservator to present an accounting of the assets of the estate pursuant to Section 2620.

Upon request of the court investigator, the conservator shall make available to the court investigator during the investigation for inspection and copying all books and records, including receipts and any expenditures, of the conservatorship.

(b) The findings of the court investigator, including the facts upon which the findings are based, shall be certified in writing to the court not less than 15 days prior to the date of review. (d) The court investigator may personally visit the conservator and other persons as may be necessary to determine whether the present conservator is acting in the best interests of the conservatee.

(e) The report required by this section shall be confidential and shall be made available only to parties, persons described in subdivision (b), persons given notice of the petition who have requested the report or who have appeared in the proceeding, their attorneys, and the court. The court shall have discretion at any other time to release the report if it would serve the interests of the conservatee. The clerk of the court shall make provision for limiting disclosure of the report exclusively to persons entitled thereto under this section.

(f) The amendments made to this section by the act adding this subdivision shall become operative on July 1, 2007.

SEC. 13. Section 2113 is added to the Probate Code, to read:

2113. A conservator shall accommodate the desires of the conservatee, except to the extent that doing so would violate the conservator's fiduciary duties to the conservatee or impose an unreasonable expense on the conservatorship estate.

SEC. 14. Section 2215 of the Probate Code is amended to read:

2215. (a) Any of the following persons may appear at the hearing to support or oppose the petition and may file written objections to the petition:

(1) Any person required to be listed in the petition.

(2) Any creditor of the ward or conservatee or of the estate.

(3) Any other interested person.

(b) (1) If the court determines that the transfer requested in the petition will be for the best interests of the ward or conservatee, it shall make an order transferring the proceeding to the other county.

(2) In those cases in which the court has approved a change of residence of the conservatee, it shall be presumed to be in the best interests of the conservatee to transfer the proceedings if the ward or

conservatee has moved his or her residence to another county within the state in which any person set forth in subdivision (b) of Section 1821 also resides. The presumption that the transfer is in the best interests of the ward or conservatee, may be rebutted by clear and convincing evidence that the transfer will harm the ward or conservatee.

SEC. 15. Section 2250 of the Probate Code is amended to read:

2250. (a) On or after the filing of a petition for appointment of a guardian or conservator, any person entitled to petition for appointment of the guardian or conservator may file a petition for appointment of:

(1) A temporary guardian of the person or estate or both.

(2) A temporary conservator of the person or estate or both.

(b) The petition shall state facts which establish good cause for appointment of the temporary guardian or temporary conservator. The court, upon that petition or other showing as it may require, may appoint a temporary guardian of the person or estate or both, or a temporary conservator of the person or estate or both, to serve pending the final determination of the court upon the petition for the appointment of the guardian or conservator.

(c) Unless the court for good cause otherwise orders, at least five days before the hearing on the petition, notice of the hearing shall be given as follows:

(1) Notice of the hearing shall be personally delivered to the proposed ward if he or she is 12 years of age or older, to the parent or parents of the proposed ward, and to any person having a valid visitation order with the proposed ward that was effective at the time of the filing of the petition. Notice of the hearing shall not be delivered to the proposed ward if he or she is under 12 years of age. In a proceeding for temporary guardianship of the person, evidence that a custodial parent has died or become incapacitated, and that the petitioner is the nominee of the custodial parent, may constitute good cause for the court to order that this notice not be delivered.

(2) Notice of the hearing shall be personally delivered to the proposed conservatee, and notice of the hearing shall be served on the persons required to be named in the petition for appointment of conservator.

(3) A copy of the petition for temporary appointment shall be served with the notice of hearing.

(d) If a temporary guardianship is granted ex parte and the hearing on the general guardianship petition is not to be held within 30 days of the granting of the temporary guardianship, the court shall set a hearing within 30 days to reconsider the temporary guardianship. Notice of the hearing for reconsideration of the temporary guardianship shall be provided pursuant to Section 1511, except that the court may for good cause shorten the time for the notice of the hearing.

(e) Visitation orders with the proposed ward granted prior to the filing of a petition for temporary guardianship shall remain in effect, unless for good cause the court orders otherwise.

(f) If a temporary conservatorship is granted ex parte, and a petition to terminate the temporary conservatorship is filed more than 15 days before the first hearing on the general petition for appointment of conservator, the court shall set a hearing within 15 days of the filing of the petition for termination of the temporary conservatorship to reconsider the temporary conservatorship. Unless the court otherwise orders, notice of the hearing on the petition to terminate the temporary conservatorship shall be given at least 10 days prior to the hearing. If a petition to terminate the temporary conservatorship is filed within 15 days before the first hearing on the general petition for appointment of conservator, the court shall set the hearing at the same time that the hearing on the general petition is set.

(g) The appointment of a guardian or conservator and the appointment of a temporary guardian or conservator may be requested in a single petition or by separate petitions. If the appointment of both a guardian or conservator and also a temporary guardian or conservator is requested in a single petition, the court may not appoint a guardian or conservator without the investigations and reviews otherwise required.

(h) If the court suspends powers of the guardian or conservator under Section 2334 or 2654 or under any other provision of this division, the court may appoint a temporary guardian or conservator to exercise those powers until the powers are restored to the guardian or conservator or a new guardian or conservator is appointed.

(i) If for any reason a vacancy occurs in the office of guardian or conservator, the court, on a petition filed under subdivision (a) or on its own motion, may appoint a temporary guardian or conservator to exercise the powers of the guardian or conservator until a new guardian or conservator is appointed.

(j) On or before January 1, 2008, the Judicial Council shall adopt a rule of court that establishes uniform standards for good cause exceptions to the notice required by subdivision (c), limiting those exceptions to only cases when waiver of the notice is essential to protect the proposed conservatee or ward, or the estate of the proposed conservatee or ward, from substantial harm.

SEC. 15.5. Section 2250.2 is added to the Probate Code, to read:

2250.2. (a) On or after the filing of a petition for appointment of a conservator, any person entitled to petition for appointment of the conservator may file a petition for appointment of a temporary conservator of the person or estate or both.

(b) The petition shall state facts which establish good cause for appointment of the temporary conservator. The court, upon such petition or other showing as it may require, may appoint a temporary conservator of the person or estate or both, to serve pending the final determination of the court upon the petition for the appointment of the conservator.

(c) Unless the court for good cause otherwise orders, not less than five days before the appointment of the temporary conservator, notice of the proposed appointment shall be personally delivered to the proposed conservatee.

(d) One petition may request the appointment of a conservator and also the appointment of a temporary conservator or these appointments may be requested in separate petitions.

(e) If the court suspends powers of the conservator under Section 2334 or 2654 or under any other provision of this division, the court may appoint a temporary conservator to exercise those powers until the powers are restored to the conservator or a new conservator is appointed.

(f) If for any reason a vacancy occurs in the office of conservator, the court, on a petition filed under subdivision (a) or on its own motion, may appoint a temporary conservator to exercise the powers of the conservator until a new conservator is appointed.

(g) This section shall only apply to proceedings under Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code.

SEC. 16. Section 2250.4 is added to the Probate Code, to read:

2250.4. The proposed temporary conservatee shall attend the hearing except in the following cases:

(a) If the proposed temporary conservatee is out of the state when served and is not the petitioner.

(b) If the proposed temporary conservatee is unable to attend the hearing by reason of medical inability.

(c) If the court investigator has visited the proposed conservatee prior to the hearing and the court investigator has reported to the court that the proposed temporary conservatee has expressly communicated that all of the following apply:

(1) The proposed conservatee is not willing to attend the hearing.

(2) The proposed conservatee does not wish to contest the establishment of the temporary conservatorship.

(3) The proposed conservatee does not object to the proposed temporary conservator or prefer that another person act as temporary conservator.

(d) If the court determines that the proposed conservatee is unable or unwilling to attend the hearing, and holding the hearing in the absence

of the proposed conservatee is necessary to protect the conservatee from substantial harm.

SEC. 17. Section 2250.6 is added to the Probate Code, to read:

2250.6. (a) Regardless of whether the proposed temporary conservatee attends the hearing, the court investigator shall do all of the following prior to the hearing, unless it is not feasible to do so, in which case the court investigator shall comply with the requirements set forth in subdivision (b):

(1) Interview the proposed conservatee personally. The court investigator also shall do all of the following:

(A) Interview the petitioner and the proposed conservator, if different from the petitioner.

(B) To the greatest extent possible, interview the proposed conservatee's spouse or registered domestic partner, relatives within the first degree, neighbors and, if known, close friends.

(C) To the extent possible, interview the proposed conservatee's relatives within the second degree as set forth in subdivision (b) of Section 1821 before the hearing.

(2) Inform the proposed conservatee of the contents of the citation, of the nature, purpose, and effect of the proceeding, and of the right of the proposed conservatee to oppose the proceeding, to attend the hearing, to have the matter of the establishment of the conservatorship tried by jury, to be represented by legal counsel if the proposed conservatee so chooses, and to have legal counsel appointed by the court if unable to retain legal counsel.

(3) Determine whether it appears that the proposed conservatee is unable to attend the hearing and, if able to attend, whether the proposed conservatee is willing to attend the hearing.

(4) Determine whether the proposed conservatee wishes to contest the establishment of the conservatorship.

(5) Determine whether the proposed conservatee objects to the proposed conservator or prefers another person to act as conservator.

(6) Report to the court, in writing, concerning all of the foregoing.

(b) If not feasible before the hearing, the court investigator shall do all of the following within two court days after the hearing:

(1) Interview the conservatee personally. The court investigator also shall do all of the following:

(A) Interview the petitioner and the proposed conservator, if different from the petitioner.

(B) To the greatest extent possible, interview the proposed conservatee's spouse or registered domestic partner, relatives within the first degree, neighbors and, if known, close friends.

(C) To the extent possible, interview the proposed conservatee's relatives within the second degree as set forth in subdivision (b) of Section 1821 before the hearing.

(2) Inform the conservatee of the nature, purpose, and effect of the temporary conservatorship, as well as the right of the conservatee to oppose the proposed general conservatorship, to attend the hearing, to have the matter of the establishment of the conservatorship tried by jury, to be represented by legal counsel if the proposed conservatee so chooses, and to have legal counsel appointed by the court if unable to retain legal counsel.

(c) If the investigator does not visit the conservatee until after the hearing at which a temporary conservator was appointed, and the conservatee objects to the appointment of the temporary conservator, or requests an attorney, the court investigator shall report this information promptly, and in no event more than three court days later, to the court. Upon receipt of that information, the court may proceed with appointment of an attorney as provided in Chapter 4 (commencing with Section 1470) of Part 1.

(d) If it appears to the court investigator that the temporary conservatorship is inappropriate, the court investigator shall immediately, and in no event more than two court days later, provide a written report to the court so the court can consider taking appropriate action on its own motion.

SEC. 17.5. Section 2250.8 is added to the Probate Code, to read:

2250.8. Sections 2250, 2250.4, and 2250.6 shall not apply to proceedings under Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code.

SEC. 18. Section 2253 of the Probate Code is amended to read:

2253. (a) If a temporary conservator of the person proposes to fix the residence of the conservatee at a place other than that where the conservatee resided prior to the commencement of the proceedings, that power shall be requested of the court in writing, unless the change of residence is required of the conservatee by a prior court order. The request shall be filed with the petition for temporary conservatorship or, if a temporary conservatorship has already been established, separately. The request shall specify in particular the place to which the temporary conservator proposes to move the conservatee, and the precise reasons why it is believed that the conservatee will suffer irreparable harm if the change of residence is not permitted, and why no means less restrictive of the conservatee's liberty will suffice to prevent that harm.

(b) Unless the court for good cause orders otherwise, the court investigator shall do all of the following:

(1) Interview the conservatee personally.

(2) Inform the conservatee of the nature, purpose, and effect of the request made under subdivision (a), and of the right of the conservatee to oppose the request, attend the hearing, be represented by legal counsel if the conservatee so chooses, and to have legal counsel appointed by the court if unable to obtain legal counsel.

(3) Determine whether the conservatee is unable to attend the hearing because of medical inability and, if able to attend, whether the conservatee is willing to attend the hearing.

(4) Determine whether the conservatee wishes to oppose the request.

(5) Determine whether the conservatee wishes to be represented by legal counsel at the hearing and, if so, whether the conservatee has retained legal counsel and, if not, the name of an attorney the proposed conservatee wishes to retain or whether the conservatee desires the court to appoint legal counsel.

(6) If the conservatee does not plan to retain legal counsel and has not requested the appointment of legal counsel by the court, determine whether the appointment of legal counsel would be helpful to the resolution of the matter or is necessary to protect the interests of the conservatee.

(7) Determine whether the proposed change of place of residence is required to prevent irreparable harm to the conservatee and whether no means less restrictive of the conservatee's liberty will suffice to prevent that harm.

(8) Report to the court in writing, at least two days before the hearing, concerning all of the foregoing, including the conservatee's express communications concerning representation by legal counsel and whether the conservatee is not willing to attend the hearing and does not wish to oppose the request.

(c) Within seven days of the date of filing of a temporary conservator's request to remove the conservatee from his or her previous place of residence, the court shall hold a hearing on the request.

(d) The conservatee shall be present at the hearing except in the following cases:

(1) Where the conservatee is unable to attend the hearing by reason of medical inability. Emotional or psychological instability is not good cause for the absence of the conservatee from the hearing unless, by reason of that instability, attendance at the hearing is likely to cause serious and immediate physiological damage to the conservatee.

(2) Where the court investigator has reported to the court that the conservatee has expressly communicated that the conservatee is not willing to attend the hearing and does not wish to oppose the request, and the court makes an order that the conservatee need not attend the hearing.

(e) If the conservatee is unable to attend the hearing because of medical inability, that inability shall be established (1) by the affidavit or certificate of a licensed medical practitioner or (2) if the conservatee is an adherent of a religion whose tenets and practices call for reliance on prayer alone for healing and is under treatment by an accredited practitioner of that religion, by the affidavit of the practitioner. The affidavit or certificate is evidence only of the conservatee's inability to attend the hearing and shall not be considered in determining the issue of need for the establishment of a conservatorship.

(f) At the hearing, the conservatee has the right to be represented by counsel and the right to confront and cross-examine any witness presented by or on behalf of the temporary conservator and to present evidence on his or her own behalf.

(g) The court may approve the request to remove the conservatee from the previous place of residence only if the court finds (1) that change of residence is required to prevent irreparable harm to the conservatee and (2) that no means less restrictive of the conservatee's liberty will suffice to prevent that harm. If an order is made authorizing the temporary conservator to remove the conservatee from the previous place of residence, the order shall specify the specific place wherein the temporary conservator is authorized to place the conservatee. The temporary conservator may not be authorized to remove the conservatee from this state unless it is additionally shown that such removal is required to permit the performance of specified nonpsychiatric medical treatment, consented to by the conservatee, which is essential to the conservatee's physical survival. A temporary conservator who willfully removes a temporary conservatee from this state without authorization of the court is guilty of a felony.

(h) Subject to subdivision (e) of Section 2252, the court shall also order the temporary conservator to take all reasonable steps to preserve the status quo concerning the conservatee's previous place of residence.

SEC. 19. Section 2320 of the Probate Code is amended to read:

2320. (a) Except as otherwise provided by statute, every person appointed as guardian or conservator shall, before letters are issued, give a bond approved by the court.

(b) The bond shall be for the benefit of the ward or conservatee and all persons interested in the guardianship or conservatorship estate and shall be conditioned upon the faithful execution of the duties of the office, according to law, by the guardian or conservator.

(c) Except as otherwise provided by statute, unless the court increases or decreases the amount upon a showing of good cause, the amount of a bond given by an admitted surety insurer shall be the sum of all of the following:

(1) The value of the personal property of the estate.

(2) The probable annual gross income of all of the property of the estate.

(3) The sum of the probable annual gross payments from the following:

(A) Part 3 (commencing with Section 11000) of, Part 4 (commencing with Section 16000) of, or Part 5 (commencing with Section 17000) of, Division 9 of the Welfare and Institutions Code.

(B) Subchapter II (commencing with Section 401) of, or Part A of Subchapter XVI (commencing with Section 1382) of, Chapter 7 of Title 42 of the United States Code.

(C) Any other public entitlements of the ward or conservatee.

(4) On or after January 1, 2008, a reasonable amount for the cost of recovery to collect on the bond, including attorney's fees and costs. The Judicial Council shall, on or before January 1, 2008, adopt a rule of court to implement this paragraph.

(d) If the bond is given by personal sureties, the amount of the bond shall be twice the amount required for a bond given by an admitted surety insurer.

(e) The Bond and Undertaking Law (Chapter 2 (commencing with Section 995.010) of Title 14 of Part 2 of the Code of Civil Procedure) applies to a bond given under this article, except to the extent inconsistent with this article.

SEC. 20. Section 2321 of the Probate Code is amended to read:

2321. (a) Notwithstanding any other provision of law, the court in a conservatorship proceeding may not waive the filing of a bond or reduce the amount of bond required, without a good cause determination by the court which shall include a determination by the court that the conservatee will not suffer harm as a result of the waiver or reduction of the bond. Good cause may not be established merely by the conservator having filed a bond in another or prior proceeding.

(b) In a conservatorship proceeding, where the conservatee, having sufficient capacity to do so, has waived the filing of a bond, the court in its discretion may permit the filing of a bond in an amount less than would otherwise be required under Section 2320.

SEC. 21. Section 2401 of the Probate Code is amended to read:

2401. (a) The guardian or conservator, or limited conservator to the extent specifically and expressly provided in the appointing court's order, has the management and control of the estate and, in managing and controlling the estate, shall use ordinary care and diligence. What constitutes use of ordinary care and diligence is determined by all the circumstances of the particular estate.

(b) The guardian or conservator:

(1) Shall exercise a power to the extent that ordinary care and diligence requires that the power be exercised.

(2) Shall not exercise a power to the extent that ordinary care and diligence requires that the power not be exercised.

(c) Notwithstanding any other law, a guardian or conservator who is not a trust company, in exercising his or her powers, may not hire or refer any business to an entity in which he or she has a financial interest except upon authorization of the court. Prior to authorization from the court, the guardian or conservator shall disclose to the court in writing his or her financial interest in the entity. For the purposes of this subdivision, "financial interest" shall mean (1) an ownership interest in a sole proprietorship, a partnership, or a closely held corporation, or (2) an ownership interest of greater than 1 percent of the outstanding shares in a publicly held corporation, or (3) being an officer or a director of a corporation.

(d) Notwithstanding any other law, a guardian or conservator who is a trust company, in exercising its powers may not, except upon authorization of the court, invest in securities of the trust company or an affiliate or subsidiary, or other securities from which the trust company or affiliate or subsidiary receives a financial benefit or in a mutual fund, other than a mutual fund authorized in paragraph (5) of subdivision (a) of Section 2574, registered under the Investment Company Act of 1940 (Subchapter 1 (commencing with Sec. 80a-1) of Chapter 2D of Title 15 of the United States Code), to which the trust company or its affiliate provides services, including, but not limited to, services as an investment adviser, sponsor, distributor, custodian, agent, registrar, administrator, servicer, or manager, and for which the trust company or its affiliate receives compensation.

Prior to authorization from the court, the guardian or conservator shall disclose to the court in writing the trust company's financial interest.

SEC. 22. Section 2410 is added to the Probate Code, to read:

2410. On or before January 1, 2008, the Judicial Council, in consultation with the California Judges Association, the California Association of Superior Court Investigators, the California State Association of Public Administrators, Public Guardians, and Public Conservators, the State Bar of California, the National Guardianship Association, and the Association of Professional Geriatric Care Managers, shall adopt a rule of court that shall require uniform standards of conduct for actions that conservators and guardians may take under this chapter on behalf of conservatees and wards to ensure that the estate of conservatees or wards are maintained and conserved as appropriate and to prevent risk of loss or harm to the conservatees or wards. This rule

shall include at a minimum standards for determining the fees that may be charged to conservatees or wards and standards for asset management.

SEC. 23. Section 2610 of the Probate Code is amended to read:

2610. (a) Within 90 days after appointment, or within any further time as the court for reasonable cause upon ex parte petition of the guardian or conservator may allow, the guardian or conservator shall file with the clerk of the court and mail to the conservatee and to the attorneys of record for the ward or conservatee, along with notice of how to file an objection, an inventory and appraisal of the estate, made as of the date of the appointment of the guardian or conservator. A copy of this inventory and appraisal, along with notice of how to file an objection, also shall be mailed to the conservatee's spouse or registered domestic partner, the conservatee's relatives in the first degree, and, if there are no such relatives, to the next closest relative, unless the court determines that the mailing will result in harm to the conservatee.

(b) The guardian or conservator shall take and subscribe to an oath that the inventory contains a true statement of all of the estate of the ward or conservatee of which the guardian or conservator has possession or knowledge. The oath shall be endorsed upon or annexed to the inventory.

(c) The property described in the inventory shall be appraised in the manner provided for the inventory and appraisal of estates of decedents. The guardian or conservator may appraise the assets that a personal representative could appraise under Section 8901.

(d) If a conservatorship is initiated pursuant to the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), and no sale of the estate will occur:

(1) The inventory and appraisal required by subdivision (a) shall be filed within 90 days after appointment of the conservator.

(2) The property described in the inventory may be appraised by the conservator and need not be appraised by a probate referee.

(e) By January 1, 2008, the Judicial Council shall develop a form to effectuate the notice required in subdivision (a).

SEC. 24. Section 2620 of the Probate Code is amended to read:

2620. (a) At the expiration of one year from the time of appointment and thereafter not less frequently than biennially, unless otherwise ordered by the court to be more frequent, the guardian or conservator shall present the accounting of the assets of the estate of the ward or conservatee to the court for settlement and allowance in the manner provided in Chapter 4 (commencing with Section 1060) of Part 1 of Division 3. By January 1, 2008, the Judicial Council, in consultation with the California Judges Association, the California Association of

Superior Court Investigators, the California State Association of Public Administrators, Public Guardians, and Public Conservators, the State Bar of California, and the California Society of Certified Public Accountants, shall develop a standard accounting form, a simplified accounting form, and rules for when the simplified accounting form may be used. After January 1, 2008, all accountings submitted pursuant to this section shall be submitted on the Judicial Council form.

(b) The final court accounting of the guardian or conservator following the death of the ward or conservatee shall include a court accounting for the period that ended on the date of death and a separate accounting for the period subsequent to the date of death.

(c) Along with each court accounting, the guardian or conservator shall file supporting documents, as provided in this section.

(1) For purposes of this subdivision, the term "account statement" shall include any original account statement from any institution, as defined in Section 2890, or any financial institution, as defined in Section 2892, in which money or other assets of the estate are held or deposited.

(2) The filing shall include all account statements showing the balance as of the close of the accounting period of the court accounting. If the court accounting is the first court accounting of the guardianship or conservatorship, the guardian or conservator shall provide to the court all account statements showing the account balance immediately preceding the date the conservator or guardian was appointed and all account statements showing the account through the closing date of the first court accounting.

(3) If the guardian or conservator is a private professional or licensed guardian or conservator, the guardian or conservator shall also file all original account statements, as described above, showing the balance as of all periods covered by the accounting. However, courts may instead provide by local rule that the court shall retain all documents lodged with it under this subdivision until the court's determination of the guardian's or conservator's account has become final, at which time the documents shall be returned to the depositing guardian or conservator or delivered to any successor appointed by the court.

(4) The filing shall include the original, closing escrow statement received showing the charges and credits for any sale of real property of the estate.

(5) If the ward or conservatee is in a residential care facility or a long-term care facility, the filing shall include the original bill statements for the facility.

(6) This subdivision shall not apply to the public guardian if the money belonging to the estate is pooled with money belonging to other estates pursuant to Section 2940 and Article 3 (commencing with Section 7640)

of Chapter 4 of Part 1 of Division 7. Nothing in this section shall affect any other duty or responsibility of the public guardian with regard to managing money belonging to the estate or filing accountings with the court.

(7) If any document to be filed or lodged with the court under this section contains the ward's or conservatee's social security number or any other personal information regarding the ward or conservatee that would not ordinarily be disclosed in a court accounting, an inventory and appraisal, or other nonconfidential pleadings filed in the action, the account statement or other document shall be attached to a separate affidavit describing the character of the document, captioned "CONFIDENTIAL FINANCIAL STATEMENT" in capital letters. Except as otherwise ordered by the court, the clerk of the court shall keep the document confidential except to the court and subject to disclosure only upon an order of the court. The guardian or conservator may redact the ward's or conservatee's social security number from any document lodged with the court under this section.

(d) Each accounting is subject to random or discretionary, full or partial review by the court. The review may include consideration of any information necessary to determine the accuracy of the accounting. If the accounting has any material error, the court shall make an express finding as to the severity of the error and what further action is appropriate in response to the error, if any. Among the actions available to the court is immediate suspension of the guardian or conservator without further notice or proceedings and appointment of a temporary guardian or conservator or removal of the guardian or conservator pursuant to Section 2650 and appointment of a temporary guardian or conservator.

(e) The guardian or conservator shall make available for inspection and copying, upon reasonable notice, to any person designated by the court to verify the accuracy of the accounting, all books and records, including receipts for any expenditures, of the guardianship or conservatorship.

SEC. 25. Section 2620.2 of the Probate Code is amended to read:

2620.2. (a) Whenever the conservator or guardian has failed to file an accounting as required by Section 2620, the court shall require that written notice be given to the conservator or guardian and the attorney of record for the conservatorship or guardianship directing the conservator or guardian to file an accounting and to set the accounting for hearing before the court within 30 days of the date of the notice or, if the conservator or guardian is a public agency, within 45 days of the date of the notice. The court may, upon cause shown, grant an additional 30 days to file the accounting.

(b) Failure to file the accounting within the time specified under subdivision (a), or within 45 days of actual receipt of the notice, whichever is later, shall constitute a contempt of the authority of the court as described in Section 1209 of the Code of Civil Procedure.

(c) If the conservator or guardian does not file an accounting with all appropriate supporting documentation and set the accounting for hearing as required by Section 2620, the court shall do one or more of the following and shall report that action to the board established pursuant to Section 6510 of the Business and Professions Code:

(1) Remove the conservator or guardian as provided under Article 1 (commencing with Section 2650) of Chapter 9 of Part 4 of Division 4.

(2) Issue and serve a citation requiring a guardian or conservator who does not file a required accounting to appear and show cause why the guardian or conservator should not be punished for contempt. If the guardian or conservator purposely evades personal service of the citation, the guardian or conservator shall be immediately removed from office.

(3) Suspend the powers of the conservator or guardian and appoint a temporary conservator or guardian, who shall take possession of the assets of the conservatorship or guardianship, investigate the actions of the conservator or guardian, and petition for surcharge if this is in the best interests of the ward or conservatee. Compensation for the temporary conservator or guardian, and counsel for the temporary conservator or guardian, shall be treated as a surcharge against the conservator or guardian, and if unpaid shall be considered a breach of condition of the bond.

(4) (A) Appoint legal counsel to represent the ward or conservatee if the court has not suspended the powers of the conservator or guardian and appoint a temporary conservator or guardian pursuant to paragraph (3). Compensation for the counsel appointed for the ward or conservatee shall be treated as a surcharge against the conservator or guardian, and if unpaid shall be considered a breach of a condition on the bond, unless for good cause shown the court finds that counsel for the ward or conservatee shall be compensated according to Section 1470. The court shall order the legal counsel to do one or more of the following:

(i) Investigate the actions of the conservator or guardian, and petition for surcharge if this is in the best interests of the ward or conservatee.

(ii) Recommend to the court whether the conservator or guardian should be removed.

(iii) Recommend to the court whether money or other property in the estate should be deposited pursuant to Section 2453, 2453.5, 2454, or 2455, to be subject to withdrawal only upon authorization of the court.

(B) After resolution of the matters for which legal counsel was appointed in subparagraph (A), the court shall terminate the appointment

(5) If the conservator or guardian is exempt from the licensure requirements of Chapter 6 (commencing with Section 6500) of Division 3 of the Business and Professions Code, upon ex parte application or any notice as the court may require, extend the time to file the accounting, not to exceed an additional 30 days after the expiration of the deadline described in subdivision (a), where the court finds there is good cause and that the estate is adequately bonded. After expiration of any extensions, if the accounting has not been filed, the court shall take action as described in paragraphs (1) to (3), inclusive.

(d) Subdivision (c) does not preclude the court from additionally taking any other appropriate action in response to a failure to file a proper accounting in a timely manner.

(5) In the case of termination by the death of the ward or conservatee, all reasonable expenses incurred prior to the discharge of the guardian or conservator by the court for the custody and conservation of the estate and its delivery to the personal representative of the estate of the deceased ward or conservatee or in making other disposition of the estate as provided for by law.

(b) The guardian or conservator shall not be compensated from the estate for any costs or fees that the guardian or conservator incurred in unsuccessfully opposing a petition, or other request or action, made by or on behalf of the ward or conservatee, unless the court determines that the opposition was made in good faith, based on the best interests of the ward or conservatee.

SEC. 27. Section 2640 of the Probate Code is amended to read:

The compensation allowed to the guardian or conservator of the person, the guardian or conservator of the estate, and to the attorney may, in the discretion of the court, include compensation for services rendered before the date of the order appointing the guardian or conservator. The compensation allowed shall thereupon be charged to the estate. Legal services for which the attorney may be compensated include those services rendered by any paralegal performing legal services under the direction and supervision of an attorney. The petition or application for compensation shall set forth the hours spent and services performed by the paralegal.

(d) Notwithstanding the provisions of subdivision (c), the guardian or conservator shall not be compensated from the estate for any costs or fees that the guardian or conservator incurred in unsuccessfully opposing a petition, or other request or action, made by or on behalf of the ward or conservatee, unless the court determines that the opposition was made in good faith, based on the best interests of the ward or conservatee.

SEC. 28. Section 2640.1 of the Probate Code is amended to read:

2640.1. (a) If a person has petitioned for the appointment of a particular conservator and another conservator was appointed while the petition was pending, but not before the expiration of 90 days from the issuance of letters, the person who petitioned for the appointment of a

(b) Notice of the hearing shall be given for the period and in the manner provided in Chapter 3 (commencing with Section 1460) of Part 1.

(c) Upon the hearing, the court shall make an order to allow both of the following:

(2) Any compensation or costs requested in the petition the court determines is just and reasonable to the attorney for that person, for his or her services rendered in connection with and to facilitate the appointment of a conservator, and costs incurred in connection therewith.

Any compensation and costs allowed shall be charged to the estate of the conservatee. If a conservator of the estate is not appointed, but a conservator of the person is appointed, the compensation and costs allowed shall be ordered by the court to be paid from property belonging to the conservatee, whether held outright, in trust, or otherwise.

(d) It is the intent of the Legislature for this section to have retroactive effect.

(b) Upon the hearing, the court shall make an order allowing any compensation the court determines is just and reasonable to the guardian or conservator of the person for services rendered. The compensation allowed to the guardian or conservator of the person may, in the discretion of the court, include compensation for services rendered before the date of the order appointing the guardian or conservator. The compensation allowed shall thereupon be charged against the estate.

(c) The guardian or conservator shall not be compensated from the estate for any costs or fees that the guardian or conservator incurred in unsuccessfully opposing a petition, or other request or action, made by or on behalf of the ward or conservatee, unless the court determines that the opposition was made in good faith, based on the best interests of the ward or conservatee.

(b) If the court determines that cause for removal of the guardian or conservator exists, the court may remove the guardian or conservator, revoke the letters of guardianship or conservatorship, and enter judgment accordingly and, in the case of a guardianship or conservatorship of the estate, order the guardian or conservator to file an accounting and to surrender the estate to the person legally entitled thereto. If the guardian or conservator fails to file the accounting as ordered, the court may compel the accounting pursuant to Section 2620.2.

(c) If the court removes the guardian or conservator for cause, as described in subdivisions (a) to (g), inclusive, of Section 2650 or Section 2655, both of the following shall apply:

(1) The court shall award the petitioner the costs of the petition and other expenses and costs of litigation, including attorney's fees, incurred under this article, unless the court determines that the guardian or conservator has acted in good faith, based on the best interests of the ward or conservatee.

(2) The guardian or conservator may not deduct from, or charge to, the estate his or her costs of litigation, and is personally liable for those costs and expenses.

The court shall not make an order under this subdivision except after notice to the public guardian for the period and in the manner provided for in Chapter 3 (commencing with Section 1460) of Part 1, consideration of the alternatives, and a determination by the court that the appointment is necessary. Notwithstanding the provisions of this section, the merger of any number of corporations with any number of other business entities may be effected only if:

(1) In a merger in which a domestic corporation not organized under this division or a domestic other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(2) In a merger in which a foreign corporation is a party, it is authorized by the laws under which it is organized to effect the merger.

(3) In a merger in which a foreign other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(b) Each corporation and each other party which desires to merge shall approve, and shall be a party to, an agreement of merger. Other persons, including a parent party (Section 1200), may be parties to the agreement of merger. The board of each corporation which desires to merge, and, if required the shareholders, shall approve the agreement of merger. (4) The manner of converting the shares of each constituent corporation into shares, interests, or other securities of the surviving party. If any shares of any constituent corporation are not to be converted solely into shares, interests or other securities of the surviving party, the agreement of merger shall state (i) the cash, rights, securities, or other property which the holders of those shares are to receive in exchange for the shares, which cash, rights, securities, or other property may be in addition to or in lieu of shares, interests or other securities of the surviving party, or (ii) that the shares are canceled without consideration.

(6) Any other details or provisions as are desired, including, without limitation, a provision for the payment of cash in lieu of fractional shares or for any other arrangement with respect thereto consistent with the provisions of Section 407.

(c) Each share of the same class or series of any constituent corporation (other than the cancellation of shares held by a party to the merger or its parent, or a wholly owned subsidiary of either, in another constituent corporation) shall, unless all shareholders of the class or series consent and except as provided in Section 407, be treated equally with respect to any distribution of cash, rights, securities, or other property. Notwithstanding paragraph (4) of subdivision (b), the unredeemable common shares of a constituent corporation may be converted only into unredeemable common shares of a surviving corporation or a parent party (Section 1200) or unredeemable equity securities of a surviving party other than a corporation if another party to the merger or its parent owns, directly or indirectly, prior to the merger shares of that corporation representing more than 50 percent of the voting power of that corporation, unless all of the shareholders of the class consent and except as provided in Section 407.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger or the certificate of merger, as is applicable, if the amendment is approved by the board of each constituent corporation and, if the amendment changes any of the principal terms of the agreement, by the outstanding shares (Section 152), if required by Chapter 12 (commencing with Section 1200), in the same manner as the original agreement of merger. If the agreement of merger as so amended and approved is also approved by each of the other parties to the agreement of merger, the agreement of merger as so amended shall then constitute the agreement of merger.

(e) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other parties to the agreement of merger, without further approval by the outstanding shares (Section 152), at any time before the merger is effective.

(f) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president or a vice president and also by its secretary or an assistant secretary acting on behalf of their respective corporations.

(g) (1) If the surviving party is a corporation or a foreign corporation, or if a public benefit corporation (Section 5060), a mutual benefit corporation (Section 5059), a religious corporation (Section 5061), or a

corporation organized under the Consumer Cooperative Corporation Law (Section 12200) is a party to the merger, after required approvals of the merger by each constituent corporation through approval of the board (Section 151) and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and by the other parties to the merger, the surviving party shall file a copy of the agreement of merger with an officers' certificate of each constituent domestic and foreign corporation attached stating the total number of outstanding shares or membership interests of each class entitled to vote on the merger (and identifying any other person or persons whose approval is required), that the agreement of merger in the form attached or its principal terms, as required, were approved by that corporation by a vote of a number of shares or membership interests of each class that equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class and, if applicable, by that other person or persons whose approval is required, or that the merger agreement was entitled to be and was approved by the board alone (as provided in Section 1201, in the case of corporations subject to that section). If equity securities of a parent party (Section 1200) are to be issued in the merger, the officers' certificate of that controlled party shall state either that no vote of the shareholders of the parent party was required or that the required vote was obtained. In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed those officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for that party the provision

of law or other basis for the authority of the signing persons. The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of the constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the agreement of merger in the form attached or its principal terms, as required, were approved by a vote of the number of interests of each class that equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4 or subdivision (a) of Section 15911.14, if a domestic partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. The certificate of merger for each constituent foreign other business entity, if any, shall also set forth the statutory or other basis under which that foreign other business entity is authorized by the laws under which it is organized to effect the merger. The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon filing of the agreement of merger with an officer's certificate of each constituent domestic and foreign corporation and a certificate of merger for each constituent other business entity, subject to subdivision (c) of Section 110 and subject to the provisions of subdivision (j), and the several parties thereto shall be one entity. The agreement of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger taxed under the Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger, the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger pursuant to Section 1555 of the Insurance Code. The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(2) If the surviving entity is an other business entity, and no public benefit corporation (Section 5060), mutual benefit corporation (Section 5059), religious corporation (Section 5061), or corporation organized under the Consumer Cooperative Corporation Law (Section 12200) is a party to the merger, after required approvals of the merger by each

constituent corporation through approval of the board (Section 151) and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and by the other parties to the merger, the parties to the merger shall file a certificate of merger in the office of, and on a form prescribed by, the Secretary of State. The certificate of merger shall be executed and acknowledged by each constituent domestic and foreign corporation by its chairperson of the board, president or a vice president and also by its secretary or an assistant secretary and by each domestic constituent limited liability company by all managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed those officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact. The certificate of merger shall be signed by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for that party the provision of law or other basis for the authority of the signing persons. The certificate of merger shall set forth all of the following:

(A) The name, place of incorporation or organization, and the Secretary of State's file number, if any, of each party to the merger, separately identifying the disappearing parties and the surviving party.

(B) If the approval of the outstanding shares of a constituent corporation was required by Chapter 12 (commencing with Section 1200), a statement setting forth the total number of outstanding shares of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of shares of each class entitled to vote and the percentage vote required of each class.

(C) The future effective date or time, not more than 90 days subsequent to the date of filing of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(D) A statement, by each party to the merger which is a domestic corporation not organized under this division, a foreign corporation, or an other business entity, of the statutory or other basis under which that party is authorized by the laws under which it is organized to effect the merger.

(E) Any other information required to be stated in the certificate of merger by the laws under which each party to the merger is organized, including, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552, if a domestic partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4 or subdivision (a) of Section 15911.14.

(F) Any other details or provisions that may be desired.

Unless a future effective date or time is provided in a certificate of merger, in which event the merger shall be effective at that future effective date or time, a merger shall be effective upon the filing of the certificate of merger in the office of the Secretary of State and the several parties thereto shall be one entity. The certificate of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger that is taxed under the Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by the Corporation Tax Law have been paid or secured. The surviving other business entity shall keep a copy of the agreement of merger at its principal place of business which, for purposes of this subdivision, shall be the office referred to in Section 17057 if a domestic limited liability company, at the business address specified in paragraph (5) of subdivision (a) of Section 17552 if a foreign limited liability company, at the office referred to in subdivision (a) of Section 16403 if a domestic general partnership, at the business address specified in subdivision (f) of Section 16911 if a foreign partnership, at the office referred to in subdivision (a) of Section 15614 or in subdivision (a) of Section 15901.14 if a domestic limited partnership, or at the business address specified in paragraph (5) of subdivision (a) of Section 15678.4 or in paragraph (3) of subdivision (a) of Section 15909.02 if a foreign limited partnership. Upon the request of a holder of equity securities of a party to the merger, a person with authority to do so on behalf of the surviving other business entity shall promptly deliver to that holder, a copy of the agreement of merger. A waiver by that holder of the rights provided in the foregoing sentence shall be unenforceable. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger, the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner

approving the merger in accordance with Section 1555 of the Insurance Code.

(i) (1) Upon a merger pursuant to this section, the separate existences of the disappearing parties to the merger cease and the surviving party to the merger shall succeed, without other transfer, to all the rights and property of each of the disappearing parties to the merger and shall be subject to all the debts and liabilities of each in the same manner as if the surviving party to the merger had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent corporations and other parties to the merger shall be preserved unimpaired, provided that those liens upon property of a disappearing party shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing corporation or disappearing party to the merger may be prosecuted to judgment, which shall bind the surviving party, or the surviving party may be proceeded against or substituted in its place.

(4) If a limited partnership or a general partnership is a party to the merger, nothing in this section is intended to affect the liability a general partner of a disappearing limited partnership or general partnership may have in connection with the debts and liabilities of the disappearing limited partnership or general partnership existing prior to the time the merger is effective.

(j) (1) The merger of domestic corporations with foreign corporations or foreign other business entities in a merger in which one or more other business entities is a party shall comply with subdivision (a) and this subdivision.

(2) If the surviving party is a domestic corporation or domestic other business entity, the merger proceedings with respect to that party and any domestic disappearing corporation shall conform to the provisions of this section. 1113. (a) Any one or more corporations may merge with one or more other business entities (Section 174.5). One or more domestic corporations (Section 167) not organized under this division and one or more foreign corporations (Section 171) may be parties to the merger. (b) Each corporation and each other party which desires to merge shall approve, and shall be a party to, an agreement of merger. Other persons, including a parent party (Section 1200), may be parties to the agreement of merger. The board of each corporation which desires to merge, and, if required the shareholders, shall approve the agreement of merger. The agreement of merger shall be approved on behalf of each

party by those persons required to approve the merger by the laws under which it is organized. The agreement of merger shall state:

(4) The manner of converting the shares of each constituent corporation into shares, interests, or other securities of the surviving party. If any shares of any constituent corporation are not to be converted solely into shares, interests or other securities of the surviving party, the agreement of merger shall state (i) the cash, rights, securities, or other property which the holders of those shares are to receive in exchange for the shares, which cash, rights, securities, or other property may be in addition to or in lieu of shares, interests or other securities of the surviving party, or (ii) that the shares are canceled without consideration.

Notwithstanding paragraph (4) of subdivision (b), the unredeemable common shares of a constituent corporation may be converted only into unredeemable common shares of a surviving corporation or a parent party (Section 1200) or unredeemable equity

securities of a surviving party other than a corporation if another party to the merger or its parent owns, directly or indirectly, prior to the merger shares of that corporation representing more than 50 percent of the voting power of that corporation, unless all of the shareholders of the class consent and except as provided in Section 407.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger or the certificate of merger, as is applicable, if the amendment is approved by the board of each constituent corporation and, if the amendment changes any of the principal terms of the agreement, by the outstanding shares (Section 152), if required by Chapter 12 (commencing with Section 1200), in the same manner as the original agreement of merger. merger agreement was entitled to be and was approved by the board alone (as provided in Section 1201, in the case of corporations subject to that section). If equity securities of a parent party (Section 1200) are to be issued in the merger, the officers' certificate of that controlled party shall state either that no vote of the shareholders of the parent party was required or that the required vote was obtained. In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed those officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for that party the provision of law or other basis for the authority of the signing persons. The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of the constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the agreement of merger in the form attached or its principal terms, as required, were approved by a vote of the number of interests of each class that equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4 or subdivision (a) of Section 15911.14, if a domestic partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. The certificate of merger for each constituent

foreign other business entity, if any, shall also set forth the statutory or other basis under which that foreign other business entity is authorized by the laws under which it is organized to effect the merger. The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon filing of the agreement of merger with an officer's certificate of each constituent domestic and foreign corporation and a certificate of merger for each constituent other business entity, subject to subdivision (c) of Section 110 and subject to the provisions of subdivision (j), and the several parties thereto shall be one entity. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger, the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger pursuant to Section 1555 of the Insurance Code. The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(2) If the surviving entity is an other business entity, and no public benefit corporation (Section 5060), mutual benefit corporation (Section 5059), religious corporation (Section 5061), or corporation organized under the Consumer Cooperative Corporation Law (Section 12200) is a party to the merger, after required approvals of the merger by each constituent corporation through approval of the board (Section 151) and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and by the other parties to the merger, the parties to the merger shall file a certificate of merger in the office of, and on a form prescribed by, the Secretary of State. The certificate of merger shall be executed and acknowledged by each constituent domestic and foreign corporation by its chairperson of the board, president or a vice president and also by its secretary or an assistant secretary and by each domestic constituent limited liability company by all managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal

insurer has not appointed those officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact. The certificate of merger shall be signed by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for that party the provision of law or other basis for the authority of the signing persons. The certificate of merger shall set forth all of the following:

(A) The name, place of incorporation or organization, and the Secretary of State's file number, if any, of each party to the merger, separately identifying the disappearing parties and the surviving party.

(B) If the approval of the outstanding shares of a constituent corporation was required by Chapter 12 (commencing with Section 1200), a statement setting forth the total number of outstanding shares of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of shares of each class entitled to vote and the percentage vote required of each class.

(C) The future effective date or time, not more than 90 days subsequent to the date of filing of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(D) A statement, by each party to the merger which is a domestic corporation not organized under this division, a foreign corporation, or an other business entity, of the statutory or other basis under which that party is authorized by the laws under which it is organized to effect the merger.

(E) Any other information required to be stated in the certificate of merger by the laws under which each party to the merger is organized, including, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552, if a domestic partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4 or subdivision (a) of Section 15911.14.

(F) Any other details or provisions that may be desired.

Unless a future effective date or time is provided in a certificate of merger, in which event the merger shall be effective at that future effective date or time, a merger shall be effective upon the filing of the certificate of merger in the office of the Secretary of State and the several parties thereto shall be one entity. The surviving other business entity shall keep a copy of the agreement of merger at its principal place of business which, for purposes of this subdivision, shall be the office referred to in Section 17057 if a domestic limited liability company, at

the business address specified in paragraph (5) of subdivision (a) of Section 17552 if a foreign limited liability company, at the office referred to in subdivision (a) of Section 16403 if a domestic general partnership, at the business address specified in subdivision (f) of Section 16911 if a foreign partnership, at the office referred to in subdivision (a) of Section 15614 or in subdivision (a) of Section 15901.14 if a domestic limited partnership, or at the business address specified in paragraph (5) of subdivision (a) of Section 15678.4 or paragraph (3) of subdivision (a) of Section 15909.02 if a foreign limited partnership. Upon the request of a holder of equity securities of a party to the merger, a person with authority to do so on behalf of the surviving other business entity shall promptly deliver to that holder, a copy of the agreement of merger. A waiver by that holder of the rights provided in the foregoing sentence shall be unenforceable. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger in accordance with Section 1555 of the Insurance Code.

(h) (1) A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving party to the merger and the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger.

8019.1. (a) Subject to the provisions of Section 8010, any one or more corporations may merge with one or more other business entities (Section 5063.5). One or more other domestic corporations, foreign corporations (Sections 5053), and foreign business corporations (Section 5052) may be parties to the merger. Notwithstanding the provisions of this section, such a merger may be effected only if:

(b) Each corporation and each other party which desires to merge shall approve an agreement of merger. The board and the members (Section 5034) of each corporation which desires to merge, and each other person or persons, if any, whose approval of an amendment of the articles of that corporation is required by the articles or bylaws shall approve the agreement of merger. The agreement of merger shall be approved on behalf of each other constituent party by those persons authorized or required to approve the merger by the laws under which it is organized. The parties desiring to merge shall be parties to the agreement of merger and other persons, including a parent party (Section 5064.5), may be parties to the agreement of merger. The agreement of merger shall state all of the following:

(1) The terms and conditions of the merger.

(2) The name and place of incorporation or organization of each party and the identity of the surviving party.

(3) The amendments, if any, subject to Sections 7810 and 7816, to the articles of the surviving corporation, if applicable, to be effected by the merger. The name of the surviving corporation may be, subject to subdivisions (b) and (c) of Section 7122, the same as or similar to the name of a disappearing party to the merger.

(4) The manner, if any, of converting the memberships or securities of each of the constituent corporations into shares, memberships, interests, or other securities of the surviving party; and, if any memberships or securities of any of the constituent corporations are not to be converted solely into shares, memberships, interests, or other securities of the surviving party, cash, rights, securities, or other property which the holders of those memberships or securities are to receive in exchange for the memberships or securities, which cash, rights, securities, or other property may be in addition to or in lieu of shares, memberships, interests, or other securities of the surviving party.

(5) Any other details or provisions required by the laws under which any party to the merger is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.2 or 15911.12, or, if a domestic general partnership is a party to the merger, subdivision (a) of Section 16911, or, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17551.

(6) Any other details or provisions as are desired.

(c) Each membership of the same class of any constituent corporation (other than the cancellation of memberships held by a party to the merger or its parent or a wholly owned subsidiary of either in another constituent corporation) shall be treated equally with respect to any distribution of cash, property, rights, or securities unless (i) all members of the class consent or (ii) the commissioner has approved the terms and conditions of the transaction and the fairness of those terms pursuant to Section 25142.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger if the amendment is approved by each constituent corporation in the same manner as the original agreement of merger. If the agreement of merger as so amended and approved is also approved by each of the other parties to the agreement of merger, as so amended it shall then constitute the agreement of merger.

(e) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other parties to the agreement of merger, without further

approval by the members (Section 5034) or other persons, at any time before the merger is effective.

(f) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president, or a vice president and also by its secretary or an assistant secretary acting on behalf of their respective corporations.

(g) After required approvals of the merger by each constituent corporation and each other party to the merger, the surviving party shall file a copy of the agreement of merger with an officers' certificate of each constituent domestic corporation, foreign corporation, and foreign business corporation attached stating the total number of outstanding shares or membership interests of each class entitled to vote on the merger (and identifying any other person or persons whose approval is required), that the agreement of merger in the form attached or its principal terms, as required, were approved by that corporation by a vote of a number of shares or membership interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote required of each class, and, if applicable, by such other person or persons whose approval is required.

The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon the filing of the agreement of merger, subject to the provisions of subdivision (i). The agreement of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger taxed under the Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured. In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all of the managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general

partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed such officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for such party the provision of law or other basis for the authority of the signing persons.

The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of a constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4 or 15911.14, if a domestic general partnership is a party to the merger, subdivision (b) of Section 16915 and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. The certificate of merger for each constituent foreign other business entity, if any, shall also set forth the statutory or other basis under which that foreign other business entity is authorized by the laws under which it is organized to effect the merger.

The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(h) A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving party to the merger, the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger, and of the

merger of the constituent corporations, either by themselves or together with other constituent parties, into the surviving party to the merger.

(i) (1) The merger of domestic corporations with foreign corporations or foreign other business entities in a merger in which one or more other business entities is a party shall comply with subdivisions (a) and (g) and this subdivision.

(2) Subject to subdivision (c) of Section 5008 and paragraph (3), the merger shall be effective as to each domestic constituent corporation and domestic constituent other business entity upon filing of the agreement of merger with attachments as provided in subdivision (g).

(3) If the surviving party is a foreign corporation or foreign business corporation or foreign other business entity, except as provided in paragraph (4), the merger shall be effective as to any domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction upon the filing in this state of a copy of the agreement of merger with an officers' certificate of the surviving foreign corporation or foreign business corporation and of each constituent foreign and domestic corporation and a certificate of merger of each constituent other business entity attached, which officers' certificates and certificates of merger shall conform to the requirements of subdivision (g).

(5) Each foreign disappearing corporation that is qualified for the transaction of intrastate business shall automatically by the filing pursuant to subdivision (g) surrender its right to transact intrastate business as of the date of filing in this state or, if later, the effective date of the merger. With respect to each foreign disappearing other business entity previously registered for the transaction of intrastate business in this state, the filing of the agreement of merger pursuant to subdivision (g) automatically has the effect of a cancellation of registration for that foreign other business entity as of the date of filing in this state or, if later, the effective

date of the merger, without the necessity of the filing of a certificate of cancellation.

(c) Each membership of the same class of any constituent corporation (other than the cancellation of memberships held by a party to the merger or its parent or a wholly owned subsidiary of either in another constituent corporation) shall be treated equally with respect to any distribution of cash, property, rights, or securities unless (i) all members of the class consent or (ii) the commissioner has approved the terms and conditions

of the transaction and the fairness of those terms pursuant to Section 25142.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger if the amendment is approved by each constituent corporation in the same manner as the original agreement of merger. If the agreement of merger as so amended and approved is also approved by each of the other parties to the agreement of merger, as so amended it shall then constitute the agreement of merger.

(e) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other parties to the agreement of merger, without further approval by the members (Section 12224), at any time before the merger is effective.

(f) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president, or a vice president and also by its secretary or an assistant secretary acting on behalf of their respective corporations.

The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon the filing of the agreement of merger, subject to the provisions of subdivision (i). In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all of the managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent general partnership or foreign constituent limited liability company by one or more managers and by each foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed such officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for such party the provision of law or other basis for the authority of the signing persons.

The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of the constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the agreement of merger or its principal terms, as required, were approved by a vote of the number of interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4 or 15911.14, if a domestic general partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. business entity is authorized by the laws under which it is organized to effect the merger.

The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(h) A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving party to the merger, the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger, and of the merger of the constituent corporations, either by themselves or together with other constituent parties, into the surviving party to the merger.
