

DSV OCEAN PROJECT

Oceaneering's 185 ft DSV Ocean Project is ideally suited to support Gulf of Mexico offshore construction or maintenance and repair projects. The vessel was upgraded during 2003. A 4-point mooring system with 11,000 lb anchors and 1.25 in x 6,000 ft wire creates a very stable platform for completing work tasks. All anchor wires and fair leads are covered. Exposed wires are enclosed and have pneumatic level winders to remove potential pinch points and ensure a safer work environment for vessel personnel.

In addition to the crew quarters, the vessel accommodates 27 persons, allowing 24-hour diving capabilities. Major diving equipment components, including dive controls and office space, are permanently installed. The 3,000 ft² rear deck provides the staging area for Atmospheric Diving Systems or supplementary project equipment.

Typical Projects

- Dive Support
- Construction
- Pipe Bury
- Salvage
- Cable Lay
- Inspection, Maintenance & Repair (IMR)
- Atmosphere Diving System (ADS) Support

Dimensions

Length:	185 ft
Beam:	45 ft
Molded Depth:	16.4 ft
Main Deck:	3000 ft ²

Certifications

ABS A1

Capacity

Deck Cargo:	450 T
Crane:	20 T Hydraulic With 55 ft Boom

Capacity (Fluid)

Fuel:	76,000 gal
Lube:	2,500 gal
Potable Water:	114,000 gal

Accommodations

- 27 in addition to the Vessel Crew

Horsepower

- 2 x Ruston Paxman Main Engine – 5,300 Total hp
- 1 x Ulstein Bow Thruster - 400 hp

Station Keeping

- 2 x Intercon 200 Double Drum Winches
- 4 x 11,000 lb Flipper Delta Anchors
- 4 x 1.25 in x 6,000 ft Wire Rope

Generators

- 3 x Detroit Diesel 200 KW Units

Built In Diving & Ancillary Equipment

- 3 x Diving Compressors
- 1 x High Pressure Diving Air Compressor
- 2 x Welding Machines
- 1 x Diver Tool Hydraulic Unit
- 1 x 6 x 6 Diver Jetting Pump
- 2 x Diver Decompression Chambers
- 1 x Dive Control (Focsle Deck)
- 1 x Stern Roller 11 ft X 5 ft

Call Sign

- WCX7868

Communications System

- CapRock KU Band
